Mission Statement

Frank's Supply Company is here to provide people with the right tools and equipment to get their job done. People are the key to our business. Customers, employees, manufacturers and owners must exist with integrity in a win-win situation. We strive to provide a rewarding environment for our employees. People need people to succeed.

Our goal is to fill the quality and equipment needs of construction and industrial professionals at a fair value. Our people have the expertise to help our customers get the right tool. We can rent. We can repair. We can sell. We will do everything it takes to get the job done right.

Melissa Deaver-Rivera, President

Five Convenient Locations to Serve You...

Pricing and Quotations

Prices are net wholesale prices and are subject to change without notice. Quotations on large quantities are available on request. POR noted in the price column means Price On Request. Please call Frank's for pricing on these products. Quotations are good for immediate acceptance unless otherwise noted, and are subject to change without notice.

Sales Tax

Frank's Supply is required to charge state and local tax for which sales tax exemption certification has not been provided. Please provide sales tax exemption certification before ordering.

Terms of Sale

For customers with established credit, payment terms are 1% 15 Days, Net 30. All orders are subject to the approval of the Credit Department. Payments should be mailed to the *remit* to address on the invoice. A service charge will be added to all amounts not paid within 30 days.

Returns and Cancellations

Frank's Supply's desire is to handle all returns in a fair and flexible manner. Please contact a customer service representative prior to returning any merchandise for approval. Frank's requires original invoice on all returned merchandise and reserves the right to apply restocking or handling charges. Special order or custom manufactured items may not be returned or cancelled without the supplier's consent.

Delivery and Freight

Frank's Supply offers free delivery on sales orders (excludes rental orders) delivered from our warehouse and made by our truck fleet during normal delivery schedule. Special delivery requests, direct shipments from the manufacturer or UPS or common carrier from our warehouse are F.O.B. shipping point unless otherwise quoted. Special or non-stock orders are plus freight.

Warranty

Products listed in this catalog are warranted to the final consumer by their manufacturer. Copies of such warranties are supplied with the product or are available from the manufacturer. Upon request, Frank's Supply will furnish manufacturers' warranties free of charge.

Specifications

Frank's Supply has made a diligent effort to illustrate and describe the products in this catalog. These are for reference only, and description and specifications are subject to change.

Frank's Supply Gladly Accepts

2009 AGC Presidents Award of Excellence

MAINTENANCE

Equipment rented on a day-to-day basis includes full maintenance.

INCREASES BORROWING CAPACITY

The equipment user who rents rather than buys finds borrowing easier because they have a better ratio of assets to liabilities. This can be important in securing construction bonds.

CORRECT EQUIPMENT FOR THE JOB

Ownership forces another kind of inefficiency through use of the wrong size or type of equipment for a given job, even though the equipment is not obsolete. Rental insures the right equipment for the job.

WAREHOUSING

Warehousing facilities are seldom needed for rental equipment. Renting makes it possible for contractors to operate with less overhead.

COST CONTROL

Better cost control is possible with rented equipment. Knowing the true costs of owned equipment is difficult. Rented equipment offers one accountable cost figure that is shown on the rental invoice.

THE BENEFITS OF RENTAL

CONSERVATION OF CAPITAL

Renting conserves and frees capital for other, potentially more profitable uses.

PERSONAL PROPERTY TAXES & LICENSES

There are no personal property taxes or license costs for rented equipment.

MINIMUM EQUIPMENT FOR THE JOB

When ownership of basic equipment is combined with rental, as needed, idle time is minimized.

INVENTORY CONTROL

Another advantage in renting is better inventory control. Contractors have less inventory loss due to theft when equipment is rented.

BREAKDOWN

Costs related to breakdowns of owned equipment are not applicable to rented equipment.

OBSOLESCENCE

Day-to-day renting eliminates obsolescence. Ownership risks being handicapped with slow, unwieldy equipment.

RENTAL SALES POLICIES

- Rate Structure
1 day = 24 hours, 1 week = 7 days, 4 weeks = 28 days
- Metered Equipment
1 day = 8 hours, 1 week = 40 hours, 4 weeks = 160 hours
- Double Shift Rates
1-1/2 times day, week, or 4 week rate (whichever applies)

- Triple Shift Rates
2 times day, week, or 4 week rate (whichever applies)
- Overtime Charges
1/6 daily rate per hour, 1/4 weekly rate per day
 - All rates are plus fuel
 - Theft and damage charges are 12% of rental amount
 - Please call for quotation on delivery and pick up charges

Aerial Access Equipment

Selection Guide

We want to help you select the right aerial access equipment for the job. Below are some questions & terms to help you in that selection.

The Job: Let us know what kind of work you need to do.

Working Height: Maximum height at which you need to work.

Platform Height: Subtract six (6) feet from working height to arrive at the maximum platform height of the equipment. All heights listed in this catalog are maximum platform heights.

Over-Reach: Can the equipment be placed directly below the work area or are there obstacles that require equipment capable of reaching over or around them?

Platform Size/Capacity: Does the job require you to lift only personnel & tools, or is there a need for materials to be elevated as well? The size & weight of your load must be matched to the platform size & capacity of the equipment.

Moving: Does the job require you to move from place to place frequently? If so, a self-propelled lift is required.

Ground Level Factors: Are you working on a smooth slab or on rough terrain? Is the surface level & firm? Are there any weight restrictions? Are you restricted to fuel type due to lack of ventilation or other environmental concerns? Is electric power available at the site? Dimensions of building entrances, doorways, ramps & obstacles need to be considered. Does the site have a freight dock or ground level delivery entrance?

Scaffolding: When scaffolding is required, we need to know if you need wide or narrow scaffolding and the length, width and height of the job. Will the scaffolding be free-standing or against a wall? Will the scaffolding be stationary or are casters needed?

Ladders: Observe & follow all safety & correct usage labels found on each ladder.

Air Compressors, Air Tools & Hydraulic Tools

Selection Guide

Power Source/Type: Compressors are available in gas, diesel or electric power. Are there any environmental restrictions in the use of the gas or diesel? If an electric compressor is used, how far will it be from the power source? What is the amperage and voltage of the power source? Do you prefer a portable or towable compressor?

Number of Tools: How many tools will be used with the same air compressor?

Hose Requirements: How far is the compressor located from the work? If you own your air tools, what size hose & what type of couplers are required?

Air Requirements: What are the (A) Volume - cubic feet per minute (CFM), and (B) Pressure - pounds per square inch (PSI) requirements of the air tool? See chart.

Tool	CFM	PSI	Tool	CFM	PSI
Angle head Grinder	25	90	Angle head Grinder	42	90
Breaker Hammers:			Breaker Hammers:		
60 lb.	60	80-110	60 lb.	50	80-100

Cleaning and Floor
Maintenance Equipment
Selection Guide

Proper surface cleaning & preparation is a must! Below are some considerations so we can recommend the right equipment for the job.

The Job: Let us know what kind of work you need to do. How big is the area you are cleaning? What kind of surface are you working with? Are you working inside or outside?

Floor Maintenance: What type of floor are you working on? How big is the area you are working on?

Cleaning Equipment
Pressure Washers

3000 PSI Hot
3000 PSI Cold
3500 PSI Hot - Trailer Mounted
50' Extension Hose
Chemical Attachment
Filter with Stand

Note: All rates are Plus Fuel

Minimum	Day	Week	4-Week
---------	-----	------	--------

Vacuums

10 Gallon Wet-Dry Vacuum

Note: A complete line of vacuum attachments available

Minimum	Day	Week	4-Week
---------	-----	------	--------

Yard Magnets

36" Yard Magnet

Minimum	Day	Week	4-Week
---------	-----	------	--------

Silver Line 7" Floor Edger
Electric Floor Stripper

Minimum	Day	Week	4-Week
---------	-----	------	--------

Sanders

Clark 17" Floor Maintainer
Silver-Line SL-8 Drum Sander
Sand Paper Adaptor
Pad Driver

Minimum	Day	Week	4-Week
---------	-----	------	--------

Concrete & Masonry Equipment

Selection Guide

Concrete and masonry work involve many types of equipment. Tell us as much as you can about your job, so we can recommend the most efficient & productive equipment.

The Job: Let us know what kind of work you need to do. Does the job involve new construction, remodeling or demolition? Are you working indoors or outdoors? Are you working with walls, footings, foundations or slabs? What is the size & thickness? How much concrete will you be handling? What kind of finish will be required? If demolition is involved, what are you breaking up? What size is it? How old is it? Are you going to repour concrete? Are you working in a confined area?

Concrete Equipment - Forming & Pouring Concrete Bucket

Camlever 1/2 Yard
Concrete Bucket

Minimum	Day	Week	4-Week
---------	-----	------	--------

Mixers

6 cu. ft. Gas Concrete Mixer
9 cu. ft. Gas Concrete Mixer
8 cu. ft. Gas Mortar Mixer

Excavation & Compaction Equipment

Selection Guide

If you're digging, moving, loading or compacting, the answers to the questions below will help us recommend the most efficient & productive equipment for you.

Excavation: What kind of work do you need to do? What is the size of the excavation? What is the depth, length, width & yardage? What kind of materials are you working with? Is it dirt, clay, sand, gravel, rocky soil, demolished asphalt, concrete, construction or demolition debris? Is there a size or weight restriction on any of the machinery that you will be using? What is the importance of compactness and maneuverability? Do you need a tracked or rubber tired machine? Do you need to load material into a truck?

Compaction: What are you compacting? Is it dirt, clay, sand, gravel, or asphalt? Is the soil wet or dry? Is it rocky? What size is the area to be compacted? Are you working in a trench, near a foundation or in an open area? What percent compaction (Proctor) is required? How many lifts (layers) of material need to be compacted?

Excavation

Post Hole Diggers

Ground Hog 2-Man Digger
4" to 21" Auger Sizes Available
12", 24", 36" Extensions

Note: All rates are Plus Fuel

Minimum	Day	Week	4-Week

Generators & Lighting Equipment

Selection Guide

We can help you match the generator with the equipment being powered. Below are helpful charts and information needed for you to select the correct generator for your job.

Electrical Requirements: What devices are you powering from your generator? What are the electrical requirements, voltage, amperage, (Running versus startup - see chart below) & phase? How much cord or cable will be used?

Environmental Factors: The actual output of a generator is effected by altitude & temperature. Please call us to be sure you receive the right unit for your job.

Generators

4 KW Gas Generator
6 KW Gas Generator
10 KW Gas Generator

Portable

Heating & Ventilating Equipment

Selection Guide

Adequate heating or cooling of a job site pays off in increased comfort & efficiency. Below you'll find some helpful information to aid in your equipment selection.

Heating Areas: What is the cubic footage of the area to be heated? Is there adequate ventilation? Is the area closed in so that heat loss can be minimized? Do you require air circulation to speed any curing or drying? Is electric power available?

Personnel: Will people be working in the same location as the heaters? Will the heaters be attended or unattended?

Temperature: What is the desired inside temperature? Correct heater selection relies on calculation of temperature rise. Temperature rise is calculated by subtracting average outside temperature or ambient temperature from the desired inside temperature. **IMPORTANT:** Because you are calculating temperature rise, your desired inside temperature will drop if outside temperature should dip below average.

B.T.U.'s: Heaters are rated in BTU's (British Thermal Units). The objective is to replace heat at the same rate as it is lost. The following formula is used as a "rule-of-thumb" for selecting the proper heater.

Formula: $BTU \text{ Heat Loss} = Cu. \text{ ft. of area} \times 0.133 \times \text{Temperature Rise}$

Example: Building Size: $100 \times 60 \times 14 = 84,000 \text{ cu. ft.}$ To calculate Temperature Rise: Outside Temperature = -2°
Desired Temperature = 57°
Temperature Rise = 57°

Calculation: $84,000 \times 0.133 \times 57 = 636,804 \text{ BTU Heat Required.}$

Air Calculation: Circulating air by use of a forced air heater or supplemental fan improves efficiency & stretches your heating dollar.

Material Handling Equipment
Selection Guide

Let us know about the material you're handling. We have a tremendous selection of equipment, ranging from handtrucks to a 10,000 lb. forklift.

Material: What are you working with? What does it weigh? What are the physical dimensions? How far do you have to move the material? How high do you have to lift?

Work Area: Are you working inside or outside? What kind of surface are you working on? Slab floor, dirt or asphalt. Is it level? Are there any weight, size or environmental restrictions? Is the area confined? Are there any obstacles?

Power Tools & Powder Actuated

Selection Guide

We'll help you match the power tool to the job you have to do. If you are using an extension cord, it is important to have the correct size of cord. Inadequate extension cords can result in damage to the tool. See Charts below.

- Car Polishers/Disc Sanders
- Grinders
- Rotary Hammers
- Chipping Hammers
- Impact Wrenches
- Rod Drivers
- Drills
- Nibblers
- Sanders
- Drywall Screw Guns
- Power Planes
- Saws
- Extension Cords
- Power Shears

When an extension cord is used, it should always be a 3 wire cord to permit proper grounding of the tool. As the distance from the supply outlet increases, heavier gauge extensions are required. The use of extension cords of inadequate size wire causes a serious drop in voltage, loss of power and possible motor damage.

Ampage Rating (on nameplate)	0.0 to 2.0	2.1 to 3.4	3.5 to 5.0	5.1 to 7.0	7.1 to 12.0	12.1 to 16.0	16.1 to 20.0
Extension Cable Length	Wire Size						
25 ft.	18	18	18	18	16	14	12
50 ft.	18	18	18	16	14	12	10
75 ft.	18	18	16	14	12	10	8
100 ft.	18	16	14	12	10	8	8
150 ft.	16	14	12	12	8	8	6
200 ft.	16	14	12	10	8	6	4
300 ft.	14	12	10	8	6	4	4
400 ft.	12	10	8	6	4	4	2
500 ft.	12	10	8	6	4	2	2
600 ft.	10	8	6	4	2	2	1
800 ft.	10	8	6	4	2	1	0
1000 ft.	8	6	4	2	1	0	0

Note: Extension cord sizes chosen to assure a drop of not over five (5) volts at rated load of tool. Flexible extension cords not normally available under ten (10).

Wire Size AWG	Maximum Amps	Voltage drop @ Maximum Amps for Given Wire Lengths			
		25'	50'	75'	100'
4	70	0.87	1.74	2.60	3.48
6	55	1.08	2.17	3.25	4.35
8	40	1.25	2.51	3.87	5.03
10	30	1.50	3.00	4.50	6.00
12	25	1.98	3.97	5.95	7.95
14	18	2.27	4.55	6.82	9.10
16	13	2.65	5.22	7.84	10.45

Note: When selecting extension cord, voltage drop should not exceed five volts for the rated amps and length of cord required.

Pumps & Accessories

Selection Guide

Frank's Supply has pumps for any application...

- Diaphragm Pumps
- Submersible Pumps
- Hydrostatic Test pumps
- Trash Pumps
- Hose and Accessories

The Job: Let us know what & how much material you're pumping. Pumps are available in gas, diesel or electric power. If an electric pump is used, how far will it be from the power source? What is the amperage and voltage of the power source?

Suction Lift: Vertical distance from the water to the pump should be as short as possible.

Total Head: Total vertical discharge capability of the pump. Capability decreases as head increases

Trash Pumps: Centrifugal. Designed to pump high volumes of clear water or water mixed with solids.

Mud Pumps: Diaphragm type. Pumps low volumes of high solid content & muddy or mucky water.

Submersible Pumps: Electric centrifugal clear water pumps that totally submerge for high efficiency & almost 100% removal of water from trenches, holes, footings, or other confined areas.

Priming: Some types of pumps are self-priming & can be left unattended. Others will suffer severe damage if allowed to run dry. Consult your Frank's Supply representative for details.

Trailers
Selection Guide

Safe hauling requires the proper matching of trailer, equipment & tow vehicle. Below are some questions to help in your selection.

Load: What are you hauling? How much does it weigh? What is the width, length, & height?

Tow Vehicle: What size truck will be pulling the load? Is it equipped with a hitch & ball? How far are you going with the load?

Note: Some rental equipment includes a trailer. Check the specific equipment listing in this catalog.

Welding Equipment

Selection Guide

From a spot repair to structural steel, Frank's Supply has the welding equipment to get the job done.

- Plasma Cutter
- Arc Welders
- Oxy/Acetylene

The Metal: What are you welding? What kind of metal? How thick is it? Are you spot welding or beading?

The Welder: How many amps do you need? What duty rating? What size rod? How much cable do you need? (See Chart Below). Welders are available in gas, diesel or electric power. Are there any environmental restrictions in the use of gas or diesel? If an electric welder is used? How far will it be from the power source? What is the amperage and voltage of the power source? Do you prefer a portable or towable welder?

Welding Equipment

Amps	100	150	200	250	300	350	400	450	500	600
Ft. from Terminals:										
50 ft.	2	2	2	2	1	1/0	1/0	2/0	2/0	3/0
75 ft.	2	2	1	1/0	2/0	2/0	3/0	3/0	4/0	
100 ft.	2	1	1/0	2/0	3/0	4/0	4/0			
125 ft.	2	1/0	2/0	3/0	4/0					
150 ft.	1	2/0	3/0	4/0						
175 ft.	1/0	3/0	4/0							
200 ft.	1/0	3/0	4/0							
225 ft.	2/0	4/0								
250 ft.	2/0	4/0								
300 ft.	3/0									
350 ft.	4/0									
400 ft.	4/0									

Note: The welding cable cover should be oil and moisture resistant. The data above is based on the use of direct current.

Milwaukee® Electric Tool 2.4V Quick Charge Battery Pack

- For Milwaukee No. 6539-1
- One hour quick charge
- 2-color box
- For use with Milwaukee 2.4 volt cordless tools
- For use with Milwaukee 2.4 volt cordless tools
- 1.3-amp hour battery
- No memory effect full battery capacity is always available

Part#	EA
48-11-0100	\$37.80

Milwaukee® Electric Tool 2.4 Volt Charger

- Automatic Shut-Off
- Trickle charge technology
- Compatible with all Milwaukee 2.4 volt power tools

Part#	EA
48-59-0300	\$75.60

Milwaukee® Electric Tool M4™ Battery

- VOLTAGE: 4V

Part#	Voltage	EA
48-11-2001	4V	\$61.00

Milwaukee® Electric Tool 4V Screwdriver with 2 Batteries

- 21-position clutch setting with auto shut-off
- 44 inch-pounds of torque
- 2-speed gearbox: 200/600 RPM

Specifications:

- Voltage: 4V
- Battery: M4™ REDLITHIUM™
- Charger: M4™ Charger
- Length: 9.6"
- Weight: 0.85 lb
- Peak Torque: 44 in-lbs
- Tool Warranty: 5 Years
- Battery Warranty: 2 Year
- Charge Time: 45 minutes
- Speed: 200 and 600 RPM
- Drive Size: 1/4" Hex

Part#	EA
2101-22	\$141.88

DeWalt® Industrial Tools Heavy-Duty 1/4" 7.2V Screwdriver Kit Cordless Two-Position

- 80 in-lbs. of maximum torque output provides for a superior power to weight ratio in a variety of fastening applications
- Adjustable two-position handle allows for operation as both in-line and pistol-grip
- Variable speed and reversing trigger switch provides 0-500 rpm for fastening and pre-drilling into wood, plastic, and light-gauge metal
- Industrial quick-release hex-shank chuck allows for quick screwdriver bit change and prevents bit "run out"
- Electric brake provides increased productivity
- 7.2V battery pack allows for longer run-time and charges in one hour Heavy-duty metal hinge provides secure and sustained two-position lock
- Includes: 1 hour charger, (2) 7.2V compact batteries, 2 screwdriver bits, heavy-duty kit box
- Voltage: 7.2 V

- No Load Speed: 0-500 rpm
- Max. Torque: 80 in-lbs.

Part#	EA
DW920K-2	\$90.78

DeWalt® Industrial Tools Gyroscopic Screwdriver 8V MAX

- Motion Activation variable speed and reversing control for precise fastening control
- Motion Activated Variable speed 0-430 rpm for fastening into wood, plastic, and light-gauge metal
- Adjustable two-position handle allows for operation in either in-line or pistol-grip
- Allows control when completing light fastening applications
- Allows illumination in confined areas without shadowing
- Battery State of Charge on tool allows end users to know when to charge packs
- Allows for quick screwdriver bit change and holds 1" bit tips
- 8V MAX battery pack allows for longer run-time and charges in one hour

Specifications:

- 8V MAX*
- 0-430rpm
- 1/4" Hex Drive
- Tool Weight 1.1lbs

Part#	8V Batteries Included		Kit Bag	EA

DeWalt® Industrial Tools Heavy-Duty 1/4" 12V MAX* Screwdriver Kit Cordless Two-Position

- Compact, lightweight design fits into tight areas
- 3 LED Lights provide visibility without shadows
- One-handed loading 1/4" hex chuck accepts 1" bit tips
- Belt hook included for portability
- No Load Speed: 0-500 rpm
- Max. Torque: 80 in-lbs.

Specifications:

- Voltage: 12V MAX*
- No Load Speed: 0-1,050 rpm
- Drive: 1/4"
- Max Power: 160 UW0
- Tool Length: 6-1/4"
- Tool Weight: 2.2 lbs.

Included:

- DCF610 1/4" screwdriver
- (2) 12V MAX* lithium ion battery packs
- fast charger
- bit tip
- belt hook
- contractor bag

Part#	EA
DCF610S2	\$108.16

DeWalt® Industrial Tools Heavy-Duty 1/4" 12V MAX* Impact Wrench Kit

- Compact, lightweight design fits into tight areas
- 3 LED Lights provide visibility without shadows
- 3/8" Hog ring anvil; Fast socket changing
- 1150 in/lbs of torque; Power for tightening and loosening

Specifications:

- Voltage: 12V MAX*
- Drive Size: 3/8"
- No Load Speed: 0-2,450 rpm
- Impacts/Min: 0-3,400 ipm
- Max Torque: 1150 in-lbs.
- Max Torque: 96 ft-lbs
- Tool Weight: 2.3 lbs.
- Tool Length: 6-1/4"

DeWalt® Industrial Tools
**Heavy-Duty 12V Cordless
Impact Wrench Kit**
3/8" Square with Hog Ring
Retention

- Frameless motor for extended tool durability and life
- Compact size & weight allows access into tighter areas and reduces user fatigue
- 1,260 in-lbs of torque to perform a wide range of fastening applications
- 0-2,400 rpm/0-2,700 bpm for faster application speed
- Replaceable brushes for increased serviceability
- Textured anti-slip comfort grip provides maximum comfort
- Durable magnesium gear case and all metal transmission for extended durability
- Heavy-duty impacting mechanism directs torque to fastener without kickback

Specifications:

- Voltage: 12 V
- Drive: 3/8" square with hog ring retention
- No Load Speed: 0-2,400 rpm
- Impacts/Min: 0-2,700 bpm
- Max. Torque: 1,260 in-lbs.
- Max. Torque: 105 ft-lbs.
- Tool Length: 5-3/4"
- Tool Weight: 3.6 lbs
- Includes: 1 hour charger, (2) 12V XRP™ batteries, heavy-duty kit box

Part#	EA
DC841KA	\$247.98

DeWalt® Industrial Tools
Heavy-Duty Battery Pack
12V MAX Lithium-Ion

- Compact, lightweight design
- Quick 30 minute charge time on DCB101 charger
- No memory and virtually no self-discharge for maximum productivity and less downtime

Milwaukee® Electric Tool
Cordless LED Worklight
M12™

- Aluminum Head – Impact and weather resistant
- 90° Rotating Head – Aims light at work space
- Magnetic Back – Hands-free use
- M12 – Works with Milwaukee M12™ RED LITHIUM™ Battery

Specifications:

- Voltage: 12V
- Color Temperature: 5600K
- Lumens: 160
- Battery: M12™ RED LITHIUM™ (Sold separately)
- Length: 8.5"
- Tool Weight: 0.9 lbs

Includes:

- 49-24-0146-M12 LED Work Light Bare Tool Only
- Warranty-Limited Lifetime LED

Part#	EA
49-24-0146	\$82.00

Milwaukee® Electric Tool
LED Upgrade Bulb

- Replaces M12™, M18™, V28®, and 9.6V - 28V Incandescent Bulbs - LED replacement for most work lights
- 3X Run-Time - Increased efficiency for all work lights
- 50,000-Hr. LED - Lasts over 250X longer than 18V incandescent bulb
- Impact Resistant - Solid state light element does not fail when dropped
- Limited Lifetime Warranty - Full product replacement if electronics ever fail
- Compatible with Milwaukee® M12™, M18™, V28®, and most other major power tool work lights

Part#	EA
49-81-0090	\$44.00

Milwaukee® Electric Tool 3/8" Right Angle Drill Driver Kit M12™ Cordless

- 3/8" Single sleeve Ratcheting Chuck - Maximum versatility and grip
- 3-3/4" Head Length - Great for working in tight spaces
- Extended Paddle Switch - Provides convenience and comfort
- Electronic Clutch - 11 Settings plus drill mode for complete control
- Built in LED's - Illuminates work surface and indicates clutch out
- Battery Fuel Gauge - Displays remaining run-time

Specifications:

- Voltage 12V
- No Load Speed 0-800 RPM
- Torque 100 in-lbs
- Chuck Type 3/8 in
- Head Length 3-3/4 in
- Single Sleeve Yes
- Ratcheting Yes
- Electronic Clutch Yes
- Clutch Settings 11 + Drill
- On Board Fuel Gauge Yes
- LED Light Yes
- Battery LITHIUM-ION
- No of Batteries Included 1
- Charge Time 30 minutes

Includes:

- 2415-20 M12™ Cordless Right Angle Drill Driver
- (1) M12™ LITHIUM-ION Battery Pack
- 30-Minute Charge
- Carrying Case

Part#	EA
2415-21	\$140.63

Milwaukee® Electric Tool 3/8" Lithium-Ion Ratchet Kit M12™ Cordless

- Powerful 12-volt motor: Delivers up to 35 ft-lbs of torque
- Superior fastening speed: Produces 250 RPM, with variable-speed trigger for greater control
- REDLITHIUM™ Battery Technology: Superior pack construction, electronics, and performance deliver more work per charge and more work over pack life than any battery on the market
- REDLINK™ Intelligence: Provides optimized performance and overload protection

Milwaukee® Electric Tool M12 FUEL™ 5/8" SDS Plus Rotary Hammer Kit

- REDLINK™ Intelligence: Provides optimized performance and overload protection using total system communication between tool, battery and charger
 - REDLITHIUM™ Battery Technology: Superior pack construction, electronics, and performance deliver more work per charge and more work over pack life than any battery on the market
 - Electropneumatic mechanism: Drills up to 5/8" holes in poured concrete and masonry
 - Powerful 12-volt motor: Delivers 0-900 RPM and 0-6,200 BPM for superior performance
 - Compact, lightweight design: Allows you to work comfortably in tight spaces and all day
 - 2-Mode operation: Choose rotary hammer or rotation only for maximum versatility
 - LED light: Illuminates the work surface
- Specifications:**
- Voltage: 12V
 - Charger: 12V charger
 - Length: 10"

- Weight: 3.9 lbs
- LED Light: Yes
- No Load Speed: 0-900
- BPM: 0-6,200
- Solid Bit Capacity: 5/8"
- Drilling Mode: Rotary Hammer and Rotation Only

Included:

- (1) M12 FUEL™ 5/8" SDS Plus Rotary Hammer (Bare Tool) (2416-20)
- (2) M12™ REDLITHIUM™ XC 4.0 Extended Capacity Battery Pack (48-11-2440)
- (1) M12™ Lithium-ion Battery Charger (48-59-2401)
- (1) Plastic Carrying Case

Part#	EA
2416-22XC	\$318.13

Milwaukee® Electric Tool Sub-Compact Band Saw Kit Cordless M12™

- One-Handed Cuts: Most compact size and lightest weight of any cordless band saw
- Powerful Motor: Cuts 3/4" EMT in 3 seconds, up to 150 cuts per charge with the XC Battery
- 1-5/8" Cut Capacity: For a wide range of applications
- Meets OSHA Guarding Requirements: Suitable for One-Handed use
- LED Light: Highlights the cut line
- Blade Tension Adjustment: Adjustable blade tracking

Specifications:

- SFPM: 280
- Blade Size: 27"
- Trigger: Variable Speed

Includes:

- 2429-20 M12 Sub-Compact Band Saw Tool
- 30-Minute Charger
- (1) M12™ XC High Capacity REDLITHIUM™ Battery
- (1) 48-39-0572 18 TPI Sub-Compact Portable Band Saw Blade
- Carrying Case

Part#	EA
2429-21XC	\$213.75

Milwaukee® Electric Tool M12 Propex Expansion Tool Kit

- Built-in Auto Rotate Mechanism for Effortless, One-Handed Use
- Quick Cam Mechanism for Fast, Continuous Expansion
- Compact, Right Angle Design for Use in Tight Locations
- All-Metal Gears and Integrated Metal Frame for Maximum Jobsite Durability
- Paddle Trigger for Easy Reach in Confined Spaces
- LED Work Light Illuminates Work Space in Dark Locations
- Battery Fuel Gauge Displays Remaining Run-Time
- Compatible with Both Compact and XC M12™ RED LITHIUM™ Batteries and 25+ Tool System

Specifications:

- Speed: 60 SPM
- Stroke Length: 14mm
- Capacity: 3/8" to 1"

Included:

- (1) M12™ Cordless LITHIUM-ION ProPEX® Expansion Tool (2432-20)
- (2) M12™ REDLITHIUM™ Battery (48-11-2401)
- (1) M12™ Lithium-ion Battery Charger (48-59-2401)
- (1) 1/2" ProPEX® Expansion Head (49-16-2404)
- (1) 3/4" ProPEX® Expansion Head (49-16-2406)

- Voltage: 18V
- No Load Speed: 0-1,100 rpm
- Blows/Min: 0-4,100 bpm
- Concrete Maximum: 7/8"
- Concrete Optimum: 5/32"-3/8"
- Tool Length: 10.5"
- Tool Weight 7.6 lbs

Part#	EA
DC212KA	\$403.75

DeWalt® Industrial Tools
Heavy-Duty 7/8" 18V
Cordless SDS Hammer

- Active Vibration Control® shocks reduce vibration felt by the user at the handles - A Perform and Protect feature
- 8.5 amp high performance motor
- 3.0 joules impact energy for fast drilling and chipping speed
- Rotating brush ring delivers full power/torque in forward and reverse
- Integral clutch reduces sudden, high torque reactions if bit jams

Specifications:

- Optimal Concrete Drilling : 5/32"-1/2"
- Impact Energy : 2Joules
- Vibration Control : Yes - SHOCKS™
- Vibration Measurement : 8.0 m/s2
- Chipping : No
- No Load Speed : 0-1,100rpm
- Blows/Min : 0-4,100bpm
- Tool Length : 10.5"
- Tool Weight : 5.25lbs

Includes:

- 360° side handle
- depth rod
- Tool only (batteries and charger sold separately)

DeWalt® Industrial Tools Heavy-Duty 18V Reciprocating Saw Kit

- 1" stroke length and 2,900 spm for fast cutting
- Keyless blade clamp allows quick blade change without touching blade or reciprocating shaft
- Electric brake minimizes risk of blade breaking when exiting plunge cuts
- Compact and lightweight; 7.1 lbs.
- Pivoting shoe with open top for maximum visibility
- Blade can be reversed for flush and plunge cutting
- Variable speed with trigger lock for increased blade control

Includes: 1 hour charger; 18V XR™ battery; reciprocating saw blade; heavy-duty kit box

- Voltage: 18 V
- Keyless Blade Clamp: Yes
- Strokes/Min: 0-2,900 spm
- Stroke Length: 1"
- Electric Brake: Yes

Part#	EA
DC385K	\$244.50

DeWalt® Industrial Tools Heavy-Duty 18V Cordless Reciprocating Saw (Tool Only)

- 1-1/8" stroke length for faster cutting speed
- 0-3,000 SPM for faster cutting speed
- 4-position blade clamp allows for flush cutting and increased versatility
- Lever-action keyless blade clamp for quick and easy blade changes
- Anti-slip comfort grip provides increased comfort and control
- Pivoting adjustable shoe with open top for maximum visibility
- Variable speed with trigger lock for increased blade control

Specifications:

- Voltage: 18V
- Keyless Blade Clamp: Yes

SUPPLY COMPANY, INC.

When Only the Best Will Do!

DeWalt® Industrial Tools 18V Cordless Band Saw Kit

- 2-1/2" cut capacity cuts up to 2" SCH 40 pipe
- Superior balance and ergonomics allows for more accurate cuts and less user fatigue
- Integrated hand hook allows user to handle the saw without damaging the front handle or base
- Blade tracking adjustment increases blade life by providing better blade tracking
- Tool less blade changing lever loosens blade tension to allow for blade change
- Dual bearing blade guide rollers provides increased durability in the blade support system
- Ergonomic soft grip back handle provides comfort and flexibility

Specifications:

- Voltage: 18V
- FV/Min: 570 fpm
- Blade Length: 32-7/8"
- Max Capacity (Round): 2-1/2"
- Max Capacity (Square): 2-1/2"
- Tool Length: 15"
- Tool Weight: 10 lbs.

Includes:

- 18V XRP™ battery
- 1 hour charger
- 14/18 blade
- blade tracking wrench
- contractor bag

DeWalt® Industrial Tools Cordless Saw Blades Construction

Blades No. DW9052, 9053, 9054, 9059, 9152, 9153, 9154, 9158:

- Professional quality cordless saw blades specifically engineered to optimize cutting performance and maximize the number of cuts per charge of all DeWalt 5-3/8" and 6-1/2" cordless saws
 - Ultra-thin kerf blade for fast cutting
 - Anti-stick rim reduces friction and gum-up
- Blade No. DW7763:
- For DW934K-2 cordless saw
 - Specially formulated titanium carbide teeth for long life in metal cutting
 - Modified alternate top grind for clean, smooth cuts
 - Thin kerf requires less energy to cut and maximizes cuts per charge
 - High-backed shoulder for increased strength behind each tip

Part#	Dia. (in.)	Teeth	Cutting Type	EA
DW9052	5 3/8"	30 Carbide	Alum.	\$26.78

DeWalt® Industrial Tools Heavy-Duty 18 Gauge 18V Swivel Head & Shear Kit Cordless

- Head swivels 360° which allows user to access tight quarters while maintaining comfort
- Cuts 7/32" strip which continuously curls out of the cutting area providing consistent and accurate cuts
- Cordless tool allows user to take the tool to the work piece
- For use in cold rolled steel 18-28 ga.

Continued on Next Column

Includes:

- 1 hour charger; (2) 18V XRP™ batteries; blade wrench; heavy-duty kit box
- Voltage: 18 V
- Strokes/Min: 0-2,300 spm
- Minimum Cutting Radius: 5-1/2"
- Capacity in Steel: 18-28 ga.

Part#	EA
DC490KA	\$495.15

DeWalt® Industrial Tools 18 Gauge Shear Attachment

- Cuts up to 18 gauge material including but not limited to: sheet metal, corrugated sheet metal, duct, asphalt shingles, steel mesh, vinyl siding, wire, plastics, cardboard and rubber.
- 360 degree swivel head allows for maneuverability when cutting
- Works with most 18V-20V impact driver and drill tool brands
- 1/4 in. hex shank

Part#	EA
DWASHRIR	\$67.50

DeWalt® Industrial Tools 1/2" 18V Impact Wrench (Tool Only) Cordless

- Frameless motor for extended tool durability and life
- Compact size and weight allow access into tighter areas and reduces user fatigue
- 1,740 in-lbs of torque to perform a wide range of fastening applications
- 0-2,400 rpm/0-2,700 ipm for faster application speed
- Replaceable brushes for increased serviceability
- Textured anti-slip comfort grip provides maximum comfort
- Durable magnesium gear case and all metal transmission for extended durability
- Heavy-duty impacting mechanism directs torque to fastener without kickback

Specifications:

- Voltage: 18V
- Drive Size: 1/2" square with detent pin retention
- No Load Speed: 0-2,400 rpm
- Impacts/Min: 0-2,700 ipm

Continued on Next Column

- Max Torque: 1,740 in-lbs

Includes:

- Tool only (batteries and charger sold separately)

Part#	EA
DC820B	\$106.06

DeWalt® Industrial Tools 1/4" 18V Impact Driver Kit Cordless Li-Ion

- Compact size and weight allows access into tighter areas and reduces user fatigue
- Compact li-ion batteries (DC3181) charge in 30 minutes and are compatible with the existing system of DEWALT 18V power tools produced since 1996
- Frameless motor for extended tool durability and life
- 1,330 in-lbs of torque to perform a wide range of fastening applications
- 0-2,400 rpm/0-2,700 ipm for faster application speed
- Replaceable brushes for increased serviceability
- Textured anti-slip comfort grip provides maximum comfort and control
- Durable magnesium gear case and all metal transmission for extended durability
- Heavy-duty impacting mechanism directs torque to fastener without kickback

Specifications:

- Voltage: 18V
- Drive Size: 1/4" hex shank quick release in
- No Load Speed: 0-2,400 rpm
- Impacts/Min: 0-2,700 ipm
- Max Torque: 1,330 in-lbs.
- Max Torque: 111 ft-lbs.
- Tool Weight: 3.1 lbs.
- Tool Length: 5-3/4"
- Shipping Weight: 11.8 lbs.

Includes:

- 30 minute charger
- (2) 18V compact li-ion batteries
- kit box

Part#	EA
DCF826KL	\$273.75

DeWalt® Industrial Tools 1/4" 18V Impact Driver (Tool Only) Cordless

- Frameless motor for extended tool durability and life
- Compact size and weight allows access into tighter areas and reduces user fatigue
- 1,330 in-lbs of torque to perform a wide range of fastening applications
- 0-2,400 rpm/0-2,700 ipm for faster application speed
- Replaceable brushes for increased serviceability
- Textured anti-slip comfort grip provides maximum comfort and control

DeWalt® Industrial Tools
**18V Cordless Grease Gun
 Tool Only**

- Powerful 3.0 Amp Motor provides strong performance for cutting and sanding.
- QUICK-CHANGE™ Accessory System allows blades and attachments to be changed quickly without wrenches.
- DUAL-GRIP™ Variable Speed Trigger gives users ultimate speed and application control.
- Bright LED Light illuminates dark work surfaces for accurate cutting.
- DEWALT Oscillating Tool Guide System allows users to set the depth or height for accurate repeatability.
- 29 Piece DEWALT accessory kit with storage box includes popular cutting and sanding attachments.
- Multi-brand accessory adaptor allows for use with most oscillating tool accessory brands.
- Air-bleeder valve assists in pump priming after cartridge changes

Specifications:

- Max Volume: 5.0oz/min
- Hose Length: 42"
- Cartridge Capacity: 14.5oz
- LED Light: Yes
- Bulk Capacity: 16.0oz
- Tool Weight: 8.0 lbs
- Shoulder Strap: Yes

DeWalt® Industrial Tools
2 Gallon 18V Wet/Dry Vac
Cordless or Corded

- Runs off of 12-18V DEWALT battery packs or 120V AC
- Gore™ TM Wet/Dry Filter traps 99.7% of dry-wall dust
- Wet/Dry filter eliminates changeovers
- Washable filter—tap or water rinse to clean
- Heavy-duty rubber hose provides durability and flexibility
- Drain port on tank for easy emptying of liquids
- On-board hose, cord and accessory storage provides convenient transport and storage
- Battery and charger sold separately

- Includes:** 5' heavy-duty rubber hose; crevice tool; wide nozzle
- Voltage: 12-18 V or 120 VAC

Part#	EA
DC5001H	\$32.40

DeWalt® Industrial Tools
**18/20V MAX Cordless
 Wet-Dry Vacuum**

- Cordless operation powered by either an 18V or 20V MAX battery
- Easily accessible, washable/reusable filter; Tap or water rinse to clean
- Heavy-duty, crush-resistant, fully-integrated 5" (by 1-1/4" diameter) hose provides durability, flexibility and ease-of-use
- On-board hose and accessory storage makes the vacuum easy to carry/transport
- 2-Gallon tank capacity provides enough space to empty a toilet or clogged pipe

Part#	Tank Capacity (gal.)	EA
DCV580	2 gal	\$106.25

DeWalt® Industrial Tools Wet Dry Vacuum Replacement Filter

- Fits DCV580 & DCV581H
- H.E.P.A. Filter Traps 99.97% of Dust as Small as 0.3 Microns
- Wet/Dry Filter Eliminates Change Overs.
- Washable & Reusable Filter; Tap or Water Rinse to Clean

Part#	EA
DCV5801H	\$35.21

DeWalt® Industrial Tools Wet/Dry Portable Vacuum Cleaner 18V Cordless - 1/2 Gallon

- Dual Clean-up Modes allow for debris clean up with either the Front Utility Nozzle or Extendable Rubber Hose
- 1/2 Gallon Tank with Heavy Duty Latch is easy to empty and clean
- Gore™ HEPA Wet/Dry filter traps 99.97% of dust at 0.3 microns
- Washable filter- tap or water rinse to clean
- Heavy-duty rubber hose provides durability and flexibility
- Large On/Off Switch that is easy to access with one hand
- Runs off of 18V DeWalt battery packs for longer runtime

Specifications:

- Tank Size: 1/2 gal
- Hose Diameter: 1-1/4"
- Hose Length: 2.5'
- Voltage (DC Operation): 18V
- Blower: No
- Tool Weight: 6.0 lbs

Includes:

- 18V XRP™ battery and 1 hour charger

Part#	EA
DC515K	\$155.13

DeWalt® Industrial Tools 18V Cordless Combo Kit 6-Piece XRP™ Extended Run-Time Batteries

- DCD950 XRP™ 18V cordless hammer drill with patented 3-speed all-metal transmission and 3/4" self-tightening chuck delivers 450 units watts out of maximum performance, faster application speed, and superior bit retention
- DC390 XRP™ 18V circular saw with 6-1/2" carbide blade and rip fence can cut 2x4's at a 45° angle in a single pass
- DC385 XRP™ 18V cordless reciprocating saw with keyless blade clamp allows for quick blade change without touching blade or reciprocating shaft
- DW960 18V right angle drill with 310 in-lbs of maximum torque
- DC411 18V cut-off tool with 6,500 rpm provides high power for cutting and grinding applications
- DW919 18V flexible floodlight provides hands-free use

Includes:

- DCD950 XRP™ 1/2" 18V hammer drill/driver
- DC390 XRP™ 18V circular saw
- DC385 XRP™ 18V reciprocating saw
- DW960 18V right angle drill
- DC411 18V cut-off tool
- DW919 18V flexible floodlight
- 1 hour charger
- (2) 18V XRP™ batteries
- 360° side handle
- Carbide tipped circular saw blade
- Type 1 and type 27 guards

DeWalt® Industrial Tools
**Heavy-Duty 18V Cordless
Hammerdrill/Impact Driver
Combo Kit**

- DCD950 XRP™ 18V cordless hammerdrill with patented 3-speed all-metal transmission and 1/2" self-tightening chuck delivers 450 units watts out of maximum performance, faster application speed, and superior bit retention
- DC827 18V Impact Driver delivers 1,330 in-lbs of torque and 0-2,400 rpms offering power and speed to perform a wide range of fastening applications at faster speeds

Specifications:

- Voltage: 18 V
- Number of tools in kit: 2
- Shipping Weight: 16.9 lbs

Includes:

- DCD950 XRP™ 1/2" 18V hammerdrill/driver
- DC825 18V impact driver
- 1 hour charger
- (2) 18V XRP™ batteries
- 360° side handle
- Contractor Bag

Part#	EA
DCK255X	\$377.71

DeWalt® Industrial Tools
**18V Hammerdrill/
Reciprocating Saw
Combo Kit
Cordless XRP™**

- DCD950 18V XRP™ cordless hammerdrill with patented 3-speed all-metal transmission and 1/2" self-tightening chuck delivers 450 units watts out of maximum performance, faster application speed, and superior bit retention
- DC385 18V cordless reciprocating saw with keyless blade clamp allows for quick blade change without touching blade or reciprocating shaft

Specifications:

- Voltage: 18
- Number of Tools in Kit: 2
- Shipping Weight: 19.6 lbs.

Includes:

- DCD950 18V XRP™ 1/2" hammerdrill
- DC385 18V reciprocating saw
- (2) 18V XRP™ batteries
- 1 hour charger
- 360° side handle
- contractor bag

Part#	EA
DCK251X	\$377.65

DeWalt® Industrial Tools
**18V Li-Ion Hammerdrill/
Recip Combo Kit
Cordless XRP™**

- DCD970 18V XRP™ cordless hammerdrill with patented 3-speed all-metal transmission and 1/2" self-tightening chuck delivers 450 units watts out of maximum performance, faster application speed, and superior bit retention
- DC385 18V reciprocating saw with 4-position keyless blade clamp allows for quick blade change without touching blade or reciprocating shaft
- XRP™ Li-Ion extended run-time batteries provide superior ergonomics, long run-time & battery life

Specifications:

- Voltage: 18V
- Number of tools in kit: 2
- Shipping Weight: 19.8 lbs

Includes:

- DCD970 18V XRP™ 1/2" hammerdrill
- DC385 18V reciprocating saw
- (2) 18V XRP™ Li-Ion batteries
- 1 hour charger
- 360° side handle
- Contractor bag

18V Cordless Combo Kit

XRP™ Extended Run-Time Batteries

- DCD950 XRP™ 18V cordless hammerdrill with patented 3-speed all-metal transmission and 3/4" self-tightening chuck delivers 450 units watts out of maximum performance, faster application speed, and superior bit retention
- DC390 XRP™ 18V circular saw with 6-1/2" carbide blade and rip fence can cut 2x4's at a 45° angle in a single pass
- DC385 XRP™ 18V cordless reciprocating saw with keyless blade clamp allows for quick blade change without touching blade or reciprocating shaft
- DW919 18V flexible floodlight provides hands-free use
- Number of tools in kit: 4

Includes:

- DCD950 XRP™ 18V 1/2" hammerdrill/drill driver
- DC390 XRP™ 18V circular saw
- DC385 XRP™ 18V reciprocating saw
- DW919 18V flexible floodlight
- 1 hour NiCd/NiMH/Li-Ion Charger
- (2) 18V XRP™ batteries
- 360° side handle
- carbide tipped circular saw blade
- Heavy-duty kit box

20V MAX® Battery Adapter Kit for 18V Tools

- Allows for use of 20V MAX® Batteries in most DEWALT 18V Tools- See Questions and Answers section for full compatibility information
- Adapter requires the use of 20V MAX® Chargers
- Adapter will not fit in DEWALT 18V Chargers
- Do not use with Premium Batteries (DCB200, DCB204, DCB204BT, DCB205) in 18V Compact drills DC970, DC759 (use DCB201, DCB203, DCB203BT)
- Includes:
 - (1) 18V - 20V MAX® Adapter
 - (2) DCB203 20V MAX® XR Lithium Ion Batteries (2.0Ah)
 - 12V/20V MAX® Charger

Part#	EA
DCA2203C	\$149.00

DeWalt® Industrial Tools

20V MAX® Drywall Cut-Out Tool

- 26,000 RPM motor delivers fast cutting in drywall, acoustical ceiling tiles, plywood, etc.
- Tool-free bit change allows for fast & easy bit changing - without a wrench
- Dust-sealed switch protects against dust ingestion for longer tool life
- Bright LED illuminates dark work surfaces for accurate cutting

Specifications:

- Voltage: 20V MAX®
- No Load Speed: 26,000RPM
- Collet Diameter: 1/4", 1/8"
- Adjustable Guide: Yes
- Spindle Lock: Yes
- Tool Weight: 2.2
- Tool Length: 9-3/4"

Part#	EA
DCS551B	\$137.06

DeWalt® Industrial Tools
**Brushless Drywall
 Screwgun**
 20V MAX® XR
 Lithium-Ion (Tool Only)

- Up to 4,400rpm provides greater speed than DW272 corded screwgun
- DEWALT-built brushless motor delivers maximum runtime
- Balanced and ergonomic - comparable than the DW272 DEWALT corded screwgun
- Nosecone locks on securely and is easily removed while maintaining consistent screw depth
- Optional collated magazine attachment (DCF6201)
- LED light

Includes:

- (1) DCF620 20V MAX® XR Brushless Li-Ion Screwgun- Tool

Part#	EA
DCF620B	\$141.90

DeWalt® Industrial Tools
**20V MAX® XR Brushless
 Drywall Screwgun**

- DEWALT-built brushless motor delivers maximum runtime
- Balanced and ergonomic - comparable than the DW272 DEWALT corded screwgun
- Nosecone locks on securely and is easily removed while maintaining consistent screw depth
- Optional collated magazine attachment (DCF6201)
- LED light

- Voltage: 20V
- No Load Speed: 0 - 4,400rpm
- Drive: 1/4" Hex
- Tool Length: 8.75"
- Tool Weight: 3.4lbs

Part#	EA
DCF-620M2	\$295.90

DeWalt® Industrial Tools
**3 Speed 1/4" Brushless
 Impact Driver**
 20V MAX XR Lithium-Ion

- DEWALT®-built brushless motor and XR Lith-Ion batteries deliver more run time and capacity over standard units
- 3-speed settings for optimized application versatility
- Precision drive in speed 1 for precision applications and added control
- 3 LED lights with 20-second delay after trigger release, provide visibility without shadows
- One-handed loading 1/4" hex chuck with easy grip sleeve accepts 1" bit tips
- Compact and lightweight design to fit into tight areas (2 mm shorter than the previous DCF886)

Specifications:

- Voltage: 20V MAX®
- No Load Speed: 0-1000/ 2800/ 3,250rpm
- Impacts/Min: 0-3,800ipm
- Variable-Speed Trigger: Yes

Includes:

- (1) DCF887 - Brushless 1/4" 3-Speed Impact Driver
- (2) 4.0 Ah 20V MAX® XR Batteries
- (1) Fast Charger
- Belt Hook

Part#	EA
DCF887M2	\$292.54

DeWalt® Industrial Tools
**20V MAX
 1/4" Impact Driver**
 Lithium-Ion

- Compact (5.55" front to back), lightweight (2.8 lbs) design fits into tight areas
- Three (3) LED lights with 20 second delay after trigger release, provide visibility without shadows
- One-handed loading 1/4" hex chuck accepts 1" bit tips

DeWalt® Industrial Tools
**20V XR Combo Kit
 Combo Drill and Impact
 Driver Twinpack**

**The DCD/85 Features:**

- Latest generation 18V XR Li-Ion compact hammer drill/driver featuring NEW XR Li-Ion battery technology
- Ultra compact, lightweight design allows use in confined spaces

Continued on Next Column

- Two speed all metal transmission for increased runtime and longer tool life
- 14 position adjustable torque control for consistent screwdriving into a variety of materials with different screw sizes
- Intelligent trigger design allows for total control of application
- Compact 13mm single sleeve keyless chuck with automatic spindle lock for quick and easy bit change with one hand
- Bright white LED with delay feature for improved visibility and flashlight functionality
- Improved ergonomic design and rubber grip improves user comfort
- Li-Ion slide pack battery allows for superior insertion and removal
- Multi voltage charger for use with 18V, 14.4V and 10.8V XR Li-Ion slide pack batteries
- Steel belt clip and tough magnetic bit holder ensures strong storage solutions
- Part of the intelligent XR Lithium Ion Series designed for efficiency and making applications faster

DCD785 Specifications:

- Voltage: 20V Max*
- Max Power: 350UWO
- # of Speed Settings: 2
- Max rpm: 0-600/0-2,000
- Max BPM: 34000
- Clutch Settings: 14
- Chuck Size: 1/2"
- Chuck Type: 1/2" ratcheting

The DCF885 Features:

- Compact (5.55" front to back) design fits into tight areas
 - Three (3) LED lights with 20 second delay after trigger release, provide visibility without shadows
 - One-handed loading 1/4" hex chuck accepts 1" bit tips
 - Belt hook included for portability
- DCF885 Specifications:**
- Voltage: 20V Max*
 - Drive Size: 1/4 in
 - No Load Speed: 0 - 2,800 rpm
 - Impacts/Min: 0 - 3,000 ipm
 - Max Torque: 14000in-lbs
 - Max Torque: 117R-lbs

Includes:

- DCD785
- DCF885
- 2 x 3.0Ah Li-Ion Batteries
- 60 Min Charger
- Kitbox

Part#	EA
DCK285L2	\$326.25

DeWalt® Industrial Tools
**Brushless Compact
 Drill / Driver & Impact
 Driver Combo Kit**
 20V MAX* XR Lithium Ion

- DEWALT® brushless motor delivers up to 57% more run-time over brushed
- XR Li-Ion batteries with fuel gauge provide 33% more capacity over standard packs
- DCD791 20V MAX* 1/2" drill/drill has a compact (6.9" front to back) and light-weight (3.4 lb) design to fit into tight areas
- DCF887 20V MAX* 1/4" impact driver has a compact (5.3" front to back) design to fit into tight areas
- DCD791 features 3-mode LED with with 20-minute trigger release delay in Spotlight Mode providing increased visibility in dark or confined spaces
- DCF887 features 3 LED lights imbedded in front of tool with 20-second trigger release delay providing increased visibility in dark or confined spaces

Includes:

- DCD791 20V MAX* XR Lithium Ion Compact Brushless 1/2" Drill/Driver
- DCF887 20V MAX* XR Lithium Ion Brushless 1/4" Impact Driver
- (2) DCB203 20V MAX XR Lithium Ion Battery (2.0Ah)
- Charger
- (2) Belt Hooks
- Contractor Bag

DeWalt® Industrial Tools LED Worklight 20V MAX* Lithium-Ion

- Bright LED output - 110 Lumens
- Integral hook for hands free use in multiple placements
- Head rotates 120°
- Low heat output compared to Xenon lights
- Efficient LED bulb improves run-time

Specifications:

- Voltage: 20V MAX*
- Bulb: LED
- Run-Time: 11 hrs
- Battery sold separately

Part#	EA
DCL040	\$59.95

DeWalt® Industrial Tools Fluorescent Area Light Heavy-Duty - 18V Cordless

- Built-in telescoping and 360° rotating hook allows unit to hang from 2" materials and multiple locations
- Over-molded lens cover provides increased durability on the jobsite
- 13 Watt Fluorescent bulb provides bright area lighting
- Twist & Lock tool free lens cover allows for quick and easy bulb change
- Pre-heat circuit helps eliminate blackening at the base of the bulb
- Runs on the 18 Volt battery system for longer run-time
- Battery sold separately

Part#	EA
DC527	\$63.12

DeWalt® Industrial Tools Heavy-Duty Pivoting Head Flashlight 12V, 14.4V & 18V Cordless

- Wide-angle beam maximizes light over a specific work area
- Pivoting head rotates 90° which allows light to be projected in any direction
- Extra-bright Xenon bulb maximizes brightness of the beam
- Battery sold separately

Continued on Next Column

- Lightweight, compact design makes the flashlight durable and convenient
- Spare extra-bright Xenon bulb inside lens cover allows user to always have a working light

Includes:

- extra Xenon bulb
- Bulb: Xenon
- Bulb Life: 110 hrs.
- Run-Time: 3 hrs.

DCL050	\$67.70

DeWalt® Industrial Tools 20V MAX* Premium XR Lithium-Ion Battery Pack

- Premium XR Lithium Ion pack provides up to 33% more capacity than standard 20V MAX* battery packs
- 3-LED fuel gauge system allows immediate feedback on state of charge
- No memory and virtually no self-discharge for maximum productivity and less downtime
- Weights 1.42 lbs allowing you maximum run-time in a lightweight battery

Part#	EA
DCB204	\$185.26

DeWalt® Industrial Tools 20V MAX* Vehicle Battery Charger Lithium-Ion

- Charges all DEWALT® 12V - 20V MAX* Li-Ion batteries from a vehicle's power outlet enabling batteries to be charged while driving to work or on a jobsite
- Quickly charges batteries to minimize down time: DCB120 (12V MAX*, 1.3 Ah) - 40 min; DCB201 (20V MAX*, 1.5 Ah) - 45 min; DCB200 (20V MAX*, 3.0 Ah) - 90 min
- Automatic shut-off protects excessive discharge of vehicle's battery
- Diagnostics with LED indicator communicates battery charge status: charged, charging, power line problem, replace pack, and battery too hot or too cold

Specifications:

- Voltage: 12V - 20V MAX*
- Tool Weight: 1.44 lbs
- Compatible with: DEWALT® 12V - 20V MAX* Li-Ion batteries
- Shipping Weight: 1.88 lbs
- Charge Time 40 min - 90 min

Part#	EA
DCB119	\$107.10

DeWalt® Industrial Tools 12V MAX - 20V MAX Lithium-Ion Battery Charger

- Charges all DEWALT® 12V - 20V MAX Li-Ion batteries
- Charges the battery in 1 hour or less thus minimizing downtime
- Diagnostics with LED indicator communicates battery charge status: charged, charging, power line problem, replace pack, and battery too hot or too cold

Specifications:

- Voltage: 12V - 20V MAX
- Charge Time: 1 hour or less
- Compatible with: DEWALT® 12V - 20V MAX* Li-Ion batteries

Part#	EA
DCB101	\$73.83

DeWalt® Industrial Tools Combination Dual Port Fast Charger

- Port #1 Charges all DEWALT® 12V - 20V MAX* Li-Ion batteries
- Port #2 Charges all DEWALT® 7.2V - 18V NiCd/NiMH/Li-Ion batteries (except Univolt batteries)
- Charges the batteries in 1 hour or less thus minimizing downtime
- Diagnostics with LED indicator communicates battery charge status: charged, charging, power line problem, battery too hot or too cold, and problem pack or charger

Specifications:

- Voltage: 12V - 20V MAX* & 7.2V - 18V
- Tool Weight: 3.0lbs
- Compatible with: DEWALT® 12V - 20V MAX* Li-Ion batteries & DEWALT® 7.2V - 18V NiCd/NiMH/Li-Ion batteries (except Univolt batteries)
- Charge Time: 1 hour or less

Part#	EA
DCB103	\$105.00

**DeWalt® Industrial Tools
20V MAX® Battery Pack
Lithium-Ion**

- 3.0 Ah extended run-time battery provides long run-time & battery life

- No memory and virtually no self-discharge for maximum productivity and less downtime
- Weighs 1.6 lbs allowing user maximum runtime and a light weight battery

Specifications:

- Voltage: 20V MAX
- Features: 3.0 Ah high capacity battery pack
- Compatible with: Entire line of DEWALT® 20V MAX tools

Part#	EA
DCB200	\$116.96

**DeWalt® Industrial Tools
20V MAX® Compact
Battery Pack
Lithium-Ion**

- Lightweight design and quick 30 minute charge time

- No memory and virtually no self-discharge for maximum productivity and less downtime

Specifications:

- Voltage: 20V MAX
- Features: Lightweight design
- Compatible with: Entire line of DEWALT® 20V MAX tools

Part#	EA
DCB201	\$89.10

**DeWalt® Industrial Tools
20V MAX® Battery
Pack - 2-Pack
Lithium-Ion**

- 3.0 Ah extended run-time battery provides long run-time & battery life
- No memory and virtually no self-discharge for maximum productivity and less downtime
- Weighs 1.6 lbs allowing user maximum runtime and a light weight battery

Part#	EA
DCB200-2	\$214.79

**DeWalt® Industrial Tools
20V MAX Premium
XR Lithium-Ion
2-pack**

- Premium XR Lithium Ion pack provides up to 33% longer run-time than standard 20V MAX battery packs
- 3-LED Fuel Gauge System allows immediate feedback on state of charge
- No memory and virtually no self-discharge for maximum productivity and less downtime
- Individual pack weights 1.42 lbs allowing user maximum run-time in a lightweight battery

Part#	EA
DCB204-2	\$198.00

**DeWalt® Industrial Tools
20V MAX XR 5.0Ah
Lithium-Ion Battery**

- Premium XR Lithium Ion pack provides up to 60% more capacity than standard 20V MAX battery pack (DCB200)
- 3-LED Fuel Gauge allows immediate feedback on state of charge
- No Memory and virtually no self-discharge for maximum productivity and less downtime
- Lightweight at 1.4 lbs and compatible with entire line of 20V MAX tools

Part#	Qty per Pack	EA
DCB205-2	2	\$286.47
DCB205	1	204.30

**DeWalt® Industrial Tools
20V MAX Compact
XR Lithium-Ion
2-pack**

- Compact XR Lithium Ion pack provides up to 33% longer run-time than standard 20V MAX® battery packs
- 3-LED Fuel Gauge System allows immediate feedback on state of charge
- No memory and virtually no self-discharge for maximum productivity and less downtime
- Individual pack weights 1.0 lbs allowing user maximum run-time in a lightweight battery

Part#	EA
DCB203-2	\$189.40

**DeWalt® Industrial Tools
Heavy-Duty
7.2V-18V Charger
NiCd/NiMH/Lithium-Ion 1 Hour**

- Charges all DEWALT® 7.2V - 18V NiCd/ NiMH/Li-Ion batteries (except Univolt batteries) so users need only one charger for multiple cordless products
- Charges the battery in 1 hour or less thus minimizing downtime
- The DEWALT® 3-stage charging system provides maximum run-time and extends overall life of the battery
- Diagnostics with LED indicator communicates battery charge status: charged, charging, power line problem, replace pack, and battery too hot or too cold

Specifications:

- Voltage: 7.2V-18V V
- Tool Weight: 1.3 lbs lbs
- Compatible with All 7.2-18 V NiCd/NiMH/ Li-Ion batteries except for Univolt batteries

Part#	EA
DC9310	\$109.89

DeWalt® Industrial Tools
**Heavy-Duty 7.2V-18V
 Dual Port Charger**
 NiCd/NiMH/Lithium-Ion 1 Hour

- Charges (2) DEWALT® 7.2V - 18V NiCd/NiMH/Li-Ion batteries (except Univolt® batteries) so users need only one charger for multiple cordless products
- Charges the battery in 1 hour or less thus minimizing downtime
- The DEWALT 3-stage charging system provides maximum run-time and extends overall life of the battery
- Diagnostics with LED indicator communicates battery charge status: charged, charging, power line problem, replace pack, and battery too hot or too cold

Specifications:

- Voltage: 7.2V-18V
- Tool Weight :3.0 lbs
- Compatible with All 7.2-18 V NiCd/NiMH/Li-Ion batteries except for Univolt batteries

Part#	EA
DC9320	\$150.37

DeWalt® Industrial Tools
Vehicle Charger
 7.2V-18V 1 Hour

- Charges 7.2V-18V NiCd/NiMH/Li-Ion DEWALT® batteries (except Univolt®) from a vehicle's power outlet enabling batteries to be charged while driving to work or on a jobsite
- Charges in 1 hour or less
- Automatic shut-off protects excessive discharge of vehicle's battery
- Model DW9109BP comes with battery
- Tool Weight: 1.5 lbs.

Part#	EA
DC9319	\$163.01

DeWalt® Industrial Tools
Fast Charger
 12V MAX* Lithium-Ion

- Charges all DEWALT® 12V MAX Li-Ion batteries.
- Charges the battery in 40 minutes or less thus minimizing downtime
- Diagnostics with LED indicator communicates battery charge status: charged, charging, power line problem, replace pack, and battery too hot or too cold

Part#	EA
DCB100	\$61.92

DeWalt® Industrial Tools
**12V Jobsite
 Charging Station**

- Charges (2) DEWALT 12V - 20V MAX Li-Ion batteries
- Includes two USB ports to charge compatible devices such as cell phones, Ipods, and Tablets
- Charges the batteries in 95 mins or less thus minimizing downtime
- Diagnostics with LED indicator displays the battery charge status

Part#	EA
DCB102	\$116.25

DeWalt® Industrial Tools
**Heavy-Duty Worksite
 Charger & Radio**

- 1 hour charger for 7.2V to 18V DEWALT battery packs (except Univolt®)
- Runs off of 7.2V to 18V DEWALT batteries making it a cordless radio
- The DEWALT 3 - stage charging system provides maximum run-time and extends overall life of the battery
- Power outlets offer more versatility for jobsite power
- AM/FM Digital Tuner with LCD display, built-in clock, and 15 station memory presets
- High efficiency weather resistant speakers with dual bass ports for maximum bass and range
- Auxiliary port allows connection to CD Players, MP3 Players, and portable satellite receivers with an audio cable (cable not included)
- Dual pivoting 11" flexible antenna provides more durability and better reception

Specifications:

- Voltage 7.2 to 18 (except Univolt®)
- Charge Time 1 hr or less
- Tool Weight 14.25 lbs.

Part#	EA
DCO12	\$181.25

DeWalt® Industrial Tools
12V/20V MAX Charger Radio
 With Aux Input

- Voltage: 12V / 20V
- Typical Application: Professional, Serious DIY, Outdoor Events
- USB Port
- Durable Roll Cage
- Shipping Weight 6 lb

Part#	EA
DCR015	\$192.50

DeWalt® Industrial Tools Compact Worksite Radio 12V,18V or 20V MAX Battery powered (Non-Charging)

- MULTI-PORT INTERFACE - Unit powered by 18V, 12V/20V MAX Packs
- AC/DC POWER - Dual power source provides versatility
- USB POWER/AUX PORT - Charging & connection to CD, MP3 and other digital audio devices
- LARGE DEVICE STORAGE BOX - Best in class size storage compartment
- 360° PROTECTIVE ROLL CAGE - For increased durability on the jobsite
- AM/FM/AUX - 5AM/SFM presets, Clock, Bright backlit display
- 4" SPEAKER Full range speaker, Type AB amplifier w/ improved reception

Part#	EA
DCR018	\$106.25

DeWalt® Industrial Tools Jobsite Bluetooth Speaker

- AC/DC Powered
- Runs Off DEWALT 12V/20V MAX Battery Packs
- Bluetooth 4.0
- Up to 100 Ft Range
- AC /DC USB Power & Aux Ports
- Rubber Overmold and Feet
- Compact Size for Improved Portability and Storage

Part#	EA
DCR006	\$83.94

DeWalt® Industrial Tools Bluetooth Radio Adaptor

- Stream music wirelessly to a radio from any Bluetooth device
- Works with most worksite radios and any radio with an Aux in port
- Up to 100 Ft. Range
- Mounting clip temporarily/permanently secures adaptor to your radio
- Up to 8 hrs runtime
- Rugged and durable design to withstand tough jobsite conditions

Part#	EA
DCR002	\$42.50

DeWalt® Industrial Tools Batteries 9.6V - 24V

DeWalt battery types:

- XRPTM Extended Run-Time battery Packs—40% more run-time than Standard batteries
- Standard Battery Packs—25% more run-time than Compact batteries
- Compact Battery Packs—15% smaller and 10% lighter than Standard batteries
- Univolt® Battery Packs—for use with Univolt tools only
- Fan Cooled—quickly cools down the battery thus extending battery life

DeWalt's 3-Stage Charging technology:

- 1) 1 Hour Fast Charging—provides maximum charge in under 1 hour
- 2) 1-3 Hour Equalization—each cell is fully charged to maximize battery pack life
- 3) Automatic Tune-Up—a trickle charge maintains the full charge of the battery pack when left on the charger after equalization stage

NOTE: DeWalt batteries do not develop a "memory"—there is no need to drain the battery down before recharging

- Anvil Size and Type: 1/2" Square - Pin Detent
- Torque: 350 ft-lbs (Mode 1) and 600 ft-lbs (Mode 2)
- Package Type: Tool-Only (No Battery or Charger Included)

Included:

- (1) M18 FUEL™ 1/2" High Torque Impact Wrench with Pin Detent (2762-20)

Part#	EA
2762-20	\$218.75

Milwaukee® Electric Tool M18™ FUEL 1/2" High Torque Impact Wrench With Friction Ring (Tool Only)

- Superior performance: Delivers up to 700 ft-lbs of maximum fastening torque, up to 1,100 ft-lbs of nut-busting torque and up to 2X more runtime
- POWERSTATE™ Brushless Motor: Outpowers competitors yet runs cooler with no wearable components
- REDLINK PLUS™ Intelligence: allows the operator to choose between 2 fastening modes with Milwaukee's proprietary DRIVE CONTROL™ feature. Mode 1 delivers up to 100 ft-lbs of maximum fastening torque, and Mode 2 up to 700 ft-lbs maximum fastening torque
- REDLITHIUM™ XC 4.0 Battery Pack (not included): Provides superior pack construction, electronics and performance to deliver 2X more runtime
- 1/2" Anvil with friction ring for fast, easy socket changes

Specifications:

- Voltage: 18V
- Tool Warranty: 5 Years
- LED Light: Yes
- Electric Brake: Yes
- Switch Type: Variable Speed Trigger
- Anvil Size and Type: 1/2" Square - Friction Ring
- Torque: 100 ft-lbs (Mode 1) and 700 ft-lbs (Mode 2)
- Package Type: Tool-Only (No Battery or Charger Included)

Continued on Next Column

- Nut-Busting Torque: 1,100 ft-lbs

Included:

- (1) M18 FUEL™ 1/2" High Torque Impact Wrench with Friction Ring (2763-20)

Part#	EA
2763-20	\$218.75

Milwaukee® Electric Tool M18™ FUEL 1/2" High Torque Impact Wrench Kit With Friction Ring Kit

- Superior performance: Delivers up to 700 ft-lbs of maximum fastening torque, up to 1,100 ft-lbs of nut-busting torque and up to 2X more runtime
- POWERSTATE™ Brushless Motor: Outpowers competitors yet runs cooler with no wearable components
- REDLINK PLUS™ Intelligence: allows the operator to choose between 2 fastening modes with Milwaukee's proprietary DRIVE CONTROL™ feature. Mode 1 delivers up to 100 ft-lbs of maximum fastening torque, and Mode 2 up to 700 ft-lbs maximum fastening torque
- REDLITHIUM™ XC 4.0 Battery Pack: Provides superior pack construction, electronics and performance to deliver 2X more runtime
- 1/2" Anvil with friction ring for fast, easy socket changes

Specifications:

- Voltage: 18V
- Battery: M18™ REDLITHIUM™ XC4.0
- Charger: M18™ and M12™ Multi-Voltage Charger
- LED Light: Yes
- Electrical Brake: Yes
- Switch Type: Variable Speed Trigger
- Anvil Size and Type: 1/2" Square - Friction Ring
- Torque: 100 ft-lbs (Mode 1) and 700 ft-lbs (Mode 2)
- Package Type: Extended Kit
- Nut-Busting Torque: 1,100 ft-lbs

Included:

- (1) M18 FUEL™ 1/2" High Torque Impact Wrench with Friction Ring (2763-20)
- (2) M18™ REDLITHIUM™ XC 4.0 Extended Capacity Battery Pack (48-11-1840)
- (1) M18™ & M12™ Multi-Voltage Charger (48-59-1812)
- (1) Carrying Case

Part#	EA
2763-22	\$456.25

Milwaukee® Electric Tool M18™ Cordless Lithium-Ion Right Angle Drill

- REDLITHIUM™ Battery Technology: Superior pack construction, electronics, and performance deliver more work per charge and more work over pack life than any battery on the market
- REDLINK™ Intelligence: Provides optimized performance and overload protection using total system communication between tool, battery and charger
- Innovative Electronic Clutch: Delivers up to 125 in-lbs of torque with 11 settings plus drill mode for complete control in fastening applications
- 3/8" Single Sleeve Ratcheting Chuck: Allows quick and easy bit changes and maximum grip
- Built-in LEDs: Illuminate work surface and indicate clutch position

Specifications:

- Voltage: 18V
- Peak Torque: 125 in-lbs
- Speed: 0-1,500 RPM

Part#	EA
2615-20	\$101.25

Milwaukee® Electric Tool M18™ 1/2" Fuel Compact Drill Driver

- POWER-STATE™ Brushless Motor: Delivers up to 725 in-lbs of torque with maximum sustained torque to complete the toughest of applications
- REDLITHIUM™ Battery Technology: Superior pack construction, electronics, and performance deliver more work per charge and more work over pack life than any battery on the market
- REDLINK PLUS™ Intelligence: The most advanced system of cordless power tool electronics. Provides optimized performance and overload protection using total system communication between tool, battery and charger

Specifications:

- Voltage: 18V
- Peak Torque: 725 in-lbs
- Chuck Type: 1/2" Metal Single Sleeve - Ratcheting Lock
- Speed: 0-550/0-1,850 RPM

Part#	EA
2603-20	\$132.50

Milwaukee® Electric Tool M18™ 1/2" Fuel Drill/Driver Kit

- POWERSTATE™ Brushless Motor delivers 1,200 in-lbs of Peak Torque and up to 2,000 RPM for Faster Drilling Speeds
- REDLINK PLUS™ Intelligence prevents damage to the tool and battery due to overloading or overheating
- REDLITHIUM XC5.0™ Batteries deliver more work per charge and more work over the life of the battery

Specifications:

- Voltage: 18V
- No Load RPM: 0-550/0-2,000
- No Load RPM: 0-550/0-2,000
- Peak Torque: 1,200 in-lbs
- Chuck Type: 1/2" Metal Single Sleeve - Ratcheting Lock

Included:

- (1) M18 FUEL™ 1/2" Drill/Driver (Bare Tool) (2703-20)
- (2) M18™ REDLITHIUM™ XC5.0 Extended Capacity Battery Pack (48-11-1850)
- (1) M18™ & M12™ Multi-Voltage Charger (48-59-1812)
- (1) Belt Clip

**Milwaukee® Electric Tool
7/8" SDS-Plus
Rotary Hammer
M18™ Cordless Lithium-Ion**

- **REDLITHIUM™** Battery Technology: Superior pack construction, electronics, and performance deliver more work per charge and more work over pack life than any battery on the market

- Powerful 18-volt motor: Delivers 0-1,400 RPM, 0-4,800 BPM and up to 40% more runtime than the competition
- 1.4 Ft-lbs of torque: Provides 10% faster drilling and up to 35% harder hitting
- 3-Mode operation: Choose rotary hammer, hammer only and rotation only for added versatility
- Mechanical clutch: Protects the motor when the bit binds
- Variable Position Chisel Stop: Allows steel to be adjusted, regardless of orientation
- AVS Anti-Vibration System: Minimizes vibration for maximum comfort
- Digital Power Management: Prevents damage to the tool in harsh jobsite conditions

Specifications:

- Voltage : 18V
- Length : 11-3/4"
- Charge Time : 1 hour
- No Load Speed : 0-1,400
- Blow Energy : 1.4 ft-lbs
- BPM : 0-4,800
- Trigger Lock : No
- Solid Bit Capacity : 7/8"
- Thin Wall Core Bit Capacity : 2-1/8"
- Drilling Mode : 3-Mode: Rotary Hammer, Hammer Only, Rotation Only
- Handle Style : Drop Motor

Included:

- (1) M18™ Cordless Lithium-Ion 7/8" SDS-Plus Rotary Hammer (2605-20)
- (1) Depth Rod
- (1) Side Handle

2605-22	\$488.75

Milwaukee® Electric Tool M18™ 1-1/8" SDS Plus Rotary Hammer Kit

- FUEL™ Technology: Delivers faster than corded speed, corded durability, and all day work on one charge.
- POWERSTATE™ Brushless Motor: Provides 3.3 ft-lbs of impact energy, 0-1,350 RPM and 0-5,000 BPM.
- REDLITHIUM™ XC 4.0 Battery Packs: Provide all day work on one charge, 20% more power and 2X more recharges than standard Lithium-Ion batteries.
- REDLINK PLUS™ Intelligence: Integrates full-circle communication between tool, battery and charger to protect from overloading, overheating, and over-discharging.
- AVS Anti-Vibration System: Minimizes vibration for maximum comfort

Specifications:

- Voltage: 18V
- Battery: M18™ REDLITHIUM™
- Charger: M18™ and M12™ Multi-Voltage Charger
- Tool Warranty: 5 Years
- Length: 12.8"
- Weight: 7.7 lbs
- Battery Warranty: 3 Year
- No Load Speed: 0 - 1,350
- Blow Energy: 3.3 ft-lbs
- BPM: 0 - 5,000
- Trigger Lock: No
- Solid Bit Capacity: 1-1/8"
- Thin Wall Core Bit Capacity: 3"
- Drilling Mode: 3-Mode: Rotary Hammer, Hammer Only, Rotation Only
- Handle Style: Drop Motor
- Vibration: 8.6 m/s²

Included:

- M18 FUEL™ 1-1/8" SDS Plus Rotary Hammer (2715-20)
- M18™ REDLITHIUM™ XC 4.0 Extended Capacity Battery Pack (48-11-1840)
- M18™ & M12™ Multi-Voltage Charger (48-59-1812)

Milwaukee® Electric Tool
**M18™ Cordless
LITHIUM-ION 5-3/8"
Metal Saw
(Tool Only)**

- Exclusive 4-Pole Frameless Motor delivers up to 35% more cutting power
- Compact, low-profile design for easy handling and increased control
- Extra-Large cut guide, impact resistant window and LED light for more accurate cuts
- Lightweight 4.3 lbs design for easier overhead cuts and less user fatigue
- Superior Cut Quality - 30T METAL TECH™ Carbide-Tipped blade produces cool, burr-free cuts through EMT, strut, threaded rod, sheet metal, angle iron and other ferrous materials.
- Tool-Free Depth Adjustment quickly and easily adjusts cutting depth from 1/8"-2"

Specifications:

- Voltage: 18V
- Length: 12"
- Weight: 4.3 lbs
- Tool Warranty: 5 Years
- Width: 6.5"
- Blade Guard: Polycarbonate
- Shoe: Stainless Steel

Included:

- (1) M18™ Cordless LITHIUM-ION 5-3/8" Metal Saw (2682-20)

Part#	EA
2682-20	\$153.13

Milwaukee® Electric Tool 5-3/8" Metal Cutting Saw 13.0 amp - 3,700 RPM Motor M18™

- Exclusive 4-Pole Frameless Motor delivers up to 35% more cutting power
- Compact, low-profile design for easy handling and increased control
- Extra-Large cut guide, impact resistant window and LED light for more accurate cuts
- Lightweight 5.8 lbs design for easier overhead cuts and less user fatigue
- Superior Cut Quality - 30T METAL TECH™ Carbide-Tipped blade produces cool, burr-free cuts through EMT, strut, threaded rod, sheet metal, angle iron and other ferrous materials.
- Tool-Free Depth Adjustment quickly and easily adjusts cutting depth from 1/8"-2"

Specifications:

- Voltage: 18V
- Speed: 3600 RPM
- Cut Capacity: 1/8" - 2"
- Arbor: 20mm
- Blade Size: 5-3/8" 30T Carbide-Tipped (50T 5-3/8" Carbide-Tipped Also Available)
- Battery: M18™ Compact or XC High Capacity RED LITHIUM™ Battery Packs
- Batteries Included: (2) M18™ XC High Capacity RED LITHIUM™ Battery Packs
- Shoe: Stainless Steel
- Width: 6.5"
- Trigger: Lock Off
- Blade Guard: Poly carbonate
- Tool Length: 14"
- Tool Weight: 4.3 lbs
- Tool Weight (w/battery): 5.8 lbs

Includes:

- M18™ Cordless LITHIUM-ION 5-3/8" Metal Saw
- (2) M18™ XC High Capacity RED LITHIUM™ Battery Packs
- 1-Hour Charger
- 30T METAL TECH™ Carbide-Tipped Blade,
- Blade Wrench
- Contractor Bag

Milwaukee® Electric Tool M18 FUEL™ SAWZALL reciprocating Saw Kit

- Superior performance: Delivers the fastest cutting speed in its class, increased power and the durability of corded saws
- POWERSTATE™ Brushless Motor: Supplies constant power for faster cuts and reduced heat for extended life
- REDLINK PLUS™ Intelligence: Provides optimized performance and overload protection using total system communication between tool, battery and charger
- REDLITHIUM™ XC 4.0 Battery Pack: Provides superior pack construction, more work per charge and more work over the life of the pack than competitive batteries

Specifications:

- Voltage: 18V
- Battery: M18™ and 12M™ Multi-Voltage Charger
- Led Light: Yes
- Stroke Length: 1-1/8"
- Keyless Adjustable Shoe: Yes
- Keyless Blade Clamp: Yes
- Blade Clamp: QUICK-LOK® Universal
- SPM: 0-3,000

Includes: (1) M18 FUEL™ Sawzall® Reciprocating Saw (2720-20)

Part#	EA
2720-20	\$198.75

Milwaukee® Electric Tool Band Saw M18™ Cordless LITHIUM-ION (Tool Only)

- 45% Lighter than Deep Cut – 10.25 Lbs compact light weight design for cutting overhead and in tight places.
- 3-1/4" Cut Capacity – cuts most common materials for Electrician, Plumber and Mechanical cutting applications. Single pass cut on 3" copper, 3" angle iron, 2-1/2" conduit.
- Tool-Free Adjustable Material Shoe – quickly adjusts the shoe and allows flush cuts when working with installed materials against walls and ceilings.
- LED Work Light – illuminates the cut line in dark areas.
- Blade Ejection System-Quickly change the blade by moving the material guide into the up position and depressing the blade ejection button.

Continued on Next Column

- Drop Resistant Pulley Guard-Engineered geometries & high impact polymer.
- Cast Aluminum Gear Case-Withstands jobsite abuse & maintains gear positioning.

Milwaukee® Electric Tool M18 Deep Cut Band Saw Kit FUEL™

- **POWERSTATE™** Brushless Motor: Increased cutting speed and power through the toughest applications
- **CPT™** Constant Power Technology: Maintains cut speed in the toughest applications for optimal performance
- Over 90% same parts as Milwaukee's Corded Deep Cut Band Saw
- **Jobsite Armor Technology™**: Proprietary composite material and crush zone barriers provide long lasting rugged protection
- **REDLINK PLUS™** Intelligence: The most advanced system of cordless power tool electronics. Provides optimized performance and overload protection using total system communication between tool, battery and charger
- All metal direct drive: Delivers maximum tool life with all metal direct drive gearing system, while requiring less servicing than a chain drive
- **REDLITHIUM™** XC 4.0 Battery: Provides superior pack construction, more work per charge and more work over the life of the pack than competitive batteries
- Tool-Free locking adjustable shoe: Button actuated tool-free design allows user to quickly adjust from an extended shoe to no shoe in seconds
- Industry's largest cut capacity: Versatility to cut up to 5 in. by 5 in. material in one pass and adjustable shoe allows for less tool rotation when cutting material above 5 in.
- LED light: Illuminates work surface for increased accuracy and productivity

Specifications:

- Voltage: 18V
- Battery: Lithium-Ion
- Charger: M18™ and M12™ Multi-Voltage Charger
- Capacity: 5" X 5"
- Keyless Adjustable Shoe: Yes
- SFPM: 0-380
- Blade Length: 44-7/8" x 3/4" x .020"
- Jobsite Armor Technology: Yes

Includes:

- (1) M18 FUEL™ Deep Cut Band Saw (Bare Tool) (2729-20)
- (2) M18™ REDLITHIUM™ XC 4.0 Extended Capacity Battery Pack (48-11-1840)
- (1) M18™ & M12™ Multi-Voltage Charger (48-59-1812)
- (1) Blade
- (1) Carrying Case

Part#	EA
2729-22	\$615.00

Milwaukee® Electric Tool Cordless Jig Saw M18™ LITHIUM-ION (Tool Only)

- **QUIK-LOK™** Blade Clamp: Provides fast and easy keyless blade change.
- **Tool Free Shoe Bevel with Positive Stops**: Allows for quick and accurate shoe adjustment. The tool free shoe bevel with positive stops allows for a maximum 45 degree bevel in either direction with detents at 0, 15, 30, and 45 degrees
- **Position Orbital Cutting**-Milwaukee 5-position orbital cutting offers the most versatility for application specific cutting than any cordless jig saw on the market
- **Over-Molded Grip with Variable Speed Trigger**: Provides optimal control for cutting a variety of materials
- **Non-Marring Shoe**- Protects the work surface from damage

Specifications:

- Voltage : 18V
- Length : 10 1/2 "
- Charge Time : 1 hour
- Blade : T-Shank
- Keyless Blade Clamp : Yes
- Bevel Stops : 0/90, 15, 30, 45 degrees
- SPM : 0 - 2,700
- Orbital Setting : 5
- Tool Free Bevel : Yes
- Maximum Bevel Capacity : 45 degrees

Specifications:

- Voltage: 18V
- Battery: M18™ REDLITHIUM™ XC4.0
- Charger: M18™ and M12™ Multi-Voltage Charger
- Switch Type: Slide with Lock-On
- Speed: 8,500 RPM
- Trigger Lock: Yes
- Vibration Reduction: Yes
- Tool Free Guard: Yes
- Arbor Size: 5/8"-11
- Package Type: Extended Kit

Included:

- (1) M18 FUEL™ 4-1/2" / 5" Grinder, Slide Switch Lock-On (2781-20)
- (1) M18™ REDLITHIUM™ XC 4.0 Extended Capacity Battery Pack (48-11-1840)
- (1) M18™ & M12™ Multi-Voltage Charger (48-59-1812)
- (1) Carrying Case
- (1) Flange Nuts
- (1) Wheel Guard
- (1) Spanner Wrench

Part#	EA
2781-21	\$342.90

DeWalt® Industrial Tools M18™ Wet/Dry Vacuum (Tool Only)

- Works on all Milwaukee 18V slide-on batteries, RED LITHIUM™ or NiCd
- Powerful motor to provide strong suction and air flow
- Tool box style for easy transport and storage
- On-board accessory and hose storage
- Built-in Blower Port
- Ideal for both wet and dry applications
- HEPA filter

Part#	EA
0880-20	\$101.25

Milwaukee® Electric Tool 2-Piece Combo Kit Drill/Driver M18™

- M18 1/2" Compact Drill/Driver Delivers 400 in-lbs of Torque and is Only 4 lbs. and 7- 3/4" Long
- M18 1/4" Hex Compact Impact with the Milwaukee 4-Pole Frameless Motor Delivers 1400 in-lbs. of torque

Specifications:

- Voltage: 18V
- Battery: (2) 18V LITHIUM-ION Compact Battery Packs (48-11-1815)
- Charger: 30-Minute Charger
- Number of Tools: 2
- Carrier: Carrying Case
- Shipping Weight: 14 lbs.

Includes: (2) 18V LITHIUM-ION Compact Battery Packs (48-11-1815), 18V Charger (48-59-1801), Carrying Case

Part#	EA
2691-22	\$230.63

Milwaukee® Electric Tool M18 2-Tool Combo Kit with ONE-KEY™ FUEL™

- 2 Tool Combo Kit with One-Key™

Includes:

- (1) M18 FUEL™ 1/2" Hammer Drill/Driver with ONE-KEY™ (Tool Only) (2706-20)
- (1) M18 FUEL™ 1/4" Hex Impact Driver with ONE-KEY™ (Tool Only) (2757-20)
- (2) M18™ REDLITHIUM™ XC5.0 Extended Capacity Battery Pack (48-11-1850)
- (1) M18™ & M12™ Multi-Voltage Charger (48-59-1812)
- (2) Belt Clip
- (2) Bit Holder
- (1) Side Handle
- (1) Carrying Case

Part#	EA
2796-22	\$530.31

Milwaukee® Electric Tool 2-Piece Combo Kit 1/2" Compact Drill/Reciprocating Saw M18™

- Designed to have a longer runtime and a comfortable, balances grip to reduce fatigue during prolonged use
- M18 Cordless Lithium-Ion HACKZALL Reciprocating Saw - 2625-20
- Delivers a 3/4 in. stroke length with 0 - 3,000 strokes per minute
- One-handed design provides super control and versatility
- Compact size allows for cutting in tight spaces, and lightweight construction makes overhead work easier
- QUIK-LOK Blade Clamp offers fast, easy tool free blade changes

DeWalt® Industrial Tools 1/2" VSR Pistol Grip Drill with E-Clutch Anti-Lock Control

- DEWALT's Perform & Protect™ line of Power Tools is designed to provide a high level of one or more of the following: control, dust containment, or low vibration, without sacrificing performance.
- E-Clutch® System shuts the tool off when a stall is detected, reducing reactionary torque in bind-up situations, a Perform & Protect™ Control Feature
- 10.5 Amp motor delivers increased drilling performance
- Patented DEWALT built motor design generates 50% more power with increased overload protection for added durability
- 0-1200 RPM, variable speed reversing switch for increased versatility
- Soft grip handle and two-finger trigger for increased comfort and greater control
- Metal gear housing for jobsite durability and increased reliability

Specifications:

- Chuck Size: 1/2"
- Chuck Type: Keyed
- Amps: 10.5Amps
- No Load Speed: 0-1,200rpm
- Max Watts Out: 1100W
- Capacity in Wood (Spade Bit): 1-1/2"
- Capacity in Wood (Hole Saw): 3-5/8"
- Capacity in Steel (Twist Bit): 1/2"
- Capacity in Wood (Self-Feed): 2-9/16"
- Capacity in Wood (Auger Bit): 1-1/2"
- Capacity in Steel (Hole Saw): 2"
- Gear Reduction: Double
- Handle Style: Pistol Grip Design
- Anti-Slip Grip: Yes
- Anti-Lock Control: Yes

Part#	EA
DWD220	\$158.99

DeWalt® Industrial Tools Heavy-Duty 1/2" VSR Drill 0-600 RPM

- Helical-cut steel, heat-treated gears for increased durability and long gear life
- Metal gear housing for jobsite durability and increased reliability
- Two-finger trigger for increased comfort

- Triple gear reduction provides increased torque and reduces gear stress
- 360° side handle for greater control and versatility
- No. DW246 has single-sleeve keyless chuck with spindle lock provides greater bit retention and tool-free convenience
- Amps: 7.8
- No Load Speed: 0-600 rpm
- Max Watts Out: 600 W
- Gear Reduction: Triple
- Capacity In Wood (Spade Bit): 1-1/2"
- Capacity In Wood (Self-Feed): 2-9/16"
- Capacity In Wood (Hole Saw): 4"
- Capacity In Wood (Auger Bit): 1-1/2"
- Capacity In Steel (Twist Bit): 1/2"
- Capacity In Steel (Hole Saw): 1-3/4"

DeWalt® Industrial Tools
Heavy-Duty 1/2" VSR Drill
 Mid-Handle Grip with
 Keyless Chuck
 0-1,200 RPM

- 10.0 Amp motor delivers increased drilling performance
- Patented DEWALT built motor design generates 50% more power with increased overload protection for added durability
- 1/2" all-metal single-sleeve ratcheting keyless chuck with automatic spindle lock provides greater bit retention and tool-free convenience
- Mid-handle grip design with soft grip provides increased balance and comfort
- 0-1200 RPM, variable speed reversing switch for increased versatility
- 360° locking side handle with soft grip for greater control and versatility
- Metal gear housing for jobsite durability and increased reliability

Specifications:

- Chuck Size: 1/2"
- Keyless Chuck: Yes
- Amps: 10.0 Amps
- No Load Speed: 0-1,200 rpm
- Max Watts Out: 980 W
- Gear Reduction: Double
- Handle Style: Mid-handle Grip
- Anti-Slip Grip: Yes
- Anti-Lock Control: No

- Spindle: 1/2"-20
- Gear Train: Double

Part#	EA
0234-6	\$155.63

Milwaukee® Electric Tool
1/2" Keyless Magnum
Drill 5.5A
 0-950 RPM with All Metal
 Keyless Chuck

- Powerful 5.5-amp motor: Delivers up to 950 RPM, with trigger speed control and reverse
- Heavy-duty keyless chuck: Single sleeve all-metal chuck for high grip strength and reduced slippage
- QUIK-LOK® Cord: 8-ft. 3-wire grounded rubber cord provides easy storage and field replacement
- Exclusive brush cartridge system: Changes brushes in less than one minute, and includes a spare set of brushes

**Specifications:**

- Length: 10-1/2"
- Weight: 4.9 lbs
- Voltage: 120V AC
- Tool Warranty: 5 Years
- Cord Type: 8 QUIK-LOK®
- No Load RPM: 0-950
- Amps: 5.5
- Trigger Lock: Yes
- Spindle: 1/2"-20
- Capacity in Wood: Flat Boring Bit 1-1/2" / Auger 1-1/2" / Hole
- Saw: 4-1/2"
- Chuck Size 1/2"
- Construction Type: Grounded
- Gear Train: Double
- Soft Grip Handle: No
- Spindle Lock: Yes

**WE ARE IN TOUCH
 WITH THE WORLD'S
 LARGEST AND BEST
 MANUFACTURERS.**

**Centralize your
 purchases with us!**

DeWalt® Industrial Tools
**Heavy-Duty 1/2" Spade
 Handle Drill**

- Variable speed reversing switch avoids air bubbles when mixing mud and offers greater control when drilling
- 0-550 RPM provides increased torque for drilling and mud mixing
- 9.0 AMPS, 120V motor provides enough power for any job site application
- 7.5 lbs. (3.4 kg) increases user productivity and decreases user fatigue
- Soft grip handle provides superior comfort and ergonomics
- 2-position rear spade handle and 3-position side handle gives greater control for all drilling and mixing applications

**Specifications:**

- Chuck Size: 1/2"
- No Load Speed: 0-550 rpm
- Max Watts Out: 600 W
- Gear Reduction: Triple
- Capacity In Wood (Spade Bit): 1-1/2"
- Capacity In Wood (Self-Feed): 2-9/16"
- Capacity In Wood (Hole Saw): 5"
- Capacity In Wood (Auger Bit): 1-1/2"
- Capacity In Steel (Twist Bit): 1/2"
- Capacity In Steel (Hole Saw): 3"
- Tool Weight: 7.5 lbs
- Shipping Weight: 8.9 lbs
- Amps: 9.0 Amps

Includes:

- 3-position side handle, chuck key with holder, 2-position rear spade handle

Part#	EA
DW130V	\$194.78

**DeWalt® Industrial Tools
Heavy-Duty 1/2" Right Angle
Drill Kit**

- Three-speed ranges offer versatility of matching the appropriate speed to the application. 400/900 RPM for right angle drilling and 600 RPM for straight drilling
- Die-cast metal gear housing for jobsite durability and tool reliability
- Five-position side handle offers improved control and versatility for all drilling applications
- 360 degree right angle attachment improves access to confined areas for increased productivity
- Triple gear reduction provides increased torque and reduces gear stress
- **Includes:** chuck key with holder; 5-position side handle; allen wrench; heavy-duty kit box
- No Load Speed: 600 rpm
- Amps: 7.0
- Max Watts Out: 580 W
- Gear Reduction: Triple
- Capacity in Wood: Spade Bit 1-1/2", Self-Feed 2-9/16", Hole Saw 4", Auger Bit 1-1/2"
- Capacity in Steel: Twist Bit 1/2", Hole Saw 5"

Part#	EA
DW120K	\$292.85

**DeWalt® Industrial Tools
Heavy-Duty 1/2" Stud &
Joist Drill Kit
Adjustable Front Handle / Two-
Position Side Handle**

- 100% ball-bearing construction provides durability and longer tool life
- Mechanical-slip clutch in low gear to prevent bit lock-up and to provide control of reactionary torque
- Adjustable front handle and two-position side handle provide maximum leverage and control
- Mechanically controlled two-speed to match rpm/torque to application requirement
- Triple gear reduction provides increased torque and reduces gear stress

Continued on Next Column

- 21" overall length provides greater control and leverage

Includes: chuck key with holder; bail handle; two-position side handle

- No.DW124K also includes heavy-duty kit box
- No Load Speed: 300/1,200 rpm
- Amps: 8.0
- Max Watts Out: 850 W
- Clutch: Yes
- Gear Reduction: Triple
- Capacity in Wood: Spade Bit 1-1/2", Self-Feed 4-5/8", Hole Saw 6", Auger Bit 1-1/2"
- Capacity in Steel: Twist Bit 1/2", Hole Saw 5"

Part#	EA
DW124K	\$407.51

Milwaukee® Electric Tool
**20 Piece Titanium
 Drill Bit Set**
 Thunderbolt®

- Longer life: Titanium coating reduces heat build-up for up to 3X longer life
- Fast, accurate drilling: 135° split point tip starts on contact to prevent walking
- Reduced slipping: 3-Flat Secure-Grip™ shank holds the bit firmly in the drill chuck
- Corrosion resistant: Titanium coating keeps the bit sharp and provides added protection from heat build-up

Included:

- (2) 1/16" Thunderbolt® Titanium Coated Drill Bit (48-89-2201)
- (2) 5/64" Thunderbolt® Titanium Coated Drill Bit (48-89-2202)
- (2) 3/32" Thunderbolt® Titanium Coated Drill Bit (48-89-2203)
- (2) 7/64" Thunderbolt® Titanium Coated Drill Bit (48-89-2204)

Greenlee® Textron, Inc Ultra Cutter

- Made of high-speed steel. Lasts 10 times longer than standard hole saws.
- Precision-ground teeth cut smooth, burr-free holes with ease.
- Durability and speed provide low cost per hole.
- Split-point pilot drill prevents "walking" - makes accurate hole placement easy.
- Spring-loaded slug ejector saves time.
- No tool required to change cutter sizes.
- Less chance of broken teeth because the saw body is machined out of solid, high-speed steel.

Greenlee® Textron, Inc Ultra Cutter Kit

- Ultra cutters are made of high-speed steel.
- Lasts 10 times longer than standard hole saws.
- Precision-ground teeth cut smooth, burr-free holes with ease.
- Durability and speed provide low cost per hole.
- Split-point pilot drill prevents "walking" - makes accurate hole placement easy.
- Spring-loaded slug ejector saves time.
- No tool required to change cutter sizes.
- Less chance of broken teeth because the saw body is machined out of solid, high-speed steel.
- Kit includes: 7/8" to 2 1/2" cutters, two small arbors for extended assembly to 7/8" and 1 1/8" cutters, large arbor, hex wrench and case. For conduit sizes 1/2" through 2".

Part#	EA
930	\$362.60

Milwaukee® Electric Tool Contractor Bit Kit

- Assortment of most commonly used selffeed bits for big hole drilling
- Bit diameters: 1 in., 1-1/8 in., 1-1/4 in., 1-1/2 in., 1-3/4 in., 2-1/8 in., 2-9/16 in.
- Replacement "Case Only" is sold as part number 48-55-0775

Part#	EA
49-22-0130	\$222.48

DeWalt® Industrial Tools 8-Piece Hole Saw Kit Plumber/Electrician Kits

- Contains the most commonly used sizes
- Optimized tooth design for superior performance while cutting metal
- M3 steel provides longer life than the M2 steel of the industry standard product
- Hardened backing plates prevent warping thus allowing for easier removal from the mandrel
- Versatility of Deep Cut style allows users to cut either wood or metal
- Contains the most commonly used sizes

Kit D180001 Includes 1 each of:

- 3/4" (19mm) Bi-Metal Hole Saw
- 7/8" (22mm) Bi-Metal Hole Saw
- 1-1/8" (29mm) Bi-Metal Hole Saw
- 1-1/2" (38mm) Bi-Metal Hole Saw
- 1-3/4" (44mm) Bi-Metal Hole Saw
- 2-1/4" (57mm) Bi-Metal Hole Saw
- 1/4" Mandrel (9/16" to 1-3/16")
- 7/16" Quick Change Mandrel (1-1/4" to 6")

Kit D180002 Includes 1 each of:

- 7/8" (22mm) Bi-Metal Hole Saw
- 1-1/8" (29mm) Bi-Metal Hole Saw
- 1-3/8" (35mm) Bi-Metal Hole Saw
- 1-3/4" (44mm) Bi-Metal Hole Saw
- 2" (51mm) Bi-Metal Hole Saw
- 2-1/2" (64mm) Bi-Metal Hole Saw
- 1/4" Mandrel (9/16" to 1-3/16")
- 7/16" Quick Change Mandrel (1-1/4" to 6")

D180001	\$111.58
D180002	111.58

Milwaukee® Electric Tool
**8PC Big Hawg Hole Cutter
Plumber's Kit**

- Aggressive tooth geometry for up to ten times faster cutting than hole saws.
- Deep gullets for easy plug removal.
- Three hardened steel teeth provide maximum durability against unintended nail impacts.
- Cuts up to 600 holes in wood without needing to be re-sharpened.

Specifications:

- Type: Wood Boring Bits

Included:

- (1) 2 1/8" Big Hawg Hole Cutter
- (1) 2 9/16" Big Hawg Hole Cutter
- (1) 3 5/8" Big Hawg Hole Cutter
- (1) 4 5/8" Big Hawg Hole Cutter
- (1) Arbor with Pilot Bit
- (1) Diamond File
- (1) Hex Wrench
- (2) Pilot Bit

**Electrician's Sheet Metal
Carbide
7 Piece Cutter Kit**

- Quick change carbide tooth cutters for both steel plate and sheet metal use 49-57-0035 and 49-57-0037 arbors
- Ideal for stainless steel, structural steel studs and electrical boxes
- Can be used on cast iron, brass, aluminum and other thin non-ferrous metals
- Carbide tips for longer life
- Burr-free holes

Included:

- (1) 1 1/8" Carbide Cutter
- (1) 1 3/4" Carbide Cutter
- (1) 1 3/8" Carbide Cutter
- (1) 2" Carbide Cutter
- (1) 7/8" Carbide Cutter
- (1) Pilot Bit
- (1) Quick Change Arbor with Pilot Bit

DeWalt® Industrial Tools Heavy-Duty 1/2" VSR Hammerdrill Kit Dual Range

- 7.8 Amp motor provides high performance and overload protection
- High/low speed for high speed drilling or high torque applications
- Dual mode: hammerdrill/drill for wood, steel or masonry applications
- Two-finger trigger for increased comfort
- Lightweight design for less user fatigue
- 360° side handle with depth rod offers greater control, versatility, and increased depth accuracy
- Variable speed allows for precise hole placement on work surface
- **Includes:** 360° side handle; depth rod; chuck key
- No. DW505K also includes heavy-duty kit box
- Amps: 7.8
- Max Watts Out: 650 W
- No Load Speed: 0-1,100 / 0-2,700 rpm
- Blows/Min: 0-19,000 / 0-46,000 bpm
- Capacity In Steel: 1/2"
- Capacity In Wood: 1-1/2"
- Concrete Optimum: 3/16" - 3/8"
- Concrete Maximum: 1/2"

Milwaukee® Electric Tool 5/8" SDS Plus Rotary Hammer Kit

- Powerful 5.5-amp motor: Delivers 0-3,700 RPM, 0-4,400 BPM and 1.5 ft-lbs of torque, providing up to 65% faster drilling speeds
- Lightweight 4.6-lb design: Reduces fatigue when you drill overhead and in horizontal applications
- Compact 10.9" profile: Lets you work more efficiently in tight spaces
- 2-Mode operation: Choose rotary hammer or rotation only for added versatility
- AVS Anti-Vibration System: Minimizes vibration for maximum comfort
- Mechanical clutch: Protects the motor when the bit binds

Specifications:

- Length: 10-9/10"
- Weight: 4.6 lbs
- Voltage: 120V
- Tool Warranty: 5 Years
- No Load Speed: 0-3,700
- No Load BPM: 0-4,400
- Thin Wall Bit Capacity: 2-1/8"
- Cord Type: Double Insulated
- Electronic Feedback: No
- Bit Shank: SDS-PLUS
- Blow Energy: 1.5 ft-lbs
- Clutch: Yes
- Drilling Mode: Rotary Hammer and Rotation Only
- Handle Style: Drop Motor
- Vibration Reduction: Yes
- Cord Length: 10'
- No Load RPM: 0-3,700
- Amps: 5.5
- Trigger Lock: No
- Solid Bit Capacity: 5/8"
- Thin Wall Core Bit Capacity: 2-1/8"

Included:

- (1) Carrying Case
- (1) Depth Rod
- (1) Side Handle

Part#	EA
5263-21	\$180.00

Milwaukee® Electric Tool 7/8" SDS Plus Rotary Hammer Kit

- Powerful 7-amp motor: Delivers 0-1,500 RPM, 0-5,625 BPM with up to 40% faster drilling speeds than the competition
- 1.8 Ft-lbs of torque: Provides 10% faster drilling and up to 35% harder hits
- 3-Mode operation: Choose rotary hammer, hammer only and rotation only for added versatility
- Mechanical clutch: Protects the motor when the bit binds
- Variable Position Chisel Stop: Allows material to be adjusted, regardless of orientation

Specifications:

- Length: 17"
- Weight: 5.8 lbs
- Voltage: 120V
- Tool Warranty: 5 Years
- No Load Speed: 0-1,500
- No Load BPM: 0-5,625
- Thin Wall Bit Capacity: 2-1/2"
- Cord Type: Double Insulated
- Electronic Feedback: No
- Bit Shank: SDS-PLUS
- Blow Energy: 1.8 ft-lbs
- Clutch: Yes
- Drilling Mode: 3-Mode: Rotary Hammer, Hammer Only, Rotation Only
- Handle Style: D-Handle
- Vibration Reduction: No
- Cord Length: 10'
- No Load RPM: 0-1,500
- Amps: 7
- Trigger Lock: Yes
- Solid Bit Capacity: 7/8"
- Thin Wall Core Bit Capacity: 2-1/2"

Included:

- (1) Carrying Case
- (1) Depth Rod
- (1) Side Handle

Part#	EA
5262-21	\$190.00

DeWalt® Industrial Tools Heavy-Duty 1" D-Handle SDS Hammer

- 2.8 Joules of impact energy for fast drilling and chipping speed
- SHOCKS - Active Vibration Control®, reduced vibration felt in the handles. A Perform & Protect feature
- 8.0 Amp high performance motor
- Rotating brush ring delivers full speed/ torque in forward and reverse
- Integral clutch reduces sudden, high torque reactions if bit jams

Specifications:

- Blade Shaft Drive: 2 belt: 12Amps
- Blade Mounting: Right (electric), Left (gas): 2,900spm
- Blade Raise/Lower: Counterbalanced, spring tensioned head pivots on two 7/8" flange block bearings: Lever
- Blade Coolant: Dual spray tubes, pump fed (electric models), pump from tray (gas models): 1 1/8"
- Air Filter: 3-stage cyclone (gas models): Yes
- Fuel Capacity: 1 gallon (gas models): Fixed
- High Temp Shut-off: Included (electric models): Yes
- Anti-Slip Comfort Grip: Yes

Part#	EA
D25262K	\$185.71

DeWalt® Industrial Tools Heavy-Duty 1" L-Shape SDS Rotary Hammer

- L-Shape design offers superior balance and control
- 2.5 ft-lbs of impact energy provides fast drilling and powerful chipping

Continued on Next Column

- 8.0 Amp motor provides high performance and overload protection
- At only 11-1/2" this hammer is the most compact in the market allowing users to get into tight spaces
- Light weight design (6.5 lbs) provides comfort for extended use
- Dust extraction connection allows the use of the D25300D dust collection system
- Chipping (Hammer-Only) mode allows user to perform light chipping applications such as removal of mortar splatter

Specifications:

- Concrete Drilling: 1"
- Impact Energy: 2.5 ft/lbs
- Amps: 8.0 Amps
- Chipping: Yes
- Loaded Speed: 0-850 rpm
- Wood/Steel Drilling: w/adaptor
- No Load Speed: 0-1,150 rpm
- Blows/Min: 0-4,300 bpm
- Switch: VSR
- Clutch: Factory Set
- Tool Length: 11.5"
- Tool Weight: 6.5 lbs

Part#	EA
D25313K	\$275.60

DeWalt® Industrial Tools 1-1/8" SDS Rotary Hammer

- SHOCKS - Active Vibration Control® reduces vibration and fatigue felt by the user
- 3-Mode selector allows for easy switching between hammerdrilling, rotary only, and chipping only
- 9.0 Amp motor provides high performance and overload protection
- 4.2 Joules Impact energy delivers hard hitting power for fast drilling and chipping applications
- Forward/Reverse switch allows user to back out the bit in a bind up situation and helps in removal of Fasteners

Specifications:

- Amps: 9.0Amps
- Impact Energy: 4.2Joules

Continued on Next Column

- Vibration Control: SHOCKS®
- Vibration Measurement: 8.2

DeWalt® Industrial Tools 1-1/8" D-Handle SDS Hammer Kit

- Active Vibration Control® shocks reduce vibration felt by the user at the handles - A Perform and Protect feature
- 8.5 amp high performance motor
- 3.0 joules impact energy for fast drilling and chipping speed
- Rotating brush ring delivers full power/ torque in forward and reverse
- Integral clutch reduces sudden, high torque reactions if bit jams

Specifications:

- Optimal Concrete Drilling: 1/4 - 3/4"
- Amps: 8.5Amps
- Impact Energy: 3.0Joules
- Vibration Control: SHOCKS®
- Vibration Measurement: 9.8
- Chipping: Yes
- Wood/Steel Drilling: With Adaptor*
- No Load Speed: 0-1450rpm
- Blows/Min: 0-5350bpm

Includes:

- 360° Side Handle
- Depth Rod
- Kit Box

Part#	EA
D25263K	\$218.90

Milwaukee® Electric Tool 1-1/8" SDS Plus Rotary Hammer Kit

- Powerful 8-amp motor: Delivers 0-1,500 RPM, 0-5,500 BPM and 3.6ft-lbs of impact energy
- All Metal Gear Case: Provides Maximum Durability for Jobsite Conditions
- Minimized Vibration to 10.6 m/s²
- Mechanical clutch: Protects the motor when the bit binds up
- Variable Position Chisel Stop: Allows material to be adjusted, regardless of orientation
- AVS Anti-Vibration System: Minimizes vibration for maximum comfort

Specifications:

- No Load Speed: 0-1,500
- Blow Energy: 3.6 ft-lbs
- Drilling Mode: 3-Mode: Rotary Hammer, Hammer Only, Rotation Only
- Handle Style: Drop Motor
- Trigger Lock: No
- Solid Bit Capacity: 1-1/8"
- Thin Wall Core Bit Capacity: 3"
- BPM: 0 - 5,500
- Vibration: 10.6 m/s²

Includes:

- (1) 1-1/8" SDS Plus Rotary Hammer Kit (5268-21)
- (1) Depth Rod
- (1) Side Handle
- (1) Carrying Case

Part#	EA
5268-21	\$318.13

DeWalt® Industrial Tools Heavy-Duty 1-9/16" Rotary Hammer Kit Spline

- 12.0 Amp motor high performance and overload protection, 490 rpm, 3300 bpm
- 8.0 ft-lbs of impact energy provides fast drilling and powerful chipping
- Rear handle mount for increased user comfort in down drilling applications
- Rubber grip helps reduce the level of vibration felt by the user
- Factory-set clutch reduces sudden, high torque reactions if bit jams

Specifications:

- Concrete Drilling: 3/8" - 1-1/4"
 - Impact Energy: 8.0 ft-lbs
 - Amps: 11.0 Amps
 - Chipping: Yes
 - No Load Speed: 490 rpm
 - Loaded Speed (BPM): 3300 bpm
 - Clutch: Yes
- Includes:**
- 360° side handle
 - Depth rod
 - Kit Box
 - Users Guide

Part#	EA
D25553K	\$457.60

DeWalt® Industrial Tools Heavy-Duty 1-9/16" SDS Max Combination Hammer Kit

- 12 Amp Motor provides high performance & overload protection; 490 rpm 3300 bpm
- 8.0 ft lbs. of Impact Energy provides fast drilling and powerful chipping
- Rear Handle Mount for increased user comfort in down drilling applications
- Factory Set Clutch reduces sudden, high torque reactions if bit jams
- Trigger Lock On provides increased user comfort in extended use chipping applications
- Rubber Grip helps reduce the level of vibration felt by the user
- Lightweight 13.5 lbs

Specifications:

- Optimal Concrete Drilling: 3/8" - 1-1/4"
- Impact Energy: 8.0 ft-lbs
- Amps: 12 Amps
- Vibration Measurement: 18.3 m/s²
- No Load Speed: 490 rpm
- Loaded Speed (BPM): 3300 bpm
- Clutch: Yes

Includes:

- 360° side handle
- Depth rod
- Kit Box
- Users Guide

Part#	EA
D25501K	\$457.60

Milwaukee® Electric Tool 1-9/16" Spline Rotary Hammer

- Powerful 10.5 Amp Motor: Delivers 450 RPM and 3,000 BPM
- Powerful Hammer Mechanism: Delivers 5.5 ft-lbs (7.5J) of impact energy for drilling in hard aggregate
- CPT™ - Constant Power Technology: Delivers consistent performance in tough applications
- Mechanical Clutch: Protects the tool when the bit binds up
- 2-Mode Operation: Rotary hammer and hammer only for maximum versatility
- 12-Position Chipping Adjustment: Allows the user to maintain the desired hammer position while chipping in any orientation

Specifications:

- Voltage 120V AC
- Amps 10.5
- Max Solid Bit Capacity 1-9/16"
- Max Core Bit Capacity 4"
- No Load RPM 450
- No Load BPM 3,000
- Modes Rotary hammer and hammer only
- Chipping Yes
- Clutch Yes
- Cord Length 13 ft
- Cord Type 3-Wire

- (1) Side Handle

Part#	EA
5317-21	\$423.75

DeWalt® Industrial Tools 1-3/4" Splined Rotary Hammer Kit with CTC®

- 13.5 Amp motor Provides maximum performance & overload protection
- 9.5 ft-lbs. Impact Energy provides fast drilling and powerful chipping
- Complete Torque Control (CTC)® - Patented 2 Stage clutch provides maximum control in bind up situations
- SHOCKS – Active Vibration Control® reduces vibration up to 50% while increasing user comfort and productivity
- Electronic variable speed allows the user to control the speed of drilling and chipping while maintaining speed under load
- Rear handle mount means less bending over when using tool in down drilling applications
- Trigger Lock On provides increased user comfort in extended use chipping applications

Specifications:

- Concrete Drilling 1/2" - 1-3/8"
- Impact Energy: 9.5 ft-lbs
- Amps: 13.5 Amps
- Chipping: Yes
- Wood/Steel Drilling: N/A*
- No Load Speed: 210 - 415rpm
- Loaded Speed (BPM): 1430 - 2846bpm
- Clutch: 2 Stage clutch CTC®

Includes:

- 360° side handle
- Kit Box
- Users Guide

D25651K	\$643.51

DeWalt® Industrial Tools 1-3/4" SDS-Max Combination Hammer

- Ideal for drilling anchor fixing and through holes in concrete and masonry from 12 to 45 mm in diameter. Core drilling up to 100 mm
- Chain drive improves durability and increases efficiency together with an oil filled gearbox to ensure total component lubrication and superior heat dissipation
- Active Vibration Control system incorporating a floating rear handle and damped side handle to reduce vibration
- Ultimate Torque Control (UTC) is our new anti-rotation technology which switches off the tool within a fraction of a second in a stall situation and works in conjunction with our patented two stage clutch to provide maximum protection to the user
- Rotation-stop for medium-light demolition applications
- Unique dust sealing protection to prevent even the finest dust ingress into the hammer mechanism delivering high durability and extended tool life
- Hammer mechanism is optimised by reducing the number of components and by improving dampening to deliver maximum impact energy and therefore the efficiency to drill into the hardest concrete
- Efficient mechanism delivers impact blows directly to the bit without losses through excessive vibration and rebound dampening reduces stress to the tool
- Ergonomic, compact and slim line design maximises control and offers easy access to confined spaces
- Soft rubber grip handles improve user comfort lowering fatigue during extended use
- Electronic variable impact energy/speed for total control with smaller bits and light material
- Lock-on switch for greater control when in chipping mode
- Magnesium housing for lower weight and excellent durability
- Electronic service and brush wear indicator identifies when brushes need replacing and product should be serviced
- Excellent power to weight ratio: 8 Joules of impact energy delivered by a 6.9 kg hammer

Part#	EA
D25603K	\$666.00

Part#	EA
D25601K	\$553.50

DeWalt® Industrial Tools 1-7/8" SDS Max Combination Hammer with 2-Stage Clutch/E-Clutch

- 2-Stage Clutch/E-Clutch provides both a mechanical and electronic clutch protection for maximum torque control in a bit jam situation
- SHOCKS - Active Vibration Control® reduces vibration and fatigue felt by the end user, a Perform & Protect feature
- SHOCKS - Active Vibration Control® reduces vibration and fatigue felt by the end user, a Perform & Protect feature
- 11 Joules of Impact Energy provides fast drilling and chipping performance
- Electronic variable speed gives the user full control of speed while drilling or chipping
- Rear side handle mount delivers a better ergonomic position to the user when drilling downward
- Trigger lock on reduces user fatigue in extended use chipping applications
- Electronic Soft Start gives user more control when drilling holes

Specifications:

- Optimal Concrete Drilling: 1" - 1-5/8"
- Amps: 13.5Amps
- Impact Energy: 11Joules
- Vibration Control: SHOCKS
- Vibration Measurement: 7.8
- No Load Speed: 137 - 275rpm

Part#	EA
D25723K	\$921.38

DeWalt® Industrial Tools Heavy-Duty SDS Max Demolition Hammer Kit

- 14.0 Amp motor provides high performance and overload protection
- Active Vibration Control (AVC)™ reduces vibration resulting in less user fatigue and more productivity
- Non-air pumping bestpiece eliminates masonry dust from entering the unit extending tool and seal life
- Spring-loaded dust seals ensure longer seal life
- Variable impact control dial (19 settings) ensures accurate impact energy depending on the application
- Large on/off rocker switch allows for easy single finger operation
- One-step chisel rotation (12 positions) allows the user to quickly and accurately adjust the chisel, not the tool
- Large rear rubber handle allows easy operation with 1 or 2 hands
- Variable position side handle allows 360° rotation and 150° adjustment for ease of use
- In-line design for easy operation of tool in horizontal or vertical applications
- SDS Max toolholder with rubber dampers absorb energy providing longer life

Specifications:

- Impact Energy: 3.7-18.5 ft/lbs
- Amps: 14 Amps
- Max Watts Out: 750 W
- Loaded Speed (bpm): 1,020-2,040 bpm
- Variable Impact Control Dial: 19 Settings
- Chisel Rotation: One-step, 12 Positions
- Tool Length: 26.8"
- Tool Weight: 21.6 lbs

Includes:

- 360° adjustable side handle, heavy-duty kit box

D25901K	\$884.00

WE OFFER SAFETY TRAINING ON A VARIETY OF PRODUCTS

DeWalt® Industrial Tools Heavy-Duty 3/4" Hex Demolition Hammer

- 15.0 Amp motor provides high performance and overload protection
- Active Vibration Control (AVC)[™] reduces vibration resulting in less user fatigue and more productivity
- Non-air pumping beatpiece eliminates masonry dust from entering the unit extending tool and seal life
- Spring-loaded dust seals ensure longer seal life
- Large on/off rocker switch allows for easy single finger operation
- One-step chisel rotation (12 positions) allows the user to quickly and accurately adjust the chisel, not the tool
- Large rear rubber handle allows easy operation with 1 or 2 hands
- Variable position side handle allows 360° rotation and 150° adjustment for ease of use
- In-line design for easy operation of tool in horizontal or vertical applications
- 3/4" Hex toolholder with rubber dampers absorb energy providing longer life

Specifications:

- Impact Energy: 22 ft/lbs
- Amps: 15 Amps
- Max Watts Out: 750 W
- Loaded Speed (bpm): 1620 bpm
- Variable Impact Control Dial: No Settings
- Chisel Rotation: One-step, 12 Positions

Part#	EA
D25941K	\$988.00

DeWalt® Industrial Tools HD Paving Breaker with Hammer Truck & Steel 1-1/8" Shank

- 61 Ft-lbs impact energy provides maximum performance
- SHOCKS - Active Vibration Control reduces user fatigue and increases comfort and productivity
- 15 amp motor provides maximum power and overload protection
- Rubber coated handles provide greater comfort and control
- Electronic soft start increases productivity by reducing bit walking

Continued on Next Column

- Hammer Truck provides easy transportation of pavement breaker

Specifications:

- Impact Energy: 61 ft/lbs
- Amps: 15 Amps
- Max Watts Out: W
- Loaded Speed (bpm): 900 bpm
- Variable Impact Control Dial: Settings

Includes:

- Hammer Truck
- Flat Foot Plate for Hammer Truck
- Pegged Foot Plate for Hammer Truck
- (2) Bull point chisels
- (1) 1" Cold Chisel
- (1) 3" Wide Chisel

DeWalt® Industrial Tools Dust Extractor Telescope With Hose for SDS Rotary Hammers

- Dust extractor telescope and side-handle fits DEWALT corded and cordless SDS rotary hammers
- Compatible with DeWalt SDS Rotary Hammers

Part#	EA
D25301D	\$134.91

DeWalt® Industrial Tools Hammer / Percussion Drill Bits ROCK CARBIDE® Tip

- Innovative tip configuration reduces walking for improved accuracy
- Improved carbide tip provides up to 2X longer life
- Optimum grade of carbide provides maximum durability
- Unique flute design efficiently removes dust reducing bit binding

DeWalt® Industrial Tools Percussion Drill Bits ROCK CARBIDE® Tip

- ROCK CARBIDE tip maximizes carbide surface contact for longer bit life.
- Four flute design cleans debris out for fast, efficient drilling.
- Three flats on shank eliminate bit slipping in chuck.
- 7 P.C. Premium Percussion Masonry Drill Bit Set

Includes:

- 3/16" x 3"; (2) 1/4" x 4"; 1/4" x 5"; 5/16" x 6"; 3/8" x 6"; 1/2" x 6

**When Only the Best
Will Do!**

Relton Bits
**Straight Shank Masonry
 Drill Bits**
 Rotary/Percussion
 Ram Tip™

- Relton's premium straight-shank masonry bit is designed for use in lightweight, rotating-vibrating hammers, but it can be used equally well in standard drill motors as a rotary bit
- A special hard, tough carbide cutter is precisely located for maximum support and strength
- Shank diameters 3/8" and larger have three flats on the shank to reduce the possibility of slipping in the chuck
- Bulk quantities not available from immediate stock for some items—may be special-ordered. To order bulk, use prefix "B" before part number

Part#	Overall Length (in.)	Drilling Depth (in.)	EA

TT-12-6	6	4	18.90

Relton Bits
Rotary Only Rebar Cutters
 Non-Removable-Shank

- The answer to drilling through concrete-embedded rebar—no more broken or shattered hammer bits
 - Drill through the rebar without relocating the hole to avoid the rebar
- NOTICE: The Relton carbide-tipped rotary rebar cutter is designed for use in a standard 1/2" drill motor, but a hammer drill with a standard 3-jaw chuck may be used provided the selector mechanism on the hammer drill is kept in the rotary position. The Relton carbide-tipped rotary rebar cutter is intended for rotary drilling only; percussion (hammering action) will damage the tool.

If you don't find everything you need, please advise us and we will be happy to help you in your requirements!

Relton Bits
Multi-Purpose Bits
 Rotary/Percussion
 Groo-V™ Tip

- Specially designed for drilling extra-hard materials
- This modified RAM TIP BIT has a serrated-edge carbide allowing it to penetrate much faster than a standard masonry bit
- For drilling tile, hard metal, plastic, wood, marble, granite or masonry
- Bulk quantities not immediately available... may be special ordered. To order bulk, use prefix "B" before part number

NOTE: When drilling hard-metal, it's best to use the bit in a drill press or in a drill motor supported to provide steady drilling speeds under load

Heavy Duty 10 Amp
Compact Reciprocating Saw
Kit with Bag**

- Compact design at only 14.5" in length for easy access to tight areas and more flexibility of applications
- Light-weight and balanced for additional control at only 6.8 lbs
- Key-less lever-action blade clamp with 4-positions for additional versatility
- Powerful 10 Amp motor designed for heavy-duty applications
- 0-2,800 SPM and a 1- 1/8" stroke length for fast and efficient cutting
- Overmolded soft grip on handle and in front foot area, provides additional user comfort and reduces vibration
- Variable speed trigger allows user to instantly control speed
- Fixed/Pivoting Shoe provides leverage for different
- Amps: 10Amps
- Strokes/Min: 2800spm
- Stroke Length: 1 - 1/8"
- Keyless Blade Clamp: Yes
- 4 Position Blade Clamp: Yes
- Variable-Speed Trigger: Yes
- Orbital Action: No
- Anti-Slip Comfort Grip: Yes

Part#	EA
DEW357	\$137.06

DeWalt® Industrial Tools 10 Amp Reciprocating Saw

- Powerful 10 amp motor designed for heavy-duty applications
- 4-position blade clamp allows for flush cutting and increased versatility
- 0-2,800 strokes per minute and 1-1/8" stroke length delivers fast cutting
- Variable speed trigger allows user to instantly control speed at the trigger

Specifications:

- Keyless Blade Clamp: Lever
- Stroke Length: 1 1/8"
- 4-Position Blade Clamp: Yes
- Variable-Speed Trigger: Yes
- Anti-Slip Comfort Grip: No

Part#	EA
DWE304	\$113.75

DeWalt® Industrial Tools 12 Amp Variable Speed Reciprocating Saw

- Powerful 12.0 Amp motor designed for heavy-duty applications
- 4-position blade clamp allows for flush cutting and increased versatility
- Keyless lever-action blade clamp for quick and easy blade changes
- 0-2,900 strokes per minute and 1-1/8" stroke length deliver fast cutting
- Variable speed trigger allows user to instantly control speed at the trigger

Specifications:

- Amps: 12Amps
- Strokes/Min: 2,900spm
- Keyless Blade Clamp: Lever
- Stroke Length: 1 1/8"
- 4-Position Blade Clamp: Yes
- Adjustable Shoe: Fixed
- Variable-Speed Trigger: Yes
- Anti-Slip Comfort Grip: Yes

Sawzall Blades
Ice Hardened™
The Torch®

- Ice Hardened™ for up to 50% longer life.
- A unique combination of relief angles forms a radius on the back of the tooth that reduces stress build-up during cutting and substantially extends blade life.
- Precision forming process creates sharper teeth for fast cutting.
- A thicker, more rigid blade body resists fracturing and bending for maximum durability.
- The 1" tall blade body reduces blade twisting for straighter, more accurate cuts.
- Matrix II bi-metal teeth for greater durability.

DeWalt® Industrial Tools Compact Jig Saw Kit

- Keyless blade clamp for fast, easy blade installation and removal
- 5.5A motor deliver powerful cuts in the hardest materials
- Variable speed delivers 0 - 3,100 strokes per minute for optimal cutting speed
- 4-position orbital action allows for faster, more aggressive cuts in a variety of materials
- All metal gear case provides superior durability on a professional site
- Shoe bevels 0 to 45 degrees for beveled cuts

Includes:

- 1 Blade; heavy-duty kit box
- Amps: 5.5 Amps
- Strokes/Min: 0-3,100 spm
- Stroke Length: 1"
- Orbital Action: 4 position

Part#	EA
DW317K	\$116.38

DeWalt® Industrial Tools Heavy-Duty Variable Speed Top-Handle Jig Saw Kit

- Powerful 6.5 Amp motor delivers the cutting power for the most demanding materials
- Variable speed delivers 500 - 3,100 strokes per minute for optimal cutting speed for all applications
- Lever-action keyless blade change makes blade replacement fast and easy
- All-metal gear case and keyless blade lever enhance tool durability in a professional shop environment
- 4-position orbital action allows for faster, more aggressive cuts
- Innovative flush cutting blade system allows for the completion of flush cuts without up cutting
- Positive bevel detents ensure accuracy at the most common angles 0°, 15°, 30°, and 45°
- Counter-balance mechanism reduces vibration and user fatigue
- Extra-large rubber grip dampens vibration and provides comfort during prolonged use

- Integrated dust blower maintains visibility of cut line
- Non-marring shoe cover protects soft or glossy materials from scratches from the shoe
- Accepts only T-shank blades for optimal holding power

Specifications:

- Amps: 6.5
- Strokes/Min: 500-3,100
- Stroke Length: 1"
- Keyless Blade Clamp: Yes
- Dust Blower: Yes
- Orbital Action: 4-position
- Includes:** blades, heavy-duty kit box

DeWalt® Industrial Tools
**7 1/4" Lightweight
 Circular Saw**
 Heavy-Duty 15amp

- Among one of the lightest saws in its class at 8.8 lbs
- 15 amp motor, powerful enough for even the toughest applications
- 57° beveling capacity with stops at 45° and 22.5°
- 2 9/16" Depth of cut capacity provides additional versatility of applications
- Anti-sag Ball bearing lower guard provides smooth gear operation and long life in harsh environments
- Toughcord provides longer durability against cord pull outs
- Integrated dust blower function cleans the line of sight during cutting
- Durable high grade Aluminum smooth base for accurate cuts
- Clear line of sight aids in blade visibility from any angle
- On-board blade wrench storage allows for easy access to the wrench
- Amps: 15Amps
- Max Watts Out: 1950W
- No Load Speed: 5200rpm
- Bevel Capacity: 57°
- Bevel Stops 22.5 & 45
- Rear Pivot: No
- Electric Brake: No
- Blade Diameter: 7 1/4"
- Depth of Cut at 90°: 2.55"
- Depth of Cut at 45°: 1.95"

Milwaukee® Electric Tool
TILT-LOK 7-1/4"
Circular Saw
with Case

- New exclusive TILT-LOK™ main handle adjusts to the work or most comfortable work position
- 10.4 pounds net weight - lightest 7-1/4 inch, 3.25 maximum horsepower saw reduces operator fatigue, easier to handle
- 15 amp, 3.25 peak horsepower motor - most powerful circle saw cuts tough materials including headers, microlams and wet lumber with ease
- Wide, clear sight line - superior blade visibility from either side

Specifications:

- Voltage: 120 AC/DC
- Tool Warranty: 5 Years
- Cord Type: 9' Fixed
- No Load RPM: 5,800
- Amps: 15
- Spindle: 5/8"
- Construction Type: Double Insulated
- Soft Grip Handle: Yes
- Spindle Lock: Yes
- Adjustable Handle: Yes
- Arbor Size: 5/8"
- Depth of Cut at 45 Degrees: 1-13/16"
- Depth of Cut at 50 Degrees: 1-11/16"
- Depth of Cut at 90 Degrees: 2 and 7-16 Inch
- Electrical Brake: No
- Blade Position: Right
- Blade: 7-1/4"
- Tool Free Bevel: Yes
- Maximum Bevel Capacity: 50 degrees

Included:

- (1) TILT-LOK™ 7-1/4" Circular Saw with Case (6390-21)
- (1) Blade Wrench
- (1) Carrying Case
- (1) Circular Saw Blade

Part#	EA
6390-21	\$147.19

DeWalt® Industrial Tools
Carbide Tipped Saw Blade
Combination Framing

- Tougher tungsten carbide stays sharper longer
- Anti-stick coating reduces friction and gum-up
- Thin kerf for smoother cuts
- Ribbed heat vents allow blade to run cooler, reducing blade flexing and binding
- All blades feature 5/8" arbor with diamond knock-out

M.K. Morse
Circular Saw Blade 7 in Dia
20mm Arbor 40T

- Stability of plate through manufacturing processes produce smoother cuts and longer blade life
 - New technology minimizes stress in the carbide tips produces longer blade life
 - Lowest cost-per-cut
 - Less vibration during the cut
 - Optimized tip design
- Specifications:**
- Blade Diam: 7 in
 - Arbor Diam: 20 mm
 - No. of Teeth: 40
 - Speed: 5800 rpm [Max]
 - Applicable Materials: Steel
 - Applications: Metal Cuttin

Part#	EA
101363	\$85.20

DeWalt® Industrial Tools
7-1/4" X 24 Tooth Full Kut
Carbide Saw Blade
Bulk 10 Pack

- 5/8" arbor
- 7-1/4", 24 teeth
- Lasts 10 times longer than standard steel blades
- For wood, building materials, finished plywood and pre-finished materials

Part#	EA
B7254524-10	\$7.51

DeWalt® Industrial Tools Construction 10" Combo Pack DW3106 & DW3103

- Tougher tungsten carbide stays sharper longer.
- Thin kerf for fast and smooth cutting action.
- Computer balanced plate reduces vibration for improved accuracy and better finish.
- Ideal for all cutting applications in softwood, hardwood, chip board or plywood using a table saw or miter saw. Professional quality thin kerf carbide saw blades produce a smooth finish with minimal material waste.

Part#	EA
DW3106P5	\$61.16

DeWalt® Industrial Tools Deep Cut Band Saw Kit Variable Speed

- Industry best 10 amp motor designed with controlled power to withstand any jobsite application
- Industry best 5" deep cut capacity for round or rectangular stock
- Serviceable steel shroud and rubber bumpers allow guards to withstand jobsite abuse without damage
- LED sight light allows the user to see cut line in dark jobsite environment
- Integrated hang hook allows user to hang the saw without damaging front handle or castings
- Variable speed dial allows user to vary speed for specific materials and various applications (100-350 spm)
- Multi-position adjustable large front handle offers the user plenty of hand space for a more accurate cut
- Superior balance and ergonomics allows for more accurate cuts and less user fatigue

Continued on Next Column

- Blade tracking adjustment increases blade life by providing better blade tracking
- Dual bearing blade guide rollers increase durability in the blade support system
- Durable and adjustable material guide allows user to adjust for various jobsite materials
- Ergonomic soft grip back handle provides comfort during use
- Blade changing lever loosens blade tension to allow for blade change
- Externally replaceable brushes allow for quick repairs on the jobsite

Specifications:

- Amps: 10 AC Amps
- FL/Min.: 100-350 fpm
- Max Capacity (Round): 5"
- Max Capacity (Rectangular): 5" x 4-3/4"
- Front Handle Style: Multi Position Bale
- LED Light: Yes
- AC/DC Capability: No
- Rubber Bumpers: Yes w/ serviceable shroud

Included:

- Hex Wrench
- Standard 44-7/8"x1/2"x.020" blade
- Kit Box

Part#	EA
DWM120K	\$507.59

Milwaukee® Electric Tool Deep Cut Variable Speed Band Saw Cordless

- Powerful 11 Amp Motor w/ CPT™ : Provides maximum performance and durability
- Job Site Armor™ Technology: Proprietary composite material and crush zone barriers provide long lasting rugged protection
- All Metal Direct Drive: Delivers maximum tool life with all metal direct drive gearing system, while requiring less servicing than a chain drive
- Gear Protecting Clutch: Extends gear and motor life by absorbing high impact forces caused by blade lock-ups
- CPT™ Constant Power Technology: Maintains cut speed in the toughest applications for optimal performance

Continued on Next Column

- Revolutionary Cut Visibility: Slimmer motor housing increases user line of site delivering superior cut accuracy
- Balanced Body Design: Allows tool to rest naturally and comfortably in users hands
- Lighter Weight, 14.5 Lbs.: Delivers more control over the tool and less fatigue at the conclusion of the work day
- LED Light: Illuminates work surface for increased accuracy and productivity
- Tool-Free Locking Adjustable Shoe: Button actuated tool-free design allows user to quickly adjust from an extended shoe to no shoe in seconds
- Industry's Largest Cut Capacity: Versatility to cut up to 5" by 5" material in one pass and adjustable shoe allows for less tool rotation when cutting material above 5"
- Debris Protection System: Delivers longer pulley life by removing debris during use

Specifications:

- Amps 11
- Volts 120 AC
- SFPM 0-380
- Capacity 5" X 5"
- Weight 14.5 lbs
- Job Site Armor™ Technology Yes
- Direct Drive Gearing System Yes
- Debris Protection System Yes
- Variable Speed Dial and Trigger Yes
- LED Light Yes
- CPT & Yes
- Double Insulated Yes
- Tool Length 21"
- Net Tool Weight 14.5 lbs

WITH

Milwaukee® Electric Tool Compact Band Saw

- 45% Lighter than Deep Cut - 9.5 Lbs compact light weight design for cutting overhead and in tight places.
- 200-360 SFPM Variable Speed Dial - adjusts the speed for more accurate cuts and hard materials
- 3-1/4" Cut Capacity - cuts most common materials for Electrician, Plumber and Mechanical cutting applications. Single pass cut on 3" copper, 3" angle iron, 2-1/2" conduit.
- Tool-Free Adjustable Material Shoe - quickly adjusts the shoe and allows flush cuts when working with installed materials against walls and ceilings.
- LED Work Light - illuminates the cut line in tight spaces and dark areas.
- Blade Ejection System-Quickly change the blade by moving the material guide into the up position and depressing the blade ejection button.
- Drop Resistant Pulley Guard-Engineered geometries & high impact polymer.
- Cast Aluminum Gear Case-Withstands jobsite abuse & maintains gear positioning.

Specifications:

- Voltage: 120V AC
- Cord Type: 3-Wire
- Cord Length: 8'
- Amps: 7
- Capacity: 3-1/4" X 3-1/4"
- Keyless Adjustable Shoe: Yes

Milwaukee® Electric Tool M18 FUEL™ Deep Cut Band Saw Kit

- POWERSTATE™ Brushless Motor: Increased cutting speed and power through the toughest applications

- CPT™ Constant Power Technology: Maintains cut speed in the toughest applications for optimal performance
- Over 90% same parts as Milwaukee's Corded Deep Cut Band Saw
- Jobsite Armor Technology™: Proprietary composite material and crush zone barriers provide long lasting rugged protection
- REDLINK PLUS™ Intelligence: The most advanced system of cordless power tool electronics. Provides optimized performance and overload protection using total system communication between tool, battery and charger
- All metal direct drive: Delivers maximum tool life with all metal direct drive gearing system, while requiring less servicing than a chain drive
- REDLITHIUM™ XC 4.0 Battery: Provides superior pack construction, more work per charge and more work over the life of the pack than competitive batteries
- Tool-Free locking adjustable shoe: Button actuated tool-free design allows user to quickly adjust from an extended shoe to no shoe in seconds
- Industry's largest cut capacity: Versatility to cut up to 5 in. by 5 in. material in one pass and adjustable shoe allows for less tool rotation when cutting material above 5 in.
- LED light: Illuminates work surface for increased accuracy and productivity

Specifications:

- Voltage: 18V
- Battery: Lithium-Ion
- Charger: M18™ and M12™ Multi-Voltage Charger
- Tool Warranty: 5 Years
- Length: 21"
- Weight: 15 lbs
- Battery Warranty: 3 Year
- Capacity: 5" X 5"
- Keyless Adjustable Shoe: Yes
- SFPM: 0-380
- Hang Hook: Yes
- Jobsite Armor Technology: Yes

Includes:

- (1) M18 FUEL™ Deep Cut Band Saw (2729-20)
- (1) M18™ REDLITHIUM™ XC 4.0 Extended Capacity Battery Pack (48-11-1840)
- (1) M18™ & M12™ Multi-Voltage Charger (48-59-1812)
- (1) Blade
- (1) Carrying Case

2729-21	\$508.75

Milwaukee® Electric Tool 8" Metal Cutting Saw 13.0 amp - 3,700 RPM Motor

- Dry-cut technology provides faster, cleaner, more affordable metal cutting
- Durable blade shield with integral chiptank deflects/collects hot chips and sparks
- Plunge lever for fast, effective plunge cuts
- Exclusive quick-release shield latch for fast waste disposal and blade changes
- 2-9/16 in. cut depth for one-pass cuts through most common materials
- Powerful 13.0 amp, 3,700 rpm motor
- Premium carbide-tipped blades cut faster, cleaner, and longer than other carbide-tipped or friction blades

Specifications:

- Voltage: 120 AC
- Amps: 13.0
- Blade Size: 8 in.
- No Load Speed: 3,700 RPM
- Spindle: 5/8 in.
- Cord Type: 15 ft. Fixed
- Construction Type: Grounded
- Metal/Wood Cutting: Metal
- Electric Brake: No
- Spindle Lock: Yes
- Soft Grip Handle: Yes
- Adjustable Handle: No
- Blade Position: Right
- Depth of Cut at 90°: 2-9/16 in.
- Length: 16-1/2 in.

DeWalt® Industrial Tools
Heavy-Duty 14"
Abrasive Chop Saw
 w/ Quick-Change Keyless Blade
 Change System

- Powerful 15.0 Amp/5.5 HP (maximum motor HP) motor provides more overload capacity, increasing performance and durability
- Quick-Change Blade Change System increases productivity by providing the user the ability to change wheels without a wrench
- Patented Quick-Fence(TM) tool-free, 45° adjustable fence allows for fast and accurate angle cuts without using a wrench
- Quick-Lock vise allows for fast clamping on different size materials to increase productivity
- Soft start extends gear and motor life by reducing start up torque
- Ergonomically designed "D" handle provides a more comfortable hand position reducing user fatigue and increasing productivity
- Extra wide solid steel base provides increased stability when cutting longer material.
- Heavy-duty lock down pin allows head of the saw to be locked in the carrying position without the use of a chain
- Heavy-duty compression spring provides smooth movement and greater durability than torsion springs
- Spindle lock allows user to make wheel changes quickly and easily saving time and money
- Large cutting capacity (5" round / 4-1/2" x 6-1/2" rectangle) provides the ability to cut a wide variety of materials
- Adjustable spark guard allows users to channel sparks
- Easily accessible brushes allow for convenient servicing on the worksite minimizing downtime

Specifications:

- Amps: 15.0 AC/DC Amps
- No Load Speed: 4,000 rpm
- Spindle Lock: Yes
- Quick Lock Vise: Yes
- Wheel Arbor: 1"
- Wheel Diameter: 14"

- Maximum Bevel Capacity: 45 degrees

Part#	EA
6177-20	\$172.19

DeWalt® Industrial Tools
Heavy-Duty 14"
Multi-Cutter Saw
Quick-Lock Vise

- Multi-Cutter offers versatility by cutting a wide variety of materials including ferrous and non-ferrous metals
- Utilizing a carbide tipped blade, the depth of cut remains constant throughout blade life
- Cuts four times faster than chop saws and eight times faster than portable band saws in 2" x 2" x 1/4" angle iron
- 14" 70 tooth carbide tipped blade delivers a lower cost-per-cut compared to abrasive wheels with savings up to 5 cents per cut versus abrasive cutting
- Largest capacity in its class with even more capacity than a deep-cut portable band saw (5-3/16" round & 4-1/2" x 6-1/2" rectangular) allowing user to cut a wider variety of different size materials for more applications
- Ergonomically designed horizontal handle puts user's wrist in a more comfortable position to help reduce user fatigue and increase productivity
- 15 Amp / 4.0 HP motor provides more overload capacity to increase performance and durability
- Patented tool-free, 45° adjustable fence allows for fast and accurate angle cuts without the hassle of using a wrench
- Quick-lock vise allows for fast clamping on different size materials to increase productivity
- Extra-wide solid steel base provides increased stability when cutting longer material. The four pre-drilled holes in the base allow easy bolt down to any work bench. The solid steel base also allows users to weld jigs or stops directly to the base
- Durable metal top handle allows the saw to be carried easily
- Heavy-duty lock down pin allows the head of the saw to be locked in the carrying position without the use of a chain
- On-board wheel change wrench allows for convenient storage and greatly reduces the risk of lost wrenches
- Spindle lock allows users to make wheel changes fast and easy saving time and money

Continued on Next Column

- Adjustable chip deflector allows user to channel chips away from hazardous materials and co-workers
- Easily accessible brushes allow for convenient servicing on the worksite to minimize downtime

DeWalt® Industrial Tools
Heavy-Duty 4-1/2" Small Angle Grinder
 13 Amp
 High Power

- 13.0 Amp/2.3HP, 11,000 rpm DEWALT built G55 (AC) motor designed for faster material removal and higher overload protection
- Dust Ejection System™ provides increased durability by ejecting damaging dust and debris particles that enter the tool through the air intake vents
- Quick-change wheel release provides tool free wheel removal
- Dual abrasion protection provides increased motor protection from damaging dust and debris ingestion
- One piece brush arm prevents brush hang-up due to dust ingestion
- Complete Electronic Control™ provides multiple advanced technology features such as E-Clutch™, Power-Off™ and Power Loss Reset™
- E-Clutch™ shuts the grinder off when a wheel pinch or wheel stall occurs, extending the life of the gears and motor
- Power-Off™ overload protection shuts the tool off before it reaches overload or burn-up
- Power-Loss Reset™ prevents accidental re-starts following a power disruption when the tool is left in the "on" position
- Vibration reducing two position side handle provides user comfort and reduces user felt vibration
- Jam-pot, low profile gear case provides precise gear alignment for a smoother, quieter transmission while allowing access to tight spaces
- Auto-off brushes shut the tool down when the brushes need replacing to avoid tool damage
- Keyless adjustable guard provides tool free guard adjustments increasing productivity
- Includes: 2-position side handle, depressed center wheel, keyless adjustable guard wrench

Specifications:

- Amps: 13.0 Amps
- Max Watts Out: 1,700 W
- No Load Speed: 11,000 rpm
- Use Wheels RPM Above: 12,000 rpm

- Oversized brushes provide 2X brush life over previous model (D28402)
- Large spiral bevel gear provides long transmission life
- One-Touch™ Guard allows for 360 degree rotation of the guard with a single action
- Quick-Change™ Wheel Release allows tool free wheel removal without need for a wrench
- Top mounted and protected spindle lock button maximizes depth of cut without compromising durability
- Uniquely small gripping surface in this power class allows for the best comfort available in this class
- Newly designed side handle provides excellent ergonomics while oversized threading provides durability
- Auto-off brushes shut the tool down when the brushes need replacing to avoid tool damage
- Paddle switch with safety lock-off prevents accidental start up
- Matching wheel flanges allow the use of common accessories

Specifications:

- Amps: 11.0 Amps
- Max Watts Out: 1,400 W
- Spindle Size: 5/8" - 11"
- No Load Speed: 11,000rpm
- Spindle Thread: 5/8" - 11
- Switch Type: Paddle w/ lock-on
- Dust Ejection System™: Yes
- Tool-Free Flange System: Yes
- Tool Length: 12"

THE CONTRACTOR'S SOURCE
 for Tools and Equipment

DeWalt® Industrial Tools 4.5" Small Angle Paddle Switch Grinder with Brake

- 11 Amp 1400 MWO Motor provides high operating speeds under heavy loads
- Brake slows wheel 50% faster once trigger is released as compared to DWE402 with DW4514 Wheel
- One-Touch(TM) Guard allows for quick and easy guard adjustments with a single action
- Dust Ejection System contributes to long motor life.

Specifications:

- Amps: 11Amps
 - Spindle Size: 5/8-11"
 - Max Watts Out: 1400W
 - No Load Speed: 11000rpm
 - Switch Type: Paddle
 - Dust Ejection System™: Yes
 - Tool-Free Flange System: Yes
- Includes:
- Grinder
 - Side Handle
 - Backing Flange
 - Flange Nut
 - 4.5" T27 Guard
 - Hex Key Wheel Wrench

Part#	No Lock On	EA
DWE4222	No	\$173.91
DWE4222N	Yes	173.91

DeWalt® Industrial Tools Heavy-Duty 5" Medium Angle Grinder 12.0 Amps

- 12.0 Amp AC/DC, 10,000 rpm motor provides high speed for fast material removal
- High power-to-weight ratio for greater efficiency and reduced user fatigue
- Keyless adjustable guard can be adjusted without the use of tools
- Rear handle design for greater comfort and control
- External brush doors for easy servicing
- Sealed ball and roller bearings for extended motor life
- **Includes:** grinding wheel; wrench; backing flange; clamp nut; keyless adjustable guard; two position side handle
- Amps: 12.0 AC/DC
- Max Watts Out: 1,837 W
- No Load Speed: 10,000 rpm
- Use Wheels RPM Above: 11,000 rpm
- Spindle Lock: Yes
- Spindle Thread: 5/8" - 11
- Tool Length: 14.33"

DW831 \$150.56

DeWalt® Industrial Tools Heavy-Duty 6" High Performance Cut-Off/Grinder 13.0 Amp

- 13.0 Amp/2.3HP, 9,000 rpm DEWALT built G55 (AC) motor designed for faster material removal and higher overload protection
- Dual Clutch Protection™ prevents the gears from stripping and motor from burning up in a wheel pinch/stall increasing the durability
- Dust Ejection System™ provides increased durability by ejecting damaging dust and debris particles that enter the tool through the air intake vents
- Quick-change wheel release provides tool free wheel removal

Continued on Next Column

- Dual abrasion protection provides increased motor protection from damaging dust and debris ingestion
- One piece brush arm prevents brush hang-up due to dust ingestion
- Complete Electronic Control™ provides multiple advanced technology features such as E-Clutch™, Power-Off™ and Power-Loss Reset™
- E-Clutch™ shuts the grinder off when a wheel pinch or wheel stall occurs, extending the life of the gears and motor
- Power-Off™ overload protection shuts the tool off before it reaches overload or burn-up
- Power-Loss Reset™ prevents accidental re-starts following a power disruption when the tool is left in the "on" position
- Vibration reducing 2-position side handle provides user comfort and reduces user felt vibration
- Jam-pot, low profile gear case provides precise gear alignment for a smoother, quieter transmission while allowing access to tight spaces
- Auto-off brushes shut the tool down when the brushes need replacing to avoid tool damage
- Keyless adjustable guard provides tool free guard adjustments increasing productivity

Specifications:

- Amps: 13.0
- Max Watts Out: 1,700 W
- No Load Speed: 9,000 rpm
- Use Wheels RPM Above: 9,900 rpm
- Spindle Thread: 5/8"-11
- Tool Length: 13"
- Tool Weight: 4.6 lbs

Includes:

- 2-position side handle
- Type 27 depressed center wheel
- Type 27 keyless adjustable guard
- Type 1 cutting wheel
- Type 1 keyless adjustable guard
- wrench

Champion® Cutting Tool
Magnetic Drill Press
Portable
RotoBrute - MightiBrute

- RB45 MightiBrute magnetic drill press is a lightweight machine yielding more cutting power. Fitted with a 2-speed 1200 watt motor, the RB45 packs the drilling power of much heavier machines. Reversible feed handle, built in fluid reservoir, safety strap and case.
- 3200 lb. Magnetic Strength, High Torque Eisenstock 1200w Motor 250/450rpm
- #2 MT arbor
- 4-1/2" Dia. X 2" Depth Cutter Capacity, 8" vertical travel
- Dimensions: 44" x 14.5" x 11"
- Cuts ferrous & Non-Ferrous Metals
- Application examples include: Steel fabrication, Bridge & highway maintenance, truck & trailer manufacturing, Construction sites, Mining, ship building, refineries, welding, etc.

Part#	EA
RB45	\$3,503.07

Champion Cutting Tool
Magnetic Drill Press
RotoBrute

- The all new Roto-Brute AC50 is a powerful and lightweight magnetic drill press engineered for steel fabrication and facility maintenance. It features a powerful two speed motor and can be used with annular cutters and twist drills.
- Available options include drill chuck and 3/4" 4" weld-on style adapter part number RB1234

Continued on Next Column

Standard Features:

- Lightweight 33 lbs.
- Quick change 3/4" arbor
- Annular cutter capacity 2-1/8" diameter x 2" depth of cut
- Motor Power 1100 watts
- Motor Speeds (no load) 450/300 rpm
- Magnet strength 3370 lbs.
- Standard External Fluid Reservoir
- Included with every AC50 purchase: Carrying case, hex keys, safety chain, external coolant bottle, cutting fluid, safety guard quick release arbor enables cutter changes in seconds

Champion® Cutting Tool Carbide Tipped Annular Cutters No. 150 ROTOBrute

- Description: Maximize cutting performance of any portable magnetic drill press.
- Their superior "Triple Edge" cutting action outperforms ordinary high speed steel annular cutters and twist drills 6:1.
- Application: Cut holes in cast iron, steel and ultra hard or exotic alloys with the added ability to produce overlapping and interrupted holes easily.

Time Saving Features:

- Ultra hard carbide teeth permit faster cutting even in tough materials and shapes
- Cut clean, burr free holes.
- Precision pilot pins eject the center as a plug of steel.
- Features Weldon style flats for fast loading and better rigidity.

Triple Edge cutting features:

- The CT series features two sets of three cutting tips each with different geometries, balancing the cutting forces. This enables higher feed rates and smoother drilling, with better control in structural steel and steel plate.

XL100-SET	\$371.72

DeWalt® Industrial Tools Heavy-Duty Cut-Out Tool

- Tool-free bit change for fast and easy bit changing without a wrench
- Turn-on/bump-off switch allows users to easily shut tool off
- 5 Amp, 30,000 rpm motor provides more cutting power
- Slim body design for less fatigue over prolonged use
- Dust-sealed switch provides durability and long switch life
- Jampot construction provides jobsite durability

Includes: One general purpose bit; one dry-wall cutting bit; 1/4", 1/8" collets

- Amps: 5.0 AC
- No Load Speed: 30,000 rpm
- Collet Diameter: 1/8", 1/4"
- Adjustable Guide: Yes
- Spindle Lock: Yes
- Tool Length: 10"

Part#	EA
DW660	\$64.46

DeWalt® Industrial Tools Drywall Screwdriver Heavy-Duty VSR

- Depth-sens-sive "set and forget" nosepiece for consistent fastener depth
- Two-finger trigger for increased comfort
- Hi-speed transmission for production drywall hanging
- Lightweight with excellent ergonomics
- Helical-cut, heat-treated gears for long life and durability
- Amps: 6.0
- No Load Speed: 0-5,300 rpm
- Clutch: Standard
- Torque: 60 in-lbs.
- Max Fastener Size: #8

Part#	EA
DW255	\$94.71

DeWalt® Industrial Tools Versa-Clutch® Screwdriver Heavy-Duty VSR

- Versa-clutch® torque adjustment system to "dial" the proper torque needed to efficiently drive fasteners without stripping or breaking fastener
- Helical-cut steel, heat-treated gears for long life and durability
- High power motor for metal fastening applications
- Rubber-grip and two-finger trigger for increased comfort
- Metal nose and gear case for durability on the job
- Excellent ergonomics offers less user fatigue
- Also available in 220V
- Amps: 6.5
- No Load Speed: 0-2,500 rpm
- Clutch: Versa-Clutch®
- Torque: 132 in-lbs.
- Max Fastener Size: #14

Part#	EA
DW268	\$209.98

DeWalt® Industrial Tools Heavy-Duty VSR Drywall Screwdriver

- Metal gear housing for increased durability
- Depth sensitive "set and forget" nosepiece for consistent fastener depth
- Rubber grip and two-finger trigger for increased comfort
- Helical-cut steel, heat-treated steel gears for long life and durability
- 50' two prong cordset
- Lightweight with excellent ergonomics
- Amps: 6.3
- Clutch: Standard
- No Load Speed (rpm): 0-4,000
- Torque (in.-lbs.): 81

Includes:

- 50' two prong cordset

Part#	EA
DW272W	\$138.14

DeWalt® Industrial Tools Rapid Load Holder

- Pressure-activated ball-groove system for rapid loading and strong retention
- Impact and rust resistant nickel plated nose for extended use
- Durable rubber finger grips for comfortable use
- Stainless steel interior parts for greater durability

Part#	Chuck Size	EA
DW2505	3/8, 1/2	\$11.92

DeWalt® Industrial Tools Cleanable Nut Driver Impact Ready

- Product designed for use in Impact Drivers and Wrenches
- Recessed Corners = Drives on flats which minimizes shavings
- Industrial strength magnet maximizes fastener retention

Part#	Drive	EA
DWA22211R	1/4"	\$5.36
DWA22221R	5/16"	5.81

DeWalt® Industrial Tools 31pc Security Set

- Security Bits For Tamperproof Screws
- Adjustable Belt Clip

Part#	EA
DWA2200	\$17.10

DeWalt® Industrial Tools 3pc Cleanable Nut Driver Set Impact Ready

- Product designed for use in Impact Drivers and Wrenches
- Recessed Corners that Drives on flats that minimizes shavings
- Industrial strength magnet maximizes fastener retention
- Pivoting product pivots up to 20 degrees allowing one to get into tight spaces or corner
- 1/4" Cleanable Impact Ready Magnetic Nutsetter
- 5/16" Cleanable Impact Ready Magnetic Nutsetter
- 3/8" Cleanable Impact Ready Magnetic Nutsetter

Part#	EA
DWA22401R	\$14.40

DeWalt® Industrial Tools 15 Piece Rapid Load Set

- Quick & easy accessory changes allow users to finish jobs faster
- Hex shank locking system prevents bits from slipping
- Rapid Load holder fits all brands of corded/cordless 3/8" or 1/2" drills

Part#	EA
DW2513	\$28.31

Milwaukee® Electric Tool 20 Piece Insert Bit Set

- Premium quality insert bits made of S2 tool steel
- Magnetic drive guide provides easy screw placement and prevents bit from slipping off of screw
- Case provides individual storage and identification for bits, and the drive guide conveniently snaps into the case cover
- Magnetic case provides quick, easy access

Part#	EA
48-32-1700	\$10.44

DeWalt® Industrial Tools Screwdriving Drywall Insert Bits

- No. 2 Phillips, 1"
- Heat treated to resist break-age
- Unique design reduces strip-ping
- Carded
- 25 Pack

Part#	EA
DW2125	\$18.94

DeWalt® Industrial Tools 20 PC Impact Ready Magnetic Bit Set Tough Case

- Includes Best In Class most common Impact Driver Accessories
- Includes new Patented PIVOT HOLDER - Drive Straight or in PIVOT Mode
- Some sets include Impact Driver Deep Sockets
- Some sets include One-piece Design Drill Bits
- Ideal for any Applications where Impact Drivers are used
- Includes most common accessories for the Mechanical Trade
- Ideal for General Contracting

Includes:

- Magnetic tough case
- (2)-2 inch ph#2
- (1)-2 inch sq#2
- (1)-1 inch sl#8

SAFETY TRAINING

Frank's Supply provides safety training in a number of areas. Through our safety programs cover situations such as aerial platform certifications, hand tool safety, ladder and scaffolding safety, fall protection, power tool safety, etc. Frank's factory trained safety coordinator provides a professional presentation to its customers.

Aerial Platform Certification - This training is to be general in nature since it covers safe operating instructions for all types of aerial platforms. The course consists of two key areas of learning - it covers responsibility, safety and operation, and finishes with practical hands-on operation. Trainees will receive aerial platform operation and safety certification cards at completion of course.

Forklift Operator Certification - Course covers both warehouse and rough terrain forklift operation. The course consists of two key areas of learning - the importance of forklift safety procedures and to demonstrate safe forklift operation. Trainees will receive a three year forklift certification by successfully completing written and hands-on forklift safety tests.

Ladder Safety - General training in the proper use of ladders to reduce the possibilities of injury on the job. The course consists of two key areas of learning - it covers using the wrong ladder and how to choose the right ladder; mistaking or abusing climbing equipment and how to use and set-up a ladder correctly. Trainees will learn how to read and understand theoretical scales on the ladder.

Scaffold Safety - General training in the proper erection of scaffolding and a review of OSHA's safety Standards for scaffolds. The course consists of two key areas of learning - review of scaffold safety standards and what they mean. Plus trainees receive practical hands-on erection of scaffold. Trainees will become a "competent scaffold erector" for the construction jobsites.

Other training programs offered includes Hand Tool Safety, Shell Steer Safety and Operation, Powder Actuated Tool Certification, Power Tool Safety and Fall Protection.

CALL FRANK'S SUPPLY FOR DETAILS ON ALL TRAINING PROGRAMS.

Milwaukee® Electric Tool 4 Piece Magnetic Nutdriver Set SHOCKWAVE™

- Proprietary steel and heat treat process for maximum strength and durability
- Strong magnetic tip for secure grip
- Color-coded band for easy size identification
- Chamfered edge for fastening in tight spaces

Included:

- (1) SHOCKWAVE™ 1-7/8" MAG NUT-DRIVER 1/4" (49-66-4502)
- (1) SHOCKWAVE™ 1-7/8" MAG NUT-DRIVER 5/16" (49-66-4503)
- (1) SHOCKWAVE™ 1-7/8" MAG NUT-DRIVER 3/8" (49-66-4505)
- (1) SHOCKWAVE™ 1-7/8" MAG NUT-DRIVER 7/16" (49-66-4506)
- (1) SHOCKWAVE™ 1-7/8" Magnetic Nut-driver Set (4 PC) (49-66-4562)

Part#	EA
49-66-4562	\$19.80

DeWalt® Industrial Tools 7 Piece 6-in-1 Driver Cordless

- Quickly changes between 6 drivers to increase speed
- Stores all 6 drivers in 1 holder to eliminate the frustration of losing bits
- Includes most common geometries which is ideal for applications where multiple geometries are needed

Includes:

- 7 Piece 6-in-1 Driver - #15Tx/#20Tx, Ph#1/PhSq, #2PH/#8SL, #2SQ/#1SQ (2) 1/4" Nutsetter, 5/16" Nut-setter

Part#	EA
DW2336	\$15.86

Milwaukee® Electric Tool 15PC Insert Bit #2 PH2 TicTac

- Geometric design provides the shock absorption zone
- Proprietary steel and heat treat process for maximum strength and durability
- Forged tips for maximum grip of the screw head and no stripping or slipping
- Includes bonus magnetic bit tip holder

Part#	EA
48-32-5003	\$14.10

RB1234	\$116.41

Milwaukee® Electric Tool 1/2" Square to 1/4" Hex Adapter SHOCKWAVE™

- Proprietary steel and heat treat process for maximum strength and durability
- Heavy duty construction for fastening capabilities in all impacts

Specifications:

- Length: 1.85"
- Pack Qty: 1
- Type: Sockets & Adapters
- Input Drive: 1/2" Square
- Output Drive: 1/4" Hex

Part#	EA
48-03-4410	\$23.00

**DeWalt® Industrial Tools
Heavy-Duty Impact Wrench
1/2" & 3/4" Detent Pin Anvil**

- 345 ft-lbs of deliverable torque in forward and reverse
- Detent pin anvil
- AC/DC forward/reverse rocking switch
- Soft grip handle for superior ergonomics
- Ball bearing construction for increased durability
- Amps: 120V AC/DC: 7.5
- Impacts/Min.: 2,700 bpm
- No Load Speed: 2,100 rpm
- Max. Torque: 345 ft.-lbs.
- Tool Length: 11-1/4"

DW292K	1/2	\$198.66

**DeWalt® Industrial Tools
Heavy-Duty 3/4"
Impact Wrench**

- Easy forward or reverse, can run on AC or DC current
- Ball bearing construction for increased durability
- High torque level for heavy duty fastening applications - 434 ft. lbs.
- Externally replaceable brushes for easy serviceability
- Amps: 10.0
- Impacts/Min.: 1,800 bpm
- No Load Speed: 1,600 rpm
- Max. Torque: 434 ft.-lbs.
- Tool Length: 13"

Part#	EA
DW297	\$596.20

**Milwaukee® Electric Tool
1/2" Impact Wrench
w/ Rocker Switch and Detent Pin
Socket Retention**

- 300 ft. lbs. of torque - more torque saves time
- AC/DC rocker switch for quick selection of forward and reverse
- Powerful 7.0 amp motor, 1800 RPM and 2600 IPM (no load)
- Light weight (6 lbs.) with balanced feel and cushioned grip
- Pin detent system to securely retain sockets and adapters
- Voltage: 120 AC/DC
- Drive Size: 1/2 in. Square
- Torque: 300 ft.-lbs.
- No Load Speed: 1,800 RPM
- Amps: 7.0
- No Load BPM: 2,600
- Cord Type: 8 ft. Fixed
- Switch Type: Rocker
- Soft Grip Handle: Yes
- Socket Retention: Flat End Detent Pin
- Length: 11-5/8 in.

Part#	EA
9070-20	\$181.25

**Kett Tool Company
14/16 Gauge Power Shear
Pistol-Grip**

- This lightweight, pistol-grip shear cuts 14 gauge mild steel and most grades of stainless to 16 gauge
- Double-insulated, the KE-440 cuts at over 150°/minute, leaving a clean, flat sheet, ready to fabricate
- Distortions are absorbed in an easily disposed of waste curl, leaving the sheet cool and free of burn, chips, and burrs.
- Cutting blades are finest high-speed steel, which you can easily replace individually or in replacement blade kit #106
- Head: 40-20
- Capacity Mild Steel/Stainless: 14/16 ga.
- Motor: 253-59
- Max RPM: 2500
- Power Source: 120 V

Part#	Head (in.)	Length (in.)	EA
KD-400	60-20	14	\$222.22
KD-440	40-20	14.5	257.78

**DeWalt® Industrial Tools
16 Gauge Profile Nibbler**

- Powerful 6.5 amp. motor for long life in continuous-duty applications
- 120-degree opening for cutting square and round corrugation
- Rotating head allows changing cutting directions as desired
- Cuts radius as small as 2"
- Easy-to-change punch and die, saving time and money
- No distortion of material being cut
- Paddle switch for convenient one-handed operation

Specifications:

- Amps: 6.5Amps
- Max Watts Out: 225W
- Strokes/Min: 1,950spm
- Capacity (Mild Steel): 16ga.
- Capacity (Stainless Steel): 18ga.
- Starting Hole: 1"

Part#	EA
DW897	\$587.09

DeWalt® Industrial Tools
**Heavy Duty 1/4" Sheet
 Palm Grip Sander
 with Dust Bag**

- 2.0 Amp, 120V motor moves at 13,500 opm, providing a superior finish
- Counter-balanced low-vibration design reduces user fatigue
- Dust-sealed switch for increased disability
- Sealed 100% ball-bearing construction provides longer life
- Orbit Diameter: 1/16"
- No.DW411 includes: dust bag and sandpaper punch
- No.DW411K includes: dust bag, sandpaper punch and kit box

Part#	EA
D26441K	\$55.28

DeWalt® Industrial Tools
**Heavy-Duty 5" Random
 Orbit Sander Kit**

- Provides maximum sanding speed for smooth finishes
- Controlled Finishing System® maintains controllable pad speed and minimizes gouging during start up
- Dual-plane counter-balanced fan reduces user fatigue
- Dust-sealed switch prevents contamination
- Sealed 100% ball-bearing construction provides longer life
- Accepts 5", 8-hole hook and loop paper
- Shop vacuum adapter for maximum dust collection
- Amps: 2.0
- Orbit Diameter: 3/32"
- Orbits/Min: 12,000 opm

Part#	EA
D26451K	\$67.06

DeWalt® Industrial Tools
**Heavy-Duty 3 HPVS
 Electronic Plunge Router
 "Maximum Motor HP"**

- 15.0 Amp motor uses state of the art circuitry for soft starts and smooth operation
- Full wave electronic variable speed motor runs at 8,000-22,000 rpm with constant speed under load to ensure a quality finish in all materials
- Rack and pinion depth adjuster, magnified scale and micro-fine bit depth adjuster provides fast and accurate depth settings
- Phosphorous bronze bushings provides a smooth and accurate plunge
- Spindle lock button allows one-wrench bit changes
- Dust extraction adapter for cleaner work sites
- 1/4" - 1/2" collet capacity for greater versatility
- Guide Bushing adapter plate accepts standard guide bushings for template work
- One-piece motor shaft and spindle ensures perpendicularity and accuracy
- **Includes:** 1/4" collet; 1/2" collet; dust extraction adapter; template guide bushing; adapter; wrench
- Amps: 15.0
- Horsepower: 3 HP
- No Load Speed: 8,000-22,000 rpm
- Collet Diameter: 1/4, 1/2"
- Plunge Stroke: 2-7/16"
- Depth Stop: 3 Stage Turret Stop
- Base Dimension: 5-5/8" x 6-11/16"

Part#	EA
DW625	\$323.60

If you don't find everything you need,
 please advise us and we will be happy
 to help you in your requirements!

DeWalt® Industrial Tools Heavy-Duty 12" Single Bevel Compound Miter Saw

- 15 Amp motor, 4,000 rpm delivers extended power and durability
- Adjustable stainless steel miter detent plate with 11 positive stops improves productivity and ensures cutting accuracy
- Exclusive Precision Miter System and Machined Base Fence Support deliver optimized cutting accuracy
- Tall sliding fence supports crown molding up to 5-1/4" nested and base molding up to 6-1/2" vertically against the fence while cuts
- Bevels 0°-48° to the left and 0°-3° to the right for increased capacity
- 0°-50° left and right miter capacity for greater versatility
- Lightweight (42 lbs.) with built-in carry handle for easy portability
- Cam lock miter handle with miter detent override deliver quick and accurate miter angles
- 4 Hardened Steel Bevel Stops at 0°, 33.9°, 45° and 48° delivers versatility at most common bevel angles
- Designed for use with the DW7187 DEW-ALT adjustable miter saw laser system delivers visibility to the cutting path

Specifications:

- Amps: 15.0 Amps
- No Load Speed: 4,000 rpm
- Arbor Size: 5/8" or 1"
- Vertical Capacity: Baseboard Against Fence 6-1/2"
- Vertical Capacity: Crown Molding Vertically Nested 5-1/4"
- Horizontal Cap.: Baseboard Lying Flat 8"
- Horizontal Capacity: Crown Molding Lying Flat 6-1/2"
- 45° Bevel Cut Capacity (dimensional lumber): 2x8
- 90° Cross-Cut Capacity (dimensional lumber): 4x6"
- 90° Cross-Cut Capacity (Max Width): 2" x 8"
- 45° Miter Cut Capacity (Max Height): 4x4, (Max Width): 2x6 dimensional lumber
- Includes: carbide blade, extension kit, dust bag, blade wrench

Part#	EA
DW715	\$346.16

DeWalt® Industrial Tools 20V Max Cordless Miter Saw Bare Tool

- Utilizes 20V Max Battery Pack (DCB204) which provides on Average, 183 cuts of 2x4 Pine or 275 cuts of 3-1/4 Pine Baseboard
- Integrated XPS cross cut system provides adjustment free cut line indication for better accuracy and visibility
- Capacity to cut up to 3 5/8" nested crown and 3 1/2 base vertically, Will cut 2x8 laying flat
- Adjustable stainless steel miter detent plate with 11 positive stops improves productivity and ensures cutting accuracy,
- Oversized bevel scale makes bevel angle adjustments accurate and easy
- Compact, lightweight design (31.6 bs.) allows for easy transport and storage
- Cam lock miter handle delivers quick and accurate miter angles
- Precise miter system and machined base fence support optimize durability and cutting accuracy

Part#	EA
DCS361B	\$350.90

DeWalt® Industrial Tools 20V Max Cordless Miter Saw w/ Battery & Charger

- Utilizes 20V Max Battery Pack (DCB204) which provides on Average, 183 cuts of 2x4 Pine or 275 cuts of 3-1/4 Pine Baseboard
- Integrated XPS cross cut system provides adjustment free cut line indication for better accuracy and visibility

Continued on Next Column

- Capacity to cut up to 3 5/8" nested crown and 3 1/2 base vertically, Will cut 2x8 laying flat
- Adjustable stainless steel miter detent plate with 11 positive stops improves productivity and ensures cutting accuracy,
- Oversized bevel scale makes bevel angle adjustments accurate and easy
- Compact, lightweight design (31.6 bs.) allows for easy transport and storage
- Cam lock miter handle delivers quick and accurate miter angles
- Precise miter system and machined base fence support optimize durability and cutting accuracy

Shop-Vac Multi-Purpose Wet/Dry Vacuum Cleaner Accessories

905-85:

- Use the Foam Sleeve for picking up wet messes when used alone.
- The Foam Sleeve is also required when using reusable disc style filters.
- Approximate size of sleeve: 8" diameter and 6.5" high.
- 10, 12, & 14 Gal. Vacs High Efficiency Dry Pick-Up Filters

Part#	Description	EA
905-85	Foam Sleeve	\$4.81
903-04	Dry/Wet Cartridge Filter	13.75
919-05-10	Hi-Quality Dual Ply Filter Bags / 5pk	5.46
91906-10	10, 12 & 14 Gal. Vacs High Efficiency Dry Pick-Up Filters	7.55

Niflisk Intermittent Duty Vacuum GM 80

- Lightweight, 11 lbs.
- 3-1/4-gallon tank capacity
- Interference suppressed for safe use around sensitive electronic equipment
- Optional HEPA or UPLA exhaust filters are available for the collection of nuisance and hazardous

Part#	EA
GM-80	\$1,254.17

Dremel® Tools Personal Engraver

- Identify and personalize your valuables
- Use for decorative engraving
- Stroke adjustment dial
- Regulates engraving depth from fine lines to deep grooves
- Light and compact design
- Comfortable use for precision engraving performance
- Replaceable Carbide and Diamond Points
- Engrave on soft or hard materials
- Includes: engraver tool; carbide point (9924)
- Available accessories: 9924 carbide point normal applications; 9929 diamond point for continuous use
- Volts: 115 AC, 60 Hz
- Amps: 0.02
- Strokes Per Minute: 7,200

Part#	EA
290-01	\$25.04

Dremel® Tools Drill Press Workstation™

- It's a drill press, tool holder and flex shaft holder all in one.
- Drill accurate perpendicular and angled holes. Holds your tool in place for applications like sanding and buffing, and the telescoping flex shaft holder extends to any height between 16 and 29 inches.
- Articulating Drill Press—drills perpendicular and angled holes in 15-degree increments. up to 90 degrees horizontal
- Tool Holder—Holds tool at 90 degrees horizontal for tasks such as polishing metal objects, sanding different shapes and grinding metal pieces
- Flex Shaft Tool Stand—Allows telescopic adjustment to any height between 16 and 29 inches
- Crow's nest provides on-board storage for drill bits, wrenches, and other Dremel accessories
- Cord Management clips - for safe storage of power cords
- Inch and metric marking on base - for accurate drilling of workpiece
- Depth Markings with Depth Stop - for consistent depth adjustment
- Sturdy Metal Base with 4 Clamping Points - to securely hold workpiece
- Includes: Work Station attachment, Mounting Wrench, Instructions

Specifications:

- Drill Depth: 2 inches
- Fits Tool Model: 275, 285, 300, 395, 398, 400 XPR, 780, 800
- Base: 56 square inches

Part#	EA
220-01	\$54.99

THE COMPLETE SOURCE

Dremel® Tools Sanding/Grinding Bit Set General Purpose

- No. 686 kit contains 31 bits for most every sanding, smoothing, grinding, shaping of grinding need
- No. 687 kit contains 52 assorted bits for cutting, grinding, carving, engraving, shaping, sanding, cleaning and polishing.

Part#	EA
686-01	\$14.93
687-01	14.93

Dremel® Tools Polishing Mandrels

No. 401

- A shank with a threaded head
- Used primarily with polishing bits and accessories

No. 402

- A shank with a screw-like head.
- Used primarily with sanding discs and cut-off wheels

Part#	EA
401	\$2.49
402	2.49

Dremel® Tools Felt Cleaning Polishing Wheel

- The Felt Polishing Wheel is made to take a semi-rough finish and polish it to a smooth finish.

- Ideal for general polishing of most ferrous metals, stones, glass and ceramics.
- Can be used with 421 polishing compound to produce a smooth finish.

Part#	Size (in.)	EA
429	1	\$2.95

Dremel® Tools Cut-Off Wheel

- Ideal for cutting, grooving and trimming all kinds of materials—including metal, wood and ceramics. You can use it to cut screws and rusted bolts, make slots in screw heads, trim castings and more.

Tools using this bit:

- No.275-02 Single-Speed MultiPro® Rotary Tool
- No.2850-02 Two-Speed MultiPro® Rotary Tool Kit
- No.395 Variable-Speed MultiPro® Rotary Tool
- No.398 Digital Rotary Tool
- No.750-02 MINIMITE® Cordless Rotary Tool
- No.7700-01 7.2V Cordless MultiPro® Rotary Tool Kit
- No.7800-02 9.6V Cordless MultiPro® Rotary Tool Kit

Mandrels needed with this wheel:

- No.402 Mandrel

420	Hard Abrasive	1 ³ / ₁₆	5.64
426	Reinforced Fiberglass	1 ¹ / ₄	7.53

Dremel® Tools 1/2" Sanding Band

- An abrasive band made of aluminum oxide, classified as fine 120 grit
- Ideal for rough-shaping and smoothing wood and fiberglass—as well as removing rust from metal surfaces, shaping rubber surfaces and more.

Tools using this bit:

- No.275-02 Single-Speed MultiPro® Rotary Tool
- No.2850-02 Two-Speed MultiPro® Rotary Tool Kit
- No.395 Variable-Speed MultiPro® Rotary Tool
- No.398 Digital Rotary Tool
- No.750-02 MINIMITE® Cordless Rotary Tool

Continued on Next Column

- No.7700-01 7.2V Cordless MultiPro® Rotary Tool Kit
- No.7800-02 9.6V Cordless MultiPro® Rotary Tool Kit

Drum Sander needed with these sanding bands:

- No.407 1/2" Drum Sander

Part#	EA
432	\$2.49

Dremel® Tools Tungsten Carbide Cutter

- A high-speed cutter made of tungsten carbide, the hardest material next to diamonds
- Ideal for shaping, smoothing or removing material from especially hard materials—including hardened steel, stainless steel, cast iron, nonferrous metals, fired ceramics, plastics and hard woods

Part#	Tip Size (in.)	EA
9901	1/8	\$9.24
9902	3/32	9.24

Dremel® Tools High Speed Cutters 1/8" Shank

- High speed cutters can be used for shaping, hollowing, grooving, slotting, insetting and making tapered holes in soft metals, plastics and woods.
- Can be used to make small slits.

Part#	Size (in.)	EA
199	3/8	\$4.96

Dremel® Tools Carbide Engraver Point

- The carbide point is used for normal engraving applications

Part#	EA
9924	\$5.78

Husqvarna Forest & Garden
**18" Professional
 Chainsaw**
 3.2 HP

- Powerful and versatile with many of the features of a professional saw
- High-power and low weight, a high center of gravity and smooth body plus exceptionally low vibrations
- Air Injection—Centrifugal air cleaning system for longer intervals between filter cleanings, smoother operation and reduced wear
- Smart Start—Decompression valve for very easy starting
- Vibration dampening system with the handles isolated from the engine with rubber mounts or steel springs
- Side-mounted chain tensioner make chain adjustment quick and easy
- New X-TORQ Engine. The design of the new patented engine increases torque over an extremely wide rpm range.
- No. 5018406-72 is replacement low-vib chain for 18" Chain Saw
- No. 6080001-86 is replacement solid bar for 18" Chain Saw
- Power: 3.1 hp
- Chain pitch: .325"
- Recommended bar length: 18"
- Sound level: 100 dB(A)
- Noise emissions, LWA: 113 dB(A)
- Vibrations, front/rear handle: 2.5 m/s² / 2.6 m/s²
- Weight excl. cutting equipment: 10.4 lbs.

Part#	EA
5018406-72	\$18.05

Husqvarna Forest & Garden
Rancher Chainsaw

- X-Torq®: Delivers lower fuel consumption and reduced exhaust emission levels in accordance with the world's most stringent environmental regulations. X-Torq®: Delivers lower fuel consumption and reduced exhaust emission levels in accordance with the world's most stringent environmental regulations.
- Quick-release air filter: Facilitates cleaning and replacement of the air filter.
- Combined choke/stop control: Allows for easier starting and reduces the risk of engine flooding.
- Air Injection: Centrifugal air cleaning system removes larger dust and debris particles before reaching the air filter. This results in reduced air filter cleanings and improved engine life.
- Side-mounted chain tensioner: Easier access to chain tensioning device.
- Three-piece crankshaft: Forged three-piece crankshaft for maximum durability for the toughest applications.
- Front handle ergonomics: Better grip and a 7" offset handle reduces fatigue.
- LowVib®: System designed to reduce vibration levels to the operator, which lessens fatigue
- 18" Bar Length.

DeWalt® Industrial Tools **40V MAX* Lithium Ion 22" Hedge Trimmer**

- Powerful high output motor for cuts up to ¾" thick
- 22" laser cut, hooked-tooth blade design
- Removable gear case cover for easy blade exchange
- High impact housing for shock resistance and durability
- Removable top cover for easy access to brushes

Specifications:

- Voltage: 40V
- Blade Length: 22"
- Cutting Strokes/Min: 3100
- Max Cutting Capacity: 3/4"
- Weight: 11.9lbs
- Power Source: Lithium Ion Battery

Includes:

- (1) DCHT860 22" hedge trimmer
- (1) 40V MAX* 4ah Lithium Ion Battery
- (1) Charger
- (1) Hard blade cover

Part#	EA
DCHT860M1	\$318.74

Husqvarna Forest & Garden **Backpack Blower** 350BT

- The Husqvarna 350BT is a unique light-weight back pack blower with the large landowner in mind.
- This popular 50 cc mid-size blower features a new, powerful X-TORQ engine for increased power, better fuel economy and reduced emissions.
- The harness and controls are ergonomically designed for high capacity and ease of use.
- Throttle controls are mounted on the tube.

Engine:

- Cylinder displacement: 50.2 cc
- Cylinder bore: 1.7 inch
- Cylinder stroke: 1.3 inch
- Power output: 2.1 hp
- Maximum power speed: 7500 rpm
- Maximum recommended engine speed: 6000 rpm
- Carburetor: Rotary valve
- Fuel tank volume: 42.27 fl oz

Air Flow Data:

- Air flow in housing: 692.17 cfm
- Air flow in pipe: 494.41 cfm
- Air Speed: 180 mph

Emission, Vibration & Noise Data:

- Vibration idling right handle min/max: 2.9/2.9 m/s²
- Vibration top speed right handle min/max: 2.1/2.1m/s²
- Sound level, min/max dB(A): 94/94 dB(A)
- Sound power level, LWA: 104 dB(A)
- Sound pressure (15m): 71 dB(A)

Equipment:

- OEM Harness: Integrated

DeWalt® Industrial Tools Hand Held Wall Scanner

- Patent pending sensing technologies detect five classes of embedded materials (wood, ferrous metal, non-ferrous metal, plastic and unshielded live electric behind wall surfaces up to 3" es deep
- Scans through multiple wall surfaces including drywall, plywood, concrete and ceramic tile
- Automatic mapping feature processes all embedded materials simultaneously
- Color, 3.5" LCD display for improved visibility and communication of embedded material type and location
- Tracking bar displays embedded material locations of entire mapped area (up to 9.8 feet

Specifications:

- Voltage: 12V MAX*
- Display Type: 3.5" Color LCD
- Scanning Range: Up to 9.8 feet
- Wall Surfaces Scanned Through: Drywall, plywood, concrete and ceramic tile
- Embedded Materials Detected: Wood, ferrous metal, non-ferrous metal, plastic and unshielded live electric
- Wood Sensing Depth: 1.5" Maximum
- Non-Ferrous Metal Sensing Depth: 3" Maximum
- Ferrous Metal Sensing Depth: 3" Maximum
- Plastic Sensing Depth: 3" Maximum
- Live Electric (Unshielded) Sensing Depth
- Minimum Assumed Spacing Between Embedded Materials

DeWalt® Industrial Tools Self Leveling Cordless Rotary Laser Combo Kit (Interior/Exterior)

- Fully automatic horizontal and vertical self leveling with out-of-level shutoff eliminates user error, ensures accuracy, and reduces set up time
- Multi-voltage adapter accepts all DEWALT Batteries 9.6V - 18V
- Protected rotary head and weatherproof design deliver interior & exterior jobsite durability
- Bright, sharp, high power beam delivers maximum visibility, even over long distances
- Remote control operated scan mode creates a "laser chalkline" between two points for an extremely bright beam over long distances
- Wireless (IR) remote control operation so that one person can setup and aim the laser over long distances
- Digital laser detector detects rotary laser beam over long distances or in bright light conditions
- Includes: self-leveling rotary laser; digital laser detector; wall mount; wireless (IR) remote control; 18V XR™ battery; 1 hour charger w/ tune-up mode; laser target card; laser enhancement glasses; heavy-duty kit box (w/ padded interior)
- Power Supply: 9.6V - 18V DEWALT Batteries
- Accuracy @ 100 ft.: +/- 1/8"
- Indoor Visibility Range: 200' dia.
- Range with Detector: 2000' dia.
- Rotation Speed: 0-800 rpm
- Laser Class: IIIa (<5mW) @ 635nm

Trimble Spectra Precision 24X Optical Level Package With Tripod and 15' Rod

- Double-sided continuous horizontal tangent drives.
- Clear stadia lines for simple and quick distance measurement
- Convenient horizontal angle measurements
- Built-in bubble mirror and optical sighting alignment
- Metal housing for increased protection and durability on the job site.

Part #	Ea
AL24M-2	\$330.00

Trimble Spectra Precision 24X Optical Level Package With Tripod and 15' Rod

- Metal housing, rugged and reliable enough for the toughest site conditions.
- Good optical quality, bright clear view through the telescope, easy to read in low light.
- Magnetic damped compensator, stable and rugged, remains accurate even under vibration.
- Bubble mirror easy to see, set up the level at comfortable eye level, the operator can still see and level the bubble.
- Built in angle circle, use the level for turning basic angles, perform short range alignments without the need for other instrumentation.

Part #	Ea
AL28M-2	\$355.00

Trimble Spectra Precision
**Laserometer
with Rod Clamp**

- Two selectable accuracy's
- Integrated anti-strobe sensor
- 4-⁺ reception height
- Audio indication
- Automatic shut off
- Includes rod clamp
- Dual-sided LCD display
- Water resistant and dust proof to IP-67
- Up to 70-hour battery life

Part #	Ea
HL450	\$295.00

Trimble Spectra Precision
**Laserometer
with Rod Clamp**

- Five accuracy levels
- Integrated anti-strobe sensor
- 5-⁺ capture window
- 45-degree reception angle
- Capture function and excavation mode
- Two clamp positions
- Dual-sided LCD display
- Water resistant and dust proof to IP-67
- Up to 60-hour battery life

Stabila® Levels
**LAX400 Proliner Multi-Line
Self-Leveling Laser Kit**

INCLUDES:

- (1) LAX-400 Laser
- (1) Hard Shell Carrying Case
- (4) AA Batteries
- (1) Magnetic Target Plate
- (1) Steel Wall Bracket
- (1) Hi-Vis Laser Goggles

FEATURES:

- Fully automatic, self leveling
- Fast layout fine adjustment knob pivots the right angle lines left/right
- The dual purpose base allows positioning on flat surfaces or on standard 5/8"X11 tri-pods
- Built-in magnetic mount and vertical elevation height adjustment
- Laser pivots 360 degrees inside the housing
- Self-leveling mechanism automatically locks on shut-down to prevent transport damage
- 360 degree level line
- Two vertical lines at 90 degree angle on floor, walls and ceiling
- Plumb dot/points
- Pulsed laser lines for use with optional receiver #07330

SPECIFICATIONS:

- Accuracy: +/- 3/168" @50'
- Battery life: Approx. 10 hours
- Weight: 2.2 Lbs.
- Dimensions: 6"X3.25"X4.5"

Trimble Spectra Precision Entry Level-Rotary Laser Package

- Automatic self-leveling increases productivity with fast setups and minimal training
- One person can control elevation up to 1000 diameter.
- Durable construction can withstand tough job site conditions
- Height of instrument alert stops laser rotation if elevation changes occur to avoid erroneous readings.
- HR320 receiver offers 2 accuracy's and has grade displays front and rear.

Applications:

- General elevation control
- Checking and setting elevations for smaller job sites
- Leveling forms and footers
- Estimating cuts and fills
- Ideal for decks, terraces, pools, and septic systems
- Basic slopes for driveways, ramps, and residential drainage.

Includes:

- Laser: Spectra LL100-2 Automatic Self-leveling.
- Receiver: HR320 with grade displays on front and rear.
- Rod: Measurements in "es
- Tripod: Aluminum Adjustable Height
- Carrying Case: All the above contents fit securely inside protective case.

Trimble Spectra Precision Self Leveling Laser

- Fast setup, minimal training time and automatic self-leveling minimize operating costs and boost productivity
- Highly rugged design and unique patent-pending light-house seal protects the transmitter head and glass, offering superior drop and weather protection for reduced downtime
- One-person operation reduces labor costs.
- Highly accurate at 1.5 millimeters at 30 meters (1/16 "es at 100 feet) for precise measurements on the job
- Temperature-calibrated, high accuracy for consistent performance across larger jobsites
- IP66 dust and waterproof for continual performance in harsh conditions
- Withstands a direct drop of 1 meter (3 feet) or a 1.5 meter (5 feet) tip-over onto concrete
- Ability to be used up to 800 meters (2600 feet) diameter with a detector makes the unit ideal for small to large projects
- Single-axis slope mode provides grade matching with self-leveling cross axis for improved accuracy
- Energy-efficient design offers choice of rechargeable or alkaline batteries for lower operating costs
- Automatic Grade Match and PlaneLok capability using the optional RC402N remote control
- Customizable with choice of HL760 or CR600 receivers. Fingerprinting function is a great benefit when used with HL760 receiver
- Complete kit available and fits in one case with tripod and grade rod

Applications:

- Excavations
- Slopes on grade
- Leveling forms and footers
- Screeding concrete
- Driveways and ramps
- Machine control

LL400HV	\$1,425.00

Trimble Spectra Precision Aluminum Builders Rods

- These aluminum leveling rods are made of a light and durable alloy.
- The telescopic sections are anodized and silk screened with moisture resistant ink.
- Each rod section uses sturdy polycarbonate buttons that lock each section when extended, the height gauge is on the back side.
- These rods come in three heights and graduations.
- Each rod includes a special level and protective bag.

7321-40	4	13 ft. 1.38	65.95

Trimble Spectra Precision SVR-25 Fiberglass Rod

- SVR Series leveling rods have a rectangular-oval shape with wide, sharp, glare-resistant scales that are uniform in size throughout the length of the rod.
- Waterproof, corrosion-resistant, and non-conductive.
- Bold alternate red and white range markings on back side are suitable for stadia purposes.
- Easy to transport. The newly redesigned 25 Foot SVR has a collapsed length of 58-1/2".
- New SVR rods can be differentiated from older models by the new design's round buttons and shorter collapsed length.
- Constructed of strong fiberglass with special reinforcing ribs to resist breakage and add stability.
- A special measuring scale on the back side of the rod allows the user to read overall heights at eye-level, which is useful in many clearance and height measurements.
- The newly redesigned locking mechanism is tight and accurate, yet designed to resist jamming from sand and dirt. The new lock now features round buttons.

Continued on Next Column

- Each individual section can be removed quickly by pressing lock-buttons and further disassembly may be completed with a Phillips screwdriver. The individual sections are numbered for identification and sections and repair parts are available.
- Nylon Carrying Case Included with handle and shoulder strap.
- Length in Feet: 25'
- Collapsed Length: 5-1/2"

Trimble Spectra Precision 5.2XL Point and CrossLine Laser

- Automatic self-leveling assures accuracy and fast setup
- The industry's brightest crossline laser for easy viewing in all conditions
- Easy-to-see 150° lines with a biased upwards beam that intersects the plumb up point for fast plumb alignment
- Water, mud, and shock resistant for improved reliability and minimal repair costs
- Durable unit with protective rubber over-molding withstands a drop of up to 1 meter (3 feet) onto concrete and still maintains accuracy
- Exclusive 3-Year instant exchange warranty includes free exchange for the first 2 years
- Ships complete in a soft case with mounting accessories and target
- HR250 receiver can be added for exterior applications for maximum jobsite versatility

Applications:

- Level, horizontal and vertical layout, square, and plumb
- Building, layout, and squaring of interior walls
- Acoustical ceiling installation
- Drywall track installation
- Cabinet and trim installation, finish carpentry
- General construction elevation control with HR250 receiver
- Septic tank installation
- Exterior building decks, patios, columns, and posts

04490	\$259.25

Pacific Laser Systems
Professional Point-to-Point
Alignment Laser

- Compact, lightweight, durable and portable—designed by contractors for contractors
- Lay out reference points faster than traditional, labor intensive methods—No more 3-4-5; No more swinging plumb bobs
- Plumb instantly from floor to ceiling or from 50 feet off the ground!
- Self-leveling: no time wasted with bubble vials
- Turn it on and go to work—take clear, stable reference points indoors and outdoors
- Unit includes operating manual, wall bracket, carrying pouch, floor stand

Part #	EA
PLS3	\$273.00

Pacific Laser Systems
Laser Line, Level & Plumb
with Detector & Case

- Unique optic technology
- Self Leveling
- Internal shock frame impact protection
- Accurate to 1/4" at 100 feet
- Longest lines, vertical-horizontal
- Pulsed beams for exterior applications
- Range of 200 feet with the PLS SLD compact laser receiver

Specifications:

- Power 3 AA Batteries
 - 180 Degree Fan Angle Laser
 - Range 100'
 - Operating time 30+ Hours
 - Accuracy 1/8" at 30 ft
- Includes:
- PLS SLD Laser Receiver (detector)
 - Magnetic wall bracket
 - Pouch
 - Operating Manual
 - Carrying Case

Part #	EA

Pacific Laser Systems
PLS-SLD Detector
or use with PLS Line lasers

- New Technology
- Compact design
- Runs on 1.9 volt-battery (included)
- Works with level or plumb lines
- works with PLS2E, PLS180, PLS90 and PLS360

Part #	EA
60533	\$158.46

+/- Pacific Laser Systems Multi-Purpose Laser Line Tool

HVL 100

- Pacific Laser Systems introduces the HVL 100 multi-purpose laser line tool.

- The HVL 100 is the tool of choice for demanding remodeling projects.

- Ideal for laying out kitchen cabinets, bath or shower tile, wallpaper, electrical, and HVAC jobs.
- The fully self-leveling HVL 100 sets up easily and provides a 360 degree line of reference three times – horizontal and vertical with 90 degree layout. That means ceiling, walls and floor are all aligned with one easy-to-use tool and with the PLS SLD detector, its utility is enhanced for exterior layouts too.

- Accurate to within an +/- 1/8 of an " at 60 feet, and effective at up to a 100 feet, the HVL 100 is versatile and dependable for a variety of layout tasks.

- Mount the tool to the PLS Elevator Tripod or the PLS Wall Bracket.

- The PLS HVL 100 tool comes complete with carrying case, heavy-duty wall bracket, layout targets, operating manual and Rechargeable NiMH Batteries. The PLS HVL 100 system also includes a SLD laser receiver.

- PLS Lasers are designed by contractors for contractors.

Specifications:

- Accuracy: +/- 1/8" @ 60 Feet (+/- 3mm @ 20 meters)
- Working Range: +/-100 (+/- 30 meters) (outdoor w/detector)
- Leveling Range: +/- 4 Degrees
- Mounts To PLS Elevator Tripod And PLS Wall Bracket

- Power Source: 4 NiMH Rechargeable Batteries
- Weight: 4lb. 6 oz. (2kg) including batteries
- Dimensions: 8" x 3" x 11 1/2" (20cm x 10cm x 28cm)

- Class II Laser Product

Includes:

- HVL 100
- Heavy Duty Wall Bracket
- Rechargeable NiMH Batteries
- Layout Targets
- Carrying Case
- SLD Receiver

Part #	EA
HVL 100 SYSTEM	\$799.00

Pacific Laser Systems Level Laser 3 Beam Plumb

PLS 4

- The PLS 4 is a plumb, level, and square laser line tool with a combination of up and down points.

- The PLS 4 comes with its own dedicated floor base and magnetic wall bracket. Use outdoors with our exclusive SLD detector which is included in the PLS 4 System.

Specifications:

- Cross Line Accuracy: +/-1/8" @ 30 feet (+/- 3mm @ 10 meters)
- Point-to-Point Accuracy: +/-1/4" @ 100 feet (+/-6mm @ 30 meters)
- Working Range: +/-100 feet (outdoor w/ detector)
- Weight: 16 oz. (.45kg) (including batteries)
- Power Supply: 3AA batteries alkaline or rechargeable
- Dimensions: 2" x 2.5" x 4-3/8"
- Leveling Range: +/-6 Degrees
- Operating Time: +25 hours continuous use with single beam; 12.5 hours both beams

- Class II Laser Product

Includes:

- PLS 4 Laser Unit
- PLS 4 Pouch
- Magnetic Wall Bracket
- Carrying Case
- Floor Stand
- Operating Manual
- Batteries

Part #	EA
PLS4	\$456.00

Pacific Laser Systems Level & Square Laser 5 Beam Plumb

PLS 5

- Pacific Laser Systems introduces the new PLS5.

- The new PLS5 is smaller, lighter, and more durable and self-leveling to within 6 degrees – it's the most versatile construction laser alignment tool for the professional contractor.

- The new PLS5 has 5 bright points with all beams square to each other. It does not shoot lines. Plumb from floor to ceiling or from 50 feet off the ground.
- Shoot level benchmarks and square-on-slab, even in bright sunlight, using the unique PLS pendulum target and laser detector.
- Save time and money when your bubble vial level or rotary laser is too limited or too complicated for the job.
- The PLS5 provides the professional contractor more utility than any other construction laser tool in the industry.
- The PLS5 tool comes complete with pouch, pendulum layout target, magnetic wall bracket, floor stand, and carrying case. The new PLS5 system includes the PLS HVD Laser detector.

Specifications:

- Working Range: +/- 100 Feet (30 meters)
- Accuracy (all beams): +/- 1/8" @ 100 Feet (+/- 3mm @ 30 meters)
- Leveling: Automatic
- Leveling Range: 6 Degrees
- Power Supply: 3 "AA" Batteries
- Operating Time: + 30 Hrs. continuous
- Dimensions: 2" x 4" x 4 3/4"
- Weight: 1.13 lbs. (.52 kg.)
- Class II Laser Product

Includes:

- PLS5 Laser Unit
- Magnetic Wall Bracket
- Pendulum Layout Target
- Floor Stand
- Compact Carrying Pouch
- Carrying Case
- Operating Manual
- Effective May 1, 2011 New 3 Year to Life Warranty. Contact PLS or your local PLS dealer for details.

MVC82VHW	Plate Compactor With Water Tank	\$2,135.00

Multiquip® Plate Compactor

- Reliable engine with Honda GX160 offering easy start-up and low oil shutdown for durability.
- Single cast baseplate and eccentric housing lowers center of gravity and increases travel speed by 12% for greater productivity.
- Hour/tachometer measures runtime and engine rpm.
- Tubular steel roll bar protects engine components and provides central lifting point.
- Sealed belt cover keeps dirt and rocks out extending belt life.
- Open base plate design makes for easier removal of dirt and rock build-up.
- Cog-tooth belt drive enables longer life compared to conventional V-belts.
- Removable water tank can easily be refilled and is largest in class with 13.7 quart capacity.
- Optional urethane plate attachment for use on paving stones and brick pavers (UPA88T).
- Optional transport wheel kit (WHL88T).

Unit Specifications

- Centrifugal Force: 3372 lbf
- Exciter Speed: 6000 VPM
- Plate Size: 19.7 x 20.7 in
- 500 x 525 mm
- Max Forward Speed: 82 ft
- Per Min.:
- Fuel Consumption: 0.31 gal
- Per Hour:
- Water Tank Capacity: 13.7 qt

OZTEC Flexible Vibrator Shaft Interchangeable

- All shafts are interchangeable, are reversible (doubling their service life), and come supplied with "quick change" adapters
- Inner cores are made from extra-high carbon steel wires with casings made from tough abrasion resistant neoprene rubber, reinforced with multiple layers of high tensile wire braiding with a hardened flat steel liner
- Rigid enough for driving into the stiffest concrete without kinking yet limber and non-slip for easy and effective handling
- Quick Disconnect feature allows shaft removal from the power unit with the twist of a lever
- The lightweight and bearing-less coupling allows the job to be done in seconds without any tools—this fitting will not rust or seize
- Quick Disconnect feature allows shaft removal from the power unit with the twist of a lever
- Standard lengths: 5', 7', 10', 14', and 21' - can be coupled to 42' using shaft coupler #6725A1; have been successfully coupled to 65'.

Part #	Shaft Length (ft.)	EA
FS 05 OZ	5	\$149.00
FS 07 OZ	7	190.00
FS 10 OZ	10	247.00
FS 14 OZ	14	323.00
FS 21 OZ	21	439.00

OZTEC Steel Vibrator Head for Concrete

- Produce the highest amplitude and centrifugal force, generating the largest radius of influence of all heads available
- Energy is efficiently transferred from the motor, via the shaft, to the head, which is all eccentric (vibrating the entire head)
- Superior consolidation, increased productivity and a process more forgiving of less than perfect vibrating techniques
- Lower cost...Higher earnings...Superior quality concrete!!

Part #	Head Diameter (in.)	Centrifugal Force (lbs.)	Compaction Rate (yds\$/hr)	EA
HP 075 OZ	¾ Pencil Head	155	1-3	\$141.00

H 250 OZ	2½	1850	23 - 30	436.00

OZTEC Backpack Vibrator for concrete

- Mounted on very comfortable frames
- Allow operators incredible maneuverability around the job
- Run time with full tank approximately 1 hour plus
- Runs heads up to 2-1/2" diameter
- Honda 2-1/2 HP
- 4 stroke
- Weight 24 lbs.

Part #	EA
BP-50	\$1,959.00

Yamaha® Generators with Electric Start

- Great value with the same legendary quality and performance.
- Improved efficiency, increased reliability, quieter operation.
- Comes standard with wheels, fold-down/locking handles and battery.
- Displays total run time accumulation for servicing or refueling interval and indicates the voltage output.
- 3 year industrial and residential warranty with optional YES for customer piece of mind.
- Effortless push-button starting.
- Convenient for hoisting and security.
- Full power, full time 120/240 dual voltage perfect for job site or home backup.
- Ground Fault Circuit Interruption senses leaks to ground to reduce risk of electric shock.
- Easy monitoring of fuel level.
- Full roll cage protection for heavy jobs.

Specifications:

- Dimensions (length/width/height): 29.1" x 38.4" x 31.5"
- Dry Weight: 212 lbs
- Engine Type: OHV
- Displacement: 358cc
- Capacity: 6.9 Gallons
- Fuel Type: Unleaded Regular
- Cooling Type: Air Cooled
- Type: Brushless
- Maximum AC Output: 7200 Watts
- Rated AC Output: 6000 Watts
- Rated AC Current: 25 amps @ 240V
- Noise Level: 80 dBA
- Continuous Operation at Rated Load: 8.0 Hrs

Part #	Max AC Output (Watts)	Rated Current (amps @240V)	Continuous Load (Hrs.)	Ea

Yamaha®
**2800 Watt Electric Start
 Inverter Generator
 With Boost Technology**

3,500 Max Rated Watts

- Generator can produce 3,000 watts for up to 20 minutes
- Easily produce 3,500 watts for up to 10 seconds

Yamaha Boost Technology™

- Output is boosted for up to 10 seconds, providing more power
- Added boost makes this unit comparable to a 3500 watt generator

Inverter Technology

- Safely power computers and sensitive electronics

Smart Throttle™

- Engine speed varies based on load
- Electric Start (Battery Included)
- Starts with the press of a button (Recall backup)

12V DC Battery Charger

- Easily recharge batteries (cables included)

EF3000ISEB	\$2,469.00

Yamaha®
**Prime Generator
 2600 Watt**

- 4-stroke, OHV (overhead valve), single cylinder, air-cooled engine - Improved efficiency, increased reliability and quieter operation.
- Legal for sale in all 50 states - Meets CARB emission regulations.
- Auto-decompression system - Reduces compression for easier starting.
- AC Voltmeter - Provides easy-to-read voltage output.
- Oil watch warning system - Prevents engine damage, avoids costly repairs and minimizes down time. Provides added

Continued on Next Column

peace of mind and enhances long-term durability.

- AC Non-fuse thermal breaker - Peace of mind and added durability.
- Fuel gauge - Ability to gauge fuel level without opening cap.
- Large 2.9 gallon fuel tank - Provides 11 hours of continuous operation @ rated load.
- Rugged full rollover frame - Added durability and protects generator engine and fuel tank.
- Mechanical governor - Maintains engine speed to deliver consistent AC output.
- Specialty designed muffler - Reduces weight and noise.
- Brushless alternator - Maintenance free and reliable.
- Rubber vibration isolation mounts - Reduces vibration and increases smooth operation.
- Cast iron cylinder lining - Long engine life, excellent heat dissipation.

Specifications:

- Type: Brushless
- Maximum AC Output: 2600 watts
- Rated AC Output: 2300 watts
- Rated / Maximum AC Current: 19 / 21.6 amps @ 120V
- Engine: Air-Cooled, Four-Stroke, OHV Single Cylinder
- Displacement: 171cc
- Overall Length: 20.1"
- Overall Width: 16.3"
- Overall Height: 16.7"
- Dry Weight: 92.6 lbs.
- Fuel Tank Capacity: 2.9 gal
- Continuous Operation at Rated Load: 7.8 hr
- Noise Level: 68.0 dBA

SAFETY TRAINING

Frank's Supply provides safety training in a number of areas. These on-site safety programs cover situations such as aerial platform certification, hand fall safety, ladder and scissor safety, fall protection, power tool safety, etc. Frank's factory trained safety coordinator provides a professional presentation to its customers.

Aerial Platform Certification - This training is to be general in nature since it covers safe operating instructions for all types of aerial platforms. The course consists of four key areas of learning - it covers responsibility, safety and operation, and finishes with practical hands-on operation. Trainees will receive aerial platform operation and safety certification cards at completion of course.

Forklift Operator Certification - Course covers both merchandise and rough terrain forklift operation. The course consists of four key areas of learning - the importance of forklift safety procedures and to demonstrate safe forklift operation. Trainees will receive a three day forklift certification by successfully completing written and hands-on forklift safety tests.

Ladder Safety - General training is the proper use of ladders to ensure the probability of injury on the job. The course consists of two key areas of learning - it covers using the wrong ladder and how to choose the right ladder; recognizing or choosing climbing equipment and how to use and set-up a ladder correctly. Trainees will learn how to read and understand the load codes on the ladders.

Scissorlift Safety - General training is the proper erection of scissorlift and a review of OSHA's Safety Standards for scissorlifts. The course consists of two key areas of learning - review of scissorlift safety standards and what they mean. The trainees receive practical hands-on erection of scissorlift. Trainees will become a "competent scissorlift erector" for the construction jobsites.

Other training programs offered include Hand Tool Safety, Skid Shoe Safety and Operation, Powder Actuated Tool Certification, Power Tool Safety and Fall Protection.

CALL FRANK'S SUPPLY FOR DETAILS ON ALL TRAINING PROGRAMS.

Multiquip®
**MQ Power Ultra-Silent
 Whisper Watt Generators**
 1800 rpm

- Heavy duty, 4-cycle, diesel engine provides maximum reliability.
- Brushless alternator reduces service and maintenance requirements and meets temperature rise standards for Class F insulation systems.
- Open delta alternator design provides virtually unlimited excitation for maximum motor starting capability.
- Automatic voltage regulator (AVR) provides precise regulation.
- Full load acceptance of standby nameplate rating in one step (NFPA 110, para 5-13.2.6).
- Sound attenuated, weather resistant, steel housing provides operation at 59 dB(A) at 23 feet. Fully lockable enclosure allows safe unattended operation.
- Internal fuel tank with direct reading fuel gauges.
- Seven-stage powder coat paint provides durability and weather protection.
- Fuel/water separator removes condensation from fuel for extended engine life. Panel mounted alarm light included.
- Complete engine analog instrumentation includes DC ammeter, oil pressure gauge, water temp. Gauge, fuel level gauge, tachometer/hour meter, preheat indicator, emergency shutdown monitors, and keyed start switch.
- Complete generator analog instrumentation includes voltage regulator control, ammeter phase selector switch, voltmeter phase selector switch, voltmeter phase selector switch, AC voltmeter, AC ammeter frequency meter, panel light, and circuit breaker.
- Automatic safety shutdown system monitors the engine oil pressure and water temperature. Warning lights indicate abnormal conditions.
- Complete power panel. Fully covered three-phase terminals and single phase Reciprocating allow fast and convenient hookup for most applications including temporary power boxes, tools and lighting equipment. All are NEMA standard.
- Simultaneous single and three phase power.
- Voltage selector switch allows easy to change voltages as your applications require.
- EPA emissions certified.

Rolair Systems 3 HP SINGLE STAGE COMPRESSOR

Pump Description:

- Single Stage, Cast-Iron Cylinders, Aluminum Head and Crankcase for Faster Heat Dissipation, Ball Bearings, Splash Lubricated, Bearing Inserts on Connecting Rods, High Efficiency Reed Valves, Oil Sight Gauge, Low RPM's to Ensure Long Life and Trouble-Free Performance.

Tank:

- Horizontal or Vertical 60 Gallon - ASME Motor:
- Open Drip-Proof
- 220 Volt - 60 Hz - 3450 RPM - 1 Phase
- 230/460 Volt - 60 Hz - 1725 RPM - 3 Phase

Standard Equipment:

- Pressure Switch - Start-Stop Operation
- 110-135 PSI Settings, On/Off Switch
- Automatic Unloading Device for Loadless Starts
- Heavy-Duty Brass Shut-Off Valve
- Pressure Gauge - 0-200 PSI in 5 lb. Graduations
- Safety Relief Valve - ASME Approved
- V-Belt Drive
- Intake Filter/Silencer with Replaceable Element

- Totally Enclosed Steel Belt Guard

OPTIONAL EQUIPMENT:

- Magnetic Starter, Automatic Tank Drain, Low Oil Shutdown, Level Rite Mounts, Vibration Pads, 208V Motor, Dual Controls, Head Unloader, Air-Cooled Aftercooler, Refrigerant Air Dryer
- HORSE POWER: 1.5 to 3 HP
- CFM DISPLACED @ 100 PSI: 13.4 CFM
- CFM DELIVERED @ 100 PSI: 11.9
- CFM DELIVERED @ 175 PSI: N/A
- MOTOR RPM: 3450 RPM
- PUMP RPM: 1100 RPM
- PUMP OIL CAPACITY: 34 Ounces
- SINGLE OR TWO STAGE: Single Stage (2 Cylinder)
- REED VALVE SYSTEM: Yes (Standard)
- TANK CAPACITY: Unit pictured-60 Gallon (Refer to chart below for model specific capacities)
- L x W x H: 24 x 20 x 70

Part #	EA
V5180K24X	\$1,662.60

Rolair Systems ASME Reserve Air Tank

- Rolair's air keg gives you more air power on the jobsite
- Decrease pressure loss to drive nails at top efficiency
- Place the auxiliary tank closer to this reserve air tank to decrease noise levels from the compressor
- Portable air supply for framing and roofing jobs
- Drain valve and safety relief valve for improved maintenance and safer operations
- Four 3/8"- ports allow you to run compressor and tools through the tank
- Weighs only 30 pounds for easy transport

ORS Nasco
Blow Guns
600 Series

- Tamperproof safety blow gun
- Inlet Size: 1/4" (NPT)
- Inlet Pressure: 150 psi
- Operating Temp.: 32 °F [Min], 175 °F [Max]
- Body Material: Zinc
- Coating: Chrome
- Power Source: Compressed Air
- Type: Blow Gun

Part #	EA
600ST-DL	\$13.52

Chicago Pneumatic
Paving Breaker

- Demolition Tool - 90 lbs. CP1290
- Alloy steel forgings for excellent durability
- Four bolt backhead for rugged use
- Integral oiler provides continuous lubrication
- Heavy duty front head springs reduce reaction back to operator
- Reversible piston reduces maintenance costs
- Air inlet swivel for easy handling
- Chuck Size: 1-1/4" X 6"

Part #	Breaker (lbs)	EA
CP1290	90	\$1,464.00
CP1260	60	1,360.00

Chicago Pneumatic
Paving Breaker

- Alloy steel forgings for excellent durability
- Integral oiler for continuous lubrication
- Heavy-duty front head springs reduce reaction back to operator
- Air inlet swivel for easy handling
- Improved modern design for excellent durability
- Chuck Size: 1-1/8" X 6"

8900003029	1 1/8	60	\$1,380.40

Chicago Pneumatic
Chipping Hammer

- 4 Bolt Chipping Hammer .680 Round CP4133-3R 9753219584
- The CP 4133 hammer is designed to tackle punishing jobs with the hard hitting power you expect from CP
- Used for medium to heavy duty chipping, cutting, and trimming operations
- Four bolt handle provides higher air flow and durability
- Simplate valve for smooth operation
- Strong and reliable
- 3" Stroke
- 17" long
- 18 lbs.
- Steel 4-bolt flange for increased durability and strength, plus ease of serviceability.
- Alloy steel piston, cylinder and forged handle for extra strength.
- D handle with outside trigger ("OT").
- Muffler included as standard
- Uses .680 round shank oval collar chisels.
- 1800 Blows per minute.
- 7/8"-24 threaded air inlet
- 33.23 cfm.
- Use with CP whip hose 9246020362

Part #	Retainer	EA
CP41333R	Round	\$638.00

Chicago Pneumatic Chipping Hammer

- Simplate valve - for smooth, powerful operation.
- Rugged construction - hardened steel piston, cylinder and handle.
- Teasing throttle - for precise control.
- Clip lock - prevents loosening of handle/cylinder.
- Choice of bushing: Round-chisel freely rotates, Hex prevents chisel rotation.
- 1-1/8" x 3" bore and stroke.
- 1920 blows per minute.
- Uses .680 round shank oval collar chisels.
- Air/consumption: 26 cfm
- Air inlet 3/8"

Part #	Retainer	EA
CP41334R	.680 Round Shank Oval Collar	\$638.44

Ingersoll-Rand Power Tools Heavy-Duty Chipper

- Strong forged steel throttle handle for durability
- Plated piston for reduced wear and extended life
- Barrel is grooved for use with retainers
- Long nozzle section for long life
- Standard equipment: Plain retainer with metal lock spring on all models ending in A, other models are furnished without retainer.
- Performance figures are at 90 psi (620 kPa) air pressure.
- For hose lengths exceeding 50', use larger dia. hose.
- Bore: 1-1/8"
- Chisel Retainer: Plain
- Hose Connector Pipe Tap: 1/4"
- Size Hose Recommended: 1/2"

Dixon Valve In-Line Lubricators

- Protects portable or stationary air tools by efficiently oiling the tool mechanisms—Each time an air tool is operated, a fine mist of oil is injected into it along with the air from the compressor
 - Installation is recommended within 25 feet of the tool to be lubricated
 - Transparent sight disc allows visual inspection of oil level
 - Oil flow regulated by screwdriver screw adjustment
 - Minimum flow rate is 30 SCFM
- Note: Not recommended for constant flow applications. For reciprocating tools only.
- Type of oil to use:

Use any petroleum-base, non-detergent light weight oil (SAE 10/150SSU) which will readily break up into a mist, i.e., MOBIL DTE light

Continued on Next Column

or comparable oil. Do not use any synthetic oil or oils containing additives or solvents.

SAFETY TRAINING

Frank's Supply provides safety training in a number of areas. These on-site safety programs cover situations such as aerial platform certifications, hand tool safety, ladder and scaffolding safety, fall protection, power tool safety, etc. Frank's factory trained safety coordinator provides a professional presentation to its customers.

Aerial Platform Certification - This training is to be general in nature since it covers safe operating instructions for all types of aerial platforms. The course consists of four key areas of learning - it covers responsibility, safety and operation, and finishes with practical hands-on operation. Trainees will receive aerial platform operation and safety certification cards at completion of course.

Forklift Operator Certification - Course covers both warehouse and rough terrain forklift operation. The course consists of two key areas of learning - the importance of forklift safety procedures and to demonstrate safe forklift operation. Trainees will receive a three year forklift certification by successfully completing written and hands-on forklift safety tests.

Ladder Safety - General training in the proper use of ladders to reduce the possibilities of injury on the job. The course consists of two key areas of learning - it covers using the wrong ladder and how to choose the right ladder; recognizing or showing slanting equipment and how to use and set-up a ladder correctly. Trainees will learn how to read and understand theoretical codes on the ladders.

Scaffold Safety - General training in the proper erection of scaffolding and a review of OSHA's Safety Standards for scaffolds. The course consists of two key areas of learning - review of scaffold safety standards and what they mean. Plus trainees receive practical hands-on erection of scaffold. Trainees will become a "competent scaffold erector" for the construction jobsites.

Other training programs offered include: Hand Tool Safety, Scaffolding Safety and Operation, Power Scaffolding Tool Certification, Power Tool Safety and Fall Protection.

CALL FRANK'S SUPPLY FOR DETAILS ON ALL TRAINING PROGRAMS.

Scaling Chipping Hammer Chisel

- Use in lightweight pneumatically operated hammers and are all designed with a retainer collar to promote safety
- Shanks conform to the U.S. Navy specifications for round shanks
- Available with oval collar
- Used for variety of purposes such as chipping off rust or scale from metal surfaces, general cleanup work on concrete, cleaning up castings, and wherever a wide blade can be used for removal of unwanted or excess materials
- Scaling chisels come in blade widths of 1-1/2", 2", 2-1/2", and 3"

Proto® Industrial Tools
Drive Air Angle Impact

- Low profile head improves access to tight areas while housing design contains gearing to reduce maintenance issues.
- Impact mechanism provides high torque with little reaction, improving safety and reducing effort.
- Feather start trigger and forward/reverse ring for ease of use and increased productivity.
- Exhaust deflectors with integrated tethering connections for reduced noise and improved safety when working at heights.

Specifications:

- CFM: 5.0
- Blow Rate Fwd (BPM): 1600
- Blow Rate Rev (BPM): 1700
- Free Speed (RPMS): 7200

Proto® Industrial Tools
PROTO® Compact Air Impact Wrench

- Titanium housing helps to reduce weight, improve balance and ensure maximum durability.
- Ergonomically designed handle-forward design improves balance and control, helping to reduce operator fatigue.
- Robust twin hammer mechanism for efficient energy transfer and long service life.
- Ambidextrous forward/reverse lever can be actuated with a single hand, even with gloves on.
- Three position power regulator for forward rotation. Reverse rotation operates at maximum for highest breakaway torque.
- Feather throttle for maximum operator control.
- Side-fed, 6-vane air motor for maximum power and efficiency.
- Machined motor housing reduces number of parts, creating precision alignment, reducing wear, increasing efficiency and simplifying maintenance.
- 360° Rotating Air Inlet Fitting.
- Titanium Exhaust Deflector and Muffler.
- Integrated Tethering Capability in all Proto® Air Tools.
- Optional ProtoID™ Air Fitting for RFID Tracking Capability.

CP7731	3/4	415	\$238.00
CP7732	1/2	450	238.00

Chicago Pneumatic 3/4" Drive Impact Wrench

- The Chicago Pneumatic CP6763 is the best 3/4" impact wrench for Oil, Gas & Petrochemical or Mining requirements
- It has unmatched durability with a reliable mechanism & durable housing in Zinc alloy
- The tool provides maximum operator comfort and control attributable to great engineering and ergonomics even at high torque levels
- A patented 2-Jaw clutch system provides "never ending torque" to help tackle the toughest industrial bolting tasks.
- It features with best 3/4" impact to target big bolts on Industrial Maintenance & Production environments
- Super duty 3/4" industrial impact mechanism
- Highly reliable 2-jaw clutch
- Aluminum body & steel clutch housing for maximum longevity
- Durable reverse valve & steel trigger
- Compact 3-piece construction allows for easy maintenance
- Hole type socket mounting system utilizes an O-ring retainer (included)

Specifications:

- Sqaure Drive (in.): 3/4
- Free Speed (RPMs): 6300
- Blow Rate (BPM): 900
- Power / Weight Ratio (ft-lb/lb): 296.363

CP6763	\$695.00

Ingersoll-Rand Power Tools 3/4" DR HD Impact Wrench

- Air Consumption: 40 CFM [Max]
- Center to Side Distance: 1 29/32 in
- Control Type: On/Off/Reverse
- Cycle Rate: 1000 ipm
- Drive Size: 3/4 in
- Drive Type: Square
- Free Speed: 5500 rpm
- Handle Type: Pistol Grip
- Hose Size: 1/2 in
- Inlet Size: 3/8 in (NPT)
- Pressure: 90.00 psi
- Retainer Type: Pin
- Style: Heavy-Duty
- Torque: 200.00 ft lb [Min], 1000.00 ft lb [Max]
- Type: Straight Impact Driver

Part #	EA
1720P1	\$1,002.00

Ingersoll-Rand Power Tools 3/4" Dr Quiet Impactool

- Delivers incredible performance and industrial-grade durability
- Capable of producing 1,350 ft.-lbs. of maximum reverse torque
- Conveniently lightweight at just 7.4 lbs.
- Compact enough to access tight spaces
- Built to last and designed to withstand tough use in rugged environments
- Air motor is 16% more efficient than predecessor
- Easy-to-clean inlet screen means less downtime, better tool performance and less money spent on compressed air
- Ideal for demanding applications like truck and bus service, construction and agricultural equipment maintenance, MRO market

Part #	EA
2145Q1MAX	\$908.00

Chicago Pneumatic 3/4" Drive Impact Wrench

- 3/4" impact with Dual retainer (Hole + Ring)
- Powerful & durable Twin hammer clutch
- Composite body and Aluminum clutch housing
- 3 power settings in forward & full power in reverse
- Protective cover & reinforced structure
- Progressive trigger & Rubber grip
- Durable and reliable impact for industrial maintenance applications
- The Lowest noise level, limited vibration and lightweight for operator comfort
- Powerful but easy to control for precise assembly jobs
- Multi-purpose tool for versatile applications

Specifications:

- Square Drive (in.): 3/4
- Free Speed (RPM): 6500
- Blow Rate (BPM): 1000
- Power / Weight Ratio (ft-lb/lb): 166.7

Part #	EA
CP8272-D	\$595.00

Ingersoll-Rand Power Tools 3/4" Drive Air Impact Wrench

- The 259 is smaller and up to 2 pounds (.91 kg) lighter than other 3/4" impacts in its class.
- Together with its improved weight distribution, this makes the tool easier to handle.
- Unlike most other 3/4" impacts, the 259 doesn't require an upgrade to a 1/2" (13 mm) air line. This means lower shop costs and greater convenience of use... all without sacrificing top performance.
- Non-biased motor delivers 1,050 ft-lb (1424 Nm) of maximum torque in both forward and reverse
- Rocking dog impact mechanism works well on a wide range of air pressures
- Two power settings in both forward and reverse
- Variable speed trigger offers impressive control
- Handle-vented exhaust directs air away from the operator
- Silenced exhaust reduces tool noise while in use
- Ergonomic design for improved tool handling

Stanley Hydraulics Hydraulic Breaker

- Stanley's line of hand held breakers is the largest in the world, suited to virtually any application
- BR72 and BR72S are medium-to heavy-duty tools for work in the 70 pound class
- BR67 and BR67S are medium duty tools for work in the 70-90 pound class
- BR87 and BR89 are heavy-duty tools for work in the 90 pound class and above
- Highly productive in utility construction, street maintenance, repair of water and gas mains, and general contracting jobs.
- T-Handle
- Built in handle stops allow operator to apply full body weight in tough applications
- Easy-Ride™ foot, offered on the BR67, absorbs and controls tool-bit bounce, greatly reducing operator fatigue
- The BR89 uses the same style foot found on many air breakers which gives it the "ride and feel" of an air breaker and allows the bit to be backed out even when driven deeply into asphalt or concrete
- A feathering On/Off Valve controls blow speed, making startup and initial tool placement easy
- Diaphragm Accumulator provides trouble-free operation with system back pressures up to 250 psi (17 bar)
- Operates on open-center systems
- 1-1/8" chuck hex sizes

Part #	Weight (lbs.)	EA

Stanley Hydraulics Hydraulic Power Unit

- Small and compact featuring a single 5 or 8 gpm (20 or 30 lpm) tool circuit
- Designed to meet HTMA standards
- Briggs Vanguard or Honda OHV engines
- Air-to-oil cooler with high-speed blower
- Automatic throttling when tool is engaged
- HTMA quick disconnect couplers standard
- Lift and latch handle
- Sealed, non-spillable, no maintenance battery
- 12" Foam filled tires
- Low oil pressure shutoff
- In-tank hydraulic filter
- Electric start and all-electric controls
- Hose basket
- Briggs engine, 18 hp

Stanley Hydraulics Hydraulic Impact Drill Wrench

- Develops up to 500 foot pounds of impact torque making it an ideal tool for drilling holes from 1/2" to 1-1/16" diameter, 18" in length and working with Fasteners of the same size diameters
- 4-12 gpm (15-45 lpm) operating range
- Dual Spool for O.C. or C.C. hydraulic systems
- Detent type forward/reverse spool
- Reverse check valve to prevent incorrect connection
- Integral HYREVZ™ gear-type motor
- Large trigger for gloved operation
- Swing hammer mechanism

ID07830	1/2 Square Drive	CALL

Stanley Hydraulics Hydraulic Earth Auger

- Used for a wide variety of earth boring applications
- Can be operated with two people or by one person using the torque tube
- 7-9 gpm (26-34 lpm) operating range
- Output torque 250 ft. lb. / 339 Nm
- Reversible
- HTMA quick disconnect couplers
- Torque tube for one-man operation
- Dead-man type ON/OFF control
- Auger size: long 15" extensions
- Auger connection: 1-3/8" hex male

Part #	Description	EA
EA08102A	1-3/8" Hex Male Pinned Connection	CALL

Stanley Hydraulics Hydraulic Post Drive

- Will drive #2, #3, & #4 lb/ft "U" channel, #3 & #4 Strong Back "U" channel, #1 delineator, up to 2-5/8" round, or up to 2-1/2" square posts

- 7-9 gpm (26-34 lpm) operating flow
- Lifting eye
- ON/OFF trigger next to guide handle (model dependent)
- Hose whips
- Nitrogen charged accumulator
- Guide handles
- In-line valve, hose, couplers

Part #	EA
PD45131	CALL

Stanley Hydraulics Hydraulic Post Drive

- Ideal tool for pulling any type of post up to 8" wide
- 3-9 gpm (11-34 lpm) operating range
- 9800 lb pulling force
- Carrying handle
- UP/NEUTRAL/ DOWN control valve
- Built-in grips for "U" channel posts
- Chain & pins for irregular & perforated posts
- HTMA Couplers

Part #	EA
PP10100	CALL

Stanley Hydraulics Hydraulic Backfill Tamper

- Ideal for tamping around posts or back filling in small trenches or confined areas
- 7-9 gpm (26-34 lpm) operating range
- Valve in handle
- 6" diameter round foot
- 3 moving parts
- 750 blows per minute
- Accumulator
- 3" stroke

Part #	EA

Stanley Hydraulics Hydraulic Hose & Fitting

- Twinned Hose
- 1/2" x 50', wire braid with couplers

Part #	EA
58634	CALL

Stanley Hydraulics Hydraulic Dewatering Pump

- Stanley hydraulic pumps exemplify the pure power of hydraulic tools
- SM50 pump discharges an impressive 500 gallons per minute (1890 lpm) while it's small size allows it to fit in a box 11" deep by 10" square
- 4-9 gpm (15-34 lpm) operating range
- Stainless steel, steel, urethane, or cast iron impellers (model dependent)
- Submersible (no priming required)
- Able to run dry without damage
- 3/8" strainers
- Lifting eyes

Part #	Impeller	EA
SM2053101	Cast Iron	CALL
SM50100	Stainless steel	CALL

Multiquip® Centrifugal Pump

- Perfect for construction, municipal and agricultural jobs.
- Maximum pumping capacity of 158 gallons (598 liters) per minute.
- Maximum lift of 25 feet (7.6 meters).
- Powerful 3.5HP GX120 Honda gasoline engine.
- Discharge port easily rotates 180° for hose operation.
- Engine oil-alert to protect the engine in the case of low engine oil.
- Aluminum body with cast-iron fittings.
- Tubular Steel frame for transportation and pump protection.
- Cast Iron impeller and volute for abrasion resistance/long life.

Specifications:

- Suction (in.): 2
- GPM: 158
- Max Head (ft): 115

Part #	EA
QP2H	\$687.75

Multiquip® Submersible Centrifugal Pump

- 1.0HP, 115V/9.8A, 1Ø, UL & CUL Listed Electric Motor.
- Built-in Overload Protection.
- 2" (NPT) Female Discharge Port.
- Reliable double mechanical oil-filled seals.
- Cast iron/steel motor casing serves as heat conductor.
- Pumps Liquid Up To 120' F.
- 25' of molded power cord w/strain relief
- Dewateres Flat Surfaces Up To 1/2" Levels.

Part #	EA
ST2037	\$405.00

Multiquip® Trash Pump 3" Suction

- Lightest trash pump in the Multiquip fleet.
- Dual 2"- discharge ports.
- MAX Solid discharge size: 1"- diameter.
- Pumps up to 211 gallons (800 liters) per minute.
- Improved mechanical (silicone/silicone) seal.
- Reliable 4.8HP Honda GX160 engine.
- Low engine oil shutdown.
- Aluminum body with cast-iron fittings.
- Easy clean-out cover.
- Tubular Steel frame for transportation and pump protection.
- Cast Iron impeller and volute for abrasion resistance/long life.

Specifications:

- Suction (in.): 3
- GPM: 396
- Max Head (ft): 95

Part #	EA
QP2TH	\$1,470.00

**Multiquip®
Trash Pump
3" Suction**

- Features to tackle the demanding requirements of the Pro Contractors.
 - Trusted 7.9HP Honda GX240 gasoline engine.
 - Automatic low oil shutdown for the engine is a standard feature.
 - Pumps water with solid content asplarge as 1.5" (37 mm)bin diameter.
 - Maximum lift of 25 feet (7.6 meters).
 - Can pump up to 396 gallons (1,500 liters) per minute.
 - Dual 3"- discharge ports to adaptpto different applications.
 - Silicon/silicon mechanical seal for durability.
 - Large cleanout cover removes in seconds without tools.
 - Tubular Steel frame for transportation and pump protection.
 - Cast Iron impeller and volute for abrasion resistance/long life.
 - Aluminum body with cast-iron fittings.

Husqvarna Construction Products K970 Power Cutter

- The new Husqvarna K 970 is our latest and most powerful handheld power cutter, featuring the revolutionary X-Torq engine technology. It is a unique machine, in a class of its own when it comes to emission levels, efficiency and maneuverability.
- Engine specifications
- Cylinder displacement - 5.71 cu."
- Power output - 6.5 hp
- Vibration & noise data
- Vibrations front handle - 3.9/3.4 m/s
- Vibrations rear handle - 4.2/4.8 m/s
- Sound pressure level at operators ear - 104 dB(A)
- Sound power level, guaranteed (LWA) - 115 dB(A)
- Cutting equipment
- Blade diameter - 14/16"
- Max cutting depth - 5/6"
- Combined bushing diameter - 0.79/1"
- Overall dimensions
- Weight (excl. cutting equipment) - 24/26.2 lbs

Part #	Ea
9672B3701	\$1,445.90

Husqvarna Construction Products K760 14" Husqvarna Gas Cutoff Saw

- 14", 5 hp Gas Power Cutter
- Equipped with new generation Active Air Filtration
- Features SmartCarb filter system
- Outfitted with an X-Torq engine
- Also features DuraStarter technology and Air Purge, a decompression valve for easy starting
- Ideal for cutting concrete and stone
- Anti-Vibration System

Continued on Next Column

- Reversible Cutting Arm
- Sealed Transmission
- Fine-Tuned Ergonomics
- SmartCarb, built-in automatic filter compensation, maintains high power and lowers fuel consumption
- Easy to start thanks to Air Purge Decompression Valve
- Poly-V Belt provides better transmission of power, less frequent retensioning and greatly extended product life
- Efficient vibration dampening system minimizes vibrations (less than 5 m/s²), enabling long periods of operation without operator fatigue

Part #	Ea
9671B1002	\$1,078.25

Husqvarna Construction Products K760 14" 5 HP Power Cutter Cut Off Saw With Oil Guard

- Prevents engine failures from raw gas or improper mixing.
- OilGuard is a quality oil developed specifically for dusty environments like construction sites.
- Ideal for all air-cooled two-stroke engines.
- Use standard two-stroke oil in a K760 Oil-Guard machine by removing the OilGuard button by the rear handle.

SPECIFICATIONS:

- Blade, in: 14
- Cutting depth, in: 5
- Power, hp: 5
- power/weight ratio, hp/lbs: .23
- Sound power level Lwa, dB(A): 113
- Sound pressure level, dB(A): 97

Part #	Ea
9671B1402	\$1,216.00

Husqvarna Construction Products 3000 Vac 14" Dry Electric Power Cutter

- Dry cutting.
- 14" Diamond blade not included
- Its unbeatable dust collection makes it possible to cut without water.
- The vac solution is a part of DEX (dust extinguishing system)
- Forward rotation reduces the risk of jamming and kickback
- Good distance between handles for safe control and reduced load
- Front handle that facilitates both vertical and horizontal cutting
- Comfortable patented design of the rear handle makes your job easier
- Elguard[®], the advanced electronic overload protection, warns you by pulsating the rpm's when you're approaching overload
- Well-dimensioned bevel gear brings high durability, minimal power loss and low noise level
- SoftStart[®], this feature gives the saw a gradual start when the trigger is pulled. This makes it so the saw does not initially jump to full power. This feature gives the operator more control
- Pulling rotation reduces the risk of jamming and kickback.
- Elgard the advanced electronic overload protection varies the rotation speed to warn of approaching overload.
- Quick locking of the spindle and large outlet in the blade guard simplify blade changes.
- With the quick Vac connection plate, you can easily switch between traditional and vacuum assisted cutting.

Technical Data:

- Rated output 1800 Watts.
- Voltage 110 Volts, Rated current, 20 Amps.
- Capacity for 14" cutting blade (4.7" max cutting depth)
- Arbor 1"
- Electronic soft start provides starting with normal, slow acting fuses.
- Weight including cutting equipment 8,9 kg / 19.6 lb.
- Max RPM (no load) 4,500.

Part #	Ea
966715901	\$939.55

DeWalt® Industrial Tools
**Heavy-Duty 12" Abrasive
Cut-Off Saw**

- 15.0 Amp (5.3 hp) motor, 5,000 rpm provides high power and speed for metal and concrete cutting applications
- Epoxy coated motor provides long service life against abrasion from airborne debris
- Adjustable guard for different cutting depths mounted at two points to maintain proper alignment
- Two-wire double insulated 'S' jacket rubber cord provides increased durability and life in hot and cold climates
- Rotation directs sparks and debris towards the front of the tool and helps prevent climbing in the cut
- Guard may be re-positioned to direct sparks towards back of tool
- Spindle lock button for fast, easy wheel changing
- Includes: wrench; masonry wheel; metal cutting wheel
- Amps: 15.0 AC/DC
- Max Capacity (Round): 5"
- Tool Length: 23.9"

Part #	EA
D28754	\$482.98

Husqvarna Construction Products Cut-N-Break Saw Twin 9" Blades - Comes with EL20 Blade K3000

- Electronic Softstart provides starting with normal, slow acting fuses.
- Elgard, the advanced electronic overload protection – varies the rotation speed to warn of approaching overload.
- Efficient electric cutter with easy-to-handle technique for cutting deep, up to 16".
- Specially developed twin 9" blades provide high cutting speed and power.
- Low tool and service costs.
- Supplied with breaking tool and assembled with double blades.
- The ergonomic front handle makes both vertical and horizontal cutting easier.
- The convenient patented design of the rear handle facilitates operation.
- Lateral adjustment of the cutting arm enables flush cutting.
- The generous distance between handles makes for safe control and reduced load.
- Generously dimensioned miter gear provides high durability, minimal power loss and low noise levels.

Specifications:

Engine:

- Engine Electric 230V
- Rated current, A: 12/15/20 A
- Rated output: 2700/1800/2200 W
- Voltage: 110 / 120 / 230 V

Cutting equipment:

- Blade diameter 9"
- Max cutting depth 16"

Dimensions:

- Weight (excl. cutting equipment) 22 lbs

Vibration:

- Vibrations front handle 3.2 m/s²
- Vibrations rear handle 3.4 m/s²
- Daily Vibration E XP[®] osure (A8) 1.2 m/s²
- Daily Vibration Time (Time factor) 1 h
- Daily Vibration (Aeqv) 3.4 m/s²

Sound and noise:

- Sound level 95 db(A)
- Sound power level, LWA 108 db(A)

KV970/1260 Cutting Cart
For K970/1260 Only,
With Water Tank

- Quick mounting, central height adjustment and lateral adjustment make the trolley easy to use, and simplifies cutting in straight or curved lines.
- The handle adjusts easily, so you can find the ideal working posture, and the wheels are laterally adjustable.
- Pressurized water tank, 13.3 liters and comes complete with a 3-metre hose, and can be used separate from the cart.
- New system will work with existing blade guard nozzles (no need to change blade guard nozzles on the power cutter when cutting in trolley)
- Long cutting capacity with DEX
- Less slurry
- DOES NOT INCLUDE SAW

DeWalt® Industrial Tools 10" Wet Tile Saw 1.5HP Motor

- Cantilevering Rail/Cart system allows for 24" ripping capacity - 18" tile on diagonal
- Only 69 lbs - allows one person to transport and set up saw
- Stainless steel rail system is integrated into the saw frame, insuring accurate cuts
- Integrated 45/22.5° miter feature for quick angled cuts
- Plunge feature allows the user to make quick plunge cuts for electrical outlets and A/C registers
- Dual water nozzles can be adjusted for optimal water placement on blade in order to minimize over-spray and mist
- Rear and side water attachments can be placed on saw to catch overspray from large tile - keeping the water in the pan
- Removable cutting cart for easy cleaning
- Compact saw frame allows for easy transport and storage in vehicle - 34" x 26"
- 3-3/4" depth of cut allows for cutting of V-cap and pavers
- Powerful 1.5 HP motor will cut hard materials such as porcelain and stone
- 5 gallon water pan allows for quick set-up and break-down
- Edge Guide with 2-position 45 degree guide allows for easy line-up of corner cuts
- Optional stand available (D24001)

Part #	Blade Diameter (in.)	Ea
D24000	10	\$1,049.03
D24001	Stand	67.47

Diamond Products 10" Wet Tile Saw 1.5HP Motor

- Up to 10" blade capacity (5/8" arbor)
- 1-1/2 HP 15 amp, 115V high torque motor
- Rigid heavy duty steel frame
- Rip cut up to 24", diagonal cut to 18"
- Convenient carrying handles
- Cutting tray/cart uses ball bearing wheels for smooth movement and accurate cutting
- Replaceable liquid cooled bearing housing
- Blade guard includes brush for additional blade cooling protection and overspray
- Includes 45 and 90 degree rip guide/miter block

Part #	Blade Diameter (in.)	EA
72483	10	\$1,303.40

Husqvarna Construction Products TS 60 Tile Saw & Stand

- Includes 10" Varicut porcelain diamond blades.
- Removable cart extension and height adjustable stand included.
- Cuts tile and brick up to 20" diagonal or 26" rip cuts.
- Depth of cut 2-3/4".
- Innovative, patented Jet Stream Containment System keeps water inside the water pan.
- New rolling wheel system with Duracoon wheels.
- Weighs only 79 lbs. easy to carry.
- Able to make plunge and miter cuts.
- Extra long 26" cart for better tile support.
- Equipped with Elgard which indicates, via the LED, when the machine is overloaded to prevent motor damage and increases motor life.
- Electronic Softstart helps starting with normal, slow-acting fuses and increases brush and motor life.
- Integrated wheels in frame allow saw to be pulled independently like a roller bag.

Continued on Next Column

- Water flow system designed to keep pump protected from slurry.
- Larger blade flanges provide more support for blade core.

Specifications:

- 1-1/2 Hp, 115 volts, Single Phase Husqvarna motor.
- Full load Amps 14.4, starting Amps 18.
- 10" blade diameter, 5/8" arbor.
- Dimensions uncrated, L 39-1/8" x W 25" x H 21-3/4".

966610701	\$1,223.00

Diamond Products Continuous Rim Diamond Blades Wet Cutting Tile Saw Blades T17P - Premium Black

- Rugged construction
- Fast smooth cutting
- Total Segment Height: .375"
- Wet cutting
- Continuous rim

Part #	Size (in.)	EA
12368	10 x .060 x %	\$105.70

Diamond Products Continuous Rim Diamond Wet or Dry Cutting Tile Saw Blade TD2SB - Star Blue

- A great value for fast, chip-free cutting in a wide variety of tile, masonry and stone
- Use wet or dry on tile saws
- Special metal bond designed especially for dry cutting
- Can be used on right-angle grinders and hand saws
- Special air hole design to keep the blade cool and when cutting dry
- Continuous rim for smooth cut

Part #	Size (in.)	EA
80012	4 x .060 x %	\$17.36

Husqvarna Construction Products Masonry Saw 1-1/2 HP Portasaw® MS 355

Applications:

- Smaller jobs for cutting brick, block or pavers

Benefits:

- New replaceable rails make alignment of cart easier
- New design has wider opening in back to allow larger material to pass through
- Saw head comes pre-assembled to frame
- High torque continuous duty 110 or 220 volt electric motors, a 4.5 hp Honda gas engine or the new 4.5 hp Subaru gas engine provide high power and long life
- Only two pivot points for reduced saw maintenance and longer diamond blade life
- Plunge cut or lock the head and use with the rolling cart
- The optional foot pedal kit reduces operator fatigue when plunge cutting
- Sta-level® bladeguard keeps parallel to the cutting table for accurate cuts
- The side handles make moving the saw easier
- Pivot lock bar moved to front for convenient raise/lower operation of blade

Specifications:

- Blade Diameter: 14"
- Depth of Cut: 5"
- Bladeshaft RPM: 2,150
- Power HP*: 1-1/2
- Engine Manufacturer: Baldor
- Engine Specifications: T.E.F.C.
- Blade Guard Type, Sta-Level®: One-Piece Steel
- Arbor Size: 1"
- Bladeshaft Bearings: Ball Bearings
- Conveyor Cart: Cast Aluminum
- Water Pump, High Output: Submersible
- Voltage: 115
- Cycle/Current: 60/AC
- Phase: 1
- Full Load Amps: 14.4
- Starting Amps: 79@115V
- Number of Belts: 2 V-belts
- Starter: Capacitor
- Engine Cooling: Air
- Weight lbs. (Uncrated): 160
- Weight lbs. (Crated): 171
- Dimensions (Crated): 38" x 19-1/2" x 27"

*As rated by engine manufacturer.

Diamond Products Masonry Saw 1-1/2 HP

- CC515MXL2-E1
- Variety of power options
- Stay level blade guard
- Removable cutting head
- Leg kit standard - folding stand optional
- Sude carrying handles
- Includes water pump
- Vulcanized rubber coated materials slide cart
- Easy and safe access to depth control lock
- Heavy duty frame design help resist damage to saw body
- Simple yet strong design allows easy maintenance

Specifications:

- Maximum Depth of Cut: 5"
- Blade Shaft Diameter: 7/8"
- Arbor Diameter: 1"
- Blade Shaft Bearings: Flange block ball bearings
- Blade Shaft Drive: 2 belt
- Blade Mounting: Right (electric), Left (gas)
- Blade Raise/Lower: Counterbalanced, spring tensioned head pivots on two 7/8" flange block bearings
- Blade Coolant: Dual spray tubes, pump fed (electric models), pump from tray (gas models)
- Air Filter: 3-stage cyclone (gas models)
- Fuel Capacity: 1 gallon (gas models)
- High Temp Shut-off: Included (electric models)

Heat Star by Enerco 1.6KW Portable Electric Heater

DeWalt®

- No monitoring required
- Operates without producing fumes or open flames
- Units include adjustable thermostats
- Durable heavy-duty construction
- Heater features extra coil support

Part #	Ea
DXH165	\$320.00

**If You Can't Find It Here...
Let Us Know!**

Heat Star by Enerco 10/7 kW Forced Air Electric Construction Heater

DeWalt®

- Two stage Operation - Connects to either a 50A or 30A breaker
- Burner coils are supported at both the top and bottom to reduce transport noise and provide extra support for increased coil life.
- Recessed controls provide protection for switches and knobs.
- Equipped with a 25°F-95°F thermostat. The heating element cycles on and off to maintain the set temperature.
- Designed and certified as an unattended source of jobsite heat.

Specifications:

- Output (kW): 10kW / 7kW
- Output (BTU/HR): 34,121 / 23,884 BTU/HR.
- Output (CFM): 350 CFM
- Watts: 10,000 W
- Voltage: 240v
- Amps: 28 / 42 A
- Minimum Breaker Required: 2-Pole 50A @ 10kW / 2-Pole 30A @ 7 kW
- Phase: Single
- Weight: 35 Lbs.

Part #	Ea
DXH1000TS	CALL

Heat Star by Enerco Cordless Portable Heater

- Instant heat
- Ready to use! Hose and regulator included.
- Connects to 20, 40 or 100 lb. propane tanks.
- Built-in Battery and Charger
- Runs 8 hours per charge
- Recharges in 5-6 hours
- Can operate while plugged in charging
- Ultra Quiet Fan and Burner
- Lower surface temperature

Continued on Next Column

- Limited 1 year warranty
- Specifications:

- Type of Gas: For use with Propane Only
- Gas Supply Pressure to regulator Max: 200 psi (1380 kPa); Min: 5 psi (34.4 kPa); regulator out: 38" WC (9.47 kPa)
- Manifold Pressure: 36" WC (8.97 kPa)
- Electrical Input: 110/220V, 50/60 Hz, 1Ø, 2a
- Ignition: Manual, piezo ignition
- Primary Flame Control: Thermocouple Operated Gas Valve
- High Temperature Control: 240°F (115°C); Min. Ambient Temp. Rating 0°F (-17.8°C)
- Rating: 35,000 BTU/hr (10.25 kW)
- Fuel Consumption: 1.6 #/hr (.72 kg/hr)

Honda Engines Honda Commercial Grade Engine Overhead Valve

- Honda GX Commercial Series Engines
- The leader in creating four-stroke engines that are reliable, technologically advanced and easy to start
- Our Overhead Valve models have a lightweight design for reduced fuel and oil consumption
- Meet current CARB and EPA standards and offer enhanced performance, all with no change to existing external dimensions
- Produced in manufacturing facilities that are certified to ISO 9000 standards

Applications:

- GX160 - Air compressors, Generators, Pumps
- Pressure washers, Reel-type lawn mowers, Go-Karts, Agricultural equipment, Chipper/Shredders, Small construction equipment, Concrete saws

Continued on Next Column

- GX240 & GX270 - Cement mixers and trowels, Air compressors, Water pumps, Agricultural equipment, Blowers/vacs, Pressure washers, Generators, Go-Karts, Concrete saws, Chippers/shredders. Plus many other construction applications
- GX340 - Commercial turf equipment, Lawn tractors, Floor buffers (propane), Riding mowers, Blower/vacs
- GX390 - Lawn tractors, Pressure washers, Go-Karts, Trenchers, Agricultural equipment, Chipper/shredders, Air compressors, Concrete saws, Variety of construction equipment

Motorola® Remote Speaker Microphone for XTN Series Two-Way Radios

- Compatible with Motorola Spirit M and GT Series and Motorola XTN Series radios.
- Microphone clips directly to shirt collar
- Push-to-talk microphone button located on side
- Spring-loaded swivel clip provides secure attachment
- 90-day warranty

Part #	EA
53862	\$62.36

Motorola® Standard NiMH Battery for XTN Series Radios

- Provides up to 15 hours of use
- Compatible with Motorola XTN series
- NiMH rechargeable battery
- Estimated charging time 16 hours first-use; 10 hours later uses
- 90-day warranty

Part #	EA
53871	\$40.00

Motorola® 4 Channel UHF Rugged Two-Way Business Radio

- Operates on 89 UHF business exclusive frequencies and features 219 PL/DPL codes, including 6 customizable codes to help ensure a clear signal.
- Powerful 1500 mW speaker ensures clear communication without distracting feedback in noisy conditions.
- Meets military specifications for sealing against dust, wind, shock, vibration and other adverse conditions.
- Leave your radio on your belt and know exactly what channel you are communicating on.
- Enables hands-free operation with or without the use of optional accessories

Part #	EA
RMU2040	\$220.00

Motorola®

Rechargeable Two-Way Radio

- With a range of up to 35 miles and freedom to communicate wirelessly, the T460 won't slow you down. The range in real-life conditions can be reduced from maximum range.
- 22 Channels each with 121 Privacy Codes. With 22 channels and 121 privacy codes, totaling 2,662 combinations, it is easy to find an available channel.
- Keep updated with real-time weather conditions by turning on the weather channel or initiating weather alerts. With these capabilities, you will always be prepared for the unexpected.
- When in danger, easily ask for help. Press the emergency alert button and the radio will transmit an alert siren followed by spoken or incidental sounds. This will allow others to know that you have an impending danger.
- Push-To-Talk (PTT) power boost allows you to extend the transmission range by increasing the transmitter power output. It also saves battery life when no power boost is necessary.

Genie® Industries Articulating Self-Propelled Z Booms Rough Terrain Z™-34/22ICRT

The Z-34/22 IC Series combines the industry leading lift structure with an unbeatable engine package.

- A new drive system, with a high quality axial piston pump and integrated controls, provides the smooth control, durability and efficient power transmission required for rough terrain operation.
- Two-speed hydraulic motors provide optimum speed and torque. The 4x2 model operates at 0-4.5 mph with 37% gradeability. The 4x4 model operates at 0-4 mph with 45% gradeability.
- Zero tailswing and nose swing in all positions, with a 68" wide 4x2 model and 70" wide 4x4 model, provide excellent maneuverability in confined areas.
- Dual parallelogram riser allows ascent and descent along a vertical plane without retraction or extension of the boom.

Standard Features:

- 40' 8" working height and 22' 4" horizontal reach
- Compact 68" wide 4x2 model and 70" wide 4x4 model
- 500 lb. platform capacity
- 4' jib features 139" working range
- Dual wheel spring-applied brakes
- Fully proportional controls
- 180° powered platform rotation
- Auxiliary power unit
- Drive enable system
- Self-leveling platform
- Water, oil and voltage gauges
- AC wiring to platform
- Hour meter

**Articulating Self-Propelled
 Z Booms**
Bi-Energy System
 Z™-34/22

The revolutionary Genie Bi-Energy system combines the quiet, emission-free and efficient operation of a 48V DC machine with the versatility of a diesel powered generator to provide a boom that is ideal for indoor and outdoor applications

- The Kubota Z482, 12 hp, water cooled, 2-cylinder, diesel powered generator package will charge a fully discharged machine in only 3.5 hours
- The Kubota Z482 diesel will operate for approximately 17 hours before refueling is necessary. The engine is mounted on a swing-out plate and protected with gull wing style covers for serviceability
- Both models operate with the all-new Sep-Ex 48V DC drive system. The Bi-Energy has the added feature of an on-board diesel powered generator. The generator acts as a 100 amp battery charger to provide enough electrical power to operate all boom functions even when the batteries are fully discharged
- The all new Sep-Ex drive motors and controller provide automatic hill braking and ramp braking
- The Sep-Ex drive system allows maximum drive performance resulting in 30% gradeability and 3.7 mph travel speed
- The Sep-Ex motor controller eliminates the need for forward/reverse contactors or speed sensors. This reduces complexity and improves the reliability of the drive system
- The direct electric, 48V drive system provides outstanding battery life when not using the engine generator
- An on-board 25 amp AC charger is standard to provide a means for overnight charging

Standard Features:

- 40" 8" working height and 22' 4" horizontal reach
- Compact 68" width
- 4 ft. jib features 144" working range
- 500 lb. platform capacity
- 48V DC power source
- Fully proportional controls
- 160° powered platform rotation

- Self-leveling platform
- Auxiliary power unit
- Drive enable system
- Dual wheel spring applied brakes
- AC wiring to platform
- Battery charge indicator
- Hour meter

Bil-Jax® Inc. Scaffold Fastening Pins

- Spring Rivet is used for loss prevention only
- Use gravity pig-tail, snap, or hinge pins for preventing uplift

Note: Use suggested frame / insert attachments in any combination

Part #	Description	EA
0066-0046/50	ST-2-PT/50 2" Gravity Pig-Tail Pin	\$0.69
0068-061/50	ST-2-SP/50 2" Snap Pin	0.54
0068-023/50	ST-9-SR/50 Spring Rivet	0.99

Bil-Jax® Inc. Scaffold Insert Pin

- Inserts are not included with frame and must be ordered as separate items
- Fits Frame Tube: 1-5/8" outer diameter
- 7" Pin

Part #	Desc.	EA
0007-106	without Collar	\$2.90

Bil-Jax® Inc. Outrigger Package For Multi-Purpose Scaffold

- Narrow Outrigger Package—4 pcs.
- Note: Guard railing is required by OSHA on platforms 10' higher
- Caster diameter: 5"
- Material: Steel
- Max Capacity: 1000 lbs.
- Color: Yellow
- For Use With: 5AA99, 5AB10, 5AB11, 5AB15, Package 4

Part #	EA
0127-150-18	\$149.00

Werner® Ladders 7 ft Extruded Alum-a-Board

- For use with steel scaffolds
- 19-1/16 in wide, 7 ft long aluminum decked plank
- Side Rail Length: 7"
- Platform Width: 19(1/16)"
- Load Capacity: 75lbs.

Part #	Ea
5607-19	\$146.25

Bil-Jax® Inc. Scaffold Work Platform Aluminum Frame with Plywood Deck

- Four-bolt hook designed for superior strength
- Off-set hooks allow continuous decking
- Superior extrusion design offering maximum strength where needed
- Side rail extrusion protects the edge of the plywood
- Plywood supported by aluminum cross members in center and at both ends of the walkboard

Part #	Dimensions	EA
0054-216	19" W x 7' L	\$119.00
0055-220	19" W x 10' L	219.00

Werner® Scaffold Scaffold Plank Task-Master®

- Ideal for ladder jack applications, swing stages, or catwalks
- 2 Person - 500 lbs. rated.
- Rail Width: 14"

Part #	Side Rail Length (ft.)	EA
2416	16	\$440.37

SAFETY TRAINING

Frank's Supply provides safety training in a number of areas. These on-site safety programs cover situations such as aerial platforms certification, hand tool safety, ladder and scaffolding safety, fall protection, power tool safety, etc. Frank's factory trained safety coordinators provide a professional presentation to its customers.

Aerial Platform Certification - This training is to be general in nature since it covers safe operating instructions for all types of aerial platforms. The course consists of two key areas of learning - it covers responsibility, safety and operation, and finishes with practical hands-on operation. Trainees will receive aerial platform operation and safety certification cards at completion of course.

Forklift Operator Certification - Course covers both merchandise and rough terrain forklift operation. The course consists of two key areas of learning - the importance of forklift safety procedures and to demonstrate safe forklift operation. Trainees will receive a three year forklift certification by successfully completing written and hands-on forklift safety tests.

Lifting Safety - General training in the proper use of ladders to reduce the possibility of injury on the job. The course consists of two key areas of learning - it covers using the wrong ladder and how to choose the right ladder; retuning or abusing climbing equipment and how to use and set-up a ladder correctly. Trainees will learn how to read and understand the load codes on the ladder.

Scaffold Safety - General training in the proper use of ladders to reduce the possibility of City Safety Standards for scaffolds. The course consists of two key areas of learning - review of scaffold safety standards and what they mean. Plus trainees receive practical hands-on erection of scaffold. Trainees will become a "competent scaffold erector" for the construction jobites.

Other training programs offered include Head End Tool Safety, Skid Steer Safety and Operation, Powder Actuated Tool Certification, Power Tool Safety and Fall Protection.

CALL FRANK'S SUPPLY FOR DETAILS ON ALL TRAINING PROGRAMS.

Ridgid® Tools
RIDGID SeeSnake 100'
MicroReel & Camera
SeeSnake®

- Small Diameter and Tight Turn Radius - camera head can fit through 1.5" - 4" lines with stiffer push cable.
- Multiple Monitor Compatibility - the microREEL will work with the microEXPLORER but can also work with any other SeeSnake monitor (with cable).
- Lightweight & compact design - fits perfect in the truck of any car and easy to carry into any job site.
- Includes 512Hz Sonde in Camera Head
- Cable: 100' length, .27" diameter
- Camera Head: .98" (25mm)
- Includes: CA-300 micro 37888 unit & L100 Reel 35143
- 1-1/2" to 4" pipes up to 100'
- Includes: Ridgid 37888 Camera and 35143 Reel

Part #	Ea
40798	\$3,692.60

Ridgid® Tools
Digital Inspection Camera
microEXPLORER™

- The new RIDGID® microEXPLORER™ Digital Inspection Camera is a powerful, handheld, video inspection system that's portable enough to be carried anywhere.
- This completely digital platform allows you to perform and record detailed visual inspections of hard to reach areas.
- The microEXPLORER Digital Inspection Camera allows you to offer more services and provides you the tools you need to detect and diagnose the unreachable.

16703	425	\$368.75

Wilton® All-Terrain Vise Hitch2Bench

- Fits a standard 2 hitch and includes a hitch pin for security.
- Can be mounted on a bench or trailer for even greater versatility with the included mounting bracket.
- Lightweight and with an integrated carrying handle, the ATV is designed for easy transport.
- Patented 360Degree locking handle secures the handle while driving or repositions it while working.
- The included set screws are designed to provide a tight fit in the hitch and reduce vibration while driving.

Specifications:

- Jaw Width: 6"
- Jaw Opening: 5-3/4"
- Throat Depth: 5"
- Pipe Jaw: 3"

Part #	EA
10010	\$238.00

Wilton® Machinery Base Vise Machinists Stationary

- Now available with smooth jaws
- Hardened steel jaw, replaceable inserts are machine serrated for safe, sure grip under maximum torque
- 60,000 PSI tensile ductile iron body parts for mass and strength
- Precision thrust bearing creates greater clamping pressure and increased longevity
- Extra deep throat —design gives you more working room where it counts
- Can be readily converted to swivel base type with addition of Wilton's swivel assembly.
- Enclosed design keeps contaminants out, lifetime lubrication for smooth operation
- Large anvil
- Straight line pull —unbreakable spindle and nut

Specifications:

- Jaw Width: 4-1/2"
- Jaw Opening: 7-1/2"
- Throat Depth: 4"

Part #	EA
450S	\$873.97

Wilton® Machinery All-Weather Vise

- Hardened steel jaw inserts—machine serrated, replaceable jaws assure a positive hold
- Self-centering pipe jaws—hardened steel jaws hold up to 6" pipe safely, securely
- 60,000 PSI tensile ductile iron body parts for mass and strength
- Alloy steel slide bar gives added strength and keyed for a precision fit
- Locking swivel base with double lock-downs for nonslip hold in any position
- Enclosed construction keeps lubrication in, contaminants out, perfect for outdoor use
- Large anvil
- Straight line pull with unbreakable spindle and nut

Continued on Next Column

- Features Wilton's regular rust inhibiting finish, then sprayed with a clear automotive acrylic lacquer
- Heavy zinc plating and rust inhibitor treated vise jaws, pipe jaws, spindle assembly & lock nuts
- Perfect for permanent outdoor use; Mounting on utility or maintenance trucks; Construction sites; Pipeline projects; Oil field service
- Jaw Width: 3-1/2"
- Jaw Opening: 5"
- Throat Depth: 4-1/2"
- Pipe Jaw Capacity: 1/2" -2-1/2"

Part #	EA
AW35	\$867.00

Wilton® Machinery Tradesman Vise

- Wider jaws provide greater clamping surface
- Fully enclosed spindle and nut increases the life of the vise
- Made from 60,000 PSI tensile ductile iron
- Large anvil work surface
- Precision turned sidebar
- 360° swivel base with double lockdowns
- Height: 9.6"
- Jaw Width: 5-1/2"
- Length: 17.3"
- Model Number: 1755
- Net Weight: 51.55 lbs.
- Opening Capacity Max (in): 5
- Overall Dimensions: 9.6 x 9.1 c 17.3
- Pipe Jaw Capacity (in): 1/4 - 3
- Throat Depth (in): 3-3/4
- Type of Base: Swivel
- Width: 9.1 inch
- Workholding Capacity (lbs): 60,000 PSI

PC-1375**

- Patent pending, X-CEL blade for fast single stroke cutting. No Ratcheting or Twisting Required!
- Durable aluminum construction for heavy duty use.
- Extra large 1.375" O.D. capacity.
- Ergonomic grips on bottom handle are spaced at 1/2" increments to act as a quick pipe measuring scale.
- Easy turn-thumb latch for reliable storage.
- Replaceable, hardened steel cutting blade.
- Spring-loaded handles provide instant adjustment to any pipe size.
- Burrless cutting operation provides a square cut.

Part #	Model #	O.D. Capacity (in.)	EA
23493	PC-1375	1/2 - 1-3/8	\$32.60

Reed Tools

Quick Release™ Tubing Cutter

- Best tracking, easiest cutting tubing cutters available
- Cut copper, aluminum, Steel, and stainless steel tubing
- With special wheels it will cut a wide variety of plastic pipe and tubing
- TC1Q also features a retractable reamer
- TC1Q and TC2Q have improved sliding bars with die-cast zinc aluminum for greater strength

Part #	Length (in.)	O.D. Capacity (in.)	Wheel	EA
TC2Q	8"	1/4" - 2-3/8"	#0	\$82.89

Reed Tools

Tubing Cutter

- Popular copper tubing cutters have large grip knob for comfort during use
- Reamer built inside grip knob for convenience and safety
- Wide rollers yield a square cut while thin cutter wheel profile insures a quick, clean cut
- Meets federal specifications GGG-V-00771d type II class 2 table VI
- Longer lasting because of heavier construction
- Large knob makes it easier to tighten
- AWWA Approved
- Cutter Wheel Copper: O
- Cutter Wheel Plastic PE: OP2
- Cutter Wheel Plastic PVC: 1 - 2PVC

Part #	O.D. Capacity (in.)	EA
T20	3/8" - 2 1/2"	\$67.14

Ridgid® Tools

**Quick Acting CSST Cutter
Model 151 CSST**

- The RIDGID® Quick Acting CSST Cutter utilizes many of the well-known design features of the best-in-class Quick Acting Tubing Cutters but adapted specifically for cutting CSST.
- Cuts corrugated gas tubing sizes 3/8" - 1" diameter.
- Two sets of split-floating guide wheels™, located on the top and along the sides of the cutter wheel, ride in the corrugations to provide stable tracking, resulting in a high quality cut.
- The floating guide rollers also serve to hold the two pieces of pipe together to ensure a complete and clean cut.
- Ergonomic knob provides a firmer grip to cut through tubing quickly.
- Quick acting mechanism allowing the cutter to rapidly adjust from 3/8" - 1" diameter tubing.
- Durable I-beam style frame.

Part #	O.D. Capacity (in.)	EA
32078	3/8" - 1"	\$64.35

Ridgid® Tools

**Stainless Steel Tubing Cutter
Model 35S**

- The 35S has been designed for optimized performance on Stainless Steel tube.
- Six individual bearings replace traditional rollers. The bearings create a smoother cut, and allow for increased speed around the tube.
- A contoured frame allows for easy alignment while adjusting the cutter to make a cut.
- Specially designed Stainless Steel cutter wheel contains bearings in the hub, to decrease drag around the tube for a smoother cut.
- Ergonomic knob allows for easy adjustments.

Part #	O.D. Capacity (in.)	EA
29963	3/16" - 1-1/8"	\$44.15

Ridgid® Tools Tubing Cutter Wheels

- Replacement cutter wheels for tubing cutters and applications of wheel listed below

Part #	Blade Exp. (in.)	Std. Wheel No.	Application	EA
33210	.500	E-702	Hvy Wall PVC, ABS	\$11.25

32870	42-A	¾ - 2	180.20
32880	44-S	2½ - 4	485.10

THE CONTRACTOR'S SOURCE

for Tools and Equipment

Ridgid® Tools Soil Pipe Cutter

No. 206:

- Cuts 1-1/2" - 6" No Hub® soil pipe
- Lighter weight and closer spacing of cutter wheels, together with simple ratcheting action, give smooth cut on lighter wall pipe
- Ratchet-action handle parallel to pipe allows for application in trenches of minimum width
- Complete with hand guard to protect operator's knuckles when cutting

No. 276

- Provides one stroke cutting of 1 1/2"-6" service weight, No Hub® soil pipe, clay and cement pipe. Makes repeated cuts quickly.
- Expand capacity up to 8" service weight soil pipe by ordering Catalog No. 33665 Chain Extension Assembly

No. 902:

- Preset to eliminate guesswork in No Hub® soil pipe installations
- Assures proper coupling tightness for strong, leak-free joints
- The 5/16" drive tightens with a fast ratchet action until the wrench clicks for accurate 60 inch-pounds torque every time

Part #	Model No.	Description	Capacity (in.)	Replmt. Chain Cat#	EA
68650	206	Soil Pipe Cutter No Hub®	1-1/2 - 6	33670	\$595.35
74207	276	Soil Pipe Cutter	1-1/2 - 6		497.55
31410	902	Torque Wrench for No Hub® Cast-Iron Soil Pipe Couplings	—		41.65

Reed Tools Internal Pipe Cutter

- Used to cut pipe from the inside (i.e. drain pipes or sprinkler drops, etc)
- Heat-treated steel, saw-toothed blades on the IC1S make for fast cutting
- The IC1A come standard with a 1-1/2" abrasive blade for areas where the blade may come in contact with concrete or other hard surfaces
- Available in a variety of sizes and styles, all cutters fit in a standard 3/8" drill
- Flats on the larger cutters keep the cutter from slipping in the jaws of the drill while a lock washer on the smaller cutters keeps the blades from slipping
- All saw-toothed models cut plastic pipe aggressively and can cut wood for sink lugs
- Cutters with an "L" ending the Catalog No. feature an EXCLUSIVE, adjustable guide that doubles as a depth gauge

Part #	Description	Capacity (in.)	BLD
IC1A	Abrasive Blade Cutter	1 1/2 min. I.D.	\$17.06
IC1S	Saw Tooth Blade	1 1/4 min. I. D.	21.64
IC1RA	Replacement Blade for IC1	1 1/2 min. I.D.	15.80
IC1RS	Replacement Blade for IC1	1 1/4 min. I. D.	9.99

Reed Tools Plastic Pipe Saw

- Tooth design, tooth set, and hardness simplify cuts on ABS and PVC pipe
- Die cast design of handle on PPS12 and PPS18 makes blade change fast and easy
- Blades are interchangeable with most manufacturers
- Teeth are sharpened on both sides and are harder than a file—never need sharpening
- Saws feature new tooth geometry and unique setting
- All four blades allow simultaneous cutting forward and backward...a 50% productivity improvement
- No. PPS12B is replacement blade for PPS12
- Pipe capacity: 3"
- Length: 16"

Part #	EA
PPS12	\$18.87
PPS12B	9.85

Reed Tools Ratchet Shears

- Ratchet shears offer good mechanical advantage and smooth, easy operation
- RS1 is designed for one-hand cuts—also cuts utility tracer wire
- RS2 is redesigned with new jaw shape and American quality
- All ratchet shears blades are easily resharpened and replaced
- Broader base and 7-step ratcheting mechanisms mean square cuts are easily attained and with minimal clearance

Part #	Capacity Actual (in.)	Length (in.)	EA
RS1	1.7	8.3	\$73.57
RS2	2.4	17.0	140.62
RS2B	Replacement Blade for RS2		36.61

Greenlee® Textron, Inc PVC Cutter for up to 2"

- High-leverage compound ratchet action and long handles reduce effort
- Heavy-duty metal frame for cutting large diameters
- Sharpenable and replaceable tool steel blade

Part #	EA
865	\$157.40

Ridgid® Tools
Scissor-Style Cutter
 Model PC1250

- X-CEL® Blade – Quick change, reversible blade equals two times blade life. No ratcheting or twisting required!
- Spring loaded handles for faster positioning
- Large 15/8" (42mm) O.D. Capacity
- Compact size for easy storage

Part #	EA
23488	\$18.10

Ridgid® Tools
Plastic Pipe Cutter

- Designed for quick, clean cuts through plastic pipe and tube
- Features compound leverage ratchet mechanisms and a hardened steel blade
- One-hand operation produces quick, clean cuts with ease
- Do not use to cut plastic coated tubing or pipe
- Capacity: 1/8" - 1-1/2" O.D.

Part #	Description	EA
92170	Replacement Blade	\$40.80

*Family Owned
 and Operated
 Since 1953*

Ridgid® Tools
Tailpiece Extension Cutter

- Clean automatic deburring - the cut produces a fine strand of plastic opposed to the fuzz created by a hacksaw
- Automatic beveling - that allows for immediate easy joining to other sink drain pieces
- Fast Cut - On average just six rotations to complete one cut
- Straight cut - window to ensure a straight cut on the marked pipe every time
- Two sizes in just one tool - 1-1/4 Inch and 1-1/2 Inch

Part #	EA
34943	\$19.60

Armstrong Industrial Hand Tools
Ratchet Pipe Cutter
 Wiss®

- Ratcheting mechanism provides increased convenience and less effort
- Allows pipe cutting in tight areas and other hard-to-reach places
- Use on copper, brass, aluminum and thin-wall conduit material
- Ideal for corners, floor/ceiling joists, crawl spaces and basements
- Durable metal cutting head and lightweight nylon/fiberglass handle
- Replaceable cutting wheel in handle (medium and large models only)
- Cut Type: Wheel
- Cutting Diameter: 5/16" - 1 1/8"
- Material Type: Brass, Copper, Aluminum
- Tool Length: 7"

Part #	EA
WRPCLG	\$45.32

Reed Tools
Soil Pipe Cutter

- The fastest way to cut cast iron soil pipe, clay pipe, and small diameter concrete pipe is with a chain pipe cutter.
- For close quarter work.
- Multiple use 1/2" ratchet wrench ships with SC49 models.
- No-Hub® Roller Kit is now standard on all models.

Specifications:

- Pipe capacity: 1-1/2" - 8"
- Length: 26"
- Weight: 19.4 lbs.

Ridgid® Tools
**Pipe Reamer
Spiral Ratchet**

- Self-feeding spiral design for extra-fast and easy hand reaming.
- Please note this reamer is not suitable for use with power drives
- Includes handle
- Capacity* 1/4 - 2"

Part #	EA
34955	\$248.15

Genera® Tools
T-Handle Reamer

- For enlarging and counter sinking holes in plastic, sheet metal, and other materials
- Provides leverage for easier reaming
- Made of hardened and tempered tool steel with precision ground cutting edges
- Tapered Fits 1/8" to 1/2" holes

Part #	EA
130	\$17.03

Ridgid® Tools
**Deburring Tool
Inner/Outer Reamer**

- Deburring Tool for plastic pipe and tubing
- Made of high-grade steel with specially-designed, long-lasting cutting edges
- Slip-resistant vinyl hand grip
- Ideal for removing outside ridges and inside burrs on plastic pipe and tubing
- For quick, clean and easy I.D. reaming and O.D. beveling of 1/4" through 1-1/4" pipe
- Long-wearing alloy steel blades give fast, professional reaming on PVC, ABS, CPVC and other types of PB and PE Plastics
- Plastic Pipe Capacity: 1/4 - 1-1/4"

Part #	EA
34965	\$22.60

Reed Tools
Plastic Pipe Fitting Reamer Kit

- Clean leftover pipe and solvent cement residue from PVC, CPVC or ABS fittings.
- Reduce labor time and materials costs by reusing the fittings.
- Available in 7 sizes and fit into standard 3/4" drills.

Part #	Ea
PPRK4	\$353.45

**Reed Tools
Plastic Pipe Solutions Kit**

- All the tools needed for a perfect joint, every time
- Cutter, deburring tool and internal cutter together in a carrying case
- Works for plastic pipe such as PVC, PP, ABS and PE
- Quick Release Tubing Cutters produces a square cut so the pipe bottoms out in the fitting for best fit

Part #	Ea
TC3-636SK	\$261.10

**Reed Tools
Deburring Tool for Plastic**

- Deburrs fast - one easy revolution produces a 3/32" 15° chamfer in seconds
- Gives smooth, chamfered pipe end so solvent spreads evenly as pipe is joined
- Deburrs six pipe sizes: 1 1/4" through 4"

Part #	EA
DEB4	\$68.13

**The
Complete
Source**

Since 1953

**General® Tools
Swivel Head
Deburring Tools**

- Economically priced, with the quality and performance of higher priced deburring tools
- Two interchangeable blades
- Aluminum handle: 5"

Part #	Description	EA
482	Tool	\$11.59
482A	Blade for steel, copper, aluminum & plastic	2.54
482B	Blade for brass & cast iron	2.43

**Ridgid® Tools
Ratchet Flaring Tool**

- This precision tool provides smooth, uniform flares with minimum effort.
- The new ratcheting feed screw handle turns easily and requires less motion and effort than a standard handle
- Hardened steel flaring cone, eccentrically mounted in needle bearings, produces rolling action for even metal flow, giving uniform flare walls without galling
- Recommended for soft materials such as aluminum and soft copper— will also flare steel, stainless steel, hard copper, and brass thru wall thickness of .035"

Part #	Type	Sizes	EA
83037	45° SAE Flares	1/8, 3/16, 1/4, 5/16, 3/8, 1/2, 5/8, 3/4	\$144.90
41162	37° SAE Flares	3/16, 1/4, 5/16, 3/8, 1/2, 5/8, 3/4	123.50
33927	45° SAE Flares Type	345/DL with No.150 Tubing Cutter and Case Kit	111.40

**Proto® Industrial Tools
Tube Cutting & Flaring Set**

- Cuts tubing from 1/8" through 1-1/8" O.D. and puts 45° flare on tubing 3/16" through 5/8".

Part #	EA
349	\$77.81

**Proto® Industrial Tools
Tube Flaring Tool**

- A complete flaring tool for tubing 3/16" through 5/8" O.D.
- Includes multiple hole 45° V-block and flaring yoke with hardened, polished, ball-bearing mounted cone
- Ideal for use on copper tubing; not recommended for use on steel applications Fed1 specs.: GGG-F-451C
- V-Block Only: 351V

Part #	EA
351	\$51.84

Ridgid® Tools
Model 700 Power Drive

- Heavy-duty hand-held power drive
- Features reversible 115V or 230V universal motor
- Capacity 1/8"-2" (3mm-50mm) pipe. Designed for RIDGID no. 12R die heads. Other RIDGID die heads (OOR, OORB, 11R) using adapters, threading 2 1/2" through 6" (62mm-150mm) with 141/161 geared threaders
- CSA approved
- Approved to UL standards (NRTLCL)

Technical specifications

- Motor: universal, 1/2 HP, 115V or 230V 25-60 Hz
- Switch: double-throw reversible
- Gear head: all-spur gear reduction. Spring loaded adapter pawl. Hardened steel spindle gear
- Body: cast aluminum
- Spindle speed: 32 RPM (no load)
- Capacity: 1/8"-2" pipe (30mm-50mm)
- 1/4"-1" (6mm-25mm) bolt (using OO-RB)
- Weight: 25 lbs. (11 kg) power drive only
- Length: 28 1/4" (71.7 cm)
- Use RIDGID thread cutting oil.
- 230V 25 - 60 Hz
- Pipe Threading Capacity (in.): 1/8-2
- Pipe Threading Capacity (mm): 3 - 50
- Rod Threading Capacity (in.): 1/4-1
- Rod Threading Capacity (mm): 6 - 25
- Maximum Geared Threader Capacity (in.): 150
- Weight (kg): 14

Ridgid® Tools 300 Power Drive Compact Threading Unit

- Heavy-duty proven performance
- Lightweight, portable design
- Fast transport and set-up
- Self-contained oil system with adjustable flow control
- Versatility for threading and grooving
- Quiet operation
- CSA Approved
- Approved to UL Standards (NRTLTC)

Specifications

- Pipe Capacity: 1/8" - 2"
- Bolt Capacity: 1/4" - 2"
- Motor: 1/2 HP, 115V Universal 25-60 Hz
- Motor Control: Heavy-duty rotary FOR/OFF/REV with integral foot switch
- Spindle Speed: 38 RPM (52 or 57 RPM available)
- Chuck: Hammer-type with replaceable, rocker-action jaw inserts
- Oiling System: Through-the-head, with integral oil reservoir, self-priming, constant-flow, gerotor pump
- Cutter: Model 360, roll-type cut-off, self-centering, full-floating
- Reamer: Model 344, 1/8" - 2", five flute cone, right hand only
- Optional model 250 folding wheel stand (No.67182)

Ridgid® Tools 1215 Power Threading Machine

- Compact, light-weight design
 - One-piece aluminum housing
 - Two easy to use carrying handles
 - Integral footswitch hanger
 - Powerful motor and transmission
 - Through die head oiling
 - Adjustable oil flow control
 - CSA Approved
 - 44 RPM right hand operation spindle speed
 - Hammer type front chuck with replaceable rocker action jaw inserts
 - Cam action rear centering device
- Standard equipment included:
- 1 - No. 811A Quick Opening Die Head
 - 1 - Set 1/2"-3/4" Universal alloy NPT dies
 - 1 - Set 1" - 1 1/2" Universal alloy NPT dies
 - 1 - No. 344 five fluted reamer 1/4" - 1-1/2"
 - 1 - No. 732 Cutter with cutter wheel
 - 1 - Gallon Nu-Clear oil

Part #	EA
61142	\$3,528.20

Ridgid® Tools 535A Power Threading Machine Automatic

- Automatic chuck
- 3-speed (16/46/58) transmission
- Large 1.75 gallon oil reservoir
- 100% greater chip tray capacity
- Generous top cover area for keeping tools and fitting handy
- High clearance carriage
- Can be used with geared threader Model 141
- Uses Model 816/817 semi-automatic, Model 815A self-opening or Model 811A quick-opening die heads
- Length gauge for quick, accurate cut-off
- CSA Approved
- Approved to UL Standards (NRTLTC)

Specifications

- Pipe Capacity: 1/8" - 2", 2 1/2" - 4" with 141 Geared Threader
- Bolt Capacity: 5/16" - 2"
- Motor: 2 HP, single-phase, 115V, 60 Hz, 20 Amp Reversible Induction Motor
- Switches: FOR/OFF/REV and Intergral Safety Foot Switch
- Chuck: Automatic with four reversible forged jaws
- Rear Centering Device: Automatic, centering only
- Cutters: Self-centering, full-floating. Two models available: 1) Standard. No. 820 Wheel-Type Cutter, pipe capacity 1/8" - 2", bolt capacity 1/4" - 1"
- 2) Optional. No. 821 Blade-Type cutter, pipe capacity 1/2" - 2"
- Spindle Speed: 3 speed 16/46/58 RPM
- Reamer: 5-flute cone, RH, 1/8"-2"
- Oil Pump: Self-priming gerotor oil pump

Part #	EA
91142	\$6,460.15

RIDGID

Ridgid® Tools
535 Power
Threading Machine
 Manual

- Large 1.75 gallon oil tray
- 100% larger chip tray
- Generous top cover for keeping tools and fittings handy
- High clearance carriage
- Speed chuck with rocker-action jaws centers and grips workpiece instantly
- Can be used with geared threaders Models 141 and 161
- Uses Models 816/817 semi-automatic, Model 815A self-opening or Model 811A quick-opening die heads
- Length gauge for quick, accurate cut-off
- CSA Approved
- Approved to UL Standards (NRTL/C)

Specifications

- Pipe Capacity: 1/8" - 2", 2 1/4" - 4", 4" - 6" with 141 and 161 Geared Threaders
- Bolt Capacity: 1/4" - 2"
- Motor: 1/2 HP, single-phase, 115V, 25-60 Hz, 15 Amp Reversible Universal motor
- Switches: FOR/OFF/REV and Integral Safety Foot Switch
- Chuck: Speed Chuck™ with replaceable rocker-action jaw inserts (3)
- Rear Centering Device: Cam-action, turns with chuck
- Cutters: Self-centering, full-floating. Two models available: 1) Standard, No. 820 Wheel-Type Cutter, pipe capacity 1/8" - 2", bolt capacity 1/4" - 1" 2) Optional, No. 521 Blade-type cutter, pipe capacity 1/2" - 2"
- Spindle Speed: 36 RPM standard (no load), 54 RPM model also available
- Reamer: 5-flute cone, RH, 1/8" - 2"
- Oil Pump: Self-priming gerotor oil pump. RH/LH combination reamer available

Part #	EA
93287	\$6,735.05

Ridgid® Tools
1224 Power
Threading Machine

- 1/4"-2" pipe at 36 RPM and 2-1/2"-4" at 12 RPM
- The 1224 threads a wide range of pipe including black, galvanized and plastic-coated pipe, together with stainless steel, IMC and heavy-wall conduit, as well as rod up to 30 Rockwell C.
- An induction motor helps insure sounds levels well within the limits set by the regulating authorities
- A special capacitor-start / capacitor-run motor allows the 1224 to thread a full range of material where voltage drop is experienced
- 1/4"-2" Universal Die Head: 2-1/2"-4" receding die head allows cutting of tapered or straight NPT/NPSM or BSPT/BSPP threads
- Constant and proper lubrication of dies and workpiece with through-head oiling
- CSA Approved
- Approved to UL Standards (NRTL/C)

Specifications

- Pipe Capacity: 1/4" - 4" (6 mm - 100 mm), 4" - 6" (100 mm - 150 mm) with 161 Geared Threader
- Bolt Capacity: 1/4" - 2" (6 mm - 50 mm)
- Motor: 1-1/2 HP, single-phase, 60 Hz or 50 Hz, induction type
- Motor Control: Reverse/off/forward, heavy-duty rotary-type and integral foot switch
- Spindle Speed: 36/12 RPM
- Gear Box: Two-speed gear box 3:1 ratio
- Chuck: Hammer-type with replaceable rocker-action jaw inserts
- Rear Centering Device: Cam-action
- Cutter: Model 764 full-floating, self-centering 1/4" - 4" with F-229 cutter wheel
- Reamer: Model 774, 1/4" - 4" blade-type
- Oiling: Through-dehead
- Pump: Self-priming, gerotor-type, automatic-reversing, constant flow

Hand Operated Oiler
Model No.418**

- Assembly and heavy-duty reservoir are designed to increase productivity
- 50% more oil per stroke than other hand-helds
- Ergonomic 2-finger trigger design reduces user fatigue
- Die cast body with swivel nozzle and no exposed parts for longer life
- Convenient anti-slip grip design with hook for easy hanging
- Features a fastenerless twist and lock drip pan
- Lighter than metal and does not rust
- So strong, that under normal use, no dents will form on impact or shape changes—therefore, the drip pan will fit squarely on the reservoir time after time
- Molded body eliminates leaks at the hose-reservoir connection
- No. 10883 comes complete with oiler, 1 gallon thread cutting oil, reservoir with removable chip tray and 54" hose
- No. 72332 comes with oiler only

**Ridgid® Tools
Thread Cutting Dark Oil**

- Dark Oil - traditional mineral oil with low odor and anti-mist formulation
- Cools threads and pipe during operation
- Speeds metal removal
- Sulfur reacts with metal being threaded to form a tough chemical film between the die-cutting edge and threaded material. This reduces friction, galling and prevents fluid rupture by tool pressure

Continued on Next Column

- RIDGID thread cutting oils are free of chlorine and other halogens, PCBs and heavy metals. They are listed as non-carcinogenic
- Complete material safety data sheet available
- 1 Gallon

Ridgid® Tools Hydraulic Roll Groover Model No.918

- Features a powerful 15 ton hydraulic ram in a compact, easy to transport unit
 - With one man set-up and operation, the 918 is the ideal groover for job-site requirements
 - Adapts quickly to RIDGID 300 power drive, 535, 1822, or 1224 threading machines
 - Designed to provide maximum versatility
 - Capable of grooving up to 12" schedule 108 and 8" schedule 40 standard wall pipes
 - Roll set changeout is accomplished in seconds
- Capacity:
- 1" - 12" schedule 10 steel
 - 1" - 8" schedule 40 steel
 - 2" - 6" cooper (types K, L, M, DWV)
 - 2-1/2" - 6" schedule 80 PVC
- Standard equipment includes:
- One 2" - 6" schedule 10/40 roll set
 - One 8" - 12" schedule 10 (8" schedule 40) roll set
 - One carry case for roll sets

Note: a roll set consists of a groove roll and a drive roll

Ridgid® Tools Hydraulic Roll Groover Model No.918-I

- Capable of grooving 1" to 8" schedule 40 and 1" to 12" schedule 10 pipe faster than any roll grooving machine in its class
- Powered by a 1.2 HP universal motor and heavy duty transmission, the 918-I produces high quality grooves consistently and effortlessly
- Comes standard with a rugged wheel stand built for mobility in the shop without compromising stability
- The stand's tray is tough enough to support 200 lbs.
- Uses a custom-designed two-stage hydraulic pump that minimizes pipe flare, operator fatigue, and hydraulic fluid leaks
- Fastest roll groove time in its class
- Custom engineered 2 stage 15 ton hydraulic pump and ram eases grooving and reduces flare and operator's fatigue
- Produces consistent, high quality roll grooves
- CSA approved
- Approved to UL standards (NRTLCL)

Capacity:

- 1" - 12" schedule 10 steel
- 1" - 8" schedule 40 steel
- 2" - 6" copper (types K, L, M, DWV)
- 2-1/2" - 6" schedule 80 PVC
- Motor: universal 1.2 HP, 115v 60 Hz
- Motor control: On/Off heavy-duty with foot switch: 45 (no load)

Standard equipment includes:

- One 2" - 6" schedule 10/40 roll set
- One 8" - 12" schedule 10 (8" schedule 40) roll set
- One tool for roll set changeout
- One carry case for roll sets
- One heavy duty wheel stand with tray
- One foot switch
- One 1" - 12" stabilizer for grooving nipples

Note: a roll set consists of a groove roll and a drive roll

Ridgid® Tools Portable Roll Groover Model No.916

- The most durable and efficient lightweight portable unit available
- Built with a solid, durable cast-iron housing, it withstands heavy usage, yet is light enough for easy transportation
- Features a patented single stroke feed mechanism that allows for accurate operation quickly and effortlessly
- Specifically designed for field service roll grooving applications
- Quick and easy mount to RIDGID Nos. 300 power drive, 535 or 1822 threading machines
- Cam-type feed actuation - translate into minimum operator effort to form roll grooves
- Durable cast-iron housing withstands extensive field use
- Depth adjustment screw separate from feed mechanism allows for consistent groove depth
- Lightweight, only 33 lbs. allows for easy transport and storage
- Integral feed handle is part of overall unit. No extra tools required.
- Optional roll sets for: copper 2"-6" (types K, L, M, DWV) 1" Sch. 10, 40 steel pipe
- Optional 1-1/4" - 1-1/2" and 2" - 6" AWWA roll sets
- Easy serviceability - drive and groove rolls are easy to change

Capacity:

- 1-1/4" - 6" schedule 10 steel
 - 1-1/4" - 3" schedule 40 steel
 - 2" - 6" copper (type K, L, M, DWV) optional
- Standard equipment includes:
- One 1-1/4" - 6" roll groove set

Summer® Lifts Small Hi-Jacks

- Hi Jacks for perfect work height on shapes or pipe 24" in diameter or smaller
- Heavy Duty Style:

The original jack stand—The first commercially produced jack stand constructed out of rugged 1" steel tubing, tested by independent labs for excessive loads

- Pro Jack: Uses the same head styles as heavy-duty jack but the tri-stand legs are made out of formed steel to suit all budgets
- Fold-A-Jack:

All the convenience of portability without sacrificing load capacity or safety. The Fold-A-Jack base supports up to 2,000 lbs. and may be used with any Summer head style. The sturdy, square steel legs fold-up for easy storage in truck cross boxes, job-boxes, vans or wherever space is a concern.

Ridgid® Tools
Compact Drain Machine
 Model K-60SP

- For 1-1/4" to 4" Drain Lines
 - A compact machine for institutional, commercial or residential cleaning
 - Also ideal for septic tank, vacuum truck operators, roof-top vent stacks
 - Small enough to fit into cramped spaces, yet powerful enough to clear tough blockages
 - Rear handle allows for easy transporting up ladders and onto roof tops
 - Unique, easy-to-use instant-acting cable clutch maximizes operator control
 - Push handle down, cable spins at 600RPM
 - Release handle, cable stops instantly, no overrun to kink or damage cable
 - Simple adjustment knob allows unit to spin both 7/8" and 5/8" diameter cable—Adjusts in seconds
 - 7/8" cable (C-10) cleans 2" to 4" lines through 150 feet
 - 5/8" cable (C-7, C-8, C-9) cleans 1-1/4" to 4" lines through 125 feet
 - Remove only two bolts to access jaw set for cleaning or replacement—Removal of same bolts provides access to belt drive
 - Equipped with 1/2 HP motor
 - CSA approved
 - Approved to UL standards (NRTLCL)
- Includes:
- K-60SP machine
 - A-1 operator's mitt
 - A-60-12 rear guide hose

A-62 cable kit, includes:

- A-8 cable carrier
- Five sections of C-10, 7/8" cable, total 75 feet

A-61 tool kit, includes:

- T-101 straight auger
- T-102 funnel auger
- T-107 spade cutter
- T-125 retrieving auger
- T-150-1 sharktooth cutter
- A-3 tool box
- A-12 pin key

Ridgid® Tools
Drain Cleaner
 Model K-1500SP

- For 2" to 10" Drain/Sewer Lines
- All the features of the standard K-1500 with extra power to clean larger lines (10") and longer distances (through 300 feet)
- Cuts through blockages fast
- Equipped with full 1 HP TEFC motor and heavy-duty rotary switch
- Unique easy-to-use instant-acting cable clutch maximizes operator control
- Pull handle down and cable spins at 600 RPM
- Release, frees cable instantly, no overrun to loop or damage cable
- Low-profile frame design will fit most crawl spaces
- 10" semi-pneumatic ball bearing wheels
- Easy clutch jaw change-out adapts the K-1500 SP to use 7/8" cable to clean 2" to 4" lines through 175 feet (order jawset A-368X, 59325)
- CSA approved
- Approved to UL standards (NRTLCL)

K-1500SP w/C-11 includes:

- K-1500SP machine with A-1 mitt and A-12 pin key
- A-34-12 rear guide hose
- 150 feet. Ten sections of C-11, 1-1/4" cable
- Three A-8 cable carriers

Nine-piece 1-1/4" tool package, includes:

- T-1 straight auger
- T-3 funnel auger
- T-6 retrieving auger
- T-8 2-1/2" grease cutter
- T-13 2-1/2" sawtooth cutter
- T-50 sharktooth cutter with 3", 4" and 5" blades
- A-2864 hex key (3/16")
- A-3516 hex key (1/4")
- A-3 tool box

Ridgid® Tools
C-100 3/4" x 100' Drain Cable

- Model C-100 IC Cable
- 3/4" x 100' Inner Core Cable
- Inner Core Cables provide good flexibility and more cleaning power to the cable end

Part #	Ea
41697	\$425.80

Ridgid® Tools
Straight Auger

- Drain cleaning tool
- Fits 7/8 in. (22.2mm) sectional cable C-10
- Use to explore and break up stoppages
- Returns samples to the surface to help determine the correct tool to use

Part #	Model No.	Ea
62850	T101	\$23.60

Ridgid® Tools T407 Retrieving Auger

- Model #: T-407
- Tools and Replacement Blades Fits 5/8" and 3/4" Cables C-24, C-25, C-26, C-27, C-28, C-29, C-75, C-100, C-24HC, C-27HC, C-75HC and C-100HC (all sold separately)

Part #	Ea
92500	\$29.85

Ridgid® Tools H-D Bulb Auger

- Fit 5/8 In. and 3/4 In. cables
- For use with the K-750, K-7500 and K-650 drum machine
- Drain cleaning accessory
- Full lifetime warranty against material defects and workmanship

Part #	Ea
51762	\$28.00

Ridgid® Tools Spear Cutter

- Drain-cleaning tool
- Spade cutter 1-3/4 in. or 45 mm
- Use to open up floor drains
- Spear cutter with a flat grease blade
- Tools and Replacement Blades Fits 5/8" and 3/4" Cables C-24, C-25, C-26, C-27, C-28, C-29, C-75, C-100, C-24HC, C-27HC, C-75HC and C-100HC (all sold separately)

Part #	Ea
92495	\$20.00

Ridgid® Tools Grease Cutter

- Replaceable Part
- Grease Cutter
- Tool Fits 1/2" Inch Inner Core Cable
- C-44, C-45, and C-46
- Accessory Part
- For Ridgid Drum Machines
- Replacement Blade Cat. Number 97925

Part #	Size (in.)	Ea
62870	2½	\$29.20
62875	3½	31.35

Ridgid® Tools 4-Blade Cutter

- Tool fits the following Cables: * C-10 * C-44 * C-45 * C-46

Part #	Model No.	Size	Ea
62935	T-113	3	\$40.15

Ridgid® Tools Sawtooth Cutter

- Replaceable Part
- 2 1/2" Inch
- Sawtooth Cutter
- Fits 7/8 Inch Sectional Cable
- Accessory Part
- For Ridgid Drain Cleaning Machines
- Model T-103

Part #	Ea
62860	\$55.10

Ridgid® Tools H Cutter

Part #	Ea
62865	\$40.15

Ridgid® Tools T-413 3" Double Cutter

- (1) Holder
- Fits the following 5/8" and 3/4" Cables: C-24, C-25, C-26, C-27, C-28, C-29, C-75, C-100, C-27HC, C-24HC, C-75HC and C-100HC (sold separately)
- Replacement blades (92825) available, sold separately
- Replacement holders (92910) available, sold separately

Greenlee® Textron, Inc Punch Tool With Battery and 120V Charger

FEATURES:

- Up to 2X Faster Cycle times
- 361 Degree rotating head punches at any angle
- Lightweight 5.8 lbs.

INCLUDES:

- (1) LS100L Punch Tool
- (1) Case
- (1) 120V Charger
- (1) Battery

Part #	Ea
LS100L11A	\$1,784.39

Greenlee® Textron, Inc Metal Stud Punch

- Punch up through 20 gauge steel studs in one stroke
- Aluminum head provides strength with minimum weight, reducing operator fatigue
- Contoured handle design gives better operator leverage and makes it possible to punch in tight places
- Self stripping design eliminates punch hang-ups
- Automatically centers holes on standard studs
- Conversion kit available to upgrade early models from 24 gauge to 20 gauge maximum capacity
- Steel Capacity: 20 gauge (0.9 mm) steel studs

Part #	Diameter (in.)	Capacity (in.)	EA

Part #	EA
7238SB	\$482.87

Greenlee® Textron, Inc
Ratchet Driver Punch Kit
Slug-Buster®

- Time saving recirculating ball screw system punches much faster than wrench method
- Required less than half the force of conventional ratchet drivers
- Punches up through 10 gauge (3.5 mm) mild steel with Greenlee® Standard and Slug-Buster® punches; and 16 gauge (1.5 mm) stainless steel with Greenlee Slug-Splitter® punches
- Ratchet action allows for use in confined areas
- Unique design eliminates stud rotation during punching - lowers the strain on studs
- No.1904 includes:
Basic High Leverage Ratchet Driver with four draw studs and case
- No.1906SB includes:
High Leverage Ratchet Driver with 1/2"-2" Slug-Buster® conduit size punches, dies, draw studs and case

Part #	EA
1906SB	\$1,685.30

THE COMPLETE SOURCE

Greenlee® Textron, Inc DRIVER-PUNCH HYD 1/2X2

- Fast, easy and simple to operate
- Compact design for field use on construction sites and maintenance jobs
- Punches 10 times faster than wrench method
- Will also drive 751 Cable Cutter head
- Can be used with most standard round Slug-Buster® and Slug-Splitter® SC punches (not 1/2 IN, 9/16 IN, 5/8 IN)
- Can be used with non-round punches (adapter may be required)
- 3 foot hose
- Powerful 11 ton hydraulic ram

Includes

- Includes Driver
- Hand Pump
- Standard Punches
- Dies and Draw Studs for 1/2" through 2" Conduit in a Plastic Case.
- Type : Hydraulic
- Weight : 24.000 LB (10.900 KG)

Part #	EA
7306	\$1,699.32

Greenlee® Textron, Inc Hydraulic Driver Kit Ram and Hand Pump Slug-Buster®

- Slug-Busters unique profile splits slugs allowing easy slug removal
- Fast, easy and simple to operate
- Compact design for field use on construction sites and maintenance jobs
- Punches 10 times faster than wrench method
- Will also drive 751 Cable Cutter head

Continued on Next Column

- Can be used with all standard round, Slug-Buster and Slug-Splitter punch sizes
- Can be used with non-round punches (adapter may be required)
- 3 foot hose
- Powerful 11 ton hydraulic ram
- No.7306SB includes:
Driver, hand pump, Slug-Buster® punches, dies and draw studs for 1/2" - 2" conduit, adapter, spacers, Kwik Stepper® Step Bit and plastic case
- No.7310SB includes:
Driver, hand pump, Slug Buster® punches, dies and draw studs for 1/2" - 2" and 2-1/2" - 4" standard conduit size punches, dies and draw studs, adapter, spacers, Kwik Stepper® Step Bit and steel case

SAFETY TRAINING

Frank's Supply provides safety training in a number of areas. These on-site safety programs cover situations such as aerial platform certifications, hand tool safety, ladder and scaffolding safety, fall protection, power tool safety, etc. Frank's factory trained safety coordinators provides a professional presentation to its customers.

Aerial Platform Certification - This training is to be general in nature since it covers safe operating instructions for all types of aerial platforms. The course consists of four key areas of learning - it covers responsibility, safety and operation and finishes with practical hands-on operation. Trainees will receive aerial platform operation and safety certification cards at completion of course.

Forklift Operator Certification - Course covers both warehouse and rough terrain forklift operation. The course consists of two key areas of learning - the importance of forklift safety procedures and to demonstrate safe forklift operation. Trainees will receive a three year forklift certification by successfully completing written and hands-on forklift safety tests.

Ladder Safety - General training in the proper use of ladders to reduce the possibilities of injury on the job. The course consists of two key areas of learning - it covers using the wrong ladder and how to choose the right ladder; mixing or altering climbing equipment and how to use and set-up a ladder correctly. Trainees will learn how to read and understand technical codes on the ladder.

Scaffolding Safety - General training in the proper erection of scaffolding and a review of OSHA Safety Standards for scaffolds. The course consists of two key areas of learning - review of scaffold safety standards and what they mean. Participants receive practical hands-on erection of scaffold. Trainees will become a "competent scaffold erector" for the construction jobsites.

Other training programs offered include: Hand Tool Safety, Skid Steer Safety and Operation, Power Actuated Tool Certification, Power Tool Safety and Fall Protection.

CALL FRANK'S SUPPLY FOR DETAILS ON ALL TRAINING PROGRAMS.

We are in touch with the world's largest and best manufacturers.

- Uses standard Greenlee dies and draw studs
- Capacity: Mild steel up through 10 Gauge
- Application: Punch Mild Steel, Aluminum, Fiberglass and Plastic
- Hole Sizes:

Conduit Sizes - Hole size is outside diameter of US conduit sizes.
Example: 1/2" conduit size punch actually makes a 7/8" hole

Greenlee® Textron, Inc
PVC Heating Blanket
for up to 4"

- All schedules
- Make bends, offsets or saddles in PVC fast and easy
- Easy to use—wrap blanket around PVC, secure with hook and loop strap
- Built-in stiffeners help keep the blanket tight to the PVC surface
- Remove blanket and form bend by hand
- Controlled, even heating for uniform bending
- Heavy-duty cord and thermostat for long life
- Temperature over 300° F
- Power Source: 120 VAC

Part #	Description	Size (in.)	Watts	EA
860-1-1/2	Up to 1 1/2"	13 x 8 1/4	200	\$272.49
860-3	For to 2" - 3"	30 x 13 1/4	800	650.27
860-4	For 3 1/2" and 4"	38 x 16 1/4	1300	747.03

Greenlee® Textron, Inc
Electric PVC Heater
for 1/2" to 6" , All Schedules

- Easy to use: preheat for 10 minutes, open lid and position PVC, close lid, rotate until pliable, open lid, remove PVC and form bend
- 848 model has motorized rotation
- Heavy-duty metal construction with reflective interior for fast, efficient heating
- Has heating chart, timer, and on/off switch with indicator light for added convenience
- Double doors with piano hinges allow heating shorter lengths with one door open
- Sturdy wheels for easy mobility
- Capacity: 1/2" - 6" PVC, All Schedules
- Power Source: 230 VAC 30 AMP or 7000 Watt Generator
- Length: 71"

Part #	EA
847	\$1,964.67
848	2,632.64

Greenlee® Textron, Inc
Electric PVC Heater
for 1/2" - 2", All Schedules

- Easy to use: preheat for 10 minutes, insert PVC, rotate until pliable, remove and form bend
- Sturdy double wall metal with fiberglass insulation and reflective interior for fast, even heat
- Full length door for easy PVC loading and removal
- Other features include on/off switch, pilot light and carrying handle

Specifications:

- Capacity: 1/2" - 2" PVC, All Schedules
- Power Source: 120 VAC 20 AMP or 3000 Watt Generator

Part #	EA
849	\$626.78

Greenlee® Textron, Inc
Electric PVC Heater
for 1/2" to 4" , All Schedules

- Easy to use: preheat for 10 minutes, open lid and position PVC, close lid, rotate until pliable, open lid, remove PVC and form bend
- Heavy-duty, insulated metal walls and cover with reflective interior for efficient, even heat
- Full length door for easy loading and unloading
- On/off switch with indicator light
- Sturdy wheels for easy mobility
- Use two units in tandem to heat large sweep bends
- Capacity: 1/2" - 4" PVC, All Schedules
- Power Source: 120 VAC 20 AMP or 3600 Watt Generator
- Length: 52"

Part #	EA
851	\$1,184.54

Greenlee® Textron, Inc
Little Kicker® Offset Bender

- Bends offsets in one easy operation. Insert conduit, depress handle completely, release and remove conduit
- Makes identical offsets every time for wall mounted boxes with exposed conduit
- Depress handle to create offset that matches the knockout in box
- Maximum offset of .56"

Part #	Capacity	EA
1810	1/2" EMT	\$268.64
1811	3/4" EMT	392.29

Greenlee® Textron, Inc
Iron Hand Bender
for 1-1/4" EMT, 1" Rigid/IMC
SITE-RITE®

- Superior, patented Site-Rite® sighting system featuring cast-in, readable markings on the bender heads and a finish that provides for the best visibility in low-light. This is a keyfeature for bending angles quickly and easily.
- A choice of aluminum or iron alloy construction provides options depending on the user's preference for feel andweight.
- A strong, stable square hook design.
- Lifetime Limited Warranty
- The aluminum and iron 1" bender heads both offer the power pedal feature with a larger foot area on the head for greater control, stability and leverage.
- The aluminum and iron 1/2", 3/4" & 1" bender heads all have enlarged foot pedals and increased toe room to ensure greater control, stability and leverage.
- All the bender handles are a consistent diameter, offering a bigger grip area, while still straight up and down for fast 30 degree bends.

Part #	Description	EA
843F	Bender for 1 1/4" EMT, 1" Rigid, IMC	\$203.68

Greenlee® Textron, Inc
Iron Hand Bender
SITE-RITE II® Heat-Treated Aluminum

- Handle straight up and down for 30 degree bends.
- Patented sight indicator on bender is a key feature for bending angles fast and easy.
- Non-slip, contoured pedal for added leverage.
- Strong, stable square hook design.
- Cast-in markings for stub-ups, saddle bends, back-to-back bends, and head-up or down bending.

Part #	Description	EA
840AH	Hand bender with handle for 1/2" EMT	\$50.27

Greenlee® Textron, Inc RIGID SHOE GROUP

- Bend 1/2" - 2" conduit on one shoe.
- No loose pieces.

Productive:

- One time set-up.
- Less lifting reduces operator fatigue

Compatible:

- Works with Greenlee 555CX, 555DX and 555C electric conduit benders

Specifications

- Bend Radius : 1/2" - 4-1/4", 3/4" - 5-7/16", 1" - 6-15/16", 1-1/4" - 8-3/4", 1-1/2" - 8-1/4", 2" - 9"
- Capacity : 1/2" - 2" Rigid shoe

Part #	EA
28008	\$2,122.37

Greenlee® Textron, Inc Hand Bender

- Superior, patented Site-Rite sighting system featuring cast-in, readable markings on the bender heads and a finish that provides for the best visibility in low-light
 - Choice of aluminum or iron alloy construction provides options depending on the user's preference for feel and weight
 - Strong, stable square hook design
 - 1-1/2 IN bender heads both offer the power pedal feature with a larger foot area on the head for greater control, stability and leverage
 - 1/2 IN, 3/4 IN & 1 IN bender heads all have enlarged foot pedals and increased toe room to ensure greater control, stability and leverage
 - All the bender handles are consistent diameter, offering a bigger grip area, while still straight up and down for fast 30 degree bends
 - Lifetime Limited Warranty
 - Conduit Type: EMT, IMC, Rigid
 - Construction: Aluminum
- Includes:
- Handle
 - Marking: 10, 22-1/2, 30, 45, 60 DEG
 - Pedal Type: Foot
 - Sub Brand: SITE-RITE
 - Type: Hand

842AH	6-1/2"	11.000lbs	101.85

Greenlee® Textron, Inc Hickey with Welded Handles

- Heavy-duty cast steel head
- Welded steel handle
- Bend tight radius stub-ups

Part #	Description	EA
508	Hickey for 1/2" Rigid	\$77.09
512	Hickey for 3/4" Rigid	80.13
516	Hickey for 1" Rigid	120.54

Rigid® Tools Thin-Wall Conduit Benders

- Made of cast iron, these tools have exceptionally smooth side walls which grip conduit snugly to minimize distortion
- Bending grooves conform to Standard Code Radii
- Marks indicate 30°, 45°, 60° and 90° bends
- Handles not included

Part #	Bend Radius	EA
35215	1/2" Thin-Wall Conduit to 4" Inside Radius	\$33.90
35225	1" Thin-Wall & 3/4" Heavy-Wall Conduit to 6 1/2" Inside Radius	82.40

Greenlee® Textron, Inc Mechanical Benders for IMC & Rigid Conduit

- Ratchet action for increased leverage
- Bypass the ratchet for fast, direct bending on small sizes
- Heavy-duty welded construction for long, reliable service
- Built-in bending degree indicator and easy to use bending charts for accurate, consistent bends

Continued on Next Column

- Centerline Bending Radius:
- 1/2" Rigid - 2-5/8"
- 1" Rigid - 5-7/8"
- 1-1/4" Rigid - 8-1/16"
- 1-1/2" Rigid - 9-11/16"

555CXES	\$8,194.79

Greenlee® Textron, Inc Steel Fishape

- Oil-tempered spring steel for excellent fishing performance
- Dirt-free tape finish keeps hands cleaner during use
- Advanced comfort handle grip reduces fatigue
- Superior rapid tape pay-out and rewind
- Smaller Fish Eye with offset bend for improved fishing ability
- Improved low profile tip for easy fishing through all sizes of conduit
- Viewing Port gives visibility to remaining tape and ability to remove jobsite debris quickly
- Rugged case design improves drop impact capability
- Flared case with Grip Ridges for no slip handling
- Available in 50 FT (15.2 m), 65 FT (19.8 m), 125 FT (38.1 m) and 240 FT (73.2 m) lengths
- 1/8 IN, 1/4 IN and flat steel profiles to accommodate different fishing situations
- Accessory: R438B Swivel Ball Head for use on 1/8 IN Steel Fish Tapes, R438-BM Ball Tip Male Half, 439-1 12 IN (305 MM) Flexible Fish Tape Leader, 439-2 12 IN (305 MM) SPEED FLEX Leader (solder joints)
- Application: For Excellent Fishing Performance
- Replacement Part: RS438-240 Replacement Steel Tape - 240 FT (NO CASE), 10051 8-1/2 IN Case/Handle Replacement Kit, 10052 12 IN Case/Handle Replacement Kit
- Sub Brand: MagnumPRO
- Tensile Strength: 400.000 LB (1.700 KN) Maximum Design Strength

Part #	Length (ft)	Weight (lbs.)	Ea
FTS438-125BP	125 ft	5.5 lbs	\$74.07
FTS438-240BP	240 ft	8.5 lbs	105.79

Greenlee® Textron, Inc Flex Steel Fishtape 100' DBL Tip No Case

- Multi-strand steel cable for maximum flexibility
- Advanced comfort handle grip reduces fatigue
- Viewing Port gives visibility to remaining tape and ability to remove jobsite debris quickly
- Rugged case design improves drop impact capability
- Flared case with Grip Ridges for no slip handling
- Replacement Part: 10052 12 IN Case/Handle Replacement Kit
- Sub Brand: MagnumPRO
- Tape End: Double Tip
- Tensile Strength: 500.00 LB (2.200 KN) Maximum Design Strength
- Type: Flexible
- Length: 50'
- Material: Steel
- Weight: 6.2 lbs
- Width: 3/16"

Part #	Ea
FS439-100	\$195.70

Greenlee® Textron, Inc Fish Stix™

- Highly visible green color rods can be easily threaded together and seen when working above ceilings, down walls, or under raised floors
- 1/4" (6.4 mm) diameter fiberglass rods provide added rigidity when multiple sections are connected
- 200 lbs. minimum pulling strength
- Two different threaded tips accommodate various bundles of wire or cable
- Fish Stix 12" kit with bullet nose and "J" hook threaded tips, packaged in clear plastic tube

Part #	Ea
540-12	\$50.38

Greenlee® Textron, Inc Power Fishing System Li'l Fisher™ 390

- Can be used with fish line, poly line or measuring tape
- Includes only unit and hose
- 1/2" - 2" conduit capacity
- Contains:
2150' of fish line
6 pistons - 1/2", 3/4", 1", 1-1/4", 1-1/2", 2"
Adjustment nozzle for measuring tape
3 fish line packages 1/2", 3/4", 1"
2 case adapters
Accessory container & lid

Part #	Ea
390	\$740.52

Greenlee® Textron, Inc Fish Line

- Strong, lightweight nylon
 - No.595 - Center feed for fast payout without tangling. Use with Mighty Mouser® blow gun
 - Nos.604, 605, 606 and 607 - Specially wound to payout fast from outside without tangles
 - Mildew resistant, can be pulled into the run with the wire to provide a means to add wires later
- Note: Rope is a very critical link in the cable pulling system

Part #	Strength (lbs.)	Length (ft.)	Ea
605	45	2750	\$28.21

Cable Puller & Ropes
4,000 lb. Rated
Tugger™

- An economical puller with enough power for most jobs
- Lighter weight for easier mounting in tough applications
- Leaf type mounting chains won't twist when tightening
- Unique floor mounting attachment for quick reliable setup
- Right angle sheave allows the operator to stand out of the direct line of force
- Audio alarm high force warning and circuit breaker shut off at maximum force for equipment protection and added safety
- Tapered capstan and patented rope guidance system for better control of rope
- Tugger® Puller Package Includes: 640 Tugger® Cable Puller Power Unit, Pipe Adapter Sheave, Floor Mount, 9/16" x 300' Double-Braided Polyester Rope, Rope Reel Stand and Steel Storage Box
- Tugger® Puller Complete Package Includes: 640 Tugger® Cable Puller Power Unit, Pipe Adapter Sheave, Flexible Pipe Adapter, 12" Hook Type Cable Sheave, Mobile Extension Boom, 2", 2-1/2", 3", 3-1/2", 4" Extension Bushings, 9/16" x 300' Double-Braided Polyester Rope, Rope Reel Stand, Floor Mount, and Steel Storage Box with Casters
- 9/16" Double-Braided Composite Rope is rated at 16,000 lbs. average breaking strength or more
- Pulling force: Maximum 4,000 lbs.; Continuous 2,500 lbs.
- Pulling speed: No load - 35 ft./minute; At 2,000 lbs. - 16 ft./minute; At 4,000 lbs. - 6 ft./minute
- Power: 1 HP - 120 VAC Electric, 1 HP - 220 VAC Electric 50HZ
- Power Unit Dimensions: 21" L x 21" W x 12" H

Greenlee® Textron, Inc
Multiplex Cable Pulling Rope for Low Force Cable Pullers

- Strong, white polyester braided rope with green tracer
- Rot and mildew resistant
- Packed on sturdy reel
- Factory spliced eyes at both ends
- Low stretch
- Rope Length: 300ft
- Maximum Rated Capacity: 2,000 lbs.
- Average Breaking Strength: 12,500 lbs.
- Select a rope with a maximum rated capacity that meets or exceeds the cable puller's maximum pulling force

† This rope does not fit on a rope stand—use reel jacks and a spindle to dispense

Part #	Rope (Stand)	EA
6005	644	\$12,712.06

**THE
COMPLETE
SOURCE**

Greenlee® Textron, Inc
**Pulling Grip Set
Basket Type**

- Handy set gives you the size range you need
- Have the correct grip on the job and save time

Part #	Description	Diameter Range (in.)	EA
598	T-Type Grip Set - Consists of 31010, 30580 & 31012	1.50 - 2.99	\$645.99
599	T-Type Grip Set - Consists of 30576, 30578, 31010, 30580 & 31012	.75 - 2.99	1,009.17

Greenlee® Textron, Inc
**Pulling Grips
Set Screw Clamp**

- Use to pull in 2" or larger conduit
- Type of pulls: heavy, long runs
- Type of grip: Flexible eye 1/4" diameter galvanized steel aircraft cable connected to 2 cable Reciprocating with 5/8" diameter opening and 2 clamping set screws
- Select pulling grips with a maximum rated capacity that meets or exceeds the cable puller's maximum pulling force
- Pulling Grip with Clevis includes 624S, 624L and 678 clevis - 4 clamp

Part #	EA
629	\$582.06

Greenlee® Textron, Inc
**Cable Pulling Lubricants
Cable-Gel™**

- Polymer based lubricant offers lower friction and easier pulling
- Compatible with all cable insulation types
- Cleans up quickly. Non-staining
- Higher lubricity than competitive products
- Will not cement itself to the pipe
- Dries slowly
- Can be applied by hand or pump
- Will not breakdown or separate after exposure to heat or cold
- Environmentally safe/non-hazardous
- Viscosity: 8,000 - 12,000 CPS
- PH Range: 7.0 - 8.0

Part #	Description	EA
GEL-Q	Quart	\$8.27
GEL-1	One Gallon	19.50

Greenlee® Textron, Inc Heavy-Duty Cable Cutters

- Replaceable, shear type blades of forged, heat treated steel - precision ground
- Designed for long, dependable service
- Fiberglass handles with large rubber grips
- Adjustable pivot bolt provides for blade adjustment
- Made in U.S.A.

Part #	Length (in.)	Capacity Copper	Capacity Aluminum	Capacity Commun. Cable	EA

Greenlee® Textron, Inc Cable Cutter

- Economical, lightweight; fits easily into tool boxes
 - Heat treated, precision ground, shear action blades
 - Steel handles with rubber grips for leverage
 - Made in U.S.A
- Capacity:
- Copper Maximum Use: 350 MCM
 - Copper Frequent Use: 4/0
 - Aluminum Frequent Use: 350 MCM
 - Length: 18"

Part #	EA
718	\$90.31

Greenlee® Textron, Inc Cable Cutter

- Heavy-duty forged steel to cut copper or aluminum
- Heat treated, precision machined, shear action blades
- Plastic coated, high leverage handles
- Rust-resistant, black oxide finish
- Made in U.S.A

Capacity:

- Copper Maximum Use: 2/0
- Copper Frequent Use: #1 AWG
- Aluminum Frequent Use: 2/0
- Communications Cable Frequent Use: 100 pair
- Length: 9-1/4"

Part #	EA
727	\$33.31

Klein Tools® High-Leverage Cable Cutter

- High-leverage design for exceptional cutting capability.
- Precision, one-hand shearing action.
- Cable-gripping shear-type jaws.
- Perfect for working in confined spaces.
- Can be carried in most tool pouches.
- Hot-riveted joint ensures smooth action and no handle wobble.
- Beveled jaw tips provide proper mating and shearing action, which protects leading jaw edges.
- Through-hardened (not case-hardened) for longer-lasting cutting surfaces.
- Custom, US-made tool steel.
- Handle color: Red
- Maximum Cable Cutting Capacity: 4/0 aluminum, 2/0 soft copper, 100-pair 24 AWG communications wire
- Overall Length: 9-1/2"

Part #	EA
63050	\$36.36

Many of the goods and services we can offer are not listed in this catalog. Don't give up looking for hard-to-find products. Frank's Supply is ready to serve you at any time.

Klein Tools®
Compact Cable Cutter

- Precise, one-hand shearing action cuts 24 AWG copper, aluminum multi-strand cable and wire, and 100-pair telephone cable.
- Special shear angle cuts cleanly without compression to cable geometry for telecom cable work.
- Heat-treated, high-carbon steel shearing edges for long life.
- Forged body with 3/8" (10 mm) case-hardened rivet.
- Plastic-clipped handles for comfort.
- Not designed for cutting steel or ACSR.
- Handle color: Red
- Maximum Cable Cutting Capacity: 24 AWG copper, aluminum multi-strand cable and wire, and 100-pair telephone cable
- Overall Length: 8"

Part #	EA
63055	\$47.12

Klein Tools®
Open Jaw Cable Cutter

- High-leverage ratchet mechanism for single-handed cutting of up to 600 MCM copper and 750 MCM aluminum without burrs or sharp edges.
- Front loading jaws for tight applications.
- Spring release lever allows for fast jaw reset in between cuts.
- Plastic covered handles with hand guards for comfort and firm grip

Capacity:

- Handle Color: Red
- Communications Cable-Cutting Maximum Capacity: 1-1/8" (29 mm)
- Overall Length: 11.5" (292 mm)
- Maximum Cable Cutting Capacity: 600 MCM Copper, 750 MCM Aluminium
- Weight (lbs.): 2.0 lbs (0.9 kg)

Part #	Ea
63711	\$310.35

Greenlee® Textron, Inc
Performance Ratchet Cable Cutter

- Simple, one-hand operation
- Two-speed ratchet mechanism adjust for light/heavy cutting
- Well-suited for tight work spaces
- Specially designed blade improves cutting capacity
- Length: 10"
- Jaw Opening: 1-7/16"
- Capacity Copper: 600 MCM Max. 500 MCM Frequent
- Capacity Aluminum: 600 MCM Max. 500 MCM Frequent
- Capacity Commun. Cable: 1-3/8" Diameter

Part #	EA
45206	\$402.83

Greenlee® Textron, Inc
Heavy-Duty Ratchet Cable Cutter

- Extra thick blades, ground flat to reduce potential for breakage
- Ratchet action for heavy-duty cutting
- Two cutting actions - fast scissor cutting for small cable and insulation; converts automatically to ratchet mode
- Anti-slip mechanism for positive ratchet action
- Rubber boot protects ratchet mechanism
- Capacity:
 - Copper Maximum Use: 1500 MCM
 - Copper Frequent Use: 1000 MCM
 - Aluminum Maximum Use: 1500 MCM
 - Aluminum Frequent Use: 1000 MCM
- Length: 27-1/2"
- Jaw Opening: 2"

Part #	EA
756	\$706.67

Greenlee® Textron, Inc
Ratchet ACSR/Cable Cutter

- Extra thick blades, ground flat to reduce potential for breakage
 - Ratchet action for increased cutting power
 - Two cutting actions—fast scissor cutting for small cable; converts automatically to ratchet mode
 - Anti-slip mechanism for positive ratchet action
 - Rubber boot protects ratchet mechanism
- Capacity:
- 954 MCM ACSR, 1/2" soft steel rod
 - Length: 29-1/4"
 - Jaw Opening: 1.18"

Part #	Description	EA
757	With Rubber Boot	\$712.43

Greenlee® Textron, Inc Ratchet Cable Cutter

- This versatile cutter has especially designed moving blade to handle the larger diameter telephone cable and soft drawn copper and aluminum
- Cuts up to 2,700 pair 3 IN telephone cable
- Blade release for safety and fast backout
- Ratchet lock
- Blades are manufactured from high carbon tool steel and heat-treated for long life
- Rust-resistant, black oxide finish
- Cutting Capacity Of Communication Cables:
Cuts Up To 2700 Pair 3.000 IN Telephone Cable
- Finish: Black Oxide
- Jaw Material: High Carbon Steel
- Overall Length: 11-1/2 IN (287.000 MM)
- Type: Telco, Communication
- Weight: 2.800 LB (1.300 KG)

Part #	EA
45240	\$573.97

THE CONTRACTORS SOURCE
for Tools & Equipment
for 63 Years

Greenlee® Textron, Inc Hydraulic Cable Cutter Set

- Cuts in 7 seconds
- Jaws slide open quickly to save time between cuts
- 11-ton ram powers cutting jaws
- Jaws are specially hardened and precision ground to hold sharpness
- Lightweight and easy to use
- Capacity: 1000 MCM Copper or Aluminum Cable
- Jaw Opening: 1-15/16"

Part #	Description	EA
750	Cutter & Ram in Storage Box	\$1,682.70
750H767	Cutter with 767 Hand Pump, Ram, Hydraulic Hose in Storage Box	2,223.64

Milwaukee® Electric Tool 600 MCM Cable Cutter Kit M12®

- Strong, powerful mechanism
- Able to cut up to 600 MCM copper and 750 MCM aluminum
- Installation ready cut
- Creates rounded cuts without sharp points or edges
- Extended run-time
- Compact Front End allows the cable cutter to operate in tight spaces normally hard to reach by traditional cutters
- Auto-release lever

Part #	EA
2472-21XC	\$428.75

Milwaukee® Electric Tool
M18™ FORCE LOGIC™
Cable Cutter Kit
 with 750 MCM Cu Jaws

- Powerful 6T Hydraulic Pump Effortlessly Cuts through 750 MCM Cu in 3 Seconds
- Open Jaw, In-Line Design Easily Fits into Crowded Panels
- Optimal Blade Geometry Delivers Installation Ready Cuts
- Patented Anti-Spreading Jaw Design Provides the Best Power to Size Ratio in the Industry
- Hydraulic System is Optimized for Consistent Performance from 0°F - 122°F.
- POWERSTATE™ Brushless Motor delivers up to 4x Longer Life
- One Handed Operator: Fully Balanced Tool Design & Automatic Jaw Opening

Specifications:

- Voltage: 18V
- Battery: Lithium-Ion
- Battery Warranty: 2 Year
- Length: 14"
- Capacity: 750MCM Cu / 1000 Al
- Head Rotation: 350 degrees
- Auto Reset: Yes
- Average Cut Speed: 3 Secs
- Easy Field Replaceable Blade Changes: Yes

Included:

- (1) M18™ REDLITHIUM™ 2.0 Compact Battery Pack (48-11-1820)
- (1) M18™ & M12™ Multi-Voltage Charger (48-59-1812)
- (1) M18™ 750 MCM Cable Cutting Jaw (49-16-2772)
- (1) Allen Key
- (1) Carrying Case

Part #	EA
2672-21	\$1,406.25

Milwaukee® Electric Tool
M18™ FORCE LOGIC™
Cable Cutter Kit
 with 477 ACSR Jaws

- Powerful 6T Hydraulic Pump Effortlessly Cuts through 477 in Seconds
- Fully Balanced Design Delivers Easiest Alignment Wearing Class 3 Gloves
- Optimized Blade Geometry Delivers up to 1000 Cuts per Blade
- Patented Anti-Spreading Jaw Design Provides the Best Power to Size Ratio in the Industry
- Hydraulic System is Optimized for Consistent Performance from 0°F - 122°F.
- POWERSTATE™ Brushless Motor delivers up to 4x Longer Life
- Jaws Automatically Open when Cut is Complete

Specifications:

- Voltage: 18V
- Battery: Lithium-Ion
- Battery Warranty: 2 Year
- Length: 14"
- Capacity: 477 Hen ACSR
- Head Rotation: 350 degrees
- Auto Reset: Yes
- Average Cut Speed: 3 Secs
- Easy Field Replaceable Blade Changes: Yes

Included:

- (1) M18™ REDLITHIUM™ 2.0 Compact Battery Pack (48-11-1820)
- (1) M18™ & M12™ Multi-Voltage Charger (48-59-1812)
- (1) M18™ 477 ACSR Jaw (49-16-2773)
- (1) Allen Key
- (1) Utility Bucket Bag

Part #	EA
2672-21S	\$1,593.75

Greenlee® Textron, Inc
Cable Stripper

- Triple action stripping - rotary, linear, and spiral - Window stripping is accomplished by combining 2 rotary cuts with a spiral cut in between them
- Eliminates Cable Scoring. Blade height is adjustable to precisely match insulation thickness
- Interchangeable cable guides for small and large cable diameters
- Hook on the cable guide is used to start jacket removal without the need to use a screwdriver or pliers
- Replacement blade storage pocket in the base of the tool
- Long life, high-carbon steel blade
- Ergonomic handle shape
- Suitable for most jacket materials

Part #	Ea
1903	\$98.38

Greenlee® Textron, Inc
Dieless Crimping Tool
 to 500 MCM

- Dieless crimping head, no dies to lose or replace
- Patented pressure system automatically changes crimping force for each connector size and type. Eliminates errors
- Seven indent profile requires fewer crimps per connector
- Automatic two speed pump for rapid advance. Minimizes crimping time and number of strokes
- 8-1/2 ton maximum crimping force
- Swivel head rotates 180° for maximum flexibility
- Includes pressure test kit (30 Test Slugs and Gauge) and metal carrying case
- Not for use with "C" and "H" taps
- Capacity: Copper: 4 AWG - 500 MCM; Aluminum: 6 AWG - 500 MCM
- Length: 22-1/2"

Part #	Description	EA
36202	Replacement Pressure Test Kit	\$188.33

Greenlee® Textron, Inc Hydraulic Oil

- Greenlee-approved hydraulic oil
- Specially compounded for use with Greenlee hydraulic equipment
- Refinery-filtered to give you the finest oil available

Part #	EA
4016GB	\$81.48

Greenlee® Textron, Inc Touchless AC Voltage Indicator

- Bright LED and audible alarm if voltage is present.
- Fast, easy, non-contact voltage detection.
- Adjustable sensitivity.
- Identifies hot and neutral conductors.
- Checks individual breakers for power.
- Accessories included: (1) 9V battery, carry case.
- Voltage Measurement: AC V 24-1000
- Frequency: 50-500Hz
- Measurement Category: Cat III, 1000V per UL 3111-1

Part #	EA
2010	\$156.24

Greenlee® Textron, Inc Polarity Cube

- Use to troubleshoot 120 V AC grounded outlets.
- Light sequence indicates correct/incorrect wiring.

Continued on Next Column

Specifications:

Unplug all appliances or equipment on the circuit being tested. Plug the circuit tester into any standard VAC Reciprocating (NEMA 5-15R). Compare the illuminated lamps on the circuit tester to the code key located on the product.

Note: If the LED's indicate anything other than "Correct Wiring", have the wiring corrected by a qualified electrician.

Part #	EA
GT-10	\$9.61

Greenlee® Textron, Inc Polarity Cube

- Use to trouble shoot 120 V AC grounded outlets and test GFCI Reciprocating.
- Light sequence indicates correct/incorrect wiring.

Part #	EA
GT-10GFI	\$16.37

Greenlee® Textron, Inc DETECTOR, NON CONTACT 12-90V

- Use to detect voltage in low voltage applications ranging from 12-90 volts AC
- Safe, non-contact voltage detection
- Bright LED and audible alarm if voltage is present
- ON/OFF switch for longer battery life
- Convenient pen-size device easily fits into pockets or tool pouches
- Accessories included: (2) 1.5 V AAA batteries

Part #	Ea
GT-12A	\$23.79

Greenlee® Textron, Inc Adjustable Non-Contact Voltage Detector

- Adjustable to safely detect power and low voltage.
- Safely detects AC voltage without touching the bare conductor.
- Adjustable for use on power wiring plus lighting, thermostats and other low voltage circuits.
- Use to detect voltage in outlets, lighting fixtures, wires and cables.
- Finds breaks in wires.
- Identifies hot and neutral conductors.
- Low battery indication.
- Accessories included: (1) 1.5V AAA Battery
- Limited Lifetime Warranty
- Voltage Detection: AC V 5-1000
- Frequency: 50-500Hz
- Measurement Category CAT IV, 1000V

Part #	EA
GT-16	\$27.96

Milwaukee® Electric Tool Voltage Detector

- Wide 50 - 1000 AC voltage range
- CAT IV 1000V for highest safety rating
- Tip for checking outlets
- Green light indicates tool is on
- Loud beeper indicates voltage
- Blinking red light indicates voltage
- On/Off button
- Pocket clip for easy storage

Specifications:

- Voltage Range: 50 to 1,000V AC
- Safety Category Rating: CAT IV 1000V
- Audible Indicator: Yes
- On/Off Button: Yes
- Battery: Alkaline (AAA)
- Tool Warranty: 1 Year
- Length: 6"

Milwaukee® Electric Tool Voltage Detector With LED

- Extra bright LED work light makes working in dark areas easier than ever
- CAT IV 1000V safety rating is safe for all applications including industrial applications
- Green Power On indicator light tells you the voltage detector is working properly before use
- Easy to use rear push button design
- Pocket clip allows for easy storage and retrieval from pocket
- Industry leading non-contact voltage detection technology
- Powered by two easy to replace AAA batteries

Specifications:

- Green "On" Indicator: Yes
- On/Off Button: Yes
- LED Work Light: Yes
- Battery: Alkaline (AAA)
- Tool Warranty: 1 Year
- Length: 6"

Part #	Ea
2202-20	\$29.00

Klein Tools® Electronic Voltage/ Continuity Testers

- Solid state design is safer than solenoid testers.
- Low impedance to reduce false readings.
- Indicates voltage without battery.
- Voltage indicated by lights, vibration and tone.
- Batteries: 3 x AAA
- Overall Length: 7-3/8"

Part #	Description	EA
ET100	-	\$35.26
ET200	Comes with continuity beeper & bright worklight	49.54

Klein Tools® Electrician's Multimeter

- Auto ranging voltage measurement.
- Backlit display.
- Analog bar graph.
- Measures AC/DC Voltage - 1000V.
- Measures AC/DC Current - 10A.
- Includes thermocouple, test leads and battery.

Part #	EA
MM1000	\$99.96

Klein Tools® Electrician's/HVAC TRMS Multimeter

- True RMS measurements.
- Backlit display.
- Analog bar graph.
- Low impedance.
- Measures AC/DC Voltage - 1000V.
- Measures AC/DC Current - 10A.
- Includes thermocouple, test leads and batteries.

Part #	EA
MM2000	\$146.81

Milwaukee® Electric Tool Digital Multimeter

- True-RMS for accurate measurement in all applications
- Wide Voltage range to 600 AC /DC volts
- Resistance range from 600 ohm to 40 Mohm
- Auto Range to mV
- Frequency measurements from 10Hz to 50kHz
- Current Measurement to 10A AC/DC
- Rugged over-molding increases durability and user grip
- CAT III 600V for increased safety
- Capacitance to 1000 F

Continued on Next Column

Specifications:

- Voltage Range: 6mV to 600V AC/600mV to 600V DC
- Safety Category Rating: CAT III 600V
- AC Amps: 0.001-10.00A
- uA DC: No
- DC Amps: 0.001-10.00A
- AC Volts: 6.00mV/600V
- DC Volts: 6.00mV/600V
- Frequency: Yes
- Lo-Z: No
- Hz (Amps or Volts): 9.999Hz-50.00kHz
- mV DC: Same as VDC (no switch function)
- Ohms: 600.0Ohm-40.00MOhm
- Auto Calibration: NO-Recommend sending in for calibration service once every year
- MIN/MAX/AVG/DIF: MIN/MAX
- Continuity: Yes <30 Ohms
- Capacitance: 0.1-1000uF
- Backlight: Yes
- Hold: Yes
- MIN/MAX: Yes
- Bargraph: Yes
- Display: Black on White Display
- Non-Contact Voltage: Accessory
- LED Flashlight: Accessory
- Rugged Overmold: Yes
- Switch Type: Dial
- Accessory Attachment: Proprietary rail system; NCV, Magnet
- Battery: Alkaline
- No of Batteries Included: (2) AA Batteries
- Length: 6.5 in

Part #	EA
2216-20	\$100.00

Greenlee® Textron, Inc Pocket Multimeter

- Measures AC and DC voltage, DC amps and resistance
- Continuity beeper and diode test standard
- Accessories included: (1) 12V battery, protective case
- Voltage Measurement: ACV - 200.0, 300V; DCV - 2.000, 20.00, 200.00, 300V
- Amperage Measurement: DCA 200.0mA
- Resistance: 2.000, 20.00, 200.0 Kilo Ohms
- Measurement Category: Cat II, 300V

Part #	EA
PDMM-20	\$57.30

Greenlee® Textron, Inc Digital Light Meter

- Measures incandescent, fluorescent, metal halide, high-pressure sodium, and halogen lamp output
- Color- and cosine-corrected for enhanced accuracy
- Measures up to 50,000 lux
- Peak and data hold means no lost measurements
- (1) 9V battery and carry case included
- Ranges: Foot Candles 0.01-5,000Fc (20/200/2,000/5,000) Lux 0.1-50,000 lux (200/2,000, 20,000/50,000) Accuracy: Incandescent Light Source $\pm 4\%$ Other Light Sources $\pm 7\%$ Temperature Range 0° to 40° C (32° to 104° F) Sampling Rate 2.5 times per second

Part #	EA
93-172	\$302.13

Greenlee® Textron, Inc Automatic Electrical Tester 600V/400A

- Hassle free, automatic measurement of amperage, voltage, and resistance.
- Compact design for measuring in tight spaces.
- 400A AC, 600V AC/DC measurement.
- Data hold to capture important readings.
- Auto off for longer battery life.
- Accessories included: (1) 9V battery, test leads and carrying case.

Part #	EA
CMT-80	\$149.83

Greenlee® Textron, Inc Automatic Electrical Tester 1000V/600A

- Hassle free, automatic measurement of amperage, voltage and resistance.
- True RMS for the most accurate measurement when harmonics are present.
- Easy viewing, auto-illuminating backlit display.
- Auto off for longer battery life.
- Resistance measurement
- Audible continuity test
- Data hold to capture measurements
- 10,000 count LCD for high resolution
- Lifetime Limited Warranty

Includes:

- (1) 9V battery
- Test Leads
- Carry case

Specifications:

- Amperage measurement: AC A 0.6 to 600.0
- Voltage measurement: AC V 1.3 to 999.9, DC V 1.8 to 999.9; -0.6 to -999.9
- Display: 10,000 count LCD
- Jaw Opening: 1.34" (34mm)
- Measurement Category: Cat III, 600V; CAT III, 1000V

Part #	EA
CMT-90	\$273.08

Greenlee® Textron, Inc AC Clamp-On Meter

- Both AC amperage and AC/DC voltage measurement
- Resistance measurement up to 2000 Ω
- Auto power off for longer battery life
- Amperage Measurement: 400.0, 600A
- Voltage Measurement: 400.0, 600V
- Display: 3-1/2-digit LCD, 2000-count
- Resistance: 2000
- Jaw Opening: 1.38"
- Measurement Category: Cat III, 600V per UL 3111-1

Part #	EA
CM-600	\$122.43

Greenlee® Textron, Inc 1000A AC/DC True RMS Clamp Meter

- True RMS for the most accurate measurement when harmonics are present.
- AC/DC amperage, AC/DC voltage, frequency and resistance measuring capability.
- Dual Hall sensor for the most accurate measurements.
- Easy-to-read backlit display for use in low light conditions.
- Peak and data hold to capture measurement.
- MIN/MAX feature for added versatility.
- Analog bar graph to view quick changes.
- Audible continuity test.
- Selectable Auto Off for longer battery life.
- Accessories included: (1) 9V battery, test leads and carrying case.

Part #	EA
CM-1550	\$354.56

THE CONTRACTOR'S SOURCE

for Tools and Equipment

Milwaukee® Electric Tool 400 Amp Clamp Meter

- Measures up to 400 amps AC, Large 1.0" jaw opening
- Thin Jaw Profile for easier wire measurement in panels or in bundles
- Wide Voltage range to 600 AC/DC volts
- True-RMS for accurate measurement in all applications
- Built-In LED Work Light
- CAT III 600V for increased safety
- Black on White Display with Backlight for easier reading
- Rugged over-molding increases durability and user grip

Part #	EA
2235-20	\$160.00

Klein Tools® 600A AC Clamp Meter

- Backlit display and worklight.
- Diode test Continuity.
- Includes case, test leads, and batteries.

Part #	EA
CL100	\$71.40

Klein Tools® 600A AC Clamp Meter

- Backlit display and worklight.
- Magnetic mount and lead storage.
- Non-contact voltage tester.
- Analog bar graph.
- Includes case, test leads, and batteries.

Part #	EA
CL1200	\$140.68

Klein Tools® 600A AC/DC True RMS Clamp Meter

- True RMS.
- Backlit display and worklight.
- Magnetic mount and lead storage.
- Non-contact voltage tester.
- Analog bar graph.
- Measures DC Current.

Part #	EA
CL2200	\$190.83

Klein Tools® 200A AC Fork Meter

- Open jaw current measurement.
- Backlit display.
- Capacitance.
- Frequency.
- Includes case, test leads and battery.

Part #	EA
CL3000	\$32.28

Klein Tools® 200A Hook Meter

- Hook current measurement for tight areas.
- Automatically selects current or voltage measurement.
- Backlit display and worklight.
- Analog bar graph.
- Includes case, test leads and battery.

Part #	EA
CL3100	\$78.18

KLEIN TOOLS, INC.

DeWalt® Industrial Tools Infrared Thermometer Kit 12V MAX

- Non-contact temperature measurements (-20°F to 932°F) for ease of use over distance and accuracy
- LED hot (red) & cold (blue) indicator for visual and/or audio alarm for quickly locating trouble spots
- Data storage for recording max., min., and average temperatures
- Adjustable emissivity improves accuracy across a wide range of materials

Specifications:

- Temperature Range -20° F to 932° F (-29° C to 500° C)
- Field of View, Distance: Spot (D:S) 12:1
- Accuracy +/-1.5% or +/- 1.5° C, whichever is greater, assumes ambient
- Laser Power <1mw CLASS II LASER PRODUCT

Includes:

- DCT414 IR thermometer
- (1) 12V MAX* Lithium-Ion battery
- fast charger
- kit box

Part #	EA
DCT414S1	\$160.00

Milwaukee® Electric Tool Infrared Temp-Gun™

- Measures surface temperatures -22F to 752F for use in a variety of applications
- 10:1 distance-to-spot ratio measures a 1 ft. spot from 10 ft. away
- Premium LCD display for clear readings
- User-configurable High/Low Temperature Alert
- Fully bumpered nose, shielded LCD Survives 6' ft drops
- Hold, Max, Min, Avg, Diff Modes
- Clear button functions, easy setup
- Overmolded grip for easy handling
- 0.95 Fixed Emissivity

Specifications:

- Distance to Spot Ratio : 10:1
- Temperature Range : -22°F to 752°F
- Basic Accuracy : +/- 2%
- Repeatability : +/- .08%
- Display Resolution : 0.1° F (0.1° C)
- Emissivity : Fixed, 0.95

- MIN MAX AVG DIF : Yes
 - Alarm (HI/LO) : Yes
 - Rubber Over-molding : Yes
 - Drop Test : 6'
 - Storage Temperature : -4°F to 140°F
 - Battery Life : Greater than 12 hrs (All Functions)
- Includes:
- (1) 10:1 Infrared Temp-Gun™ (2267-20)
 - (1) 9V Alkaline Battery
 - (1) Manual

Part #	Trigger Lock	EA
2267-20	Yes	\$124.00

Milwaukee® Electric Tool Infrared Temp-Gun™

- Measures surface temperatures -22F to 1022F for use in a variety of applications
- 12:1 distance-to-spot ratio measures a 1 ft. spot from 12 ft. away
- Premium LCD display for clear readings
- User-configurable High/Low Temperature Alert
- Fully bumpered nose, shielded LCD Survives 6' ft drops
- Hold, Max, Min, Avg, Diff Modes
- Clear button functions, easy setup
- Overmolded grip for easy handling
- 0.95 Fixed Emissivity

Specifications:

- Distance to Spot Ratio : 12:1
 - Temperature Range : -22°F to 1022°F
 - Basic Accuracy : +/- 1.8%
 - Repeatability : +/- .08%
 - Display Resolution : 0.1° F (0.1° C)
 - Emissivity : Fixed, 0.96
 - MIN MAX AVG DIF : Yes
 - Alarm (HI/LO) : Yes
 - Rubber Over-molding : Yes
 - Drop Test : 6'
 - Storage Temperature : -4°F to 140°F
 - Battery Life : Greater than 12 hrs (All Functions)
- Includes:
- (1) 12:1 Infrared Temp-Gun™ (2268-20)
 - (1) 9V Alkaline Battery
 - (1) Manual
 - (1) NIST Certification

Part #	Trigger Lock	EA
2268-20	Yes	\$87.50

Milwaukee® Electric Tool Fluorescent Lighting Tester

- Test Lamps, Ballast and Pins: Complete 3-in-1 solution
- 2.5' Fully retractable antenna for extended reach when testing
- Non-conductive antenna sleeve allows for safe testing
- Removable antenna adapter improves lamp test response
- Visual and audible tool feedback to easily confirm testing
- Built-in LED flashlight illuminates dark work spaces
- Dial and buttons positioned for one-handed use

- Rugged over-molding for increased grip and durability
- Durable tool that continues to work after a 6.5 foot drop

Specifications:

- LAMP Test: Yes
- Compatible LAMPS: T5, T8 and T12 Fluorescent Lamps
- BALLAST Test: Yes
- Compatible BALLASTS: Electronic Ballasts
- PIN Test: Yes
- Compatible PINS: Dual Pins
- Antenna Length: 2-1/2 ft
- Antenna Storage: Fully retractable inside tool
- LED Flashlight: Yes
- Audible / Visual Indications: Yes/Yes
- Antenna Adapter: Yes, increases LAMP Test response
- Two Meter Drop Test: Yes
- Calibration Needed: No
- Battery Life: 35 hours
- Auto Battery Off: After 20 minutes, the tester will turn off
- Operating Temperature: -10°C to 50°C
- Storage Temperature: -40°C to 60°C
- Replaceable Antenna: Yes, by Milwaukee Service and Repair team

Includes:

- 2210-20 Fluorescent Lighting Tester
- Soft Carry Case
- Antenna Adapter
- Manual
- (4) AA Batteries

Part #	EA
2210-20	\$207.00

Specified Technologies INC
LCI Intumescent Firestop Sealant

- Economical – High performance without the high price!
- Highly Intumescent – Expands up to 10X.
- Excellent Smoke Seal
- Water-Resistant – Will not re-emulsify when dry.
- Water-Based for easy installation, cleanup, and disposal.
- Acoustically Tested – Reduces noise transmission
- Safe...Low VOC 's, No Solvents, Non-Halogenated
- Paintable

APPLICATIONS:

- Metallic pipes including steel, iron, or copper pipe and tubing.
- Nonmetallic pipes, conduits and tubing including PVC, CPVC, ABS, and PEX.
- Electrical and electronic cabling including service entrance, power distribution, computer, telephone, and television.
- Metal duct work including HVAC, bath and dryer vents.
- Insulated pipes including heating, cooling, and condensation applications.
- Complete wood floor firestopping package for electrical, plumbing, HVAC, telephone, and television.

Part #	Size	Container	Ea
STF-LCI300	10 oz.	Tube	\$9.98
STF-LCI305	5 gal.	Pail	315.00
SFT-LCI320	20 oz.	Sausage	14.50

Specified Technologies INC
Firestop Putty Pads

- Non-hardening for easy installation and retrofitting of cables.
- Two-Stage Intumescence provides aggressive expansion.
- Highly adhesive: stays put!
- Unaffected by humidity, condensation, water.
- Soft, pliable, easy to install.
- Tested and proven acoustical properties.
- No tools required.
- UL Classified (up to 3 hr.)
- FM Approved.

APPLICATIONS:

- Single & multi-gang metallic boxes up to 14" (356 mm) long.
- A variety of non-metallic boxes.
- Plastic & steel faceplates.
- 1 & 2 hr. wood or steel stud walls.

Part #	Size (H x L x W)	Ea
SSP4S	3/16" x 7.25" x 7.25"	\$4.54

to help you in your requirements!*

Victor® 181i MP Fabricator 3-in-1 Welding Package

MIG:

- Infinite Voltage Control with optimized starting performance.
- Inductance Control for arc stability and spatter control.
- Tweco MIG Gun w/12 ft. cable and industry standard #4 connection.
- Durable Metal Feed Plate features 2 roll drive system, quick change reversible drive rolls and easy-to-set single scaled wire tension knob.
- 4" or 8" Spool capacity allows easy installation of wire spool sizes
- Spool Gun ready.
- Adjustable Burnback Control.

STICK:

- Adjustable Arc Force Control for optimum STICK electrode performance.
- Built in Hot Start for easy arc starting.

TIG:

- Lift TIG Start: Provides TIG arc starting without use of high frequency.
- Downslope: Eliminates the crater that can form at the completion of a weld.

Other Features:

- Digital Meters: Voltage and Amperage; Preview and Hold capability.
- Excellent Portability: Lightweight, less than 33 lbs. includes shoulder strap.
- Comprehensive Setup Chart: Weld set up guide for optimum welding performance over a wide range of materials and shielding gases.
- Trigger Control: 4T (Latch) eliminates operator fatigue.
- Remote Reciprocating: Enables connection of remote control devices and Spool Gun.
- Quick Change Polarity: Simple quick change polarity (no tools required) from the front of the power source.
- Overload Protection: Shuts down the power source to protect the internal electrical components from overheating.
- IP23S: Suitable for outdoor use.

Continued on Next Column

- Intelligent Fan Control: Operates when welding commences to cool components & reduce airborne contaminants pulled through the power source.
- Rated Output: 180A/23V @ 20% Duty Cycle / 145A/22.5V @ 30% Duty Cycle
- Max. Open Circuit Voltage: 62V DC
- Amperage Range: 10-180 Amp
- Wire Feed Speed: 100-650 IPM (2.5-17.7 m/min)
- Weight: 32.2 lbs. (14.6 kg)

Part#	AMP MIG GUN	Contact Tips	Ea
W1004201	220	.023", .030".035" .045"	1,527.00

Victor® 252i Fabricator 3-in-1 Portable System

Three Process Capability:
MIG (GMAW/FCAW), STICK (SMAW), TIG (GTAW).

MIG:

- Infinite Voltage Control with optimized starting performance.
- Inductance Control for arc stability and spatter control.
- Tweco MIG Gun w/15 ft cable and industry standard Tweco #4 connection.
- Durable Metal Feed Plate features 2 roll drive system, quick change reversible drive rolls and easy-to-set single scaled wire tension knob.
- 4", 8", or 12" Spool Capacity allows easy installation of wire spool sizes.
- Spool Gun ready.

STICK:

- Adjustable Arc Force Control for optimum STICK electrode performance.
- Excellent 6010 welding electrode performance.

TIG:

- Lift TIG Start: Provides TIG arc starting without use of high frequency.

Continued on Next Column

Other Features:

- PFC Power Factor Correction: Up to 40% more electrically efficient than conventional MIG Welders.
- Digital Meters: Voltage and Amperage; Preview and Hold capability.
- Excellent Portability: Lightweight, less than 66 lbs.
- Comprehensive Setup Chart: Weld set up guide for optimum welding performance over a wide range of materials and shielding gases.
- Trigger Control: 4T (Latch) eliminates operator fatigue.
- Remote Reciprocating: Enables connection of remote control devices and Spool Gun.
- Quick Change Polarity: Simple quick change polarity (no tools required) from the front of the power source.
- Overload Protection: Shuts down the power source to protect the internal electrical components from overheating.
- IP23S: Suitable for outdoor use.
- Advanced Features: Includes Pre & Post Flow, Down Slope, Hot Start, Spot, Stitch, Burn Back, Wire Sharp, Arc Hour

**THE
COMPLETE
SOURCE**

Miller® Welding Equipment
Millermatic 211 MIG Welder
 Auto Set and MVP Plug

- All-in-one wire welding package welds 24 gauge - 3/8 in mild steel.
- New! Auto-Set is a breakthrough control that automatically sets your welder to the proper parameters. Auto-Set offers all-in-one MIG, minus the guesswork for .030/.035 steel.
- Welds thickest material in its class, with the highest output in its class! Can weld up to 3/8 inch in a single pass at 230 V.
- Spool gun ready out of the box! The new Spoolmate 100 Series spool gun allows you to weld from 18 gauge to 3/8 inch aluminum.
- Durable cast aluminum feedhead incorporates dual groove quick-change drive roll and spring-loaded tension arm with calibrated tension knob all designed to make setup easier and faster.
- Thermal overload protection shuts down the unit and activates over temperature light if airflow is blocked or duty cycle is exceeded. Automatically resets when fault is corrected and unit cools.
- Miller's exclusive "Tip Saver" short circuit protection shuts down output when tip is shorted to the work. Extends contact tip life and protects internal components from damage. Trigger reset permits quick reset at torch rather than unit.
- Standard built-in solid-state contactor circuit makes wire electrically "cold" until trigger is pulled. Makes unit safer, and is easier to position torch to work before starting weld.
- Easy access to output studs provides convenient polarity changeover when switching from solid or flux cored wires
- Self-resetting motor protection circuit eliminates the need to find and replace fuses.
- Uses 4 or 8 in (102 or 203 mm) spools and can be set up to weld with wire sizes .024-.035 in (0.6-0.9 mm) mild/stainless steel and .030-.045 in (0.8-1.2 mm) flux cored.

907422	\$1,452.00

Miller® Welding Equipment
Blue Star® 185 Welder

- Reliable Blue Star engine drive is the standard for portable welder/generators.
- Large 6.25-gallon fuel capacity leads its class. Longer run time for welder or generator usage.
- Standard electric start for easy engine start-up.
- Standard auto idle. Idles engine while not in use. Reduces fuel consumption and noise.
- Engine controls on front for engine switch, idle control and choke cable.
- Hour meter provides easy tracking of run hours for maintenance intervals.
- Compact and portable, its small footprint uses little truck space. Optional running gear also makes the Blue Star one-man portable.
- Class-leading 6500-watt peak power of regulated power to extend power tool life. Accu-Rated™ peak generator power is usable for maximum generator loads such as plasma cutting, Millermatic MIG welders and motor starting.
- Single-range amperage control makes setting amperage levels easy.
- Quick-reference parameter chart provides convenient amperage setting guidance.
- 120 V GFCI and 240 V Reciprocating provide power for jobsite tools. Reciprocating are circuit-breaker protected. Reciprocating covers improve reliability by protecting Reciprocating from debris.
- Reliable air-cooled OHV engine ensures consistent engine performance.

Specifications:

- Rated Output: 185 Amps at 25 Volts, 20% Duty Cycle
- Welding Amperage Range: 60 - 155 Amps
- Net Weight: 315 lb (143 kg)br
- Generator Power 104DegF: Accu-Rated Power, 6,500 Watts Peak; 6,200 Watts Continuous
- Engine: Gas: 13.4 HP at 3,600 RPM
- Fuel RunTime Capacity: Fuel capacity: 6.25 gal (23.7 L)
- Run time (185 DX model): - Will provide approx. 7.5 hours of run time with a continuous load of 3,000 watts generator power.
- Run Time: - Welding at 130 amps (at 30 percent duty cycle), the Blue Star 185 will run for about 12.8 hours of operation

907664	\$3,590.00

Miller® Welding Equipment
**Engine Driven
 Welder / Generator**
 11,000 Watt
 Bobcat™ 225

Economical engine drives designed for rugged use, with auxiliary power available while welding which makes this a great machine for construction or as a stand-alone generator.

- Welding and power ratings are at 104° F - highest in its class to ensure reliable performance.
- 11,000 watt (peak) power output provides plenty of power to run power tools and lights.
- DC weld output for Stick, MIG, Flux Cored and TIG applications.
- AC weld output provides TIG capabilities and helps prevent arc wander in Stick.
- Patented 12-gallon "smart" fuel tank has a reservoir design that minimizes the chance of fuel backflow.
- Heavy-duty construction. All internal components are designed to handle the harshest environments and will run better and last longer
- New Ten-degree skewed-rotor design for smoother generator power - better power, better performance.
- New Receptacle and output stud covers made from XENOY® meet/exceed OSHA, CSA and CE requirements for job site safety.

Specifications:

- Rated Output at 104° F (40°C)
- CC-AC: 225 A at 25 V, 100% Duty Cycle
- Output Power Range:
- FCAW/MIG (CV): 19-28 volts
- Generator Power- rated at 104°F
- 11,000 Watts Peak, 9500 Continuous
- Net Weight: 585 lbs
- Engine: Kohler CH 23.5 HP at 3600 rpm

Part#	EA
907498	\$4,721.00

Miller® Welding Equipment Engine Driven Welder / Generator 10,500 Watts Bobcat™ 250

- New! More horsepower - 23 HP Kohler provides more power for demanding weld and generator loads. More guts, more glory!
- New! Meter maintenance displays. Hour meter function and oil change interval.
- 10,500 watts of Accu-Rated - Not Inflated generator power. Cranks out enough power for most applications: job site, farm/ranch, or home. Miller provides the strongest and most reliable generator power. Our Accu-Rated standard for measuring generator power guarantees delivery of all the power its machine promises.
- New! Smooth Power - Not Spike Power. Revolutionary ten-degree skewed-rotor design optimizes generator performance for smoother power.
- New! Better Welds with Tri-Cor Technology. Delivers smoother weld output, improved Stick arc performance and decreased spatter with 7018 electrodes. All without sacrificing the already excellent performance with 6010 electrodes.
- New! Larger Fuel Capacity. 12-gallon tank keeps generator running for 14 hours with a 4000-watt load. Exclusive Smart Fuel Tank is designed to minimize the chance of back splash when refueling.
- Exclusive! High-Impact Protective Armor with Reciprocating and output stud covers provides a virtually indestructible barrier from damage. High-impact resistance in all temperatures. Other applications include: automotive bumpers, tractor hoods, lawn mower decks, etc...

Specifications:

- Rated Output at 104° F (40C): MIG/FCAW: 250 A at 28 V, 100% duty cycle, MIG/FCAW: 275 A at 25 V, 60% duty cycle, AC/DC Stick/TIG: 250 A at 25 V, 100% duty cycle
- Output Power Range: DC TIG/Stick: 40 - 250 A, AC TIG/Stick: 40 - 250 A, FCAW/MIG: 17 - 28 V
- Generator Power - rated at 104F (40C): Accu-Rated 10,500 Watts Peak, 9,500 Watts Continuous
- Net Weight: 560 lb (254 kg)
- Engine: Kohler: 23 HP at 3600 RPM (gas)

Part#	EA
907500001	\$5,129.00

Miller® Welding Equipment Trailblazer™ 275

- Quietest engine drive in its class. Fully enclosed case protects the engine and decreases sound levels by 1/3 over previous models. Removable service doors provide easy access for engine maintenance.
- 12,000 watts of Accu-Rated - Not Inflated generator power. Cranks out enough power for most applications: job site, farm/ranch, or home. 9,500 watts of continuous power. Miller provides the strongest and most reliable generator power. Our Accu-Rated standard for measuring generator power guarantees delivery of all the power its machine promises.
- Exclusive! Trailblazer Series offers the ONLY two-generator system - one for welding and one for generating power - meaning no interaction between tools and the welding arc, and it has the strongest generator power while welding.

Continued on Next Column

- Improved Arc Performance. Legendary four-pole rotor and 3-phase weld output for the smoothest, most stable and flawless multi-process arc in their class.
- Lift-Arc start provides TIG arc starting without the use of high frequency.
- New! DC TIG with Auto-Crater allows time for addition of filler to crater, and eliminates unwanted arc strikes outside the weld area for better weld finishes.
- DC TIG with Auto-Stop allows the arc to be stopped without the loss of shielding gas and without unwanted arc strikes outside the weld area for better weld finishes.
- Adaptive Hot Start for Stick automatically increases output amperage at the start of a weld should the start require it and prevents the electrode from sticking and creating an inclusion.
- Exclusive! Digital Meters with Sun/Vision technology for easy reading in direct sunlight or shade. Self-calibrating digital weld meters with meter maintenance functions.
- Larger Fuel Capacity. 12-gallon tank can keep the generator running for 14 hours with a 4000-watt load. Exclusive Smart Fuel Tank is designed to minimize the chance of back splash when refueling.
- Exclusive! Super-tough Protective Armor with Reciprocating and output stud covers made from XENOVY make the Trailblazer virtually indestructible. Other XENOVY applications include: automotive bumpers, tractor hoods, lawn mower decks, etc...
- Active Field Current Control makes small adjustments to increase overall arc performance in all conditions and weld processes.
- Four Pole - Three Phase Weld Output: True multiprocess CC or CV output is perfect for the professional welder, producing X-ray quality Stick, MIG, and TIG welds. Its four pole, three phase welding arc is the smoothest, most stable arc in its class.
- Our alternator and generator are comprised of iron and copper to stand up to the challenges of your welding needs.
- Engine idles 3-4 seconds after starting to extend engine life and reduce fuel consumption.
- Auto Remote Sense automatically switches from Panel to Remote Amperage/Voltage (A/V) control with remote connected. Eliminates confusion of the Panel/Remote A/V switch.

Specifications:

- Rated Output at 104° F (40°C):
- MIG/FCAW: 275 A at 35 V, 100% duty cycle
- TIG/Stick: 275 A at 28 V, 100 % duty cycle
- Output Power Range:
- DC Stick: 30 - 275 A
- DC TIG: 20 - 275 A
- MIG/FCAW: 13 -33 V, 275 A
- Generator Power- rated at 104° F (40°C):
- Accu-Rated 12,000* Watts Peak: 10,500 Watts Continuous
- Net Weight: 568 lb (258 kg)
- Engine:
- Kohler: 23.5 HP at 3600 RPM (gas)

Miller
The Power of Blue.

Miller® Welding Equipment
Plasma Cutter
 Air Plasma Cutting
 Spectrum® 375 XT30C

- Electronic Pilot Arc Controller automatically controls the pilot circuit to provide expanded metal cutting ability without having to re-trigger the torch, increasing productivity and extending tip life
- Dual input voltage allow either 115 or 230 VAC input power and provides patented protection in case of incorrect switch position
- LVCT™ line voltage compensation provides peak performance power under variable conditions (power fluctuations up to +/-15%) for steady cuts and cleaner ending cuts
- Can be powered by any Miller engine drive with generator power (e.g. Bobcat™) or equivalent competitive equipment
- Power factor correction expands operator's work area via extension cords while minimizing nuisance trips caused by voltage drops
- LED indicators for pressure, power, cup and temperature allow faster troubleshooting
- Starts without high-frequency so it will not interfere with or damage controls or computers

Comes complete with:

Plasma cutter, CE-27C hand-held torch with 20' cable, Heavy-duty work clamp with 20' cable, 10' power cord with 115 VAC, 20 A plug, Extra consumables (3 electrodes, 3 tips, and 1 air fitting), Built-in gas/air filter and regulator with extra protection

Specifications:

Rated Cutting Capacity: 1/16" Stand off cutting..... Drag cutting

Rated: 3/8"..... Rated: 5/16"

Quality: 1/2"..... Quality: 3/8"

Sever: 5/8"..... Sever: 1/2"

Rated Output: 27 A at 90 VDC, 35% Duty Cycle

Plasma Gas Flow/Pressure: 4.5 CFM (129 L/min) at 60 PSI (414 kPa)

Tweco®
Welding Electrode Holder
 Super-Mel Insulators
 Twecotong®

- Twecotong electrode holders feature reversible top and bottom "SUPER-MEL" insulators
- Efficient 6-position jaw patterns and fully insulated, protected springs
- Body Alloy: 98% copper

Part#	Capacity Amps	Electrode Capacity (in.)	Cable Capacity	Length (in.)	EA
9110-1101	200	Thru 3/8"	Thru 2/0	8 1/2"	\$52.00
9110-1102	250	Thru 3/8"	Thru 2/0	9 1/4"	52.00

Lenco
Welding Electrode Holder

- Upper and lower tongs are made from a high copper alloy for maximum conductivity and strength
- Top and bottom tip insulators are a molded fiberglass compound and will withstand intensive heat impact
- Handles are molded from a durable glass filled nylon material with a good heat and impact resistance
- Oval-point screw cable connection is standard on all models

Part#	Capacity Amps	Electrode Capacity (in.)	Cable Capacity	Length (in.)	EA
380-01030	250 min, 300 max	3/8"	2/0	8-1/2"	\$27.90
380-01040	300 min, 350 max	1/4"	2/0	10"	32.04

Victor®
Torch Cutting Attachment
300 Series - Heavy-Duty

- Victor cutting attachments are specifically weight balanced for each matching torch handle
- Double O-Ring seal provides convenient hand-tight seal with torch handle
- For use with 310C, HD-310C and 315C torch handles
- For use with acetylene, propane, butane, LIQUID AIR® fuel gas, MAPP® and natural gas (2 PSIG and above)
- Uses Tip Series: 1
- Cutting Capacity Range: 8"
- Length: 10-1/2"

Part#	EA

Miller® Welding Products Plasma Electrode for Miller ICE-25C Torch

- Miller Plasma Electrode, 27 Amp For ICE-27C/T Plasma Torch
- Package of 5 - Genuine Miller 27 amp plasma electrodes for ICE-25C, ICE-27C and ICE 27T plasma torches.
- Suitable for Miller Spectrum Cutmate 300, 375, 375 X-Treme, Hobart AirForce 375 and 400

Part#	EA
176655	\$6.71

Miller® Welding Products Plasma Tip

- Miller Plasma Tip
- Package of 5 - Genuine Miller 27 amp plasma tips for ICE-25C, ICE-27C and ICE-27T torches.
- Suitable for Miller Spectrum Cutmate 300, 375, 375 X-Treme, Hobart AirForce 375 and 400

Part#	Description	EA
176656	27 Amp for plasma torch	\$3.44
202809	25 Amp Plasma Arc Cutting Torch	15.30
202808	Shield Cup for Miller ICE 25 Torch	17.01

Miller® Welding Products Contact Tips

- Qty = 10
- For Miller MIG gun M-10 M-15 M-25

Part#	Tip Size	EA
000067	.030" x 1.125	\$1.58
000068	.035" x 1.125	1.58

Hobart® Welding Products Fabshield® 21B

- An all positional general purpose
- Self-shielding
- Slux cored wire
- Designed specifically for multi-pass welding of mild steel and galvanized steel
- Up to a maximum of 20mm in thickness.

Part#	Diameter (in.)	LB
S22106-022	.030	\$13.95
S222108-019	.030	9.85

Victor® Welding & Cutting Outfit For Shop & Home Use Performer®

- For shop and home use
- Light-duty
- Designed for welding up to 3/32" and cutting up to 3/8"
- With larger capacity nozzles and cutting tips can weld up to 1-1/4" and cut up to 3"
- Includes J-100C torch handle; 2-W-J welding nozzles; CA 1260 cutting attachment; 0-3-101 cutting tip; SR58 oxygen regulator; and SR59 acetylene regulator

When ordering, specify Acetylene inlet connection required.

Part#	EA
0384-2045	\$500.22

Victor® Heavy Duty Oxy Fuel Outfit Journeyman®

- ESS4 Edge Series Regulators
- H 315FC torch handle with built in flashback arrestors and check valves
- CA 2460 cutting attachment
- W Welding nozzles sizes 1, 3 and 5 and MFA heating nozzle, size 8
- 1-1-101 cutting tip

Part#	EA
0384-2036	\$960.00

Victor® Acetylene Gas Welding Outfits Contender®

- ESS3 Series regulators
- 315FC torch handle with built-in flashback arrestors and check valves
- CA 2460 cutting attachment
- Cutting tip (See chart)
- Heating nozzle

Part#	EA
0384-2050	\$632.00

0384-2690	\$456.00

Hobart Brothers
Mild Steel Electrode
 AWS E6010
 Pipemaster® 60

- Quick starting, excellent arc stability superior arc drive (penetration), light slag, and excellent wash-in.
- An all-position cellulistic mild steel electrode
- Outdoes itself in producing X-ray quality welds
- Typical applications include: Construction & ship building, general purpose fabrication, maintenance welding, out-of-position X-ray welds, pipe welding, vertical & overhead plate welding
- Type of Current: DCEP

Properties:

- Carbon - .06
- Manganese - .4
- Silicon - .2
- AWS A5.1-91, E6010
- ASME SFA 5.1, F-3, A-1, E6010
- ABS 3, 3y
- CWB E41010

Part#	Diameter (in.)	LB
S116532-035	3/32	\$4.00
S116544-035	1/4	3.98
S116551-035	5/32	1.65

Hobart Brothers
Mild Steel Electrode
AWS E6011
Hobart® 335A

- Designed for use with AC power sources
- An all position, cellulose-based electrode that provides you with stable arc characteristics and good penetration
- Typical applications include: Galvanized steel work, general purpose fabrication, railroad cars, shipbuilding, & structural work

- Type of current: AC, DCEN, DCEP
 - Length: 14"
- Properties:

- Carbon - .14
- Manganese - .47
- Silicon - .18
- Phosphorus - .009
- Sulphur - .009

Approvals & Conformances:

- AWS A5.1-91, E6011
- ASME SFA 5.1, F-3, A-1
- ABS
- CWB E41011

Part#	Diameter	
	(in.)	LB

S112251-031	5/32	3.95

Hobart Brothers
Mild Steel Electrode
AWS E6013
Hobart® 447A

- When poor fit-up conditions exist, you'll prefer the fast freeze characteristics of Hobart 447A
- Whether you use AC or DC power sources, the 447A has a very stable arc and good bead appearance
- Typical applications include: General purpose fabrication, machine parts, metal buildings and structures, shaft build-up.

Continued on Next Column

- Type of current: AC, DCEN, DCEP

Hobart Brothers
Mild Steel Electrode
AWS E7018 H8R
Hobart® 418

- General-purpose, low-hydrogen, mild steel electrode
- Has good out-of-position welding capabilities and provides an X-ray quality deposit
- Ideal for tacking prior to finish welding with Fab-shielded self-shielded, tubular wire—because the construction allows removal of all the slag from self-shielded wire

- Typical applications include: Field erections, jobs where low-hydrogen weld metal in the tensile strength range of 70,000 psi is required, low-alloy structures, low-medium-high carbon steels, offshore rigs, & power plants

- Type of current: AC, DCEP
- Length: 14"

Properties:

- Carbon - .05
- Manganese - 1.13
- Silicon - .53
- Phosphorus - .011
- Sulphur - .014

Approvals & Conformances:

- AWS A5.1, E7018
- ASME SFA 5.1, F-4, A-1
- ABS 3HH, 3Y
- Lloyd's
- Military MIL-E-22200/1

Bare Wire Copper Alloys

Flux coated: Five 10 lb. tubes. 36' lengths. Available sizes 1/16", 3/32", 1/8", 5/32", 3/16", 1/4", 3/8". Bare, lengths 18', 36', 50 lbs. standard package. Spooled wire, level-layer wound. Available sizes .30, .035, 0.45, 1/16", 3/32"

Naval Bronze Bare Wire: For braze welding steel, cast iron, malleable iron, copper, bronze, nickel alloys. Strength, corrosion resistance improved by addition of 1% tin to alloy. Melting point 1652°F.

Specifications: AWS A5.8, ASME SFA 5.8, Class RBCuZn-A, Class RBCuZn-A

Composition: Cu 57-61, Zn Bal., Sn 0.25-1.00, Al 0.01 max, Pb 0.05 max, others 0.05 max

Compliances: QQ-R-57. Class RBCuZn-A. MIL-R-19631. Type MIL-RCuZn-A

Nickel Bronze Bare Wire: For braze-welding steel, cast iron, as a surfacing material to build up wearing surfaces, bearings. Strength, hardness increased by additions of iron, manganese. Melting point 1620°F

Specifications: ASME SFA 5.27, Class RBCuZn-B, QQ-R-571, Class RCuZn-B

Composition: Cu 57-60, Zn Bal., Sn 0.8-1.1, Mn 0.01-0.50, FE 0.25-1.2, Si-.04-0.15, Ni 0.2-0.8, Al 0.01 max, Pb 0.05 max, others 0.05 max.

Compliances: MIL-R-19631. Type Mil-RCuZn-B.

Low Fuming Bronze Bare Wire: For braze welding steel, cast iron. High mechanical properties, low fuming qualities. Available flux coated, bare. Melting point 1620°F.

Specifications: ASME SFA 5.27, Class RBCuZn-B, QQ-R-571, Class RCuZn-B.

Composition: Cu 56-60, Zn Bal., Sn 0.8-1.1, Mn 0.01-0.50, FE 0.25-1.2, Si 0.04-0.15, Al 0.01 max, Pb 0.05 max, others 0.50 max.

Compliances: QQ-R-571. Class RCuZn-C. MIL-R-19631. Type MIL-RCuZn-C

Nickel Silver Bare Wire: For braze welding steel, cast iron. Use for good color match, situations requiring high mechanical properties. Available flux coated, bare. melting point 1680°F.

Specifications: AWS A5.8, ASME SFA 5.8, RBCuZn-D, ASME SFA 5.27, RBCuZn-D

Composition: Cu 46-50, Zn Bal., Si 0.04-0.25, Ni 9.0-11.0, P 0.25 max, Al 0.01 max, Pb 0.05 max, others 0.50 max.

Compliances: QQ-R-571. Class RCuZn-C. MIL-R-19631. Type MIL-RCuZn-C

Aluminum Bronze A1 Bare Wire: For overlay purposes. Resists corrosion from salt, acids. Use with gas metal arc, gas tungsten arc processes. Not recommended for joining.

Specifications: AWS A5.8, ASME SFA 5.7, ERCuAl-A1.

Composition: Cu Bal., Sn 0.10 max, Mn 0.50 max, Si 0.10 max, Pb 0.02 max, Al 6.0-8.5.

Aluminum Bronze A2 Bare Wire: Used primarily with gas tungsten arc, gas metal arc welding. For joining similar aluminum bronzes, certain

Continued on Next Column

copper-nickel alloys, ferrous metals, high strength copper-zinc alloys, silicon bronzes, dissimilar metals. Also used to repair castings by gas tungsten arc process. Provides surfaces resistant to corrosion. High mechanical properties from deposits.

Specifications: AWS A 5.6, ASME SFA 5.7, ERCuAl-A2.

Composition: Cu Bal., Zn 0.02 max, FE 1.5 max, Si 0.01 max, Al 8.5-11.0, Pb 0.02 max, others 0.50 max.

Compliances: QQ-R-571. Class RCuAl-A2. MIL-R-19631. Type MIL-RCuAl-A2.

De-oxidized Copper Bare Wire: Used for welding jobs with high copper content. Phosphorous, silicon act as de-oxidizing agents which helps strengthen weld joints. Good electrical conductivity.

Specifications: AWS A5.7, ASME SFA 5.7, ERcu, ASME SFA 5.27, ERcu

Composition: Cu 98.0 max, Sn 1.0 max, Mn 0.5 max, Si 0.10 max, P 0.15 max, Al 0.01 max Pb 0.02 max, others 0.50 max.

Compliances: QQ-R-571. Class Rcu-2. MIL-R-19631. Type MIL-Rcu-2.

Silicon Bronze Bare Wire: For inert gas welding of copper-zinc based metals, copper, copper-silicon, steel. Surfaces areas to prevent corrosion.

Specifications: AWS A5.27, ASME SFA 5.7, ERcuSi-A, QQ-R-571, Class RcuSi-A, MIL-R-19631, Type MIL-Rcu Si-A.

Composition: Cu 94 min, Zn 1.5 max, Sn 1.5 max, Mn 1.5 max, Fe 0.5 max, Si 2.8-4.0, Al 0.01 max, Pb 0.02 max, others 0.50 max.

Compliances: ASME SFA 5.27. ERcuSi-A.

Phosphor Bronze A Bare Wire: Used to weld bronzes, tin-bronze base metals. Also used to overlay steel. Wear resistance of weld metal increased by tin content.

Specification: AWS A5.7, ASME SFA 5.7, ERcuSn-A, MIL-R-19631, Type MIL-RcuSn-A.

Composition: Cu 93.5 min, Sn 4.0-6.0, P 0.10-.035, Al 0.01 max, Pb 0.02 max, others 0.50 max.

Compliances: QQ-R-571. Class RcuSn-A.

Phosphor Bronze C Bare Wire: For joining, welding bronzes to cast iron, steel. Higher mechanical properties due to 8% tin.

Specifications: AWS A5.7, ERcuSn-C.

Composition: Cu Bal., Sn 4.0-6.0, P 0.10-.035, Al 0.01 max, Pb 0.02 max, others 0.50 max.

Compliances: QQ-R-571. Class RcuSn-C.

Copper-Nickel Alloy 670 Bare Wire: For gas tungsten arc, gas metal arc welding copper nickel alloys. Prior to overlaying steel with GMAW process, recommend laying barrier layer nickel alloy.

Specifications: AWS A5.7, ERcuNi, QQ-R-571, Class RcuNi.

Composition: Cu Bal., Mn 1.0 max, Fe 0.40-0.75, Si 0.2 max, Ni 29.0-32.0, P 0.02 max, Pb 0.02 max, Ti 0.20-0.50, others 0.50 max.

Miller® Welding Products Welding Helmet

"Not Forgotten" Digital Elite™ Series

- The Miller Not Forgotten™ Digital Elite™ auto darkening welding helmet now features an all new digital lens with new 3-year warranty.
- The Digital Elite™ lens operates in weld, cut, grind and Miller's X-Mode™ which eliminates sunlight interference and low-amp lens flashing from obstructed sensors.
- The Miller Not Forgotten™ auto darkening welding helmet comes complete with Miller's redesigned headgear and easier to use digital controls.

Digital Controls With Four Operating Modes -

- Weld Mode – Shades #8 - 13
- Cut Mode – Shades #5 - 8
- Grind Mode - Light State #3
- X-Mode – Shades #8 - 13
- X-Mode Electromagnetic Arc Sensing for: Sunlight interference outdoors, Low-Amperage TIG, Pipe/Curves, Obstructed Sensors & Hidden/Cavity Welds
- Improved headgear features additional adjustability settings for better fit & comfort

Zip-It Kit

- Zip-It anchor is a one-piece self drilling anchor designed for use in hollow gypsum wallboard for light to medium duty loads.
- It is available in both engineered nylon and Zamac alloy for use with No. 8 screws in 3/8" to 1" thick wallboard.
- The Zip-It Jr. is also available in engineered nylon and Zamac alloy for use with No. 6 screws in 3/8" to 5/8" wallboard.
- 50 Piece per box

Part #	Screws	Type	EA
02368	#8 x 1"	Nylon	\$18.75
02369Z	#6 X 5/8"	Zinc	19.75

**Powers Fasteners
Sharkie Flange**

- The Sharkie wall anchor is engineered for strength - the screw extrudes and compresses the anchor polymer into the wall under tremendous pressure
- The anchor molds and conforms exactly to the surface of the hole
- All of the forces supported by the screw are transmitted outwardly 360 degree providing greater holding power by distributing the force over the Maximum area possible.

Part #	For Screws	Qty per Box	Ea
7582	#6-#12	100	\$6.75

Zamac Nailin
Mushroom Head**

- The Zama Nailing is a tamper proof nail drive anchor which has a body formed from Zama alloy
- Can be used in concrete, block, brick or stone
- 100 per box
- Nails are available in carbon or stainless steel

Part #	Size (in.)	EA
2808	1/4 X 1	\$13.50
2814	1/4 X 1 1/4	13.95
2820	1/4 X 1 1/2	16.25
2826	1/4 X 2	20.25

**Powers Fasteners
Hex Head Sleeve Anchors Lok-Bolt**

- Spring Wing type hollow wall anchor
- designed for use in block, wallboard and other hollow base materials.
- two-part assembly for toggle bolt.
- Machined screw and spring wing toggle

Part #	Size (in.)	Qty per Box	EA
05010S	3/8 X 2 3/4	100	\$35.25

**Powers Fasteners
Drop-in Anchor
Lipped**

- Internally threaded anchor for easy bolt removability and service work
- Flanged (lipped) version installs flush for easy inspection and standard embedment
- Smooth wall dropin can be installed flush mounted or below the base material surface
- Optionally available with a knurled body
- Coil thread version accepts coil rod and typically used for concrete formwork applications

Part #	Size (in.)	Overall Length	Throat Depth (in.)	Bolt Dia. (in.)	Qty per Box	EA
6324	1/4	1	7/16	1/4	100	\$29.50

Powers Fasteners
Expanding
Polyurethane Foam

- Power Foam is a Single component, moisture curing expanding polyurethane foam
- The adhesive strength of PowerFoam allows it to be set on various types of building elements including concrete, brick, wood, metal, aluminum and steel
- The foam works best at room temperature
- It is dispensed through a straw-like plastic tube that is Packaged with the can
- The structure of hardened foam provides excellent insulation against heat and noise
- The foam has R-5 value when used in place of traditional installation methods

Part #	Size (oz.)	EA
08130N	12	\$7.25

Powers Fasteners
Expanding
Polyurethane Foam

- CFC free propellant
- Class B2 Flame retardant
- Physiologically harmless when fully cured
- Contains no urea formaldehyde or PCB's
- Does not rot or deteriorate with age
- Low odor
- High foam yield - up to 1.6 ft3 per 29 oz. can
- Easily adjustable applicator can dispense foam beads as small as 1/8"

WEATHER GUARD®
Jumbo Underbed Truck Boxes
Steel

- The larger door opening makes it easier to get those bulky items in and out
- WG-TI™ brite white finish or black Armor-tuf powder coating
- 6" deeper and taller than standard underbed boxes
- Most rugged underbed boxes available
- Features a blend of materials - the top, back and end panels are 14 gauge steel, the bottom is 12 gauge steel
- Doors are made of .100 thick aluminum with a full length reinforcing channel that resists rust
- Weather stripping and a flanged design seal out weather and road grime
- Paddle handle rotary style latch mechanism features a two-position latch system for your personal safety
- Perfect for fitting under a flatbed, platform or dump truck body
- Exclusive inner arc weld construction on all seams for maximum strength and durability
- Unique angle design adds strength to the full length of the cabinet and allows the door to swing all the way down when the cable is removed

Note: Due to the various chassis that these products can be used on, contact a truck equipment dealer for mounting procedures and support brackets or angles. If you decide to make these brackets yourself, do not use any steel less than 1/4" in thickness.

Low Profile Drawer Units
 Steel
Pack Rat®

- Front and bottom of drawer is 12 gauge steel
- Top and sides of unit are 14 gauge plate steel
- Bottom of cabinet is 20 gauge steel reinforced with full length 12 gauge steel skids
- Drawer channels are 18 gauge steel
- Drawers have a 425 lb. load rating
- Bright white finish inside and out
- Fully weather stripped
- Anti-skids strips prevent slipping
- Removable roller bearings provide trouble free operations
- For ease of maintenance, drawers are completely removable
- Low-profile provides concealed and secure storage for heavy items without greatly reducing truck bed area
- Reinforced construction allows material to be loaded on top of unit
- Drawer compartments are approximately 9 3/4" wide and can be divided
- One-touch latch system allows easy, one-hand operation
- The smooth gliding roll-out drawer puts frequently needed items within easy reach without the need to climb up onto the truck bed.
- Dividers not available for large compartment
- Dividers Included: 6

WEATHER GUARD® Full Size Van Rack Safari Rack

- Excellent for hauling all types of materials—Wide enough for 4 foot wide loads
 - The eight cross members spread the load evenly to protect the entire roof of the van and will support the flimsiest of long materials
 - When hauling long items be sure to secure the material properly to the rack for safe transport
 - Installation is easy, no holes to drill, and all hardware is provided
 - The oval rail design side rail is unique to WEATHER GUARD® equipment
 - The front and rear cross members extend over the end of the van to protect the van when loading ladders and other long materials.
 - Cross members are constructed out of 13 gauge, 1-1/4" x 1-1/4" inch square steel tubing.
 - Tie downs may be bolted on anywhere along the side rail where convenient.
 - The air foil eliminated wind noise at the maximum speed limit and mounts to the front of the cross member.
 - Mounting bracket to fit all full size vans.
- Measurements:

- Length of rails - 150-3/4"
- Distance, rear to front cross member - 140"
- Cross members - 20" on center
- Mounting bracket locations - adjustable
- Center leg height adjusts for '92 and newer Ford vans and '96 and newer GM vans

Note: Special care should be taken to keep loads within reasonable limits, keeping in mind how the load will affect the van's center of gravity, roadability and load rating.

Equipto® Shelving & Racks EQUIPTO®

Equipto's V-Grip sets the standard for industrial shelving by combining structural integrity with maximum design flexibility. Integrated components easily reconfigure to accommodate future growth and expansion.

Equipto Modular Drawers provide exceptional storage performance. A variety of sizes, weight capacities, and interior divider configurations provide the flexibility to meet every requirement.

Equipto Mobile Aisle Shelving Systems are specifically designed to maximize storage density in industrial applications. Space normally wasted is limited to a single access aisle per module resulting in space savings of over 50%.

Equipto leads the industry in Modular Mezzanines. Turn unused air space into additional work or storage space with a free-standing mezzanine or with a high-rise shelving-supported mezzanine. Available decking surfaces include solid and perforated channel grating, bar grating and solid decking.

Equipto offers several Bench Designs including heavy-duty, open-leg workbenches, modular drawer benches, and the Equiptoflex line of flexible work stations. Available work surfaces include painted steel, stainless steel, laminate and wood. Accessories include mobile kits, production boosters, electrical power strips, locks and cabinet/drawer pedestals.

Equipto Cabinets and Lockers meet every security need by featuring locks and a solid construction. Perfect for any environment and come in desk, counter, or full heights.

CALL FRANK'S SUPPLY FOR MORE INFORMATION AND PRICING ON EQUIPTO'S SHELVING AND RACKING SYSTEMS.

Proto® Industrial Tools 1/4" Drive Combination Socket Set 37 Piece

- Proto® 6 Point Sockets are ideal for use on stubborn or damaged Fasteners, and also on Fasteners made from soft materials.
- The TorquePlus™ design is a high performance drive configuration which allows for quick and easy socket engagement to the fastener flats, not the corners.
- The TorquePlus™ configuration employs a radius-corner design, shifting contact area and stress away from the fastener corners and distributing contact stresses over a large area of the socket, minimizing slippage.
- The TorquePlus™ internal design minimizes fastener rounding, helps to extend fastener life, and allows the user to more easily turn worn, rounded, or rusted Fasteners.

Includes:

- Standard: 3/16, 7/32, 1/4, 9/32, 5/16, 11/32, 3/8, 7/16, 1/2, 9/16", 3 pt. Standard: 1/4, 5/16, 3/8" and 6 pt. Deep: 3/16, 7/32, 1/4, 9/32, 5/16, 11/32, 3/8, 7/16, 1/2, 9/16"
- Phillips Bits Nos. 1 and 2, Standard Bits 3/8, 3/16, 1/4", Pear Head Ratchet, 2, 3 and 6" Extensions, 6" Flex Extension, Hinge Handle, Socket Driver, Universal Joint, Sliding T-Handle, Plastic Case

Crescent® Tools Professional Mechanic's Tool Set 140-Piece

- World famous Crescent brand
- Exceeds ANSI load specs
- Case: Plastic, Cathedral Door with Handle
- Contains all tools needed for most industrial applications
- Includes 1/4-Inch, 3/8-Inch and 1/2-Inch quick release ratcheting drives

Part #	EA
CTK140CMP	\$284.56

Crescent® Tools Professional Tool Set 148-Piece Crescent®

- 72-tooth ratchet drives for a 5° swing that's perfect in tight spaces
- Convenient quick-release button operation
- 3/8" drive 12-point sockets to increase fastener contact area for maximum torque
- Durable storage case has raised-letter ID for each tool location, so they'll stay organized—plus tools lock securely in place
- This set contains 1/4", 3/8", and 1/2" quick-release ratcheting drives, with a wide selection of standard and deep sockets in the most common SAE and metric sizes
- All tools in this industrial-quality tool set meet stringent new ANSI and ASME specifications and come with a full satisfaction guarantee

Stanley® Industrial Tools 1/4", 3/8", & 1/2" Drive Socket Set 170 Piece

- Stanley® drive tools are forged from high-quality steel and finished in high-polish nickel chrome or black chrome.
- Selected ratchets handles are ergonomically designed and have an easy-to-use, thumb operated reverse-switch mechanism.
- Sockets and extensions remain locked onto the drive until disengaged with an easy-to-reach, low-profile quick-release button.
- Stanley® sockets feature our Max-Drive™ design, a unique radius corner design which provides 15% more torque to tighten Fasteners easily and simplify the turning of rounded corners.
- Max-Drive™ helps reduce fastener wear by minimizing contact on the outer 5% of the fastener, helping increase life expectancy. It also helps reduce slipping on frozen or rusted Fasteners.

Includes:

- 1, 1/4" Dr. Pear Head Ratchet
- 1, 3/8" Dr. Pear Head Ratchet
- 1, 1/2" Dr. Pear Head Ratchet
- 16, 1/4" Sockets – 6Pt
- 12, 1/4" Deep Sockets – 6Pt
- 18, 3/8" Dr. Sockets – 6Pt
- 6, 3/8" Dr. Deep Sockets – 6Pt
- 10, 1/2" Dr. Sockets – 6Pt
- 1, 3/8" Dr. Spark Plug Sockets: 5/8"
- 1, 1/4" Dr. Bit Holder
- 1, 1/4" Dr. Extension Bar – 3"
- 1, 3/8" Dr. Extension Bar – 3"
- 8 Combination Wrenches
- 55 Specialty Bits
- 26 Hex Keys
- 12 Nut Bits
- blow Molded Carry Case

The Best for the Best.

Proto® Industrial Tools
1/4" Drive Fractional
Socket Set
6 Point Standard
12-Piece TorquePlus™

Proto's 6 point sockets, incorporating TORQUEPLUS™, are often used on stubborn or worn hex bolts, or bolts made from a soft material. Standard length sockets are the most commonly used length because they are more suited for close, confined areas.

- Diamond knurled handle provides a comfortable, non-slip grip
- All ratchet bodies are produced from special quality alloy steel, in addition, component parts are also precision machined from special alloy steel
- Unique 24 tooth gear/floating pawl design provides engagement every 15° of handle movement. This design provides a ratchet with superior strength and life
- Thin head design allows access into areas where space is limited
- Recessed reversing lever is easy to access and provides a quick, one hand direction change
- Includes: 12-piece set - 6 pt. Sockets - 3/16", 7/32", 1/4", 9/32", 5/16", 11/32", 3/8", 7/16", 1/2", 9/16", Ratchet 6-1/8", Socket Driver, Metal Box

Torque Plus™

- Proto hand sockets incorporate the TORQUEPLUS™ wrenching system. This high performance design allows the socket to contact the fastener away from the corner while also dispersing stress over a larger area.
- All sockets are made from special alloy steel that permits a high strength, thin wall design for use on Fasteners that are extremely close to obstructions.
- All sockets are manufactured to the most up to date industrial specifications using modern processes assuring large clear-

- holes, concentric openings, and tight tolerances for a snug fit on Fasteners
- 1/4" drive hand sockets incorporate 4 detents providing positive sure engagement on any of the four socket drive end walls
- ANSI Spec: B107.1
- AS 954

Proto® Industrial Tools 1/4" Drive Wobble Extensions

- Provides up to 17° angle of operation

Part #	Length (in.)	EA
4759W	2	\$6.91
4760W	3	9.44
4761W	6	9.82

Proto® Industrial Tools 1/4" Drive Locking Socket Extensions Positive Socket Retention

- One piece extension design
- Provides positive socket retention
- Use where accidental socket disengagement may be a concern or safety hazard

Part #	Length (in.)	EA
4761L	6	\$23.77
4759L	2	16.70

Proto® Industrial Tools 1/4" Drive Socket Adapter

- WARNING: Do not use hand sockets or Adapters on impact guns
- ANSI Spec: B107.10M
- Meets Federal Spec.: GGG-W-641E

Part #	Size (in.)	EA
5255	3/4F x 1/4M	\$8.50
5256	1/4F x 3/8M	6.92

Proto® Industrial Tools 1/4" Drive Hinge Handle Breakover Bar

- Overall length: 5-3/4"
- ANSI Spec: B107.10M
- AS 4283
- Meets Federal Spec.: GGG-W-641E

Part #	EA
4766	\$20.10

Gearwrench® 1/4" Drive 120XP™ Full Polish Teardrop Ratchet

- Teardrop Low Profile Head and Flush Mounted On/Off Switch Allow Better Access in Tight Spaces
- Longer Reach Handle to Access Hard to Reach Fasteners
- Highly Visible On/Off Markings on the Head
- Enclosed Head Design for Extreme Resistance to Dirt Infiltration
- Double-Stacked Pawls Engage a 60-tooth Gear Providing Exceptional Strength, Exceeding ASME Specifications
- 120 Positions, 3° Ratcheting Arc
- The Gear is Alternately Engaged by the Double-Stacked Pawls which give a 3° Swing Arc for Faster Work
- Full Polish Chrome Handle
- Meets or Exceeds ASME B107.10

Part #	Ea
81011P	\$40.77

Proto® Industrial Tools 1/4" Drive Ratchet Pear Head Design

- Vertical hole drilled in drive plug, designed for installation of frangible collars on threaded pins
- Metal spring clip on drive plug for positive socket retention
- Unique 24 tooth gear/floating pawl design provides 15° ratcheting angle while maximizing ultimate torque
- Thin head design for access into tight work area
- Reversing lever designed for quick, one hand operation
- Overall length: 5"
- ANSI Spec: B107.10M
- Meets Federal Spec.: GGG-W-641E

Part #	EA
4749	\$28.22

Proto® Industrial Tools 1/4" Standard Length Round Head Ratchets

- Round Head ratchet mechanism allows for a compact head.
- 72-tooth = 5° swing arc.
- Small Head design and tight swing arc allow fastener access in tight areas.
- Black oxide finish.

Part #	Drive Size (in.)	Overall Length (in.)	Ea
4752F	1/4	4 1/2	\$37.91

Proto® Industrial Tools 1/4" Drive Indexable Head Ratchet Comfort Grip

- The breakthrough, patent-pending design on these new indexable Head Ratchets gives you unmatched access to those hard-to-reach Fasteners. With 24 different locking angles, you can get the toughest jobs done without having to remove or disassemble whatever obstruction is in your way.

Among other benefits:

- One-hand, indexable hand release switch means you can leave the tool on the fastener as you change positions
- The sealed transfer case keeps dirt and debris out so you tool continues to provide exceptional performance
- 360° head rotation, smaller head size, and Comfort Grip handle make your tool easy to use
- These new Indexable Head Ratchets are priced at a substantial savings from competing indexable ratchets and come with our lifetime warranty

Part #	Ea
4757F	\$49.64

**When Only the Best
Will Do!**

Proto® Industrial Tools 3/8" Drive Fractional Socket Set 6 Point Standard 12-Piece TorquePlus™

- Proto's 6 point sockets, incorporating TORQUEPLUS™, are often used on stubborn or worn hex bolts, or bolts made from a soft material
- Standard length sockets are the most commonly used length because they are more suited for close, confined areas
- Diamond knurled handle provides a comfortable, non-slip grip
- All ratchet bodies are produced from special quality alloy steel. In addition, component parts are also precision machined from special alloy steel
- All external surfaces are ground, polished, and buffed to a mirror finish. These operations followed by nickel chrome plating provide lasting beauty while preserving the surface against rust and corrosion
- Includes: 12-piece fractional set - 6 pt. Sockets - 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8"; Ratchet, Extensions - 3", 6" x 6"; Metal Box

Part #	Ea
52128	\$130.00

Proto® Industrial Tools 3/8" Drive Fractional Socket Set 12 Point Standard 15-Piece TorquePlus™

- The most commonly used sockets are 12 point because they are easier to position for rapid seating on hex or 12 point Fasteners. Proto's TORQUEPLUS™ design further improves the efficiency of the 12 point design.
- Standard length sockets are the most commonly used length because they are more suited for close, confined areas

Stanley® Industrial Tools Standard and Deep Socket Sets

20 Piece

- Stanley drive tools are forged from high-quality steel and finished in high-polish chrome
- Each ratchet handle is ergonomically designed and has an easy-to-use, thumb-operated reverse-switch mechanism
- Sockets and extensions remain locked onto the drive until disengaged with an easy-to-reach, low-profile quick-release button
- Stanley sockets feature our Max-Drive design, a unique radius corner design which provides 15 percentage more torque to tighten Fasteners easily and simplify the turning of rounded corners
- Helps reduce fastener wear by minimizing contact on outer 5 percentage of fastener; helping increase life expectancy
- Helps reduce slipping on frozen or rusted Fasteners
- All Stanley ratchets and sockets are manufactured globally, and are designed to meet or exceed ANSI specifications

Part #	EA
3824-MNB	\$114.93

Stanley® Industrial Tools Fractional & Metric Socket Set

12 Point Standard & Deep
34 Piece

- Stanley® drive tools are forged from high-quality steel and finished in high-polish nickel chrome or black chrome.
- Selected ratchet handles are ergonomically designed and have an easy-to-use, thumb-operated reverse-switch mechanism.
- Sockets and extension bars remain locked onto the drive until disengaged with an easy-to-reach, low-profile quick-release button.
- Sockets feature our Max-Drive™ design, a unique radius corner design that provides 15% more torque to tighten Fasteners easily and simplify the turning of rounded corners.
- Max-Drive™ helps reduce fastener wear by minimizing contact on the outer 5% of the fastener, helping to increase life expectancy.
- Max-Drive™ helps reduce slipping on frozen or rusted Fasteners.
- All Stanley® ratchets, sockets and wrenches are manufactured globally to Stanley specifications, meeting and often exceeding ANSI specifications.
- Includes: 12 Point Standard - 5/16, 3/8, 7/16, 1/2, 9/16, 5/8, 11/16, 3/4, 13/16, 7/8 Inch, 8, 9, 10, 11, 12, 13, 14, 15, 17, 18, 19 mm. 12 Point Deep: 3/8, 7/16, 1/2, 9/16, 5/8, 11/16, 3/4, 13/16, 7/8 Inch. Accessories: 3, 6" Extension Bars, Pear Head Ratchet, Universal Joint, Blow-Molded Case.

 12 Point Deep

13-Piece TorquePlus™

- Includes: 13-piece deep socket set - 12 pt. Deep Sockets - 1/4", 5/16", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16", 1"; Socket Bar 13"; Socket Clips (13)

Part #	EA
52112	\$134.55

Proto® Industrial Tools
**3/8" Drive Fractional
 Socket Set**
 6 Point Standard

10-Piece TorquePlus™

- Includes: 10-piece fractional set - 6 pt. Sockets - 5/16", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8"; Socket Bar 9"; Socket Clips (10)

Part #	EA
52122	\$63.27

Proto® Industrial Tools
**3/8" Drive Fractional
 Socket Set**
 6 Point Super Short

10-Piece

- Overall length is significantly reduced, allowing access to Fasteners where standard length sockets are too long
- 0° chamfer provides 100% fastener contact for optimum torque yield
- Double nickel chrome plating ensures life long luster and resistance to corrosion
- Includes: 10-piece super short set - 6 pt. Sockets - 3/16", 1/4", 5/18", 3/8", 7/16", 1/2", 9/16", 5/8", 11/18", 3/4"; Socket Bar; Clips (10)

Part #	EA
52123	\$74.00

Proto® Industrial Tools
3/8" Drive Metric Socket Set
 12 Point Standard

12-Piece TorquePlus™

- This 12-Piece TORQUEPLUS™ Metric Socket Set has a 3/8" drive
- 12-Point
- Includes: 12 Point Sockets - 8mm, 9mm, 10mm, 11mm, 12mm, 13mm, 14mm, 15mm, 16mm, 17mm, 18mm, 19mm, 12 Socket Clips, 13" Socket Bar

Part #	EA
52216	\$75.08

4948CF	1 1/2	2 1 1/8	41.50

Proto® Industrial Tools 3/8" Drive Crowfoot Wrench Set 9 Piece

- Crowfoot wrenches are used in hard to reach, restricted access situations where a standard wrench or ratchet cannot reach.
- Anti-Slip Design open end (ASD).
- The arched surfaces are designed to spread the contact forces over a greater area and they keep the loads off the corners of the fastener which helps prevent fastener rounding.
- Broad size range ensures the right tool for the application will be available.
- Typically used in lower torque applications.
- Full polish finish provides corrosion resistance and easy to clean surfaces.
- Locking hole feature helps keep the crowfoot wrench engaged on the extension during use reducing downtime due to detachment of crowfoot in awkward spaces.
- Use with locking extensions to reach into small spaces or where the fastener is out of sight.

Continued on Next Column

- Locking hole on 3/8" drive crowfoot wrenches available on fractional openings 1" and larger.

Includes: 3/8 in, 7/16 in, 1/2 in, 9/16 in, 5/8 in, 11/16 in, 3/4 in, 13/16 in, 7/8 in Opening Type Open

Part #	EA
81238	\$41.11

Proto® Industrial Tools 3/8" Drive Fractional/Metric Sockets 6 & 12 Point Standard & Deep TorquePlus™

- Proto® 12 Point Sockets are ideal for use on stubborn or damaged Fasteners, and also on Fasteners made from soft materials.
- The TorquePlus™ design is a high performance drive configuration which allows for quick and easy socket engagement to the fastener flats, not the corners.
- The TorquePlus™ configuration employs a radius-corner design, shifting contact area and stress away from the fastener corners and distributing contact stresses over a large area of the socket, minimizing slippage.
- The TorquePlus™ internal design minimizes fastener rounding, helps to extend fastener life, and allows the user to more easily turn worn, rounded, or rusted Fasteners.

Gearwrench®
**3/8" Drive Full Polish
 Teardrop Ratchet**
 120XP™

- Teardrop Low Profile Head and Flush Mounted On/Off Switch Allow Better Access in Tight Spaces
- Longer Reach Handle to Access Hard to Reach Fasteners
- Highly Visible On/Off Markings on the Head
- Enclosed Head Design for Extreme Resistance to Dirt Infiltration
- Double-Stacked Paws Engage a 60-tooth Gear Providing Exceptional Strength, Exceeding ASME Specifications
- 120 Positions, 3° Ratcheting Arc
- The Gear is Alternately Engaged by the Double-Stacked Paws which give a 3° Swing Arc for Faster Work
- Full Polish Chrome Handle
- Meets or Exceeds ASME B107.10

Part #	Ea
81211P	\$74.41

Proto® Industrial Tools
**1/2" Drive Fractional
 Socket Set**
 12 Point Standard
 16-Piece TorquePlus™

- The most commonly used sockets are 12 point because they are easier to position for rapid seating on hex or 12 point Fasteners. Proto's TorquePlus™ design further improves the efficiency of the 12 point design.
- Standard length sockets are the most commonly used length because they are more suited for close, confined areas.
- Diamond knurled handle provides a comfortable, non-slip grip
- All ratchet bodies are produced from special quality alloy steel. In addition, component parts are also precision machined from special alloy steel
- Unique 24 tooth gear/floating pawl design provides engagement every 15° of handle movement. This design provides a ratchet with superior strength and life
- Thin head design allows access into areas where space is limited
- Recessed reversing lever is easy to access and provides a quick, one hand direction change
- Includes: 16-piece fractional set - 12 pt. Sockets - 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16", 1"; Ratchet, Extensions - 5", 10"; Hinge Handle 15-3/4"; Universal Joint 18"; Speed Handle; Metal Box

Part #	EA

Proto® Industrial Tools
**1/2" Drive Fractional
 Socket Set**
 12 Point Standard
 18-Piece TorquePlus™

- The most commonly used sockets are 12 point because they are easier to position for rapid seating on hex or 12 point Fasteners. Proto's TorquePlus™ design further improves the efficiency of the 12 point design. Standard length sockets are the most commonly used length because they are more suited for close, confined areas.
- Pear Head Ratchet: Unique 24 tooth gear/floating pawl design provides engagement every 15° of handle movement. This design provides a ratchet with superior strength and life. Thin head design allows access into areas where space is limited
- All sockets are made from special alloy steel that permits a high strength, thin wall design for use on Fasteners that are extremely close to obstructions
- Includes: 18-piece fractional set - 12 pt. Sockets - 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16", 1", 1-1/16", 1-1/8", 1-3/16", 1-1/4"; Ratchet; 5" Extension; 15-3/4" Hinge Handle; Metal Box

Proto® Industrial Tools
**1/2" Drive Fractional
 Socket Set**
 12 Point Standard
 27-Piece TorquePlus™

- Combination wrenches offer access to areas where sockets and attachments will not fit or when greater leverage is required. The box end is offset 15 degrees for clearing obstructions
- Proto hand sockets incorporate the TorquePlus™ wrenching system. This high performance design allows the socket to contact the fastener away from the corner while also dispersing stress over a larger area
- Pear head ratchet, unique 24 tooth gear/floating pawl design provides engagement every 15° of handle movement. This design provides a ratchet with superior strength and life. Thin head design allows access into areas where space is limited
- Includes: 27-piece tool set - 12 pt. Sockets - 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", Combination Wrench 9-1/2"; Tongue and Groove Pliers 5/8"; Spark Plug Sockets - 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16", 1", 1-1/16", 1-1/8", 1-1/4"; Ratchet; Extensions - 5", 10"; Hinge Handle 15-3/4"; Universal Joint; Metal Box

Proto® Industrial Tools
1/2" Drive Metric Socket Set
 12 Point Standard
29-Piece TorquePlus™

- The most commonly used sockets are 12 point because they are easier to position for rapid seating on hex or 12 point Fasteners. Proto's TorquePlus™ design further improves the efficiency of the 12 point design. Standard length sockets are the most commonly used length because they are more suited for close, confined areas
- Ratchet: Unique 24 tooth gear/floating pawl design provides engagement every 15° of handle movement. This design provides a ratchet with superior strength and life. Thin head design allows access into areas where space is limited
- Diamond knurled handle provides a comfortable, non-slip grip. All ratchet bodies are produced from special quality alloy steel
- Includes: 29-piece metric set - 12 pt. Sockets - 10, 11, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 32, 36mm; Ratchet; Extensions - 2-1/2", 5", 10"; Hinge Handle 5-3/4"; Universal Joint; Metal Box

Part #	EA
54212	\$469.90

Proto® Industrial Tools
1/2" Drive Fractional Socket Set
 12 Point Deep & Standard
30-Piece TorquePlus™

- The most commonly used sockets are 12 point because they are easier to position for rapid seating on hex or 12 point Fasteners. Proto's TorquePlus™ design further improves the efficiency of the 12 point design. Deep sockets are used to accommodate nuts where bolts protrude or to access a fastener in a recessed area. Extra large clearance hole in deep socket maximizes versatility

Continued on Next Column

- Diamond knurled handle provides a comfortable, non-slip grip. Unique 24 tooth gear/floating pawl design provides engagement every 15° of handle movement. This design provides a ratchet with superior strength and life

Stanley® Industrial Tools
Black Chrome Socket Set
 69 Piece

- Meets and exceeds the American National Standards Institute (ANSI) specifications for combination wrenches, sockets, and ratchets
- Floating pawl ratchets are high torque ratchets
- Laser etched sockets provide hi-visibility markings making it easier to read compared to standard marked sockets
- Better corrosion resistance when compared to regular chrome sockets
- 2-piece cases allow for lid removal and enable the back case to be used as a drawer tray; an easy reassembly of the lid to the case provides for convenient tool storage travel
- Black chrome sockets provide a sharper appearance

Includes:

- 30, 1/4" MaxDrive™ Sockets
- 33, 3/8" MaxDrive™ Sockets
- 1, 3/8" Pear Head Ratchet Arm
- 1, 1/4" Pear Head Ratchet Arm
- 1, 3/8" Spark Plug Socket, 5/8"
- 1, 3/8" Spark Plug Socket, 13/16"
- 1, 1/4" Extension bar, 3"
- 1, 3/8" Extension bar, 6"
- Blow Molded Case
- Color Graphics Sleeve
- PVC cover highlighting product

Proto® Industrial Tools
**1/2" Drive Fractional
 Socket Set**
 12 Point Standard
 15-Piece TorquePlus™

- Includes: 15-piece fractional set - 12 pt. Sockets - 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16", 1", 1-1/16", 1-1/8", 1-3/16", 1-1/4"; Socket Bar 17"; Socket Clips (15)

Part #	EA
54114	\$156.09

Proto® Industrial Tools
**1/2" Drive Fractional
 Socket Set**
 6 Point Standard
 15-Piece TorquePlus™

- Allows up to 15% more torque to be applied to the fastener. Reduces the risk of fastener rounding and provides a greater opportunity to turn worn, rounded or Fasteners.
- Meets Aerospace Specifications

Proto® Industrial Tools
1/2" Drive Metric Socket Set
 12 Point Deep
 15-Piece TorquePlus™

- Proto hand sockets incorporate the TorquePlus™ wrenching system. This high performance design allows the socket to contact the fastener away from the corner while also dispersing stress over a larger area
- All sockets are made from special alloy steel that permits a high strength, thin wall design for use on Fasteners that are extremely close to obstructions
- Includes: 15-piece metric deep socket set - 12 pt. Sockets - 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24mm; Socket Bar; Clips (15)

Part #	EA
54207	\$219.62

Proto® Industrial Tools
1/2" Drive Metric Socket Set
 12 Point Deep
 23 Piece

- Proto® 12 Point Sockets are ideal for use on stubborn or damaged Fasteners, and also on Fasteners made from soft materials.
- The TorquePlus™ design is a high performance drive configuration which allows for quick and easy socket engagement to the fastener flats, not the corners.
- The TorquePlus™ configuration employs a radius-corner design, shifting contact area and stress away from the fastener corners and distributing contact stresses over a large area of the socket, minimizing slippage.
- The TorquePlus™ internal design minimizes fastener rounding, helps to extend fastener life, and allows the user to more easily turn worn, rounded, or rusted Fasteners.
- Includes: (2) Socket Bars, Socket Clips, 10 mm, 11 mm, 12 mm, 13 mm, 14 mm, 15 mm, 16 mm, 17 mm, 18 mm, 19 mm, 20 mm, 21 mm, 22 mm, 23 mm, 24 mm, 25 mm, 26 mm, 27 mm, 28 mm, 29 mm, 30 mm, 31 mm, 32 mm

Part #	EA
54201	\$391.52

- All sockets are made from special alloy steel that permits a high strength, thin wall design for use on Fasteners that are extremely close to obstructions
- Includes: 15-piece fractional set - 6 pt. Sockets - 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16", 1", 1-1/16", 1-1/8", 1-3/16", 1-1/4"; Socket Bar; Clips (15)

6 & 12 Point Standard & Deep

TorquePlus™

- Proto hand sockets incorporate the TORQUEPLUS™ wrenching system. This high performance design allows the socket to contact the fastener away from the corner while also dispersing stress over a larger area.
- All sockets are made from special alloy steel that permits a high strength, thin wall design for use on Fasteners that are extremely close to obstructions.
- All sockets are manufactured to the most up to date industrial specifications using modern processes assuring large clearance holes, concentric openings, and tight tolerances for a snug fit on worn Fasteners.
- 1/2" drive hand sockets incorporate 4 detents providing positive sure engagement on any of the four socket drive end walls.
- ANSI Spec: B107.1
- AS 954
- Meets Federal Spec.: GGG-W-641E

Proto® Industrial Tools 1/2" Drive Full Polish Crowfoot Wrenches

- Crowfoot wrenches are used in hard to reach, restricted access situations where a standard wrench or ratchet cannot reach.
- Anti-Slip Design Open End (ASD).
- The arched surfaces are designed to spread the contact forces over a greater area and they keep the loads off the corners of the fastener which helps prevent fastener rounding.
- Broad size range ensures the right tool for the application will be available.
- Typically used in lower torque applications.
- Full Polish finish provides corrosion resistance and easy to clean surfaces.
- Locking hole feature helps keep the crowfoot wrench engaged on the extension during use reducing downtime due to detachment of crowfoot in awkward spaces.
- Use with locking extensions to reach into spaces too small for a mechanic's arm or where the fastener is out of site.

3/4" Drive
Fractional Sockets
6 & 12 Point Standard & Deep
TorquePlus™

- Proto hand sockets incorporate the TORQUEPLUS™ wrenching system.—this high performance design allows the socket to contact the fastener away from the corner while also dispersing stress over a larger area
- Made from special alloy steel that permits a high strength, thin wall design for use on Fasteners that are extremely close to obstructions
- Manufactured to the most up to date industrial specifications using modern processes assuring large clearance holes, concentric openings, tight tolerances for a snug fit on worn Fasteners
- 3/4" drive sockets have a drilled hole in the drive end providing engagement for the added weight of these sockets

Continued on Next Column

- ANSI Spec: B107.1 for standard length sockets

Proto® Industrial Tools 1" Drive Sockets

- Proto® 12 Point Sockets are ideal for use on stubborn or damaged Fasteners, and also on Fasteners made from soft materials.
- The TorquePlus™ design is a high performance drive configuration which allows for quick and easy socket engagement to the fastener flats, not the corners.
- The TorquePlus™ configuration employs a radius-corner design, shifting contact area and stress away from the fastener corners and distributing contact stresses over a large area of the socket, minimizing slippage.
- The TorquePlus™ internal design minimizes fastener rounding, helps to extend fastener life, and allows the user to more easily turn worn, rounded, or rusted Fasteners.

Proto® Industrial Tools 3/8" Drive Fractional Impact Socket Set 6 Point Deep 15-Piece TorquePlus™

- Proto impact sockets incorporate TorquePlus™ wrenching system—this high performance design allows the socket to contact the fastener away from the corner while also dispensing stress over a large area
- TorquePlus allows up to 15% more torque to be applied to the fastener, reduces the risk of fastener rounding, and provides a greater opportunity to turn worn, rounded Fasteners
- Manufactured from special alloy steel for strength and durability
- Heat treated for the correct balance of strength and hardness
- Socket wall thickness is optimized to provide the required strength while retaining ample access to restricted Fasteners
- Thin wall sockets are available for special tight clearance applications
- Depth of the socket opening is designed to fully engage all standard Fasteners for more secure operation
- Feature 2 through holes and a groove to accept a retaining ring and pin to secure the socket to the power tool anvil
- All Proto impact sockets feature chamfered service ends for quick and positive fastener engagement
- Patented impact universal joints and sockets provide more power and last longer
- Includes: 6 pt. Deep Sockets - 1/4", 9/32", 5/16", 11/32", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16", 1", Socket Bar 17; Socket Clips (15)

Proto® Industrial Tools
**1/2" Drive Deep
 Impact Socket Set**
 6 Point Impact
 19 Piece

- Proto® 6 Point Impact Sockets are ideal for use on stubborn or damaged Fasteners, and also on Fasteners made from soft materials.
- The TorquePlus™ design is a high performance drive configuration which allows for quick and easy socket engagement to the fastener flats, not the corners.
- The TorquePlus™ configuration employs a radius-corner design, shifting contact area and stress away from the fastener corners and distributing contact stresses over a large area of the socket, minimizing slippage.
- The TorquePlus™ internal design minimizes fastener rounding, helps to extend fastener life, and allows the user to more easily turn worn, rounded, or rusted Fasteners.

Continued on Next Column

Included: 9 and 17" Socket Bars, 19 Socket Clips, 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16", 1", 1-1/16", 1-1/8", 1-3/16", 1-1/4", 1-5/16", 1-3/8", 1-7/16", 1-1/2"

 Impact Socket Set**
 6 Point Standard
 10-Piece TorquePlus™

- Proto impact sockets incorporate the TorquePlus™ wrenching system—this high performance design allows the socket to contact the fastener away from the corner while also dispensing stress over a large area
- TorquePlus allows up to 15% more torque to be applied to the fastener, reduces the risk of fastener rounding, and provides a greater opportunity to turn worn, rounded Fasteners
- Manufactured from special alloy steel for strength and durability
- Heat treated for the correct balance of strength and hardness
- Socket wall thickness is optimized to provide the required strength while retaining ample access to restricted Fasteners
- Thin wall sockets are available for special tight clearance applications
- Depth of the socket opening is designed to fully engage all standard Fasteners for more secure operation
- Feature 2 through holes and a groove to accept a retaining ring and pin to secure the socket to the power tool anvil
- All Proto impact sockets feature chamfered service ends for quick and positive fastener engagement
- Patented impact universal joints and sockets provide more power and last longer
- Includes: 10-piece metric impact set - 6 pt. Sockets - 10 thru 19 mm; Socket Bar; Clips (10)

Proto® Industrial Tools Impact Universal Joint

- Tight tolerances for snug fit on fastener.
- Used wherever powered drive tools are used to install or remove Fasteners.
- Designed to withstand the high torque and force associated with impact tools in repetitive application.
- Features two through holes and a groove to accept a Proto® Retaining Ring or pin and O-ring to help secure the socket to the drive tool anvil.
- Position at appropriate angle to turn Fasteners where obstructions prevent a straight application.
- Ball and spring design which allows for a 30° working angle.
- Smooth 360° rotation.

10609	13	99.75

Proto® Industrial Tools
Retaining Rings

- Retaining rings are used to help secure sockets onto drive tools.
- They are not intended to bear any load.
- The rotational forces are between the drive tool and the socket.
- The resin crush gauge on the pin helps indicate when a socket is excessively worn and should be replaced.
- Drive tool and socket should line up when in use and should not pinch the crush gauge.
- Cracked sockets and/or worn drive tools cause each other to turn excessively in relation to each other. This action pinches the small fin or the crush gauge on these retaining rings. If the crush gauge is pinched, it is an indication that the socket and/or the drive tool need to be replaced.
- One-piece construction, no loose parts. Pin is made of resin which allows the material to compress without breaking.
- Part numbers are embossed on the rings near the point at which the pin and ring meet.

Proto® Industrial Tools Combination Wrenches 12 Point TorquePlus™

- The combination wrench is more commonly used than any other wrench design with the open end providing access to Fasteners in close, shallow locations while the box end provides more torque and less chance of rounding the hex nut or bolt
- Combination wrenches offer access to areas where sockets and attachments will not fit or when greater leverage is required
- The box end is offset 15° for clearing obstructions
- The shank is positioned at the center of the box end to reduce the tendency of the wrench to cock
- Wrench size is marked on both sides for easy identification
- Open End: Anti-slip design (ASD)
- Boxed End: TorquePlus™ allows up to 15% more torque to be applied to the fastener, reduces the risk of fastener rounding and provides a better grip on worn, rounded Fasteners

Proto® Industrial Tools
Short Satin Combination Wrenches
6 Point

- Satin finish provides corrosion resistance and a slip resistant grip.
- 6 point box end allows for large wrench to fastener contact area which helps prevent rounding of the fastener.
- Compact shank design and short length for access in confined spaces.
- 15° angled offset box end helps keep shank clear of obstructions.
- Standard open end.

Proto® Industrial Tools
**Double End Flare Nut
 Wrench Set**
 6 Point
 3-Piece TorquePlus™

- Satin finish
- TorquePlus™ allows up to 15% more torque to be applied to the fastener, reduces the risk of fastener rounding and provides a better grip on worn, rounded Fasteners
- Includes: 3-piece set 6 pt. Wrenches (Inner Dia. - Length) - 3/8" x 7/16" - 6-1/4"; 1/2" x 9/16" - 7-1/2"; 5/8" x 1 1/16" - 8-3/4"; Tool Roll

Part #	EA
3760	\$70.28

Proto® Industrial Tools
**Combination Flare Nut
 Wrench Set**
 6 Point
 7-Piece TorquePlus™

- TorquePlus™ allows up to 15% more torque to be applied to the fastener, reduces the risk of fastener rounding and provides a better grip on worn, rounded Fasteners
- Includes: 7-piece wrench set 6 pt. Wrenches (Inner Dia. - Length) - 3/8" - 5-11/16"; 7/16" - 6-1/32"; 1/2" - 6-7/16"; 9/16" - 6-15/16"; 5/8" - 7-5/8"; 11/16" - 8-11/16"; 3/4" - 9-3/16"; Tool Roll

Part #	EA
3700A	\$168.87

Proto® Industrial Tools
**Ratcheting Flare Nut
 Wrench Set**
 12 Point
 7-Piece

- Includes: 7-piece flare nut wrench sets 12 pt. Wrenches (Inner Dia. - Length) - 3/8" - 5-7/16"; 7/16" - 6"; 1/2" - 5-7/16"; 9/16" - 7-1/4"; 5/8" - 7-1/4"; 11/16" - 7-1/4"; 3/4" - 7-1/4"; Tool Roll

Part #	EA
3800A	\$208.61

Proto® Industrial Tools
**Cushion Grip
 Adjustable Wrenches**

- Soft cushion grip for additional comfort.
- Extra wide jaw capacity.
- Square jaw opening provides strength and tight fit.

704G	4	1/2	\$21.71
706G	6	19/32	22.62
708G	8	1 1/8	23.73

Proto® Industrial Tools
**Adjustable Wrench
 Chrome Finish**

- Extra wide jaw capacities
- Square jaw opening provides greater strength and better fit
- Thinner, slightly tapered jaws for access in tight work areas
- Large serrated knurl for smooth, easy jaw adjustment
- I-beam designed handle for greater strength without excess bulk and weight
- Handle is shaped to provide a comfortable grip and is available with a plastic grip for added comfort
- Meets Federal Spec.: GGG-W-631B

Crescent® Tools 8" Adjustable Non-Knurled Crescent® RapidSlide™

- The slide control in the handle provides fast, easy, and accurate jaw adjustment.
- Has a big 1" (25.4mm) maximum jaw opening capacity with laser-etched SAE and metric markings.
- Handle is extra wide for extra comfort, strength, and bolt-busing power.

Part #	EA
AC8NKWMP	\$26.68

Proto® Industrial Tools Adjustable Wrench Set Chrome Finish 3-Piece Professional

- Proto CLIK-STOP® adjustable wrenches automatically lock the movable jaw at any opening you select
- The more pressure placed on the wrench, the tighter the jaw locks
- When handle pressure is released the knurl turns easily
- 3-piece adjustable wrench set includes: 8", 10" and 12" Wrenches; Tool Roll

Part #	EA
795	\$89.33

Proto® Industrial Tools 3 Piece Clik-Stop® Adjustable Wrench Set

- Clik-Stop® locking design holds the moving jaw of an adjustable wrench in place when the wrench is in use.
- Satin finish provides corrosion resistance and a slip resistant grip.
- Extra wide jaw capacity.
- Square jaw opening provides strength and tight fit.
- Included: 1 1/8" [Max.], 1 5/16" [Max.], 1 1/2" [Max.]

Part #	EA
790	\$101.13

Proto® Industrial Tools
**Click-Stop® Adjustable
Spud Wrench**

- Proto CLIK-STOP® adjustable wrenches automatically locks the movable jaw at any opening you select
- Large jaw opening fits all nuts and bolts up to 1-1/2"
- Square jaw opening provides greater strength and better fit
- Eliminates the need for carrying several fixed size wrenches
- Overall length: 16"

Part #	EA
712SC	\$97.12

Klein Tools®
**Adjustable Head
Construction Wrench**

- Versatile wrench fits all nuts and bolts to 1-1/2"
- Eliminates the need for carrying several fixed-size wrenches
- Drop-forged from select alloy steel with continuous-taper handle
- Industrial black finish
- Max. size capacity: 1-1/2"
- Length: 15"

Part #	EA
3239	\$92.40

Klein Tools®
**1/2" Drive Ratcheting
Construction Wrench**

- Accepts 1/2" square-drive hex socket
- Reversible ratchet
- Eliminates the need for carrying several fixed-size wrenches
- Drop-forged from select alloy steel with continuous-taper handle for aligning bolt holes
- Industrial black finish
- Overall length: 15"

712SC	\$97.12

Klein Tools®
Erection Wrenches

- Forged from select alloy steel to withstand high-leverage and heavy loads
- Extra-heavy-duty head area gives maximum strength and durability
- Wrench handle features an extra-deep offset to provide additional hand-clearance without sacrificing tightening power
- Continuous taper of handle makes lining-up bolt holes easy, allows use on a range of bolt-hole sizes without binding
- Extra-large hub area allows use on larger diameter holes than possible with most other wrenches
- Available in heavy, regular and utility nut sizes
- Catalog number, bolt size and nominal opening size are stamped on every wrench for easy identification
- American Bridge Design

Part #	Bolt Size (in.)	Nom. Opening (in.)	Length (in.)	EA

Klein Tools®
Erection Wrench Holder

- Leather construction
- Have tool-slots for two erection wrenches
- Tunnel loop is riveted to assure long life
- Holds erection wrenches and adjustable head construction wrench Cat. No. 3239
- Belt connection: Tunnel
- Belt Width: Up to 3 1/2" or to slide over D-rings, buckles, and other accessories
- Overall Size: 6" x 9 1/2"
- Weight: .32 lbs.

Part #	EA
5459T	\$21.96

Proto® Industrial Tools Spud Handle Box Wrenches 12 Point

- Black oxide finish
- For heavy construction and field service work
- High leverage handle and strong box end to turn stubborn nuts and bolts
- Spud end aligns flange holes
- Meets Federal Spec.: GGG-W-636E

Klein Tools® Broad-Head Bull Pin

- Forged, heat-treated bull pin increases efficiency by providing a larger striking surface
- Head design also reduces chance of pin slipping from the hand when aligning holes
- Angled head and smooth blending of radii increase strength and reduce the danger of chipping
- Below the head, squared-off shoulders have been forged to provide a surface for applying wrench to loosen wedged bull pins
- Long, even taper reduces binding and hang-up
- Added resistance to "mushrooming" permitting much longer use than is possible with conventional designs

Continued on Next Column

- Heat-treated for strength
 - Black finish for rust resistance
- NOTE: OSHA specifically states that, "impact tools such as drift pins, wedges and chisels, shall be kept free of mushroomed heads".

All dimensions are nominal.

Part #	Top Diameter (in.)	Length (in.)	EA
3255	1 1/4	13	\$28.54
3256	1 1/8	10	27.22

Proto® Industrial Tools Heavy-Duty Offset Striking Wrench 12 Point

- Large striking surface for suaver blow contact and more efficient transmittal of force to fastener
- Short handle permits use in close quarters
- Box opening designed to remain on fastener when wrench is struck
- For use where extreme force is necessary to loosen or set large Fasteners
- Heavy box walls provide greater torque transmission
- Meets Federal Spec.: GGG-W-636E

Proto® Industrial Tools Torque Screwdrivers

- Calibrated to $\pm 4\%$ of torque reading, clockwise at 20% to 100% of full scale.
- 1/4" Square to 1/4" Hex Adapter included for use with insert bits.
- Torque Range: 7-36 ft/lbs.
- Industrial heavy duty design.
- Aircraft grade aluminum.
- Aircraft quality spring.
- Positive self locking lock ring.
- Floating three point reaction for repeatability.
- Laser marked easy-to-read scale.
- N.I.S.T. (National Institute of Standards and Technology) traceable certification supplied with J6106ACERT.
- Meets or exceeds ASME B107.14M

Part #	Size (in.)	Length (in.)	Ea
6106A	1/4	6 1/2	\$280.97

Proto® Industrial Tools 1/4" Drive Torque Wrench 40-200 in/lb

- Calibrated to $\pm 1-3$ percent of torque reading clockwise and $\pm 1-6$ percent counter clockwise at 20 to 100 percent of full scale. Certified wrenches to $\pm 1-2$ percent one direction are available upon request.
- Packaged in blow molded plastic box for protection and easy storage
- Micrometer Ratchet Head
- Graduations: 1 in./lb.
- Length: 11-3/8"
- Meets FED Specs.: GGG-W-00686c
- Meets ANSI B107.14M
- Meets EN26789
- Meets ISO 6789

Part #	EA
6062C	\$193.19

Proto® Industrial Tools
**3/8 dr. Fixed Head Micrometer
Torque Wrenches**
200-1000 in.-lbs.

- Calibrated to +/- 3% in clockwise direction and +/- 6% in counter clockwise direction.
- Calibration is accomplished by mechanical loading of each wrench in a horizontal position, and performing a three click test at 20%, 60% and 100% of maximum instrument capacity.
- Certification documents traceable to N.I.S.T. (National Institute of Standards and Technology).
- Manufactured to meet precision/highly accurate applications such as military and aerospace.

Part #	Drive Size (in.)	Length (in.)	Torque Range (ft./lbs.)	Ea
6065C	3/8	15 3/16	200-1000	\$205.50

Proto® Industrial Tools
**Inch Pound Torque Wrench
Ratchet Head**

- 45 tooth gear/float- ing pawl design for small 6.8° arc swing
- 13% smaller head for access in tight work areas
- Reversing lever designed for quick, one-hand operation
- Calibrated ± 3% of torque reading clockwise and ± 6% counterclockwise at 20% to 100% of full scale
- Packaged in blowmolded box
- ANSI Spec.: B107.14M
- ISO 6789

Proto® Industrial Tools
**Dial Torque Wrench
Foot Pound / Meter Kilogram**

- Accurate to ± 4% of torque reading in both directions at 20% to 100% of full scale.
- Industrial all steel or aluminum torque transfer components.
- High alloy torsion drive design — accuracy not effected by hand position.
- Dual scale (English/Metric) with clockwise and counterclockwise operation — fewer wrenches needed to complete job.
- Memory needles are standard on all wrenches except electric light models.
- Easy-to-read, high contrast scale.
- Laser marked serial number for traceability.
- N.I.S.T. (National Institute of Standards and Technology) traceable CW certification supplied with each wrench.
- J6149F includes 5 removeable extensions (requires 2 operators) and electric LED and buzzer.

Proto® Industrial Tools Torque Multiplier 750 Foot Pounds

#6222 Torque Multiplier - 2,200 ft. pounds

- Length: 20"
- Maximum rated input: 162 ft. lbs
- Maximum rated output: 2,200 ft. lbs
- Effective multiplication: 13.6:1 $\pm 5\%$
- Reaction system: tubular reaction bar
- Gear system: two stage planetary
- Angle of turn protractor: 5° increments
- Anti-backlash device: self-contained, 3 position

#6232 Torque Multiplier - 3,200 ft. pounds

- Length: 20"
- Maximum rated input: 173 ft. lbs
- Maximum rated output: 3,200 ft. lbs
- Effective multiplication: 18.5:1 $\pm 5\%$
- Reaction system: tubular reaction bar
- Gear system: two stage planetary
- Angle of turn protractor: 5° increments
- Anti-backlash device: self-contained, 3 position

Part #	EA
6222	\$2,231.77
6232	3,011.03

Proto® Industrial Tools Compact Torque Multiplier 5,000 Foot Pounds

- Torque multipliers reduce the amount of effort needed to generate high torque. Multipliers are faster than hydraulic wrenches, more compact and less expensive than air impact wrenches, more compact and less expensive than other, and can be used at sites remote from power sources. Proto offers multipliers with maximum outputs ranging from 750 ft. lbs. to 12,000 ft. lbs.
- Accuracy of $\pm 5\%$
- Overload protection is provided by a replaceable output square drive designed to fail at 3-10% over rated capacity. Expensive damage to internal gear system is prevented
- Planetary gear systems provide zero lash, plus multiple tooth gear engagement for greater durability and to allow the use of "click" torque wrenches
- Maximum rated input: 189 ft/lb (256 Nm)
- Maximum rated output: 5,000 ft/lb (6,778 Nm)
- Effective Multiplication: 26.5:1 $\pm 5\%$
- Reaction system: reaction plate with slave drive
- Gear system: three stage planetary
- Anti-backlash device: self-contained, 3 position
- Input Drive: 1/2" Sq. Female
- Output Drive: 1/2" Sq. Male
- Gear Ratio: 29:25:1
- Length: 14-29/32"

Proto® Industrial Tools
Retaining Ring Pliers
 Convertible

- Retaining ring pliers are designed to provide ease and reliability in installing/removing retaining rings without lost motion or damage to the rings
- Internal pliers are designed for installing rings in a "bore"
- External pliers are for installing rings on a shaft
- Use with either external or internal retaining rings—Convertible design permits quick change-over
- Long curved handle design is engineered to reduce fatigue
- Precision formed, induction hardened tips for accurate fit and long wear
- Tips engage rings securely and hold proper alignment to prevent rings from flying loose
- Each plier will accommodate several ring sizes within a given range
- Plastisol coated handles, many with air cushioned grips, for added comfort
- Grips are clearly marked for easy identification
- Fixed tips are precision formed and induction hardened for accurate fit and long wear
- Meets Federal Spec.: GGG-P-480E
- ANSI Spec: B107.19
- *Meets Ergonomic Criteria

NOTE: When selecting retaining ring pliers always choose the largest diameter tip that will fit the retaining ring being removed or installed. Do not compress or expand rings more than is necessary.

Proto® Industrial Tools Retaining Ring Pliers Internal

- Retaining ring pliers are designed to provide ease and reliability in installing/removing retaining rings without lost motion or damage to the rings
- Internal pliers are designed for installing rings in a "bore"
- Long curved handle design is engineered to reduce fatigue
- Precision formed, induction hardened tips for accurate fit and long wear
- Tips engage rings securely and hold proper alignment to prevent rings from flying loose
- Each plier will accommodate several ring sizes within a given range
- Plastisol coated handles, many with air cushioned grips, for added comfort
- Grips are clearly marked for easy identification
- Fixed tips are precision formed and induction hardened for accurate fit and long wear
- Meets Federal Spec.: GGG-P-480E
- ANSI Spec.: B107.19
- *Meets Ergonomic Criteria

NOTE: When selecting retaining ring pliers always choose the largest diameter tip that will fit the retaining ring being removed or installed. Do not compress or expand rings more than is necessary.

Proto® Industrial Tools Large Retaining Ring Pliers Internal/External

- Retaining ring pliers are designed to provide ease and reliability in installing/removing retaining rings without lost motion or damage to the rings
- Internal pliers are designed for installing rings in a "bore"
- External pliers are for installing rings on a shaft
- Use with either external or internal retaining rings
- Spring loaded ratchet mechanism minimizes operator fatigue by allowing the ring to be compressed or expanded through gradual "moves" and then locks at the desired size without continued pressure on the handles
- Heavy and large rings are safely and easily controlled
- Replaceable tips in straight, 45° and 90° make it possible to remove and install rings in most applications
- Tip Angle: 0°
- Tip Size: .120
- Length: 16-1/2"
- Meets Federal Spec.: GGG-P-480E
- ANSI Spec.: B107.19

NOTE: When selecting retaining ring pliers always choose the largest diameter tip that will fit the retaining ring being removed or installed. Do not compress or expand rings more than is necessary.

Proto® Industrial Tools Locking Pliers Set Nickel Chrome 3 Piece

- Locking mechanism helps leave both hands free when clamping, helping to eliminate squeezing action and general hand fatigue when manipulating.
- Tip of release lever projects at end of handle for a quick, no-pinch, powerful release especially when tools are firmly locked.
- Spring loaded release lever is out of the way when handling.
- Drop forged jaws and rugged tooth profile for durability and toughness.
- Holes in mobile jaw are drilled and not press punched to ensure they are cylindrical to ensure maximum bearing with rivets.
- Large diameter of rivets to help permit secure joints adding to the durability and robustness of the tools.
- Piano wire spring for smooth and efficient jaw opening.

Includes:

- J292NC Proto Curved Jaw Pliers – 9-1/2"
- J291NC Proto Straight Jaw Pliers – 7-15/32"
- J286NC Proto Long Nose Pliers – 6-15/16"

Leatherman Tool Combination Multi-Tool 17 Tools In One Standard Sheath

- With the Rebar, fans will immediately recognize the iconic box-like body and sloped-neck design found in the Super Tool® 300 and Micra®. This soon-to-be favorite rounds out Leatherman's classic "heritage" line of products by offering one in each size category. Just like the Super Tool 300, the Rebarpliers have been optimized for strength and feature replaceable wire/hard-wire cutters—a first for a four-inch tool from Leatherman. With all the features to get even the toughest jobs done, in a smaller, slimmer size, the Rebar is sure to be an instant hit on job sites, and home-projects the world over.

Leatherman Tool Combination Multi-Tool MUT®

- The Leatherman MUT is the first multi-tool that functions as both a tactical and practical tool for military, LE, or civilian shooters.
- The MUT features multiple areas on the tool threaded for cleaning rods and brushes and all the screwdriver bits are sized for standard military and civilian sighting adjustment work. Also built into the design of the tool is the flexibility to replace the most commonly used parts on the spot, using a simple Torx #8, keeping down-time to a minimum.
- With all this, a MOLLE sheath and scope adjustment wrench included, the Leatherman MUT may very well be the most efficient and useful piece in your kit.

Multi-tool Includes:

- Needlenose Pliers, Regular Pliers, 154CM Replaceable Wire Cutters, 154CM Replaceable Hard-wire Cutters, Stranded-wire Cutters, Electrical Crimper, 420HC Combo Knife, Saw
- Hammer, Replaceable Cutting Hook, Bolt Override Tool, Replaceable Firearm Disassembly Punch, Replaceable, Bronze Carbon Scraper, Cleaning Rod/Brush Adapter, Carabiner/Bottle Opener, Large Bit Driver, 1/2" Wrench, 3/8" Wrench

Features:

Crescent® Tools Power Driving Ratcheting Screwdriver Set 34-Piece

- Ergonomic handle
- Non-slip grip stops slippage for higher torque
- Three position ratchet mechanism; Fwd/Lock/Rev
- Release button for bit storage holder
- Hidden bit storage compartment in handle
- Sturdy holder keeps six bits handy and secure
- Magnetic shaft makes bit changing easy
- Set Includes: Dura-Driver Ratchet Screwdriver with 3 Torque positions, Stainless Magnetic Bit Holder with 1/4" Hex Drive, 7 Power Nutdrivers, SAE, 7 Power Nutdrivers, Metric, 18 Screwdriver Bits

Part #	EA
SDMBR2	\$44.56

Stanley® Industrial Tools Telescoping Screwdriver

- Removable shaft adjusts within 4" to 8" (102-208 mm) range for numerous length combinations.
- Blades feature #2 Phillips and 1/4" Slotted tip for multiple screwdrivers in one tool.
- Proprietary system securely holds blade – as durable as a traditional Klein fixed blade screwdriver.
- Press down to extend or lengthen the shaft.
- Push up to retract or shorten the shaft.
- Cushion-Grip handle for maximum comfort and torque.

Part #	EA
32751	\$23.89

Stanley® Industrial Tools 6 in 1 Screwdriver

- Interchangeable bars maximize versatility
- Convenient and space saving design reduces the number of tools users need to carry
- Comes with 6 tips: #1 & #2 Phillips®; 3/16" & 1/4" Slotted; 1/4" & 5/16" Nutdriver
- Chrome-plated bar resists corrosion
- Slip-resistant rubber grip provides comfort
- Overall Length: 7.75"

Part #	EA
68-012	\$5.36

Stanley® Industrial Tools 6 in 1 Screwdriver

- Ergonomically designed handle for comfortable grip
- Alloy steel nickel protected blades for long life
- Hardened tips for slip-resistant fit

Part #	Ea
62-524	\$8.33

Klein Tools® 2-in-1 Interchangeable Screwdriver Rapi-Drive®

- Saves time and effort, especially on long-threaded screws used with switch plates and light fixtures.
- Crank action handle spins screws fast with one hand.
- Interchangeable bit holder for quick switching between tip styles.
- Features the most popular tip styles - 3/16" slotted tip and #2 Phillips.
- Designed for light duty screw driving.
- Not intended for high-torque applications.
- Replacement bit available (#67101).

Part #	Description	EA
67100	-	\$15.79
67101	Replacement Bit	4.91

Klein Tools® Switch Drive Handle with #2 Phillips and #2 Square Drivers

- The handle's quick release mechanism easily switches any 1/4" hex accessory between a power tool and hand tool.
- Includes Switch Drive handle and Phillips #2 and Square #2 6" (152 mm) power blades.
- Large Cushion-Grip handle for greater comfort and torque.
- Made in the USA.
- Pack of 2.

Part #	Ea
32700	\$23.27

Klein Tools® Screwdriver/Nut Driver 5-in-1 & 10-in-1

- End of handle is marked to quickly identify tool.
- 32476 Features: 5/16" nut driver, #1 and #2 Phillips, 9/32" Slotted and 3/16" slotted.
- 32477 Features: 5/16" & 1/4" nut drivers, #1 and #2 Phillips, 1/4" & 3/16" slotted, #10 & #15 TORX®, and #1 and #2 square-recess.

Part #	Description	EA

Milwaukee® Electric Tool 10 IN 1 Square Drive Ratcheting Multi Bit Driver

- All metal high torque ratchet delivers more durability and 2X driving speed
- 3 1/2" Power Groove Bits for power tool compatibility
- Revolver style bit storage and selection
- Up to 10ga Wire Stripper and Loop Maker for additional jobsite functionality
- Chrome Plated Bits - Marine Grade Rust Protection
- Magnetic bit retention delivers consistent driving performance
- Extended Reach Design

Specifications:

- Length: 6"
- Wire Stripper: Up to 10ga
- Warranty: Limited Lifetime Warranty
- Screwdriver Type: Nut Drivers

Included:

- 10IN1 Ratchet Handle
- 3 1/2" Phillips #1
- 3 1/2" Phillips #2
- 3 1/2" Slotted 1/4"
- 3 1/2" Slotted 3/16"
- 3 1/2" Square Drive #1

48-22-2008	\$51.20

Stanley® Industrial Tools Rubber Grip Screwdriver Set 11-Piece FatMax®

- Ergonomically designed tri-lobular handle design provides maximum tip torque
- Slip-resistant rubber grip increases user comfort
- High strength nylon handle core over-molded onto bar for more torque handling and impact resistance
- Precision machined and sand blasted tip grips faster securely and resists slip out
- Lacquer coated bar resists rust
- Heat-treated tip built for durability
- Tip identification symbol molded onto side handle makes tip identification easy
- Includes: 5 flat, 5 Phillips and one offset screwdriver

Part #	EA
62-502	\$34.42

Stanley® Industrial Tools Vinyl Grip Screwdriver Set 8-Piece Standard, Cabinet & Phillips® 100 Plus®

- Full size vinyl grip handle
- Alloy steel blades
- Chrome plated for corrosion resistance
- Contents:
1-1/2" Standard Stubby, 4", 6", 8" Standard, 6" Cabinet, 1 & 2 Pt. Phillips, 2 Pt. Phillips Stubby, Kit

Part #	EA
66-708	\$49.99

Proto® Industrial Tools Phillips Screwdriver Set 6-Piece Duratek™

- Ergonomic quad-lobe handle design with 360° texture for additional grip.
- Designed to meet demanding heavy-duty needs of industrial maintenance and assembly applications.
- Screwdrivers meet ASME B107.15 standards.
- Tip Types Included: Phillips®; Number of Pieces: 6; Phillips Size Range: #0 - #4; Phillips (Yes/No): Yes; Length: Phillips®: #0 X 3, #1 X 3, #2 X 1.5, #2 X 4, #3 X 6, #4 X 8

Part #	EA

48-22-2610	\$35.00

Proto® Industrial Tools Torx® Screwdriver Set 9-Piece Duratek™

- Ergonomic quad-lobe handle design with 360° texture for additional grip.
- Designed to meet demanding heavy-duty needs of industrial maintenance and assembly applications.
- Made in USA.
- HANDLE
- Impact and chemical resistant handles are four-sided with broad but shallow flutes.
- Resistant to most harsh chemicals (including hydraulic fluids used in the aerospace industry).
- Four-sided handle design helps prevent "roll away" from the work surface.
- SHANK
- High-alloy steel shanks are heat-treated their entire length to help provide strength against twisting action and to help prevent bending and twisting when placed under torque.
- Fully grounded and chemically polished, then chrome plated for corrosion resistance.
- TIP
- Made of high-alloy steel (same as shank).
- Precision machined for precise fastener fit.
- Finished in black oxide to help prevent cam out and slipping.
- Tips are un-plated with a black oxide finish to help prevent chrome peeling; an important Foreign Object Debris (FOD) concern.

Continued on Next Column

- Set includes (1) each: Torx: T8 x 3-1/4", T10 x 3-1/4", T15 x 3-1/4", T20 x 3-1/4", T25 x 3-1/4", T27 x 4", T30 x 4", T40 x 6"

Allen™
Fold-Up Hex Keys
 Dual Material
 8-Key Torx®

- Color coded case for easy identification between SAE, MM and Torx
- Ergonomic non-slip grip
- All hex keys are precision formed to exact dimensional tolerances for precise fit
- Proprietary material and molding process deliver superior strength and ultimate comfort in use
- Compact design with uncompromised strength allows for easy carry and versatile applications
- Torx key sizes: T-8, T-10, T-15, T-20, T-25, T-27, T-30, T-40

Part #	EA
56634G	\$18.18

Allen™
Fold-Up Hex Keys
 Duracast® Case
 7-Key Torx®

- Heat treated tempered alloy steel provides high strength and resistance to rational distortion
- All hex keys are precision formed to exact dimensional tolerances for precise fit
- Rugged Duracast® case provides unmatched durability
- Specially contoured handle for better feel and control
- Rotates to 270° to a firm stop for better torquing and access
- Torx Key Sizes: T-10, T-15, T-20, T-25, T-27, T-30, T-40
- Handle length: 4-1/4"

- Precision-machined, cold-drawn, case-hardened socket with bright finish
- Molded firm grip
- Color coded handles
- Blade length: 3-1/8"
- 7" Hole Depth
- Screw driver Length: 7-1/4"

Part #	Color Code	Blade Diameter (in.)	EA
HS-10	Amber	5/16	\$7.30
HS-11	Green	11/32	7.80
HS-12	Blue	3/8	7.80

Xcelite
Xcelite HSV Full Hollow Shaft Nutdriver with Bright Finish

- Precision-machined, cold-drawn, case-hardened socket with bright finish
- Molded firm grip
- 7" Hole Depth
- 1/4" Blade Diameter
- 3-1/8" Working Length

Part #	Ea
HSS8V	\$7.30

Proto® Industrial Tools
Fractional Nut Driver

- Precision formed, heat treated hex openings
- Color coded handles for easy identification
- Shank Length: 2-7/8"

Part #	Size	Overall Length	EA
9212	3/8	6-11/16	\$10.55
9214	7/16	7	13.62
9216	1/2	7	13.62
9218	9/16	7	15.36

Klein Tools® Switch Drive Handle with 2" Power Nut Drivers

- The handle's quick release mechanism easily switches any 1/4" hex assembly between a power tool and hand tool.
- Includes Switch Drive handle and three 2" (51 mm) magnetic power nut drivers (1/4", 5/16", and 3/8").
- Large Cushion-Grip handle for greater comfort and torque.
- Made in the USA.
- Hex Size: 1/4", 5/16", and 3/8"
- Overall Length: 2" (51 mm)

Part #	EA
32701	\$45.42

Proto® Industrial Tools Long Aligning Punch

- Used for lining up holes in flanges, assemblies and other mating parts and for removing long pins and shafts
- Modified parabolic struck end for greater resistance to mushrooming and chipping
- Length: 16"
- ANSI Spec.: B209.2

Part #	EA
15-5/8	\$20.59

Proto® Industrial Tools Center Punch

- Used in metal working layout
- Used for marking intersecting center lines, hole locations and pilot drill starting points.
- Modified parabolic struck end for greater resistance to mushrooming and chipping

Part #	Body Dia. (in.)	Length (in.)	EA
41-1/4	1/4	4 1/4	\$5.55
41-5/16	5/16	4 3/4	5.36
41-3/8	3/8	4 7/8	6.86
41-7/16	7/16	5 1/4	7.56
41-1/2	1/2	5 7/8	7.36
41-5/8	5/8	6 1/4	11.27

Proto® Industrial Tools Prick Punch

- Used in sheet metal layout work for scribing and for punching starting holes for sheet metal screws
- Used for aligning holes in two or more metal sheets
- Modified parabolic struck end for greater resistance to mushrooming and chipping
- Meets Federal Specs: GGG-P-831E
- ANSI Spec.: B209.2

Part #	Body Dia. (in.)	Length (in.)	EA
44-1/4	1/4	4 3/4	\$5.75
44-5/16	5/16	5	6.31
44-3/8	3/8	5 1/4	7.14

Proto® Industrial Tools Starting Punch

- Similar to drift punches, but have wider points and heavier, shorter body
- Designed for installing pins and rivets and for starting their removal
- Modified parabolic struck end for greater resistance to mushrooming and chipping

Part #	Point Dia. (in.)	Length (in.)	EA
50-3/16	1/16	4 1/8	\$6.15
50-1/4	3/32	5	6.01
50-5/16	1/8	5 1/8	6.99
50-3/8	3/16	5 3/8	7.34
50-7/16	7/32	6	7.50
50-1/2	1/4	6 1/2	7.68

Proto® Industrial Tools Drift Punch

- For installing and removing pins and shafts
- Used to align holes in two or more pieces of metal through which a bolt or screw is to be inserted
- Modified parabolic struck end for greater resistance to mushrooming and chipping
- Length: 10-1/8"
- Meets Federal Spec.: GGG-P-831E
- Meets ANSI Spec.: B209.2

Part #	Point Dia. (in.)	Stock Dia. (in.)	EA
96-1/4	3/32	1/4	\$11.76
96-5/16	1/8	3/16	11.89
96-3/8	3/16	3/8	12.34
96-7/16	7/32	7/16	13.22
96-1/2	1/4	1/2	13.27
96-5/8	5/16	19/32	14.75
96-3/4	3/8	27/32	18.86

Proto® Industrial Tools Long Drive Pin Punch Set 5 Piece

- Made from S2 steel and specially heat-treated for greater strength and durability.
- One-piece design for strength and durability.
- Reverse taper to help prevent binding.
- Modified parabolic striking end to help reduce mushrooming and chipping.
- Black oxide finish to help prevent rust corrosion; extending tool life and performance.
- A polished identification panel on one of the flats is marked with the tool number and size in a black inlay.
- Set offers a wide range of sizes to handle a variety of jobs.

Includes:

- a pouch for convenient storage solution.
- 5/32", 3/16", 7/32", 1/4", and 5/16"

Part #	EA
48005LS2	\$57.03

Proto® Industrial Tools 1/2" Tip 8" Brass Drift Punch

- Non-sparking, non-marring
- Designed to prevent damage to the object being struck
- Length: 8"
- Weight: 0.46 lbs
- Striking Face Diameter: 1/2"
- Tip Width: 1/2"

Part #	EA
49920	\$15.00

Klein Tools® Wire Rope Punch

- Used to safely drive out pins and keys in machinery.
- Long, two-handed rubber handle to lessen shocks from blows.
- Head attached with wire rope to reduce shock.
- Urethane ring around head to reduce likelihood of chipping.
- Heat-treated punch, so it will not shatter.
- Shaft Length: 4-3/4"

Part #	Diameter (in.)	Weight (lbs.)	EA
7WRP13	1/2	3	\$116.47

Proto® Industrial Tools
Gasket & Carbon Scraper

- Ideal for removing gaskets and carbon
- Comfortable, four-sided handle
- Blade width: 1-1/2"
- Length: 12"

Part #	EA
2336	\$19.15

Proto® Industrial Tools
Gasket & Carbon Scraper
Angled Blade

- Narrow, angled blade for access into tight areas
- Ideal for removing gaskets and carbon
- Comfortable, four-sided handle
- Blade width: 1-1/16"
- Overall length: 11"

Part #	EA
2338	\$17.95

Klein Tools®
Tapping Tools
6-in-1

- Quickly forms new threads, re-forms burred threads, and cleans out plaster obstructions
- Each tap size rethreads to next larger size if threads are stripped
- Two high-carbon steel taps are secured in reversible holder—Holder fits into large, clear plastic handle
- To change taps, simply reverse holder in handle.
- Six clearly marked thread sizes: 6-32, 8-32 and 10-32 on one side; 10-24, 12-24, and 1/4-20 on the other
- Overall length: 7-5/8"

Part #	EA
627-20	\$31.25

- Non-marring, soft pliable pads work well with delicate or finished materials
- Quick-Release™ Trigger
- Micro-adjust the clamp by merely squeezing the pistol grip handle
- High-tech resin material adds durability to the clamp, yet maintains its lightweight feature
- 25% smaller than standard QUICK-GRIP bar clamp
- Ideal for smaller projects
- Excellent for working in confined spaces
- Throat Depth Capacity: 2-7/16"

Part #	Max. Jaw Opening Cap. (in.)	EA
546ZR	6	\$15.30

Irwin® Tools
Pipe Clamps
Quick-Grip®

- Innovative clutch system eliminates the need for threaded pipe
- Larger feet offer more stability and clearance between handle and worktop
- Larger, more ergonomic handle offers easier clamping with reduced hand fatigue
- Larger clutch plates allow for easier release and increased durability and dependability

Part #	Pipe Size (in.)	Throat Depth (in.)	EA
224134	¾	1½	\$21.57
224212	½	1½	17.46

Proto® Industrial Tools
Inspection Mirror
Versatile All-Angle Ball Joint

- No. 2372 and No. 2373 feature telescoping handles
- Meets Federal Spec.: GGG-M-350a

Part #	Mirror Size (in.)	Shape	Length (in.)	EA
2371	1 x 2	Oval	8¾	\$7.16
2372	2¼	Round	10-14	10.47
2373	2½ x 3½	Rectangle	11-15	10.47
2374	1¼	Circular	8	7.39

General® Tools
Inspection Mirror

- These mirrors facilitate inspection of inaccessible work pieces and machines by toolmakers, assemblers, inspectors and mechanics
- Fully polished mirrors are enclosed in plated holders which are attached to knurled handles with ball and socket joints
- No.557 and No.560 have telescoping arms and vinyl cushion grip handles

Part #	Size (in.)	Overall Length (in.)	EA
555	1¼ Round	8	\$7.25
557	2¼ Round	10½ Extends to 15	10.37
558	1 x 2 Oval	9	8.69
560	3½ x 2 Oval	11½ Extends to 16	11.54

Proto® Industrial Tools
Magnetic Retrieving Tool
Flexible

- Retrieves small objects from hard to reach places
- Push button allows reaching an object before energizing the magnet

Proto® Industrial Tools
Telescopic Magnetic Retrieving Tool
16-3/4" - 26-3/4"

- Versatile telescoping handle
- All-angle ball joint

Part #	EA
2375	\$15.25

Proto® Industrial Tools
Retrieving & Holding Tools
Flexible

- Designed to position or retrieve small objects
- Spring loaded plunger activates jaw at end of flexible casing

Part #	Length (in.)	EA
2344	13½	\$12.61
2345	23½	14.48

General® Tools 24" Mechanical Pickup

- Strong four prong steel jaws retrieve small items from hard-to-reach places
- Smooth actuator for greater control
- Chrome finish to prevent rust
- Flexible shaft to avoid obstacles
- 24" reach

Part #	EA
396	\$7.72

General® Tools Telescoping Magnetic Pickups

- Excellent tool for retrieving small steel and iron parts from hard-to-reach places
- The high power neodymium magnet is six times more powerful than a cobalt magnet of the same size and density
- A powerful permanent magnetic pickup tool
- Ideal for retrieving steel and iron parts from hard-to-reach work areas
- Magnet is fitted in a 5-1/2" long nickel plated steel handle that can extend up to 23-1/2"
- Holder is fitted with a pocket clip

Part #	Pull	EA
383NX	2 lb.	\$8.60

Proto® Industrial Tools Compression Test Gauge

- Quick Connect
- Diameter = 2-1/2"
- Connection Size: 14 mm [Min], 18 mm [Max]
- Pressure: 0.00 psi (ten-site) [Min], 300.00 psi (tensile) [Max]
- Operating Connector Type: Spark Plug Thread
- Body Case Lens Display Type: Dial
- Measuring System: Inch/Metric
- Type: Compression Test Gauge
- Wt.: 1.20 lb

Part #	EA
CTR10	\$132.64

H.K. Porter® Compact Bolt / Wire Cutter

- Induction hardened cutting edges for ultimate durability
- Recessed notch blade design holds cutting material close for extreme cutting power
- Easy to clean industrial plastic dipped handle grips
- Cuts mild steel (80,000 PSI) to 1/4", 6mm diameter
- Cuts very hard steel (285,000 PSI) to .14", 3.8mm diameter

Part #	Length (in.)	Ea
0890MC	8	\$59.99

WMH Tool Group Bolt Cutters General Purpose

- Replaceable Black Jaws and Heads
- Designed for general purpose cutting of soft to medium steel, bolts, rods, chain, etc.
- High grade alloy steel jaws are drop forged, heat treated and precision ground for longer cutting life
- Maximum hardness of material to be cut: Brinell 370/rockwell C-40
- Steel handles are angled for maximum leverage with comfortable rubber grips
- Exceeds Federal Spec.: GGG-C-740D Type II

0013C	\$93.12

THE COMPLETE SOURCE

Irwin® Tools
Aviation Snips

- Cold-formed blades are 44% stronger, and requires 25% less cutting force
- Easy push-up release allows one-handed operation
- Pro-Touch™ Grips provide superior comfort, resists twisting, and will not slip off
- 10% Reduced hand span increases control and decreases fatigue
- Long life spring for increased durability and reliability
- Lower serrated blade grips material for a smoother cut with no double-marked edges
- 12 gauge alloy steel spines provide increased rigidity and less flexing
- Capacity cold rolled steel: 18 ga.
- Capacity stainless steel: 22 ga.
- Cut length: 1-5/16"
- Overall length: 10"

Part #	Cut Direction	EA

Wiss® Tools Offset Snips

Metalmaster® Wiss®

- M6R cuts left and straight
- M7R cuts right and straight
- Offset blades keep hands clear of metal
- Non-slip serrated jaw of molybdenum steel for compound lever action
- Withstands strain of cutting heavy stock and tight curves
- Spring-action for fast, effortless feed
- Handle of high tensile strength alloy steel exceeds hand power limit
- Handy hang-up hole
- Non-slip, textured grips and safety latch for superior control
- Cuts low carbon cold rolled steel

Part #	Handle Color	Direction of Cut	EA
M6R	Red	Left, Straight	\$27.47
M7R	Green	Right, Straight	27.47

Wiss® Tools Compound Action Snips

Metalmaster® Wiss®

- Metalmaster Compound Action Snips
- Cuts straight, left or right in light stock
- Cuts low carbon cold rolled steel
- Non-slip serrated jaws are made of wear-resistant molybdenum steel
- Provides extra service demanded by the compound lever action
- Self-opening action for fast, effortless feed
- Convenient, protective safety latch
- Yellow handles for ease of identification
- Blade Length: 1-1/2"
- Tool Length: 9-3/4"

Part #	Handle Color	Direction of Cut	EA
M3R	Yellow	Straight, Left or Right	\$23.68

Wiss® Tools Bulldog Snips

Metalmaster® Wiss®

- For notching or trimming extra heavy stock
- Non-slip, serrated jaw made of tough molybdenum steel
- Withstands strain of cutting heavy stock and tight curves
- Spring-action for fast, effortless feed
- Handle of high tensile strength alloy steel exceeds hand power limit
- Handy hang-up hole
- Non-slip, textured grips and safety latch for superior control
- Cuts low carbon cold rolled steel
- Blade Length: 7/8"
- Tool Length: 9-1/4"
- Direction or Type of Cut: Notching
- Cutting Capacity: 16 Gauge Low Carbon Steel

Part #	Handle Color	EA
M5R	Red	\$29.17

Wiss® Tools Compound Action All-purpose Cutter

Wiss®

- 3" serrated blades provide longer cut than most tools
- Serrated blades grab hold and aggressively cuts through the material
- Compound action provides up to 5:1 power ratio for easy cutting
- Chrome-plated blades resist rust and corrosion
- Spring loaded for faster opening
- Non-slip textured cushion grips
- Small closed position handle design for smaller hands
- Cuts low carbon cold rolled steel
- Blade Length: 3"
- Tool Length: 10-1/2"

Part #	EA
MPX	\$28.94

Wiss® Tools Hi-Viz Handle Grip Snips

Multimaser®

- Combines long cut of tinners snips with the strength of compound action
- Compound action multiplies the force of the hand by five times
- Great for making long, fast cuts in sheet metal, aluminum, and much more
- Cuts up to 20 gauge low carbon steel
- Non-slip, textured grips and safety latch for superior control
- Max. Capacity Gauge: 20

Part #	Cut Length (in.)	EA
M300	3	\$23.72

Wiss® Tools EZ Utility Snips

- Strong, high quality 420 stainless steel blades for corrosion resistance
- Textured, molded handles for secure, comfortable grip
- Spring assist action minimizes fatigue
- Wire cutting notch in lower blade
- Thumb latch secures blades closed for storage
- Lightweight

Part #	Blade Length (in.)	EA
WEZSNIP	4	\$15.26

Wiss® Tools

Stanley® Industrial Tools
Light Duty Hobby Knives
Slim Aluminum Handle

- Slim aluminum handle 10-401 for light and medium-duty work
- All have a positive metal barrel blade lock
- Handle length: 5"
- Handle material: Aluminum
- Applications: Hobby, Craft, Art

Part #	EA
10-401	\$3.62

Stanley® Industrial Tools
Replacement Blades

- For fine angle cutting
- Fits Stanley® 10-401 Hobby knife
- Thickness: .020"
- Length: 1-9/16"
- Packed: 3/Card

Part #	EA
11-411	\$2.50

Stanley® Industrial Tools
Quick-Point™ Knives
Retractable with Snap-Off Blades

- Retractable knife with Quick-Point™ snap-off blades
- For light duty cutting and trimming
- Blade sections snap-off providing the user with fresh, sharp cutting points
- Removable blade snapper included in cap of knife
- Supplied with one Quick-Point™ blade
- Includes a pocket clip
- Handle length: 5-1/8"

Part #	EA
10-150	\$3.20

Milwaukee® Electric Tool
Smooth Folding Pocket Knife
FASTBACK™

- Press and flip operation: Permits one-handed opening
- Stainless steel drop-point blade: Resharpenable edge for long-lasting use
- Liner lock: Secures the blade in the open position
- Slim, compact body: Stores easily yet withstands jobsite abuse
- Piercing tip: Allows controlled piercing and smooth cutting
- Lanyard hole: Permits safe, convenient storage on a lanyard
- Reversible wire-form belt clip: Secures to your pants for quick access without damaging the fabric

Specifications:

- Length: 7-3/4"

Part #	Ea
48-22-1990G	\$37.84

Stanley® Industrial Tools
Retractable Utility Knife
3 Position
Classic 99®

- Interlocking nose to hold blade securely
- Multi-position blade slide
- Blade storage in handle
- Furnished with three 11-921 heavy-duty utility blades
- Handle length: 6"

Part #	EA
10-099	\$5.95

Stanley® Industrial Tools
Retractable Utility Knife
Quick Change

- Change blades quickly without a screwdriver
- Three position retractable blade slide
- Swing-out blade storage magazine
- String cutting feature – blade does not have to be exposed
- Furnished with three 11-921 heavy-duty utility blades
- Handle length: 6"

Part #	EA
10-499	\$8.57

Stanley® Industrial Tools
Retractable Utility Knife
Handle Swivel-Lock®

- Handle swivels open for quick, easy blade changes; no need for a screwdriver
- Interlocking nose secures knife halves together to prevent spreading
- Aluminum body for lighter weight
- Large, comfortable handle design allows for extended use
- Furnished with three 11-921 heavy-duty utility blades
- Handle length: 7"

Part #	EA
10-989	\$9.96

Stanley® Industrial Tools
Retractable Utility Knife
Dynagrip®

- Cushion grip surface for comfort even in extreme temperatures
- Slip-resistant grip prevents slipping even on angled surfaces
- Patented interlocking nose secures blade

Part #	EA
10-779	\$10.22

Stanley® Industrial Tools Fixed Blade Utility Knife Classic 199®

- Positive fixed blade retention for heavy-duty cutting
- Extra heavy-duty cast metal textured handle designed for long life and tough use
- Top and bottom overlap nose
- Accepts all Stanley® utility knife replacement blades including the 11-931 extra heavy-duty blade
- Furnished with three heavy-duty utility blades
- Handle length: 5-1/2"

Part #	EA
10-209	\$8.14

Stanley® Industrial Tools Folding Fixed Utility Knife Gold

- Durable aluminum handle with belt clip
- Quick change blade mechanism
- One hand opening operation
- Folds to convenient carrying size

Part #	EA
10-036	\$9.70

Milwaukee® Electric Tool Utility Knife Fastback™

- One Handed Blade Opening - Flip Blade Open up to 3X Faster
- Tool Free Blade Change - Change Blades up to 5X Faster
- Wire Stripper - Strip up to 10 Gauge Wire
- Integrated Gut Hook - Cut Without Opening Knife
- Thin Body Design - Easy Pocket Storage

Includes:

- (1) Fastback™ Utility Knife
- (5) Utility Blades

Part #	EA
48-22-1901	\$18.00

Irwin® Tools ProTouch Retractable Clip Strip

- Pro touch Utility Knife

Part #	EA
2082200CS	\$17.88

Stanley® Industrial Tools Retractable Carpet Knife

- 6-1/2" handle length
- Retractable blade for controlling depth of cut
- Angled handle design provides easy access to hard-to-reach places
- Blade storage capacity: 10 regular duty .015" blades
- Works with regular (10-525) and heavy-duty (11-530) carpet blades
- Number of blades: 3

Part #	EA
10-525	\$12.34

Stanley® Industrial Tools Retractable Utility Knife Fatmax®

- Blade wiper removes excess dirt and protects knife
- Blade clamp eliminates blade wobble, gives more control
- Ergonomic design for ease of use
- Soft touch panels/grips allow better control, less slips
- Pop-up blade dispenser for easier access and faster changeover
- Supplied with FatMax blades
- Push button blade change- no tools needed

Part #	EA
10-778	\$13.27

Stanley® Industrial Tools Retractable Utility Knife InstantChange™

- Strong, durable construction combines a cast metal core with bi-material soft panels for a sure grip
- Blade changes with the push of a button - no tools required
- Curved handle design for comfort, control and balance
- Swing-out blade storage for easy blade access
- Integrated string cutter and retractable slide
- Large hang hole for pegboard storage
- Padded thumb rest

Part #	EA
10-788	\$11.10

DeWalt® Industrial Tools Folding Retractable Auto-Load Knife

- Automatically loads a new blade
- Intuitively functions as a regular folding utility knife for easy blade loading
- One-handed folding for quick and easy opening/closing
- Push button blade change for fast blade changes
- Accepts all standard utility blades

Specifications:

- anle Length (in): 4-1/2"
- Overall Length (in): 6-3/4"
- Style: Folding
- Color: Yellow/Black
- Number of Blades: 3
- Closed Position Length (in): 4-1/2"

**Stanley® Industrial Tools
1996™ Hook Blade**

- Edge protection blade for cutting and trimming roofing materials, linoleum, carpet, fabric, cartons and sheet materials without damage to surfaces below
- Thickness: .024"
- Length: 2-1/16"
- Packed: 100/Dispenser

Part #	EA
11-961	\$6.18

**Stanley® Industrial Tools
Carpet Knife Blade**

- High carbon steel blade with double cutting edge
- Fits Stanley® and most other carpet knives
- Five blades per card
- Length: 2-1/4", 57.15mm
- Packed: 5/Card
- Thickness: .015

Part #	EA
11-525	\$2.49

**Stanley® Industrial Tools
Retractable Razor Blade Scraper**

- Removes paint, glue, putty or adhesives from glass, tile, walls, floors or other smooth surfaces
- Blade retracts for safe storage
- Uses standard single edge razor blades
- Comes with 5 blades
- Overall length: 3-3/4"

Part #	EA
28-500	\$2.73

**Stanley® Industrial Tools
Razor Blades
Single Edge**

- Backed high carbon steel blade fits all standard razor blade tools
- Replacement blades for 28-500 scraper
- Thickness: .009"
- Blade length: 1-1/2"
- No. of blades: 10/pack

Part #	EA
28-510	\$2.35

Stanley® Industrial Tools
Single Edge Razor Blades
 100 Piece Pack

- Steel backed high carbon steel blade fits all standard razor blade tools
- Replacement blades for 28-100 and 28-500 scrapers
- Blades are individually wrapped
- Thickness: .009"
- Length: 1-1/2"
- Packed: 100/Box

Part #	EA
11-515	\$8.61

CLC®
Utility Knife Sheath
 Leather

- Top grain leather
- Fits most curved-handle knives
- Fiber liner resists cut-through
- Fits belts up to 2-3/4" wide

Part #	EA
453	\$7.96

Stanley® Industrial Tools
Wood Handle Putty Knives

- High carbon blade—hardened, tempered, taper ground and polished
- Full tang blade permanently fastened to solvent resistant hardwood handle
- Available in flexible and chisel blades
- Blade width: 1-1/4"

Part #	Blade Type	EA
28-540	Flexible	\$5.42
28-541	Stiff	5.54

Stanley® Industrial Tools
Plastic Handle Putty Knife

- Steel blade hardened, tempered and polished
- Full tang blade permanently fastened to shatter-resistant nylon handle
- Available in flexible and chisel blades

Stanley® Industrial Tools
Wood Handle Wall Scraper
 High Carbon Steel Blade

- High carbon blade—hardened, tempered, taper ground and polished
- Full tang blade permanently fastened to solvent resistant hardwood handle
- Flexible blade
- Blade width: 3"

Part #	EA
28-539	\$8.53

Stanley® Industrial Tools
Plastic Handle Wall Scraper
 High Carbon Steel Blade

- High carbon steel—hardened, tempered and polished
- Full tang blade permanently fastened to shatter-resistant nylon handle
- Chisel blade
- Blade width: 3"

Part #	EA
28-139	\$9.14

Wiss® Tools
Hand Seamer
 Straight Handle

- Used to bend and flatten sheet metal
- Makes uniform bends & reduces metal buckling & bowing between folds
- Optimal handle span for maximum power and comfortable operating range
- Non-slip cushion grips for superior comfort and control
- 6" jaw width and 1-1/4" maximum seam depth
- 1/4" depth markings

Part #	Jaw Width (in.)	Length (in.)	Ea
WS6	6	9 1/4	\$71.45

Stanley® Industrial Tools Scratch Awl 100 Plus®

- Practical for light work
- Alloy steel blade
- Precision ground tip
- Chrome plated corrosion resistance
- Blade Diameter: 1/4"
- Blade Length: 3-1/2"
- Overall Length: 7-1/4"

Part #	EA
69-006	\$7.23

Klein Tools® Scratch Awl Cushion-Grip

- Professional, heavy-duty, hard-pointed awl.
- Scribes metal, starts screw holes, performs a variety of piercing and punching jobs.
- Rigid, chrome-plated, heat-treated, tempered-steel shank has full reinforcing bolster at handle for extra strength and for handle impact reinforcement.
- Internal flanges provide solid shank anchor.
- Cushion-Grip handle allows for greater comfort.
- Blade Length: 3-1/2"
- Overall Length: 7-7/8"

Part #	EA
650	\$13.41

Stanley® Industrial Tools Short Blade Chisel Set 6-Piece FatMax®

- Hardened, tempered high-chrome carbon alloy steel blade for edge retention
 - Precision ground blade is accurately sized and etched with blade size
 - Patented, ergonomically designed, bi-material grip handle is break resistant
- Continued on Next Column

- Steel striking cap for use with steel-headed hammer
- Accessible packaging with blade guard enables customer to evaluate product in store
- Blade guard can be mounted to wall for home storage

Part #	EA
16-971	\$79.42

Stanley® Industrial Tools Short Blade Chisel Set 3-Piece FatMax®

- Hardened, tempered high-chrome carbon alloy steel blade for edge retention
- Precision ground blade is accurately sized and etched with blade size
- Patented, ergonomically designed, bi-material grip handle is break resistant
- Steel striking cap for use with steel-headed hammer
- Accessible packaging with blade guard enables customer to evaluate product in store
- Blade guard can be mounted to wall for home storage

Part #	EA
16-970	\$34.01

Stanley® Industrial Tools Short Blade Chisel FatMax®

- Hardened and tempered high chrome carbon alloy steel blade for edge retention
- Blade edge honed, ready for use
- Descriptive etch mark displaying blade size
- Precision ground blade, for accurate sizes
- Patented, ergonomically designed, break-resistant, bi-material grip handle
- Steel striking cap for use with steel headed hammer
- Re-usable, try-me hang tag packaging with blade guard protection in store; screw rack wall storage at home
- Overall Length: 9"

Part #	Overall Length (in.)	Width (in.)	EA
16-977	9	3/4	\$13.23
16-978	9	1	14.15

Stanley® Industrial Tools Reversible Flush Cut Saw FATMAX®

- Designed for precise cutting including dovetails, small joints and cutoff
- Spring-loaded pin allows blade to reverse quickly for left or right cutting
- Reversible handle provides access in close quarters
- Extra-wide blade (3") for fine woodworking
- Steel back prevents bowing for true straight cuts
- Ergonomically designed cushion grip handle for comfort

Part #	Blade Length (in.)	Points Per Inch	EA
15-252K	10	15	\$23.11

Stanley® Industrial Tools Tool Box Saws 9 Points Per Inch SharpTooth™

- Aggressive 3-sided tooth design cuts wood 50% faster than conventional handsaws
- Induction hardened teeth stay sharp 3 to 5 times longer than standard teeth
- Handle design allows for the back of saw blade to be used for marking 45° and 90° angles (15-086 only)
- Also ideal for cutting plastic pipe
- Hardwood handle

Part #	Blade Length (in.)	EA
15-085	15	\$20.18

Stabila® Levels Pocket Level

- Great for all trades
- Small and easy to wear on belt
- Designed for quick level check
- Offered in a version with rare earth V-Groove magnetic

Part #	Ea
11901	\$19.99

Stabila® Levels 27" Tape Measure/ Pocket Level Set

Tape Measure:

- Grit resistant coating
- Grip hook
- Rocker blade lock
- Scales on both sides
- Length: 27 feet

Pocket Level:

- Small and easy to wear on belt
- Designed for quick level check
- Permanently calibrated vial, easy to read and top mounted
- Vertical measuring surface is at 90 degrees to the horizontal measuring surface
- Rare earth V-Groove magnet up to 5 times stronger than normal ferrite magnets
- Includes belt clip holster

Part #	Ea
11927	\$29.99

Greenlee® Textron, Inc Mini Magnetic Bubble Level

- Professional grade level with bending off-set aid.
- Mini torpedo design with handy "no-dog" attachment for bending.
- Three rare earth magnets provide superior holding strength.
- Four vial design - 0°, 90°, 45° and 30°.
- Machined from aluminum alloy and anodized to aircraft standards.
- Compact size fits easily in tool pouch.
- V-groove on top of level for easy view of vials.

Part #	EA
L77	\$48.82

Stanley® Industrial Tools Aluminum Line Level

- Lightweight, aluminum construction
- Special hooks hold to line which allows level to slide freely for easy positioning
- Bottom is flat for surface leveling
- 1 yellow 360° vial
- Length: 3-3/32"

Part #	EA
42-287	\$2.11

Stanley® Industrial Tools Magnetic Torpedo Level 9" ABS Plastic Body

- This Torpedo Level has a length of 9"
- Top reading
- Made of tough, shock resistant ABS plastic material
- Three 360° vials (plumb, level and 45°) are replaceable on the job

Part #	EA
42-264	\$7.46

THE COMPLETE SOURCE

Stanley® Industrial Tools Magnetic Torpedo Level FatMax® Xtreme™

- Die-cast aluminum body
- Solid block vial provides accuracy of 0.0005in/in. (0.5mm/M)
- 180 degree rotating vial to duplicate angles
- Magnified center vial for improved visibility
- Pipe groove for use on rounded surfaces
- Rare earth magnets for ultimate holding power
- Lifetime Accuracy Warranty

Specifications:

- Height: 11.75"

- Vial + Digital calibration system
- Display Flips to read correctly when positioned upside down
- Simple water & brush clean up
- On/Off switch
- Ability to select degrees, percent, rise and run in both inches and metric
- Comes with a calibration button
- Temporary save the current measurement on the screen by pressing the hold button
- Display illumination facilitates reading in the dark
- Come with shock-absorbing end caps to protect the frame
- Ability to remove end capes to carry lines tight into corners
- 2 display light ups

Specifications:

- Vials Measuring Accuracy: 0.029" = 0.5mm/m
- Overhead Vial Measurement: 0.029" = 0.05mm/m or 1/32" over 72"
- Electronic Accuracy at 0°: 0°
- Electronic Accuracy at 90°: 0°
- Electronic Accuracy from 1°- 89°: +/-0.2°

Includes:

- Soft Case
- 2 AA Batteries

Stanley® Industrial Tools 48" Professional I-Beam Level

- Heavy-duty aluminum I-beam construction provides rigidity and accuracy
- Level accuracy of 0.0015 in./in. (0.15mm/m)
- 360° vials set directly into frame never need adjustment
- Large, clear acrylic vial covers and top-read center vial ease readability
- Yellow powder-coated body with high-visibility accents easy to spot on job site
- Magnetic versions available with silver anodized finish
- Full-length magnetic strip (on magnetic versions) allows for hands-free operation on metal surfaces
- Pipe groove enables use on rounded surfaces
- Shock-absorbing end caps hold up to heavy use
- Hang hole simplifies storage
- Comfortable hand holes for easy
- 3 Vials

Part #	Length (in.)	EA
42-480	48	\$17.75

Stanley® Industrial Tools 48" Box Beam Level FatMax® Xtreme™

- Durable box-beam construction is up to 5x stronger than other Stanley® levels
- Block vials provide accuracy of 0.0005 in/in (0.5mm/m)
- Magnified center vial for improved visibility
- Machined leveling surfaces improves accuracy
- Rare earth magnets, which are twice as strong as basic strip magnets, are built into the level for stability
- 3 Vials

Part #	Length (in.)	EA
43-648	48	\$57.16

Irwin® Tools Box Beam Level Aluminum Straight-Line®

- Designed for accuracy and durability
- Premium-grade aluminum offers unrivaled strength. Level resists warping, twisting, or bending
- Guaranteed to remain accurate, even after 2-story drop or 50° temperature change
- Vials will never break, fade, fog, leak or develop static charge. Luminous backing for easier read in low light. Includes plumb view vial.
- Calibrate vials in seconds with simple turn of a hex key or phillips screwdriver

Part #	Length & Style (in.)	EA
2035103	48	\$112.61

Stanley® Industrial Tools Xtreme® Box Beam Level FATMAX®

- Durable box beam construction is up to 5X stronger than other Stanley® levels
- Block vials provide accuracy of 0.0005 in./in. (0.5mm/m)
- Magnified center vial for visibility
- Machined leveling surfaces for accuracy
- Large ergonomic rubber over-molded hand grip

Part #	Length (in.)	number of Vials	Ea
43-624	24	3	\$39.61

Irwin® Tools Magnetic Box Beam

- Thick-walled high-grade aluminum frame provides extreme durability and resists job-site wear and tear
- Continuous Edge increases level durability ensuring accuracy over time, protects center vial, and allows for continuous scribing
- Plumb Site® offers dual-sided, undistorted viewing in the plumb position and easy, more accurate plumb readings
- Over-molded rubber end caps provide shock-absorption, protecting the level's accuracy upon impact, and are removable for accurate leveling into corners
- Rare earth magnets are 5X stronger than strip magnets and allow for easy, hands-free steel construction work

Part #	Length & Style (in.)	EA
1794068	48	\$141.25

Irwin® Tools Magnetic I-Beam Levels

- Dual Chamber Design increases level durability, ensuring accuracy over time, and resists twisting 2X more than traditional I-Beams
- Plumb Site® offers dual-sided, undistorted viewing in the plumb position and easy, more accurate plumb readings
- MagnaVials™ and wide top read window for easy, accurate readings
- Rare earth magnets are 5X stronger than strip magnets and allow for easy hands-free steel construction work

Part #	Length & Style (in.)	EA
1794110	78	\$84.08

38624	24	Magnetic Level w/hand holes	89.99
38648	48	Magnetic Level w/ hand holes	139.99

Stabila® Levels
Extendable (6 to 10 foot) Plate to Plate Level
6 - 10 Foot

- Made in Germany
- Vial Accuracy guaranteed for life
- Tough box beam construction
- Extends from 6 to 10 feet
- Hand holes for easy handling

Part #	Ea
35610	\$319.99

Stabila® Levels 48"-78" Extendable Level

FEATURES:

- Quickly adjust and lock measuring length anywhere from 48"-79"
- Two rubberized handgrips
- Strong re-enforced frame
- Fully sealed solid rail (six sided) extension eliminates flex and deflection, and delivers the smoothest extension movement available.
- Vials are guaranteed for life never to fog, leak or require adjustment

Specifications:

- One Horizontal (level) and two Vertical (plumb) vials

Part #	Ea
35479	\$288.88

Stabila® Levels 26" - 40" Extendable Level

FEATURES:

- Quickly adjust and lock measuring length anywhere from 26"-40"
- Rubberized handgrip
- Strong re-enforced frame
- Fully sealed solid rail (six sided) extension eliminates flex and deflection, and delivers the smoothest extension movement available.
- Vials are guaranteed for life never to fog, leak or require adjustment

Specifications:

- One Horizontal (level) and one Vertical (plumb) vial

Part #	Ea
35240	\$168.51

Stabila® Levels Mason's Level Trowel Proof

- For Masons, designed to be HIT with a trowel
- Patented, epoxy-locked vial system never needs adjusting
- Frame will not warp or twist
- Water and brush clean-up
- Top reading unbridged horizontal vial for lower course work minimizes bending over
- Certified Level Accuracy in top read position: 1/32"
- Level accuracy guaranteed for life; vials will never fog, leak or require adjustment

Part #	Length (in.)	EA
36424	24	\$89.99
36448	48	139.99

Stabila® Levels Aluminum Box Beam Level Set

- Crystal clear vials readable in any direction with no change in accuracy tolerance.
- Spring steel hairline indicators in vials.
- Best frame strength-to-weight ratio.
- Removable rubber end caps for scrubbing in corners and for reading tight header and sill openings.
- Rubber end caps grip walls and do not leave marks.
- Metal Hang hole for storing level on site.
- Large comfortable rubber hand holes.
- Fast and accurate installations
- Strong, wide frame
- Vials are guaranteed for life.

Specifications:

- Length: 48 inch
- Length: 16 inch

Part #	Ea
37816	\$139.99

Stabila® Levels Stabila 4' & 2' Magnetic Level Set

- Wide profile with strong frame
- Certified accuracy
- Top and bottom readings
- Has top and bottom readings
- Crystal clear vials readable in any direction with no change in accuracy tolerance, guaranteed for life
- Magnets grab hinge leaves
- Shock-absorbing endcaps: prevent slipping
- Electrostatic Enamel Finish, baked on tough

Includes:

- 1x Stabila 24" Model 96M Magnetic Level (38624)
- 1x Stabila 48" Model 96M Magnetic Level (38648)

Part #	EA
38008	\$229.99

Stabila® Levels 24" & 48" R Beam Set

34-103	50	\$14.56

Stanley® Industrial Tools Open Reel Long Tape Rule Fiberglass

- Increased number of fiberglass strands means less stretch and better accuracy
- Blades are made with PVC, so the tape can be wound wet and easily cleaned
- Two-sided printing with multiple formats (fractional/decimal or metric/english)
- 1/2" wide blade with easy to read markings for more accurate measurements
- Rubber grip for comfort
- High visibility color makes it easy to find on the job site
- Fractional/Decimal

Part #	Length (ft.)	EA
34-790	100	\$19.67
34-793	200	26.98

Keson® Open Reel Long Tape Rule Fiberglass

- Tough, molded handle is easy to grasp.
- The crank handle is reinforced with metal to provide years of rugged use.
- Double-throat rollers guide the blade return and prevent the tape from twisting.

Part #	Length	EA
OTR30M	30M	\$22.08

Stanley® Industrial Tools
Extra Wide Long Tape Rule
 Fiberglass
FatMax®

- 3/4" wide blade
- 64 fiberglass strands provide 2X blade strength
- Blade is printed on both sides with fractional/decimal, metric/English formats for versatility
- 3-to-1 gear drive for fast rewinds
- Two-color blade stands out in all light conditions
- Blade is clear-coated to protect graphics from abrasion

Part #	Length (ft.)	EA
34-812	100	\$45.08

Lufkin®
Linear Fiberglass Tape
 Hi-Viz® Orange

- Open four-arm frame design protects blade, does not trap dirt in case
- Lightweight but strong case is easy to handle and rewind
- Two-material grip is comfortable to use
- Hi-Viz® orange case is easy to find on the job site
- Folding end hook for true-zero measurements
- Feet and inches graduated to 8ths; numbered feet and instantaneous feet
- Yellow clad fiberglass blade impervious to moisture
- Blade Width: 1/2"

Stabila® Levels
Full Feature Laser
Distance Measure

- Professionalism on site meets advanced technology
- Digital target locator with 4x zoom to measure distances up to 660/200 m
- Available measurement scales: 0.00ft, 0.00in, 0-1/32in, 0'00"1/32, 0.00m, 0.000m, 0.0000m, 0.00m
- Instantly converts measurements to any scale. Inches to mm, meters to feet, etc...
- 2.4" color display
- High image resolution – pin-sharp images even in strong light
- Bluetooth® Smart (4.0) offers simple data exchange, e.g. with iPhone or iPad.
- New STABILA Measures app lets you insert measurements directly into photos or drawings.
- 360° inclination sensor for flexible measurement from any position. 0-180° shown on display
- The sensor allows you to make absolutely horizontal measurements and is also the basis for several new measurement functions (e.g. measuring over obstructions)

Continued on Next Column

- Built-in calculator lets you multiply or divide measurement data by fixed values (e.g. hourly rates or materials costs).
 - Professional measurement accuracy, typical $\pm 1/16"/1.0$ mm over its entire 660' range
- IP 54 protection class against rain/dust.
 Robust, impact-resistant housing with shock-absorbing softgrip cover.
 1/4" X 20 Tripod mount

Part #	Ea
06520	\$499.99

Stabila® Levels
LD-320 Laser Measure

- Coil spring attachment
- Aluminum; for use in high heat applications
- Easy assembly of visor onto frame - held secure by easy clips
- Not designed for use with helmet-mounted muffs
- MSA does not recommend V-Gard Metal Frames for use where electrical hazards, including but not limited to arc flash, could occur.
- This is NOT for MSA Skullgards or MSA Full Brim Helmets

Specifications:

- Catalog #: 6320
- Accuracy: +/- 3/32"
- Range: 130'
- Battery Life: Up to 3000 measurements
- Battery Type: 2 x AAA
- Laser Class: II
- Output: <1mW
- Laser Wavelength: 635nm
- Weight lbs: 0.65

Part #	Ea
06320	\$152.34

If you don't find everything you need, please advise us and we will be happy to help you in your requirements!

Stabila® Levels LD420 Laser Measure

- You can pull up additional information for many functions (Pythagoras, area, volume etc.) e.g. scope, wall and ceiling areas etc.
- Building site compatible design: The new LD 420 is protected against water and dust in line with IP65 and has an impact resistant housing with shock-absorbing Stabila soft grip casing.
- Fulfills the new international standard ISO 16331-1. You can really rely on the range and accuracy data.
- 13 functions (see product manual for details)
- Batteries: 2 x AAA

Part #	Accuracy (in)	Range (ft.)	Ea
06420	1/16	260'	\$229.99

Calculated Industries Construction Master® Pro Calculator

- Sets the industry standard for advanced construction-math calculators.
- Provides powerful built-in solutions and expanded preference settings.
- Easy to use in the field or office and perfect for completing plans, layouts, bids and estimates – saves time, money, materials and frustration.
- Work in and convert between building dimensions, including Metric
- Built-in Right-Angle solutions
- Areas, Volumes, Square-ups
- Complete Stair Layouts
- Roof, Rafter and Framing solutions
- Circle: Arcs, Circumference, Segments
- For Contractors, Estimators, Architects, Carpenters, Framers, Draftspersons, Engineers, Builders, Tradespersons

Part #	EA
4065	\$66.45

Calculated Industries Concrete Calc Pro

- Helps reduce material waste, improve design accuracy and cut estimating time.
- Increase efficiency in the field or in the office with fast, accurate solutions for Square-ups, Loads, Area, Volume, Rebar, Drop, Stairs and much more.
- Work in Yards, Feet-Inch-Fractions
- Calculate Area, Volume and Weight per Volume
- Automatic Square-ups and Drops
- Rebar solutions for total Linear Feet and Weight per size
- Complete Stair Layouts; set Riser Height and Tread Width
- Equal Sided Polygons
- Circular Solutions: Circumference, Arc, Cone, Column and More!
- For Concrete, Masonry and Paving Professionals

Part #	EA

 TO OUR MAILING LIST.**

Kraft Tool Co.®
**Trowel Button
 Extension Handles**
 Aluminum

- Lightweight aluminum button handles for use with Kraft Bronco™ Tilt brackets, Knucklehead™ II, and EZY-Tilt® brackets
- Swaged handles are aluminum anodized to prevent hands from turning black caused by oxidation
- Size: 1-3/4" diameter

Part #	Length (ft.)	EA
CC289	6 Handle w/ Insert	\$24.57

Kraft Tool Co.®
Button Handle Float Bracket
 Aluminum
 EZY-Tilt® II

- Lightweight aluminum
- Pitch of blade is controlled by turning handle—eliminates bending and lifting
- Designed to fit all two or four hole metal bull floats
- Quick, easy coupling for either 1-3/4" or 1-3/8" button handles
- No adaptor needed

Part #	EA
CC294	\$66.60

Kraft Tool Co.®
Fresno / Broom Adaptor
 Aluminum
 EZY-Tilt® II

- Accepts 1-3/8" and 1-3/4" diameter button handles to fit fresnos, brooms, walking edgers and groovers

Part #	EA
CC295	\$14.85

Kraft Tool Co.®
Fresno Trowel Adaptor
 Aluminum

- Adapts molder threaded handles to fit fresnos, brooms, walking edgers and groovers

Part #	EA
CC662	\$6.30

Kraft Tool Co.®
Bull Float Bracket
 Aluminum
 Knucklehead™ II

- Made of rugged lightweight aluminum
- One to one turning ration of handle and pitch of blade
- Protected grease reservoir for longer wear
- Turning handle eliminates bending and lifting
- Designed to fit all two or four hole metal bull floats
- Quick, easy coupling for either 1-3/4" or 1-3/8" button handles
- No adaptor needed

Part #	EA
CC296	\$70.20

Concrete Curing Blankets

- Used for covering concrete slabs to prevent frost during cold weather pours.
- Space Age technology combines poly and burlap to give you a summer concrete curing blanket. Midco Burlap Blankets are a combination of 10 oz. burlap and 5 mil white opaque poly.

Continued on Next Column

- Midco Burlap Blankets need no rewetting, no resealing and can be used over and over again. After each use, expose burlap side to the sun or air. In this way, the burlap will dry and be ready to use again quickly.

- Fiberglass handle allows for maximum shock absorption
- Bright yellow color is easy to locate
- Length: 13-1/4"
- Weight: 16 oz.

Part #	Type	EA
51-518	Rip Claw	\$23.20

Stanley® Industrial Tools Nailing Hammer FatMax® AntiVibe®

- Patented tuning fork design reduces harmful vibration that can cause wrist and arm injuries
- Forged, one-piece steel construction for increased strength and durability
- Rim temper reduces incidences of chipping or spalling
- Ergonomically designed grip reduces fatigue and allows for multiple grip positions
- Texture is molded into each grip for increased comfort and performance even when wet
- 20oz Nailing Hammer
- Length: 13-5/16"

Part #	Type	EA
51-943	Curve Claw	31.36
51-944	Rip Claw	31.36

Stanley® Industrial Tools Graphite Hammer 16 Oz. Curve Claw FatMax®

- Patented 70% larger strike face improves striking accuracy
- Forged oversize steel head for a bigger sweet spot
- Rim tempered reduces indices of chipping and spalling
- New ID differentiates it from the regular DIY hammer
- Graphite core handle is light weight and durable

Continued on Next Column

- Ribbed grip for a more secure grip
- Patented head-to-handle assembly
- Flared grip end helps to prevent hammer from slipping out of user's hand

Part #	Type	Weight (oz.)	EA
51-505	Curve Claw	16	\$21.34

Stanley® Industrial Tools Graphite Hammer 20 Oz. Rip Claw FatMax®

- Jacketed graphite core adds strength and durability in the handle while providing the 'feel of wood'
- High-carbon, polished steel head is precision balanced
- Rim temper reduces incidences of chipping or spalling
- Ribbed grip allows air to cool hand and channels sweat away
- Patented head-to-handle assembly
- Smooth handle-to-grip contour won't hang up on user's tool belt
- Flared grip end helps to prevent hammer from slipping out of user's hand

Part #	Type	Weight (oz.)	EA
51-508	Rip Claw	20	\$29.94

Stanley® Industrial Tools
Fiberglass Hammer
16 Oz.
Stanley®

- High visibility yellow makes the hammer easy to locate on the jobsite
- Fiberglass handle absorbs shock and vibration
- Textured rubber ensures a comfortable, secure grip
- Fiberglass handle minimizes vibrations and reduces breakage vs. wood
- Heat treated and rim tempered for durability and safety

Part #	Type	Weight (oz.)	EA
51-621	Curve Claw	16	\$13.98
51-622	Rip Claw	16	13.98

Stanley® Industrial Tools
Framing Hammer
Hickory Checkered Face
FatMax®

- Forged and heat treated head for increased durability
- Rim temper reduces incidences of chipping or spalling
- Flared head design results in a larger striking surface or for better nail driving performance
- Specially designed magnetic nail starter for one-handed nail setting
- Checker face design increases control and accuracy when driving nails
- Double wedge head-to-handle assembly for extremely secure fit
- 20 oz Framing Hammer

Part #	Type	Length (in.)	EA
51-402	Hickory	18	\$31.36

Stanley® Industrial Tools
Ball Pein Hammer
Hickory Wood Handle

- High-carbon, steel forged head, hardened and tempered
- Rim-tempered face minimizes chipping, assures greater safety
- Select clear lacquered hickory handle
- Polished face and pein
- 54-004 does not have Rim Tempered™ face

Ames True Temper Jackson® Square Point Shovel Contractor Grade BlueMax™

- Industrial gauge steel blade for maximum toughness
- Handle is driven through the socket to decrease build-up
- Two rivets in 11" socket keep handle securely attached
- Head/Blade Size: 10" x 12"
- Handle length: 48" long

Part #	EA
BMDLS	\$26.15

Family Owned and Operated Since 1938

Ames True Temper Jackson® Square Point Shovel Contractor Grade

- 48" long handle.
- Rolled step prevents materials from accumulating under blade.
- Blades have an onion skin finish and lacquer to reduce buildup.

Part #	EA
15642	12.98

Ames True Temper Jackson® Square Point Shovel Fiberglass Site Safe™

- Site Safe™ Fiberglass products meet the tough demands of contractor professional
- Tools include a 18" TPE (thermoplastic elastomer) protective sleeve over the area of the handle that receives the most abrasion during use—no more splintering
- Heavy-gauge steel blades and high-retention power collars will add the extra strength necessary for industrial use
- 200 ft. reflective label will increase visibility of workers and their tools as vehicles pass work site
- Handle length: 48" long fiberglass

Part #	EA
SFGLS	\$30.38

Ames True Temper Jackson® Kodiak Professional Coal Shovel

- Tempered steel blade for durability and strength
- Reinforced ribs for scooping heavy-duty applications including coal, stone, or general purpose cleaning
- 51-inch hardwood handle
- #2 head with 21-inch lift

Part #	Length (in.)	Height (in.)	Ea
1327800	9	64.25	\$56.52

Ames True Temper Jackson® Eagle Shovels Poly D Grip

- Strong poly "D" grip is engineered for comfort
- Steel collar for added strength at the handle/socket connection
- Open-back tempered steel blade for durability
- Size: 2
- 46" Long Handle

Part #	Description	Blade Size (in.)	EA
15543	Round Point	8 1/4 x 11	\$8.51
15545	Square Point	9 x 10 1/4	8.51

Ames True Temper Jackson® Round Point Shovel Contractor Grade

- 48" long handle.
- Rolled step prevents materials from accumulating under blade.
- Blades have an onion skin finish and lacquer to reduce buildup.
- Handle Length: 48"
- Head/Blade Size: 9-1/2" x 12"

Pferd
Polifan-Curve Flap Disc
 Polifan®

- POLIFAN®-CURVE is a PFERD innovation designed to quickly achieve a smooth, consistent surface finish on fillet welds. The unique radial construction shape (PFR) offers a superior solution for this common task.
- Tough and aggressive – removes scale and bead from all metals: steel, stainless steel (INOX), aluminum and alloys.
- Works faster than grinding wheels without the risk of undercutting the workpiece.
- Precise grinding out of fillet welds provides a superior surface finish.
- Smooth finish allows easy visual inspection for defects, such as porosity and inclusions.
- Ideal for repair applications to remove defects without damage to adjacent areas. Leaves ample room for new weld bead.
- Excellent tool life, including the radius edge of the disc.
- Multi-purpose – may be used as a conventional flap disc, and also for underhand applications using the top of the disc.

POLIFAN® SGP ZIRKON-CURVE offers fast material removal of Steel with a good surface finish and extended service life.

- Abrasive: Zirconia Alumina Z
- Max RPM: 12,200
- Diameter: 5"
- Grit size: 40
- Workpiece Materials:
- Ideal for: Steel
- Suitable for: Stainless Steel (INOX)
- Application: Fillet weld grinding, chamfering, deburring
- Recommendation for Use: The best results are achieved on high-performance angle grinders.
- Available in two thicknesses:
- Medium for fillet weld widths > 3/16" (5 mm)
- Large for fillet weld widths > 5/16" (8 mm)

Polifan®

- POLIFAN®-CURVE is a PFERD innovation designed to quickly achieve a smooth, consistent surface finish on fillet welds. The unique radial construction shape (PFR) offers a superior solution for this common task.
- Tough and aggressive – removes scale and bead from all metals: steel, stainless steel (INOX), aluminum and alloys.
- Works faster than grinding wheels without the risk of undercutting the workpiece.
- Precise grinding out of fillet welds provides a superior surface finish.
- Smooth finish allows easy visual inspection for defects, such as porosity and inclusions.
- Ideal for repair applications to remove defects without damage to adjacent areas. Leaves ample room for new weld bead.
- Excellent tool life, including the radius edge of the disc.
- Multi-purpose – may be used as a conventional flap disc, and also for underhand applications using the top of the disc.

The POLIFAN® SG CO-CURVE is designed for demanding grinding, especially for achieving fine surface finishes. The top-sized ceramic grain guarantees cool grinding on poor heat-conducting materials, without thermal damage to workpiece.

- Abrasive: Ceramic Oxide CO
- Grit size: 60
- Large Radius
- Workpiece Materials:
 - Ideal for: Stainless steel (INOX), High Nickel Alloys
 - Suitable for: Steel, Aluminum (medium and hard grades)
- Application: Fillet weld grinding, chamfering, deburring
- Recommendation for Use: The best results are achieved on high-performance angle grinders.
- Available in two thicknesses:
 - Medium for fillet weld widths > 3/16" (5 mm)
 - Thickness: 5/8"
 - Large for fillet weld widths > 5/16" (8 mm)

Grinding Wheels
Aluminum Oxide
Type 27**

- Virgin aluminum oxide grain assures consistent high stock removal for tough applications
- All sizes are made with uniform grain throughout, no filler grain used in the packing
- All wheels internally reinforced with the highest quality fiberglass for maximum safety
- Super-Lock™ Hub on all 5/8-11 threaded wheels is the safest, vibration-free design

A24N - Fast Grinding

- Aluminum oxide grain
- Soft bond for fast stock removal

A24R - Long Life

- Aluminum oxide grain
- Our most popular wheel
- For general purpose grinding

Longer life for fewer wheel changes
A24T - Edge Grinding

- Aluminum oxide grain
- Hard bond designed for edge and bevel grinding and other applications where a harder wheel is preferred
- Longer life for fewer wheel changes

United Abrasives, Inc.
Angle Grinder Wheel
Type 27
Saitech™

- Manufactured with patented 3M Cubitron grain to outlast standard aluminum oxide wheels
 - Thin cutting wheel in a Type 27 shape makes this perfect for your right angle grinder
 - Unique bonding system lets you make faster burr-free cuts
 - Designed to provide very long life for fewer wheel changes and less downtime
 - All sizes reinforced with the highest quality fiberglass for maximum safety and performance
- Saitech .045
- So unique it has a patent pending
 - Thin .045 width
 - Fast cutting with long life
 - Note: Reusable 5/8-11 adaptor for use on Type 1 and Type 27 reinforced wheels with a 7/8 arbor, a max. diameter of 5" and a wheel thickness of .045 to 1/8" available
 - Call for minimum order quantity

United Abrasives, Inc.
Thin High Speed Cut-Off Wheels
 General Purpose

Type 1

- Type 1 shape for square, burr-free cutting
- Externally reinforced with fiberglass layers to provide ultimate safety in a thin wheel
- Wide range of grit sizes available for aggressive action to burr-free cutting

A24R - General Purpose

- Aluminum oxide grain
 - General purpose, long life
- A36T - Fast Cutting**
- Aluminum oxide grain
 - Hard bond for aggressive cutting on rough applications

A60S - Long Life

- Thin .045 width
- Use with reusable 5/8-11 adaptor to fit right angle grinders
- Extremely fast cutting with long life

A60T - Burr Free

- Hard bond for smooth cutting
- For use in nuclear, aerospace, automotive, foundry industries, and plant maintenance

Kraft Tool Co.®
Wire Duster Brush
5-1/2" Handle 2-5/8" Trim

- Round tempered wire
- Great for dusting and removing metal chips
- Brush Length: 9-1/2"
- Brush Width: 5-1/2"
- Weight: 1 lbs
- Overall Length: 9.5"

Part #	EA
BL468	\$5.85

Champion® Cutting Tool
General Purpose Jobber Drill Bits
 Fractional Sizes
Brute Platinum - XL5

- Straight Shank
- Heavy Duty
- Black & Bright Finish
- 135° Split Point
- NOMO® Surface Treatment
- HSS
- Unique web geometry, especially useful in portable drilling of stainless steel, titanium alloys, and other hard to drill materials.
- Application: Steel erection, mining, heavy construction. Used in a wide range of manufacturing plants, vehicle railway and dockyard maintenance.

Champion® Cutting Tool
Screw Machine Drills
 No. 1705

- NAS 907-C
- Heavy Duty
- 135° Split Point
- HSS
- Black Oxide Treated
- Description: Referred to as "stub drills". The short flute and overall length increase their rigidity, resulting in better hole accuracy and extended tool life.
- Applications: Recommended for the drilling of sheet metal, stainless steel, truck and mobile home bodies.

Champion® Cutting Tool
Heavy-Duty Cobalt Drill Bits
Fractional Sizes

- Straight Shank, 135° Split Point, Gold Oxide Finish, M42 Cobalt HSS
- Cobalt jobber drills have a heavy-duty construction and are designed to drill tough, high-tensile material such as high-strength alloy steels, stainless steel, titanium, manganese steel, armor plate and inconel
- Manufactured from heat-resistant M42 cobalt high speed steel, these drills maintain their cutting ability at temperatures in excess of 1000° F and are extremely abrasion resistant

Champion® Cutting Tool
1/2" Shank Silver & Deming Drill Bits
Brute Platinum

- 1/2" Shank
- 3 flattened shanks
- High Speed Steel
- Flute Length: 3-1/8"
- Heavy duty 118° split point for self centering and easy penetration.
- Suitable for portable drilling and drill presses where maximum chuck capacity is 1/2".
- Applications: Used extensively in maintenance departments, machine shops, body shops and garages.
- Note: Silver & Deming drills should not be used to enlarge holes. See SA80 reamer listing for enlarging holes.

Milwaukee® Electric Tool Impact Hex Drill Bit SHOCKWAVE™

- Extreme durability: Thicker web provides greater strength and longer life
- Fast, accurate drilling: 135° split point tip starts on contact to prevent walking, while the parabolic flute clears chips fast
- Corrosion resistant: Black oxide coating provides lubricity and resists corrosion of the bit
- Reduced down time: 1/4" Hex power groove shank offers quick bit changes

Champion® Cutting Tool Brute Platinum Mechanics Length Twist Drill Set

- Precision ground, self centering 135 Deg. Split Point
- HSS, point geometry and Nomo treatment
- Able to flex when cobalt drills chip or snap
- Drilling Steel, especially stainless steel, titanium alloys and other hard to drill materials
- Steel erection, mining & heavy construction, truck & trailer manufacturing, textile & paper plants, food processing, aircraft maintenance & manufacturing, railway & dockyard maintenance

Part #	EA
XL28-SET-6	\$30.82

Irwin® Tools Fractional Hole Enlarging High Speed Steel Unibit®

- Ideal for drilling holes into thin materials such as stainless steel, copper, brass, aluminum, plastic and laminates
- Single-flute cutting edge for greater control through steps
- 3 flatted shank prevents slipping in drill chuck
- Available with titanium nitride coating for longer life
- Patented single-flute cutting edge gives the user a true round hole every time
- Maximum material thickness: 1/8"
- Hole sizes: 9/16" - 1"
- Number of holes: 8

Part #	EA
10220	\$63.06

Irwin® Tools Fractional Self-Starting Hole Enlarging High Speed Steel Unibit®

- Ideal for drilling holes into thin materials such as stainless steel, copper, brass, aluminum, plastic and laminates
- Single-flute cutting edge for greater control through steps
- 3 flatted shank prevents slipping in drill chuck
- Also available with titanium nitride coating for longer life
- New SpeedPoint tip penetrates faster than previous Unibits and prevents walking

Irwin® Tools Step Drill Set High Speed Steel Unibit®

- Non-skid self-starting tip eliminates skidding and the need for center punching.
- Single-flute cutting edge for greater control through steps
- 3 flatted shank prevents slipping in drill chuck
- Available in fractional and metric sizes
- Also available with titanium nitride coating for longer life
- 3-piece set includes HSS #1, 2, and 3

Part #	EA
10502ZR	\$112.89

Klein Tools®
Step-Drill Bit - Inch
High-Speed Steel
Unibit®

- Single-fluted design eliminates skidding and makes for easier resharpening.
- Laser-etched hole sizes are easy-to-read and permanent.
- Anti-skid tip eliminates the need for center punching or pilot hole drilling for most sizes.
- Drill multiple-size holes in thin sections of metal, plastic, and wood using a single bit.
- Works in most metals (steel, brass, aluminum, copper), as well as in plastic and wood.
- Note: Read and follow safety instructions in power tool owner's manual.
- Depth Penetration each step: 1/8"

Part #	Electric Drill Size	Number of Hole Sizes per Bit	Size Range (Hole Diameter)	Pilot Hole Required?	EA
59001	1/4" & larger	13 in 1/32" increments	1/8" to 1/2"	No	\$24.12
59002	1/2" & larger	8 in 1/32" increments	9/16" to 1"	Yes - 1/2" or larger	47.65

Milwaukee® Electric Tool
Step Drill Bit

- JAM-FREE Performance: Dual-flute design provides greater speed and control
- Up to 2X faster: Optimized for cordless drills in high speed
- Rapid Strike™ Tip: Creates fast, accurate starts and generates less heat
- Up to 4X longer bit life: Optimized geometry with Black Oxide coating to cut faster and produce less heat
- Up to 50% more holes per battery charge: Greater user productivity
- Laser-engraved reference marks: Easily stop on any hole size
- 3-Flat Secure-Grip™ shanks: Reduces bit slippage in the chuck
- Made in the USA

Specifications:

- Type: Step Drill Bits
- Coating: Black Oxide
- Style: Dual-Flute Step Bits
- Cutter Geometry: Dual-Flute
- Number of Steps: 13
- Increments: 1/32"
- Application: Metal|Plastic

Greenlee® Textron, Inc
Kwik Stepper® Step Bits
1-1/8" Electrician's

- Unique split tip design penetrates through steel faster
- Resists walking or skidding, even on round surfaces
- Balanced double flute construction requires less pressure, does the work for you
- Designed and manufactured in U.S.A.

Specifications:

- Hole Sizes: From 1/8" through 1-3/8"
- Capacity: Cut up through 3/8" mild steel, copper, brass, aluminum, wood, plastic and laminates
- Overall Length: 2-1/4"
- Minimum Chuck Size: 3/8"
- Maximum Material Thickness: 10 Gauge

Part #	EA

Champion® Cutting Tool High Speed Steel Slimline Drill Bit Set 8-Piece - S&D Brute Platinum

- Brute Platinum Jobber drill bit sets are developed to outperform standard cutting tools.
- Manufactured from a premium grade of molybdenum high speed steel, which is further enhanced by a wear resistant NOMO (Nitrite on Margin Only) treatment, Brute Platinum drills hold a sharp cutting edge.
- Drilling Steel, especially stainless steel, titanium alloys and other hard to drill materials
- Steel erection, mining & heavy construction, truck & trailer manufacturing, textile & paper plants, food processing, aircraft maintenance & manufacturing, railway & dockyard maintenance.
- Precision ground, self centering 135 Deg. Split Point
- HSS, point geometry and Nomo treatment
- Able to flex when cobalt drills chip or snap
- The 8-Piece Slimline set **includes:** 9/16-1 x 16ths bits in plastic case

Part #	Ea
XL12-8P	\$448.46

Champion® Cutting Tool 29-Piece Drill Set Metal Case

- 1/16 - 1/2 x 64ths
- 705C Cobalt HSS Drills

Part #	Ea
129CO	\$270.62

Champion® Cutting Tool High Speed Steel GP Drill Bit Set 29-Piece - Jobber Length Contractor Series

- Contractor Series General Purpose Jobber Drill Sets in a Metal Index are HSS Black Oxide Treated, Straight Shank 118 Deg. Point. 1/16"-1/2" x 64ths.
- They are Champion's most competitive line of drill, ideal for electrical and plumbing contractors, government agencies and contracting authorities.
- Cuts low & medium carbon steels, cast iron and wood.
- Fits portable drilling machines
- Application includes general contractor use, home owner.

**Champion® Cutting Tool
Taper Pipe Taps
No. 304**

- Nominal size is that of the pipe fitting to be tapped.
- Application: Used for rethreading pipe fittings. In producing pipe fittings, extremely tight fits are required - the threaded portion is tapered to achieve this.
- Diameter of tap increases from the entering end of the thread portion at the rate of 3/4" per foot; the angle formed by the sides of the thread is 60°.
- Number of Flutes: 4

Part #	Length of Thread (in.)	Overall Length (in.)	Size (in.)	EA
304-1/4	1 1/4	2 1/4	1/4	\$12.10
304-1/8	3/4	2 1/2	1/8	10.20

**Champion® Cutting Tool
Taper Pipe Taps
No. 324**

- NPT
- Regular Hook
- 3/4" Taperfit.
- Ground Thread
- HSS
- Description: Designed to produce threads where mated parts are not required to withstand high fluid or gas pressures & where the use of a sealing compound or tape is acceptable to produce a leak-proof thread.
- Application: For tapping of pipe and pipe fittings.

Part #	# of Flutes	Length of Thread (in.)	Overall Length (in.)	Size (in.)	EA

**Champion® Cutting Tool
Carbon Steel Hand Taps
No. 302
Plug Style**

- For hand tapping in maintenance and repair work and for re-threading applications where extreme thread accuracy and tolerance is not critical.
- Taper taps - Distribute the cutting load across 7-10 threads. Used for starting a threaded hole.
- Plug taps - Most commonly used, distribute the load across 3-5 threads of chamfer.
- Bottoming taps - Have only 1 to 1-1/2 threads of chamfer and are used to tap to the bottom of a blind hole.
- Please specify T (taper), P (plug), B (bottom) or S (set) when ordering. If not specified then plug style will be supplied.

Champion® Cutting Tool
BlackGold Combination Drill & Tap Set

- (5) DT22HEX
- (1) Plastic Case

FEATURES:

- High speed steel
- 135° split point
- 2 flute
- Black & gold finish
- Hex shank

SPECIFICATIONS:

- Sizes: 1/4-20, 5/16-18, 3/8-16, 7/16-14, 1/2-13
- Recommended for the following materials: aluminum, steel, stainless steel, bronze, brass, cast iron, and zinc.

Part #	Ea
DT22HEX-SET-NC5	\$128.74

12

Greenlee® Textron, Inc Combination Drill / Tap Bits

- Complete hole drilling and tapping in one operation with power drill; saves labor and time.
- Back tapered beyond tap to prevent thread damage from over-drilling.
- Deburr/countersink also provided on bit beyond back taper.
- Made from high-speed steel vs. carbon steel for longer life.
- High quality hex shank to ensure strong connection to drill chuck.
- Designed to tap up to 10-gauge metal.
- Includes: 6-32 to 1/4"-20 6 piece drill tap set.

Specifications:

- Material thickness - 10 gauge
- Material type - mild steel, copper, brass, aluminum
- Shank - 1/4" quick change hex
- Drill Material - hardened high speed steel
- Drill point - split point with web thinning

Part #	EA
DTAPKIT	\$54.38

Champion® Cutting Tool Tap Wrenches

- For use with taps or reamers with taps or reamers with squared shanks in hand operations.
- When starting a tap by hand, care should be taken to assure that the tap and the drilled hole are correctly aligned or failure of the tap or crossed threads will result.

Part #	Range	EA

Nicholson® Tools 12-Piece Round Handle Needle File 6-1/4" - Cut #0 Nicholson® XF®

- XF® files, Swiss pattern round handle needle file assortment, Cut No. 0
- Made to more exacting measurements than American pattern files
- Used primarily by jewelers, die makers, watchmakers and fine toolmakers
- Knurled handles

Part #	EA
37755	\$233.06

Nicholson® Tools Ergonomic File Handle

- Interchangeable cushion inserts designed to fit most popular files
- Rubber-coated ergonomic shape for better comfort and control
- Rear taper, wide middle and flared neck increases push force

Part #	EA
21474H	\$5.58

Nicholson® Tools File Handle with Inserts

- Interchangeable cushion inserts designed to fit most popular files for handyman
- Handle made of strong high-impact material, contoured to fit hand for straight, lathe and draw filing
- Non-slip textured finish for easier grip
- File Handle and inserts

Part #	EA
21474	\$4.98

Nicholson® Tools Metal Ferruled Wooden Handle

- Made from close grain hardwood with nickel-plated ferrules
- Handles have strong metal ferrules
- Used with 14" mill and 14" flat, 12" half round files

Part #	Length (in.)	Size	EA

General® Tools Thread Repair File

- With general's thread repair files and re-threaders, mechanics are spared the inconvenience of replacing a damaged fastener for minor thread wear or rust
- These indispensable files restore damaged external threads on studs, bolts, screws, plumbing pipe and pipe fittings
- Four different high carbon steel files are available. Each file provides 4 to 8 different thread pitches
- Restores rusted or corroded Fasteners
- Doubles as a screw pitch gage
- Length: 8-1/2" x 7/16"

Part #	Thread Pitches	EA
177-1	11, 12, 13, 14, 16, 18, 20, 24, T.P.I.	\$11.84
177-2	9, 10, 12, 16, 20, 27, 28, 32, T.P.I.	11.84

Nicholson® Tools File & Rasp Cleaner Nicholson®

- File card is for general cleaning of file teeth
- Length: 10"

Part #	EA
21458	\$15.53

Sprayon® Chemicals Cutting Oil LU 208

- Krylon Industrial
- Spray-On LU 208 Cutting Oil (Case of 12) S00208
- Sprayon LU208 Cutting Oil is an excellent lubricant specifically formulated for all ferrous and non-ferrous machining operations
- Extends tool life, reducing tool sharpening and downtime
- Utilizes a unique combination of friction reducing triglycerides which aides in a high degree of fluid film production
- Aerosol jet spray for pin point accuracy
- Works on ferrous and soft metals
- Clings to surfaces
- Reduces friction and wear

Part #	EA
S00208	\$6.87

Relton Tools Aluminum Cutting Fluids A-9®

- Eases all operations on aluminum: milling, broaching, drilling, threading, tapping, reaming, sawing, etc
- Contains anti-mist component for a healthier work environment
- Contains a scientific blend of chemicals that attach themselves to aluminum surfaces, forming an extreme-pressure boundary lubricant between tool and work surface

Part #	Description	Case Qty.	EA
PNT-A9	Pint Cans	12	\$6.98

Tap Magic® Aluminum Cutting Fluids

- Penetrates right to the cutting edge of the tool
- Greater precision and a smoother finish
- Will not stain the surface of the work
- Provides excellent performance for any and all cutting operations on all cuts of aluminum, magnesium and other soft metals

Part #	Size	EA
20004A	4 oz.	\$2.97
20016A	16 oz.	12.69

Tap Magic® Biodegradable Cutting Fluid Pro-Tap

- Penetrates right to the cutting edge of the tool
- Greater precision and a smoother finish
- For cutting projects that require a cutting fluid that is free of all regulated chemicals
- Completely biodegradable—totally free of all regulated chemicals

Part #	Size	EA
30016P	16 oz.	\$13.50

Tap Magic® Cutting Fluid with EP-Xtra® Ozone Friendly

- Penetrates right to the cutting edge of the tool
- Greater precision and a smoother finish
- An ozone-friendly formula that gives you outstanding performance for any cutting operation on any metal—even hard metal like stainless steel
- Excellent for cuts of extreme pressure or long duration

Part #	Size	EA
10004E	4 oz.	\$4.22
10128E	1 gal.	59.36

Relton Bits Pint Rapid Tap Cutting Fluid - Relton

- Effective On All Machining Operations Such As Drilling, Milling, Threading, Broaching, Boring, Turning, Tapping, Engraving, Reaming, Sawing And More
- Effective On Aluminum, Brass, Bronze, Cast Iron, Copper, Magnesium, Molybdenum, Stainless, Steelite, Titanium And Other Metals
- Heavy Duty Cutting Fluid Improves Surface Finish, Machining, Accuracy And Tool Life

Part #	Size	EA
NRT	16 oz	\$8.33

Champion® Cutting Tool BruteLube Cutting Fluid

- Champion's BruteLube Cutting Fluid is a multi-purpose cutting and tapping fluid specially formulated to extend tool life and reduce chip welding.
- BruteLube also provides a precision finish with closer tolerances on your finished work.
- Complies with OSHA regulations and contains no 1, 1, 1 Trichloroethane.
- Formulated to cling to your tools for a continuous shield against friction and heat, thus reducing tool costs and work piece scrap.
- It is especially effective on stainless steel, aluminum and many exotic alloys.

Part #	Size	EA
XLUB16	16 oz.	\$15.96

The M.K. Morse Company
Portable Band Saw Blades
Bi-Metal
Master Cobalt®

- These premium blades feature Matrix II cutting edges and the longest life compared to any competitive blades
 - Variable Pitch teeth reduce vibration
 - Size: 44-7/8" x 1/2" x .020"
 - Rake: Wavy
- PACKAGING: 3 blades per box, 20 boxes per carton. BULK: 100 blades of specification per carton.

Starrett® Blades Hand Hacksaw Blades Bi-Metal Blades with Ground Teeth

- Starrett Bi-Metal Unique™ technology joins two strips of high speed steel wires to a backing steel in a split phase, using the principle of solid state diffusion bonding
- Bi-Metal Unique technology is totally different from traditional weld or laser bonding processes that rely on metal diffusion as the union agent at the interface
- The proprietary (patent pending) solid-state diffusion process generates 170% more weld contact area compared to the existing bi-metal high speed steels, that results in significantly reduced fracture and breakage at the HSS/backing material interface
- The unique technology alters the blade area engaged in the cut for Multi-Edge Performance™
- The exceptionally strong teeth develop a groove after initial use—this produces dual chips that are more easily removed from the cut. For applications utilizing coolant, more of it flows to the cutting surface. This is the Split-Chip Advantage™.
- The result is faster cuts and longer blade life - clearly demonstrated by exhaustive series of recent tests comparing Unique hacksaw blades against premium competing blades.
- Packed 100 blades per box or in 10-blade units
- L X W X T: 10" x 1/2" x .025"

Note: There is a wide overlap in the cross section column. In general, use coarser

Milwaukee® Electric Tool
**12 PC Plumber's Large
 Diameter Hole Dozer™**
 Hole Saw Kit

- Plumbers Hole Saw Kit

Includes:

- Sizes: 1-1/2", 2-1/4", 2-9/16", 3", 3-1/2", 4", 4-1/4" & 4-1/2"
- Arbor (49-56-9100)
- (3) Pilot Bit (49-56-8010)
- Hex Key
- Large Carrying Case

Part #	Ea
49-22-4142	\$270.44

Lenox®

Plumber's SPEED SLOT®
 17 Piece Hole Saw Kit

- SPEED SLOT® features a staircase design for easy plug removal
- UP TO 2X LIFE IN METAL CUTTING
- Enhanced tooth geometry
- thin kerf design
- Advanced coating contribute to the efficiency of the cutting process
- 17 PIECE HOLE SAW KIT: 3/4", 7/8", 1-1/8", 1-1/2", 1-3/4", 2-1/4", 2-9/16", 3", 3-1/2", 4", 4-1/4", 4-1/2"

ARBORS Includes:

- SNAP-BACK 2L (1/2" Shank)
- SNAP-BACK 5L (3/8" Shank)
- Three pilot drills

Part #	Ea
308011200P	\$366.08

Lenox®
Electrician's SPEED SLOT®
 17 Piece Hole Saw Kit

- SPEED SLOT® features a staircase design for easy plug removal
- UP TO 2X LIFE IN METAL CUTTING
- Enhanced tooth geometry
- thin kerf design
- Advanced coating contribute to the efficiency of the cutting process
- 17 PIECE HOLE SAW KIT: 3/4", 7/8", 1-1/8", 1-3/8", 1-3/4", 2", 2-1/2", 2-11/16", 3", 3-5/8", 4-1/8", 4-3/4"

ARBORS Includes:

- SNAP-BACK 2L (1/2" Shank)
- SNAP-BACK 5L (3/8" Shank)
- Three pilot drill

Part #	Ea
308021200L	\$339.25

Milwaukee® Electric Tool
**Electrician's Ice Hardened
 Hole Saw Kit**
 19-Piece

- Ice Hardened™ cryogenically treated for up to 50% longer life
- Optimized tooth form for up to 2X faster cutting
- Wide, angled & offset slots for easy plug access
- Bi-metal construction with 8% cobalt for increased wear resistance
- Room for Additional Hole Saw and Arbor Storage

Continued on Next Column

- Storage space for one (1) 12" extension or two (2) 6" extensions

Includes:

- Fourteen (14) Hole Saws: 3/4", 7/8", 1-1/8", 1-3/8", 1-1/2", 1-3/4", 2", 2-1/4", 2-1/2", 2-5/8", 3", 3-5/8", 4-1/8", 4-3/4"
- Two (2) Arbors with Pilot Bits: 49-56-7010, 49-56-9100
- Three (3) Additional Pilot Bits: 49-56-8010
- One (1) Adapter: 49-56-6560
- One (1) Spacer: 49-67-0120

Part #	Ea
49-22-4105	\$325.00

Greenlee® Textron, Inc
Hole-Carbide Cutter

- Multiple tungsten carbide tips for long life and smooth cutting
- Cut fast, accurate, high quality holes in stainless steel, copper, aluminum, steel
- Flange stop prevents over-drilling
- Replaceable cobalt steel pilot drill, with split-point tip design, to improve performance and resist walking
- eliminates need for centerpunch

Part #	Ea
625-7/8	\$33.03

Milwaukee® Electric Tool
Retractable Starter Bit
 With Large Arbor

- Increase productivity: no pilot hole required
- Improve accuracy: Hard carbide retractable bit securely marks hole center

Part #	Fits Hole Saw Diameters (in.)	Ea
49-56-7135	1 1/4"	\$27.00
49-56-8025	3/8" to 1 1/4"	18.50

Greenlee® Textron, Inc
Carbide-Tipped Hole Cutters
 Industrial

- Multiple tungsten carbide tips for long life and smooth cutting
- Cut fast, accurate, high quality holes in stainless steel, copper, aluminum, steel
- Flange stop prevents over drilling
- Replaceable cobalt steel pilot drill, with split point tip design, to improve performance and resist walking; eliminates need for "center punch"
- Maximum Cutting Depth: 8 gage

Part #	Size (in.)	Conduit Size (in.)	Min. Chuck Size (in.)	EA
625-1	1		¾	\$35.67
625-1-1/8	1½	¾	¾	38.32

625-2	2	1½	¾	75.32
625-2-1/2	2½	2	1½	101.77
635	¾, 1¼, 1¾ cutter-heads, pilot drill, hex key & case			104.74

Greenlee® Textron, Inc
Quick Change Hole Saw Kit

- New arbor allows for rapid mounting or removal of hole saws
- Faster, easier slug removal
- Drill pilot hole without saw:
 - Eliminates the "bit" when saw crashes into the steel
 - Provides better ergonomics - reduced stress on wrist, arm and hand
 - Eliminates obstructed view from hole saw
- Only one arbor required from 7/8" to 6"
- Works with recessed light and carbide grit hole saw products as well
- Adapters reusable to minimize costs
- Universal - works with any brand hole saw
- Kit contains: Bi-metal hole saws for 1/2" through 2" conduit sizes

Part #	EA
830Q	\$173.69

When Only the Best Will Do!

Greenlee® Textron, Inc
Bi-Metal Hole Saw Kit
 Electrician's/Plumber's

- Several electrician's kits available providing an assortment of the most commonly used Greenlee variable pitch hole saw sizes and arbors
- High-impact, rugged plastic carrying case
- 3/4" through 2-1/2" conduit sizes

Part #	EA
891	\$137.98

Greenlee® Textron, Inc
Bi-Metal Hole Saw Kit
 Electrician's

- An assortment of the most commonly used Greenlee variable pitch hole saw sizes and arbors
- High-impact, rugged plastic carrying case
- Kit contains: 1/2" through 2" conduit sizes and case

Part #	EA
830	\$159.26

Greenlee® Textron, Inc
Pilot Drills

- Lasts 10 times longer than standard hole saws.
- Precision-ground teeth cut smooth, burr-free holes with ease.
- Durability and speed provide low cost per hole. Split-point pilot drill prevents "walking" - makes accurate hole placement easy.
- Spring-loaded slug ejector saves time.
- No tool required to change cutter sizes.
- Less chance of broken teeth because the saw body is machined out of solid, high-speed steel.

Part #	Description	EA
925-001	Small	\$9.00
925-002	Large	10.68

Greenlee® Textron, Inc
**Stainless Steel
Hole Cutter Kit
Kwik Change™**

- Cuts stainless steel quickly and easily
- Kwik Change™ arbor allows you to change cutter heads with a simple push and a turn
- Use the same arbor for different size cutting heads
- Removable cutter heads available in sizes from 5/8" through 3"
- Flange stop prevents over-drilling
- Ejector Spring on all sizes above 3/4" makes removal of slug easier
- Replaceable, cobalt-steel pilot drill with split-point tip to prevent walking
- Precision carbide teeth for optimum performance and durability
- Kit contains: 7/8", 1-1/8", 1-3/8", 1-3/4", 2" cutterheads, arbor, hex key and case

Part #	EA
660	\$235.85

Greenlee® Textron, Inc
Arbors

- Made of high-speed steel.
- Lasts 10 times longer than standard hole saws.
- Precision-ground teeth cut smooth, burr-free holes with ease.
- Durability and speed provide low cost per hole.
- Split-point pilot drill prevents "walking" - makes accurate hole placement easy.
- Spring-loaded slug ejector saves time.
- No tool required to change cutter sizes.
- Less chance of broken teeth because the saw body is machined out of solid, high-speed steel.

Part #	Description	EA
925-011	Small arbor with pilot drill for 7/8" to 1 1/8" size cutter	\$23.03
925-022	Large arbor with pilot drill for 1 7/8" to 2 1/2" size cutter	73.66

Greenlee® Textron, Inc
**Quick Change Hole Cutters
Stainless Steel**

- Cuts stainless steel quickly and easily.
- Quick change arbor allows you to change cutter heads with a simple push and a turn. Use the same arbor for different size cutting heads.
- Carbide cutter heads available in sizes from 5/8" through 3".
- Flange stop prevents over-drilling.
- Ejector Spring on all sizes above 3/4" makes removal of slug easier.
- Replaceable, cobalt-steel pilot drill with split-point tip to prevent walking.
- Precision carbide teeth for optimum performance and durability.
- Minimum chuck size of 3/8"

Champion® Cutting Tool
Rotomag Magnetic Wand

- 1/2" drill chuck for AC35-451220/AC35-461220

Part #	EA
RMX7	\$59.23

Champion® Cutting Tool Maintenance Reamers

No. SA80

1/2" Straight Shank

- 1/2" Straight Shank
- Left hand helix
- Right hand cut
- Collar Stop
- HSS
- Enlarge and align existing holes.
- Effortlessly fits into small holes.
- Applications: Used in steel erection, automotive, truck & trailer manufacturing and repair. Quickly aligns structural steel. Cuts stainless steel & tough alloys. Deburs welded & punched holes. Ideal for maintenance & repair.
- Sizes .652 and .776 are specifically for shoulder bolts used on truck frames.

Shank diameter same as reamer diameter.

DeWalt® Industrial Tools

Impact Ready Conduit Reamer

- Designed to make quick work of de-burring EMT conduit
- Works in sizes 1/2", 3/4", and 1" conduit
- Has a 1" bit tip holder on the front of the unit, for tightening fittings and driving screws
- IMPACT READY® hex shank for use in high-torque Impact Drivers
- DWA2601IR – Conduit reamer replacement blades

Part #	EA
DWA2600IR	\$28.80

Milwaukee® Electric Tool Reaming Pen

- Provides easy deburring of copper tubing and PVC
- Constructed with an all-metal design for durability through demanding jobsite use
- Blade is heat treated and black oxide coated for extended life and rust resistance
- Slide resistant clip allows easy storage in a pocket or tool bag for quick access
- Great for plumbing, mechanical and HVAC use

Part #	EA
48-22-4255	\$11.00

Frank's Supply is here to serve you at any time.

Starrett® Tools
Outside Micrometers
0-6" Range
Popular 436 Series

- The most popular precision micrometers used by skilled workmen worldwide
 - Accurate, rugged, and easy to use
 - The 0-6" sizes have rugged spindles and anvils sized at .270" diameter
- Readability:
- Starrett satin chrome finish - no glare - resists rust
 - Advanced sleeve design with staggered lines and distinct figures for precise and easy readability
 - Convenient decimal equivalents on some one-inch micrometers
- Ease-of-handling:
- Balanced frame and thimble design insure easy handling
 - Ring-type knurled lock nut for quick and sure locking
 - Smooth friction thimble for uniform pressure, the combination ratchet and speeder for uniform pressure and quicker adjustment, or a plain micro-meter that depends on your own "feel"
 - Gracefully designed tapered frame for use in narrow slots and tight places
- Accuracy and long-life:
- Rigid one-piece steel frame ribbed for extra strength on sizes through 6"
 - Extremely hard and stable one-piece spindle (the heart of our accuracy)
 - Micro-lapped measuring faces
 - Quick and easy adjustment
 - Starrett workmanship
 - 1" models sent in fitted case. Deluxe padded case available by ordering No. 910
 - 2" up to 6" models sent without case, packed one each to a box. See individual listings to order cases only
 - 436.1P-1; 436.1RL-1: These micrometers have decimal equivalents on the outside shell

Starrett® Tools Mechanical Digital Outside Micrometers

0-12", 0-300mm Range

216 Series

- Simple to use even by the inexperienced
- The anvil and spindle are sized at .250" Readability features:
- Clear, easily read numbers reduce errors
- No-glare black finish on the frame
- Starrett no-glare satin chrome finish on thimble and sleeve
- .001" is read directly from the counter
- .0001" is read from the vernier scale on the micrometer sleeve

Ease-of-handling features:

- Balanced frame design for comfortable and accurate measuring
- Ring-type knurled lock nut for quick and sure locking
- A choice of smooth friction thimble for uniform pressure on the 1-4" sizes or the combination ratchet and speeder for uniform pressure and quicker adjustment on all sizes
- Gracefully designed tapered frame for use in narrow slots and tight places

Accuracy and long-life features:

- Extremely hard and stable one-piece spindle (the heart of our accuracy)
- Micro-lapped measuring faces
- Starrett workmanship
- 1" models are sent in fitted case
- Packed one in a box. Deluxe padded case available by ordering No. 942
- All other models are sent without case, unless otherwise ordered

Electronic Digital Micrometers
without Output
1-2", 25-50mm Range
733 Series

- Easy keyboard control.
 - Balanced frame design.
 - Smooth friction thimble for uniform pressure.
 - Automatic off after 30 minutes non-use. Measurement hold button.
 - Micro-lapped carbide measuring faces.
 - Ability to retain and return to the true zero reading.
 - Zero tool at any position.
 - No-glare finish.
 - Hard, stable 1-piece spindle.
 - Instant inch/millimeter conversion.
 - Large, high-contrast LCD digital readout.
 - Ring-type knurled lock nut.
 - Standard inch graduations on shell and thimble.
 - RS232C output jack.
- Specifications:
- Range: 1 in [Min], 25 mm [Min], 2 in [Max], 50 mm [Max]
 - Resolution (Length): 0.000050 in, 0.001000 mm
 - Accuracy: ±0.0001 in (±0.02 mm)
 - Anvil Tip Type: Cylindrical
 - Spindle Dia.: 1/4"
 - Spindle Tip Type: Cylindrical
 - Tip Material: Carbide
 - Output: SPC
 - Display Type: Digital LCD
 - Thimble Mechanism: Friction
 - Thimble Finish: Satin Chrome
 - Finish: Black
 - Measuring System: Inch/Metric
 - Includes: Case
 - Type: External Micrometer
 - Quantity: 1 per case
 - Meets or exceeds accuracy and performance requirements of national and international standards and are traceable to the National Institute of Standards and Technology.

Tubular Inside Micrometers

1-1/2-40", 40-1000mm Range

823 Series

- These micrometers are highly useful tools for internal linear measurements such as measuring cylinders, rings, setting calipers, comparing gages, and measuring parallel surfaces
- The extension rods are made of steel tubing, light in weight, yet extremely rigid
- Rods are approximately 3/8" diameter to meet the requirements of mechanics who prefer this larger diameter
- By removing the hardened and ground anvil ends (end caps) of the micrometer head, the rods may be attached to either or both ends of the micrometer as preferred
- Each rod may be individually adjusted for wear by the hardened and ground anvil at the end
- Rods attachable to either one or both ends of the head ensures the best balance, feel, and ease of reading
- Tubular measuring rods are lightweight, yet extremely rigid. Rods are insulated, with the exception of 1/2" and 1" sizes
- Each rod is marked with length
- Hardened and ground anvils on rods are adjustable for length. Head anvil is hardened and ground
- Interchangeable anvils on both 1/2" and 1" heads
- Quick reading figures - every thousandth numbered on inch reading tools
- Lock nut furnished on 1" heads
- 5-1/2" long, convenient handle furnished on A, B, F micrometers may be clamped where it will provide correct balance and reach
- Each set furnished in attractive, protective case with assembly instruction for various measurements. Packed one in a box.

Solid-Rod Inside Micrometers

2-32" Range

124 Series

- These are the most popular inside micrometers because of their lightness, ease of use, and range
- They are very useful for measuring inside diameters of cylinders and rings, measuring parallel surfaces, etc.
- The desired range is obtained by assembling rods and spacing gages to the micrometer head
- Measuring rods are provided with a shoulder that is set accurately in the micrometer head and locked in position
- When assembling rods to the A and B heads, the reading line on the micrometer head should be lined up with the marking on each rod (except for the 2 - 3" and the 50 - 75 mm rods)
- Rods diameter are approximately 1/4" on the A and B sizes, and approximately 11/32" on the C size
- Each rod has individual length adjustment for the anvil by means of special wrenches furnished
- Measuring rods are solid and assembled on one side of the micrometer head
- Rods are insulated
- Each rod marked with length
- Hardened and ground anvils on rods, adjustable for length
- Head anvil is hardened and ground
- Quick-reading figures-every thousandth numbered on Inch reading tools
- A 6-1/2" long convenient handle available on Nos. 124A, B and D micrometers provides reach for use in deep holes
- Handle screws into the micrometer head in place of the dummy screw, which is opposite a rod lock screw
- .001 grad

Starrett® Tools
Dial Depth Gages
 Top Reading
642 Series

- Uses the back-plunger indicator to provide an upward-facing dial for easier readout
- Operator selects the extension and contact point required, zeros the tool on a master, and then reads any deviation of the work directly on the dial
- Indicator does not have to be repositioned to get the full range available.
- Choice of 2-1/2" or 4" base
- Two contacts and five extensions extend the range to 8.6"
- Charts are supplied showing combinations of contacts and extensions required to achieve certain lengths
- All gages furnished with extensions and contact points in case
- Graduation: .001"
- Dial Indicator Range: .200"
- Base Length: 2-1/2"

Part #	EA
642Z	\$411.00

General® Tools
Depth / Angle Gage

- Used to measure and mark the degrees of an angle on outside, inside and sloped angles
- Our easy to read gage makes precise depth measurements in small holes and slots; also doubles as a protractor
- Spring tension nut eases depth and angle measuring by securing rule in milled slot at 90° angle to base
- Permits easy setting of protractor angle to 30°, 45° and 60° settings on both sides
- 6" x 1/4" etched stainless steel rule graduated in 32nds and 64ths
- 2-1/2" wide hardened steel base
- Conforms to government specifications GGG-G-17b

Starrett® Tools
Dial Slide Calipers
0-12", 0-300mm Range
120 Series

- One of the handiest measuring tools available, used by mechanics and toolmakers everywhere—It is direct reading, reliable, and accurate
 - Sharp, clear dial graduations of .001" or 0.02 mm - .100" or 2 mm in one revolution
 - Sharp, black graduations on the satin finished bar, every .100" or 1 mm
 - Choice of black, red, or white inch dials; millimeter dials are yellow
- Ease-of-handling features
- Knife-edge contacts for both inside and outside measurements
 - One hand use with the thumb-operated, fine adjustments roll
 - Lock screw for dial bezel
 - 6" and 9" models have a covered rack depth rod. A detachable depth rod is available for the 12" model
 - Parallel lines may be scribed on a workpiece by setting the caliper jaw to the required dimensions, locking the movable jaw with the lock screw and then using the front edge of the fixed jaw as the scribing surface

Accuracy and long-life features

- Hardened stainless steel bar, measuring surfaces, rack, gears, and depth rod
- Positive, split-gear anti-backlash control
- Rack teeth point down to make it easy to shed foreign matter and thereby keep the area clean

Starrett® Tools Electronic Groove Calipers

- The Starrett 5006BZ-14/350 Electronic Groove Caliper is ideal for measuring internal and external grooves on large workpieces. It offers generous diameter and jaw depth capacities. The caliper features data transmission capability and 1.654-15" measuring range. Inch/millimeter metric conversion provides simple, universal, standardized unit of measurement at any position.

Features:

- Coolant resistant
- Hardened stainless steel construction
- Ideal for measuring internal and external grooves on large workpieces
- RS232 output
- One lithium battery for over one year of normal usage
- Hold feature
- mm/inch mode button
- Clamping screw

Specifications:

- Range (in) 0-14"
- Range (mm) 0-350mm
- Resolution (in) .0005"
- Resolution (mm) 0.01mm
- SPC Output Yes
- Construction Material Stainless Steel
- Display Type LCD
- Case Type Wood
- Accuracy (in) 0-12" (+/- .001") 12-14" (+/- .002")
- Accuracy (mm) 0 -100mm: (+/- .002mm) >100mm - 300mm: (+/- .003mm) >300-350mm (+/- .05mm)

Starrett® Tools Electronic Calipers Fitted Plastic Case

Range: Inch (mm) 0-6" (150mm)

Description: Caliper in Fitted Plastic Case

Approx. Jaw Depth: Outside 1 1/2" (38mm) Inside 5/8" (16mm)

- Large, easy-to-read LCD display
- IP65 level of protection against coolant, water, dirt and dust
- According to IEC529, IP65 stands for:
 - the first number "6" identifies protection against ingress of dust.

Continued on Next Column

- the second number "5" identifies protection against water jets projected by a nozzle from any direction for a duration of 3 minutes.

- Induction type linear encoder system
- Hardened stainless steel measuring surface for long life
- Depth rod with available attachment to seat the tool for more accurate measurements on all sizes
- Fine adjustment for precision measurements
- Lock to hold the slide in position
- Linear accuracy meets DIN862
- Resolution is .0005" (0.01mm)
- Long life CR2032 3V battery with >3500 continuous hours of battery life
- Inch/millimeter conversion
- Zero at any position
- Manual on/off plus an automatic off after four hours of nonuse
- Output data to Starrett SPC Plus hardware and software and to PCs
- Works well with Starrett DataSure™ Wireless Data Collection Systems

SAFETY TRAINING

Frank's Supply provides safety training in a number of areas. These on-site safety programs cover situations such as aerial platform certifications, hand tool safety, ladder and scaffolding safety, fall protection, power tool safety, etc. Frank's factory trained safety coordinator provides a professional presentation to its customers.

Aerial Platform Certification - This training is in general in nature since it covers safe operating instructions for all types of aerial platforms. The course consists of four key areas of learning - it covers responsibility, safety and operation, and finishes with practical hands-on operation. Trainees will receive aerial platform operation and safety certification cards at completion of course.

Forklift Operator Certification - Covers covers both warehouse and rough terrain forklift operation. The course consists of two key areas of learning - the importance of forklift safety procedures and to demonstrate safe forklift operation. Trainees will receive a three year forklift certification by successfully completing written and hands-on forklift safety tests.

Ladder Safety - General training in the proper use of ladders to reduce the possibilities of injury on the job. The course consists of two key areas of learning - it covers using the wrong ladder and how to choose the right ladder; missing or abusing climbing equipment and how to use and set-up a ladder correctly. Trainees will learn how to read and understand federal codes on the ladder.

Scaffold Safety - General training in the proper erection of scaffolding and a review of OSHA's Safety Standards for scaffolds. The course consists of two key areas of learning - review of scaffold safety standards and what they mean. Plus trainees receive practical hands-on erection of scaffold. Trainees will become a "competent scaffold erector" for the construction industries.

Other training programs offered include: Hand Tool Safety, Skid Steer Safety and Operation, Powder Actuated Tool Certification, Power Tool Safety and Fall Protection.

CALL FRANK'S SUPPLY FOR DETAILS ON ALL TRAINING PROGRAMS.

Starrett® Tools Dial Test Indicators Last Word® Compact 711 Series

- Their small size and variety of attachments will handle all jobs with ease and accuracy
- Ideal for precise measurements in all machining, layout, and inspection work
- Smooth, jeweled lever action
- Positive reversing switch
- Hard chrome-plated ratchet contact point
- Swiveling tubular body
- Easy reading dials, half-shaded yellow for clarity
- Variety of attachments available to suit the application, such as: universal or gooseneck shanks and universal friction holder with shank
- Indicators having "C" in the catalog number are furnished with 3 interchangeable steel contact points. All other indicators are furnished with one interchangeable steel contact point, No. PT07087. Carbide points available as listed.
- Attachments include 3 contact points - body clamp - universal friction holder with shank - universal shank complete with long and short arm - double-jointed attachment - height gage attachment - surface gage attachment - coupling with 3/16" hole
- All indicators furnished in deluxe fitted case
- Steel Contact Points Length: 5/32"
- Graduation: .001"

Indicator Holders

- Test indicators cannot be used without proper holders
- For use with all Starrett test, AGD, dial and miniature-dial indicators—Also accommodates similar indicators of other manufacturers
- Magnetic Base:
1-15/16 x 1-5/8 x 1-7/8"
Push-button on/off switch for one-hand operation. Base has three precision ground magnetic contact points. Grips horizontally, vertically, and upside down. V-step holds base to arbors, shafts, etc. Base has extra 1/4-20 tapped hole on one side for mounting post. Black wrinkle finish on non-working surfaces.
- Upright Base Post
3/8" diameter x 7-7/16" length overall. Starrett No.57S and No.58S Universal Snugs may also be used
- Snug:
Two 1/4" diameter holes. Adapts Nos.196,650 and 651 series dial test indicators (below) and No.657Y indicator attachment to No.657X rod
- Rod:
1/4" diameter x 6" long. Accommodates Starrett Nos.708, 709, 811 and 711F series dial test indicators and No.657S sleeve
- Indicator Attachment:
1/4" O.D. one end, other end threaded and fits lug backs of all AGD indicators (Starrett Nos.81, 25, 655, 656) and series No.80 miniature indicators

Small Hole Gages & Sets
 .125" - .500" Range
830 Series

- Small hole gages are well balanced tools that are ideal for accurately measuring small holes, slots, grooves, and recesses in all kinds of work
- Convenient, relatively inexpensive, and cover a wide range of sizes for a variety of applications
- Hardened-ball measuring surface with two-point contact
- Radius on each gage is less than the minimum diameter to be measured, which provides the two-point contact necessary for maximum accuracy
- Smooth, sensitive adjustment for better feel, giving more accurate measurements
- The adjustment of the gage beyond their range is restricted by a safety stop that prevents breakage
- Accurate measurements are obtained by slightly "rocking" these gages in the hole to be measured. This will guarantee contact at the true diameter. The final size is then obtained by measuring over the ball contacts with a micrometer
- Only 2" long, making them convenient to use in close quarters

Part #	Range (in.)	EA
830A	.125-.150	\$37.00
830B	.150-.200	38.00
830C	.200-.300	41.00
830D	.300-.400	42.00
830E	.400-.500	45.00
S830FZ	Set of 5 in Case	216.00

Starrett® Tools
Telescoping Hole Gages & Sets
 5/16" - 6" Range
579 Series

- Used for determining the true size of holes, slots, and recesses up to 6"
- Convenient, relatively inexpensive, and cover a wide range of sizes for a variety of applications
- The ends of both contacts are hardened and ground to a radius to allow proper clearance on the smallest hole the gage will enter
- Must be slightly "rocked" in the hole being measured to ensure that the tool is on the proper diameter before it is locked and withdrawn

Continued on Next Column

- Final hole size is obtained by measuring over the gage contacts with a micrometer
- Constant spring tension gives uniform contact pressure and both plungers are easily locked at any desired setting
- No. 579 Series has a slightly greater range, and the handles are rigidly attached to the contact plungers and are automatically self-centering—also have two telescoping contacts
- 8" handles are available on Nos. 579 A, B, and C
- 12" handles are available on all gages and longer handles can be furnished on request.
- Handles can also be ordered individually upon request

L.S. Starrett Company
Thickness Gages

- These gages are widely used in automotive, aviation, diesel & farm equipment manufacture & service, & also in jig, fixture, gage & experimental work
- Rounded ends - no ragged edges make stock easier to work with
- Made of the finest tempered steel
- Each piece marked with thickness and in individual envelope
- With convenient 3/16" (5mm) hole punched in the end for hanging
- Thickness: .004"

Part #	EA
667-4	\$2.50
667-6	2.50

Starrett® Tools
Screw Pitch Gage
 V, Unified, American National
 60° Threads

- Among the most useful tools in any mechanics' tool box
- They quickly determine the pitch of various threads
- These gages consist of a substantial steel case with a number of folding leaves at both ends, each leaf having teeth corresponding to a definite pitch, marked on each leaf
- V, Unified, American National 60° threads
- Feature a locking device at both ends of the case, so leaves can be securely locked in position for use
- Has a special narrow design, permitting checking internal threads in nuts, etc., as well as external threads
- No of Leaves: 51
- TPI Range: 4-84
- Threads per Inch (TPI):
 First Corner 17 Leaves: 4, 4 1/2, 5, 5 1/2, 6, 7, 8, 9, 10, 11, 11 1/2, 12, 13, 14, 15, 16, 18
 Second Corner 17 Leaves: 20, 22, 24, 26, 27, 28, 0, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50
 Third Corner 17 Leaves: 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84
- With Locking Device and 11-1/2 and 27 Pipe Thread Pitches

Part #	EA
472	\$76.26

L.S. Starrett Company
Screw Pitch Gages
 V, Unified, American National
 60° Threads, 28 Leaves, Pitch Range

- Starrett screw pitch gages are available in a wide range of sizes with different numbers of leaves in various pitch ranges with which to gage.

Continued on Next Column

- V, Unified, American National 60° threads
- Whitworth Standard 55° threads
- International Metric Standard 60° threads
- English and metric threads are similar in form, but English threads are described in threads per inch and metric threads by the distance from one crest to the next.

Proto® Industrial Tools
Feeler Gauge Set
 Step Cut
 22 Blade

- "Go and No-Go" blades 1/2" wide by 3-5/16" long in holder
- Each blade has two different thicknesses
- Sizes: .004/.006", .005/.007", .006/.008", .007/.009", .008/.010", .009/.011", .010/.012", .011/.013", .012/.014", .013/.015", .014/.016", .015/.017", .016/.018", .017/.019", .018/.020", .019/.021", .020/.022", .021/.023", .022/.024", .023/.025", .024/.026", .025/.027"
- Blades etched with both decimal size and metric equivalent

Part #	EA
000N	\$25.20

Proto® Industrial Tools
Feeler Gauge Set
 Master Short
 25 Blade

- Short Blade Sizes: .0015" thru .040" except .019"
- All blades are etched with both decimal and metric sizes

Part #	EA
000AA	\$14.09

Proto® Industrial Tools
Feeler Gauge Set
 Short Standard
 9 Blade

- Includes nine short blades in No. 000C holder
- Short Blade Sizes: .003", .004", .005", .006", .008", .010", .012", .015" and .018", in No. 000C holder
- All blades are etched with both decimal and metric sizes

Part #	EA
000A	\$6.23

General® Tools
15-Leaf Economy Gage
 with 3" Leaves

- Used for adjusting and gaging spark plugs, distributor points, valve clearances and measuring spacing between parts
- Fine quality tempered steel leaves made to exacting tolerances
- Etched with both decimals of an inch and corresponding millimeter sizes
- Nickel plated case has knurled locking nut for precise positioning
- Sizes: .002, .003, .004, .005, .006, .007, .008, .010, .011, .012, .013, .014, .015, .020, and .025"
- Metric range is from .051 to .635mm

Part #	EA
231	\$5.38

Starrett® Tools
Machinists Improved Levels
 with Ground and Graduated Vials
96 Series

- These levels have ground and graduated main vials
- All sizes have a cross test vial except the 4" model
- The 12" model also has a plumb vial and the 18" size has a double plumb vial
- These vials are adjustable to a positive setting and are housed in a satin chrome brass tube with a friction-fit closing cover to prevent breakage
- The base of the levels features a groove running the length of the base, which provides a reliable seat for round work such as pipes or shafting
- With the cross test vial, it is possible to simultaneously level in both directions
- This prevents inaccuracies in the main vial reading caused by canting the level sideways on round work
- The 6" through 18" main level vials have graduations that are approximately 80-90 seconds or .005 Inch per foot
- There are five, six, or seven lines on each side of the bubble, depending on the base length
- Without case

Part #	Description	Size (in.)	EA

98Z-18	With Double Plumb Vial and Cross Test Vial	18	435.00

Starrett® Tools
Master Precision Squares

- The finest precision-checking squares - not graduated
- Squariness accuracy to .0001" every 6"
- These hardened steel squares are used when extreme accuracy is required
- The beams and blades are hardened, ground, and lapped to insure parallelism and straightness
- The beam is grooved at the inner corner for clearance of burr or dirt
- Made of high quality tool steel, with the finest of craftsmanship throughout
- Length of blade from the inner edge of the beam to the end of the blade.
- 36" and larger size squares have special screws to secure the blade to the beam

Continued on Next Column

Note: Larger squares can be furnished; quoted on application. Sent without case unless otherwise ordered

General® Tools
Steel Protractor
Round Head

- Used to measure and mark the degrees of an angle on outside, inside and sloped angles
- Preferred by machinists, draftspeople, and mechanics for setting bevels, measuring and transferring angles
- Made of ground stainless steel for optimum accuracy
- Permanently etched graduations from 0 to 180° in opposite directions
- 3-3/8" x 2" head
- 6" adjustable protractor arm locks into desired position with knurled thumb nut
- Style: Round head

Part #	EA
18	\$15.26

Starrett® Tools
ProSite® Protractor

- The ProSite® Protractor takes error-prone calculations out of the process of miter cuts
- Simply set your saw to the angle that you read—Upside down or backwards, the reading is always correct
- This easy-to-use tool has two scales—The red scale and arrow show the angle for a miter joint, while the black arrows and scale provide the angle to fit a single workpiece to an angle
- Saves time and reduces waste
- Ideal for carpenters, plumbers, and all building trades that require the measuring and transferring of angles
- Size: 12 x 2-1/2 x 1/2"
- Made in the U.S.A.

Part #	EA
505-A12	\$81.00

Palmgren
Ground Drill Press Vise

- Precision ground for squareness and parallelism to ± 0.002 per inch
- Ground on five sides to assure accurate positioning for grinding and layout operations
- Both jaws are ground smooth

General® Tools
Reference Table

- Essential tap drill and decimal equivalents reference table for tool-makers, machinists and mechanics
- Front has machine screw size tap drill chart for recommended 75% depth thread
- Back has decimal equivalents table in 64ths from 1/64" to 63/64"
- For National Fine and National Coarse, American Standard Pipe and metric threads
- Convenient 6" rule is graduated in 64ths

Part #	EA
715	\$7.65

Starrett® Tools
Automatic Center Punch
with Adjustable Stroke
18 Series

- Universally used, but most often by machinists and carpenters
- Well-proportioned for ease of use
- Specially selected tool steel is hardened and tempered to the proper hardness
- Knurled finger grips for ease of handling
- A special tempering process makes the head less likely to fracture from a hard, off-center blow
- Rugged automatic punches have all-steel handles and parts. These punches have a mechanism which automatically strikes a blow when downward pressure is applied. No hammer is required, making one hand always free to steady the work
- The force of the blow regulated by the adjustable knurled cap. Should a heavy mark be required, the cap is screwed down. Progressively lighter marks are obtained by turning the cap upward. The tension of the spring which regulates the blow is constant so marks made by the point are uniform in depth and size for each setting. The point can be easily removed for regrinding and/or replacement

Continued on Next Column

- All sizes are identical in style, differing only in the striking power
- The heavy-duty No. 18C model is capable of striking a much heavier blow than the other sizes and has a one-piece point and shank which may also be easily resharpener or replaced
- This handy attachment is used with our No. 18B automatic center punch for accurately spacing center distances. It can be instantly screwed into the No. 18B punch shank in place of the regular point. It quickly spaces distances within its range. The locating point is frictionally held and easily replaced. Range is 1/8 - 1-3/4"

Notes: Special points for stamping numbers, letters, special symbols, etc. can be furnished

Part #	Length (in.)	Diameter (in.)	EA
18AA	4	7/16	\$35.00
18A	5	9/16	41.00
18C	5 3/4	1 1/16	47.66

General® Tools
Automatic Center Punch
Ball Bearing

- A precise means of punching center holes for drilling in layout work
- A single-handed operation with stored energy design eliminates the need for striking the punch with a hammer
- Spring tension cap can be adjusted for light to heavy strokes
- Punch depth can be set for repetitive work
- Replacement points, shafts and moving parts are hardened alloy steel
- Unique ball bearing action
- Lightweight aluminum body with long wearing alloy steel parts
- All-steel solid point is replaceable
- Body diameter: 5/8"
- Overall length: 5"

Part #	EA
77	\$18.36

General® Tools
Automatic Center Punch
Steel

- A precise means of punching center holes for drilling in layout work
- A single-handed operation with stored energy design eliminates the need for striking the punch with a hammer
- Spring tension cap can be adjusted for light to heavy strokes.
- Punch depth can be set for repetitive work
- For making lighter markings than our heavy-duty punch No. 78
- Black oxide finish inhibits rust
- All-steel body with threaded, replaceable hardened steel point (No. 79P) and shaft
- Overall length: 5"

Part #	Body Diameter (in)	EA
79	1/2	\$24.95

General® Tools Drive Pin Punch

- Machinists use our center punches for marking work in layout and drilling operations.
- Tool steel punches are uniformly heat treated and centerless ground to withstand the hardest use
- Knurled bodies
- Ends are ground square for accurate pin driving
- Conforms to government specifications GGG-P-831E
- Overall length: 4"

Part #	Punch Dia. (in.)	Length of Drive (in.)	EA
75A	1/8	3/4	\$4.23

Starrett® Tools Steel Rules with Inch Graduations

- The inch system allows for much coarser graduations (such as 8ths and 16ths) and for much finer graduations such as 64ths and 100ths, than the millimeter system.
- All rules furnished with Starrett satin chrome finish except where indicated
- All 6" rules in 1/2" and 3/4" widths (except hook rules) are furnished at no extra cost with an attractive, protective case with see-through front
- A leather-like case with pocket clip is available for 6" steel rules. Rounded metal-bound edges prevent pockets from becoming worn and torn by rule corners
- All rules under 1" width have a single row of inch figures

Cases for 6" Rules

1612	For 6	For 1/2	4.90
1634	For 6	For 3/4	6.40

General® Tools Steel Rules Ultraset®

- Manufactured by a special process to meet or exceed federal specification GGG-R-791f for accuracy
- They have ultra-fine black graduations against a hard satin chrome finish for easy reading and long life—No.616 is standard stainless steel
- All Ultraset rules are supplied with a plastic case
- Length: 6"

Part #	Size / Style	Grad Type	Graduation Side 1	Graduation Side 2	EA
Satin Chrome Stainless Steel					
CF640MM	150mm Flex	—	mm, .5mm	mm, .5mm	\$9.27

Stainless Steel					
616	6" Flex	5R	10, 100	32, 64	5.62

General® Tools 6" Precision Stainless Steel Rules with Pocket Clip

- Precision made stainless steel, with etched fine black graduations
- Graduations: Side 1 - 32nds and 64ths Side 2 - Decimal Equivalent
- Width: 15/32"
- Length: 6"

Part #	EA
300*1	\$2.59

Empire ANODIZED ALUMINUM ENGINEERED T-BEVEL

- T-Bevel has a heavy-duty Aluminum billet handle
- Wing Nut positively locks blade
- Adjustable 9" stainless steel blade

Part #	Ea
132	\$15.00

Empire BRASS POCKET CALIPER

- Brass body and slide, 4-7/8" long
- 4"/80mm capacity by 32nds and mm
- Reads inside and outside measurements

Part #	Ea
2783	\$10.00

Starrett® Tools Wiggle / Center Finder with Case & 4 Attachments

- Adapt to countless applications and are readily interchangeable
- The attachments are snapped in the chuck without removing the collet nut and are clamped by a ball swivel-joint, which permits adjustment to an angular position or true concentricity

Part #	EA
S828HZ	\$59.00

Starrett® Tools Edge Finder

- Work surfaces may be located easily, quickly and accurately with these edge finders
- Work with flat, straight edges, shoulders, grooves, round work, studs, dowels, or center points and scribed lines—all can be accurately located with this handy tool
- Body and contacts are made of tool steel, hardened, ground and lapped to close tolerances for diameter and concentricity

Part #	Description	Body Diameter	Contact Diameter	EA
827A	Single End	.375 in.	.200 in.	\$26.00
827B	Double End	.500 in.	.200 in. and Pointed Contact	29.50

Starrett® Tools Jeweler's Screwdrivers

- Watch and clockmakers, jewelers, opticians, toolmakers and others will find these screwdrivers especially adaptable for fine, delicate work
- The bodies are made from steel, nicely knurled, and either nickel or chrome plated
- The blades are made from the best quality steel, properly tempered and nickel-plated
- All blades are replaceable—a slight turn of the knurled chucks securely locks the blade so it will not turn or come out
- When not in use, the blades can be stored into the screwdriver body and safely carried in a pocket
- The swivel knobs are concave to fit the finger and are hexagonal in shape to prevent rolling
- Screwdrivers are available individually or in sets
- Overall length: 3-3/4"

Part #	Blade Width (in.)	EA
555D	.080	\$11.92

General® Tools Jeweler's Screwdrivers And Hobby Kit

- Nickel plated handle with screw chuck
- Three tempered straight blade sizes, one crosspoint blade and one scratch awl in a fitted vinyl case
- Straight blade sizes .100", .070", .040", #0 crosspoint and scratch awl

Part #	EA
SPC 606	\$6.26

Starrett® Tools Pin Vises

- Useful for securely holding small stock, taps, drills, reamers, scribers, wire, small files, and other tools
- The jaws on all are hardened and with a few turns of the binding nut, a firm grip may be obtained. Handles and binding nuts are nickel plated
- A hole extends through the full length of the handles so that wires of any length and any diameter up to the full size of the tool can be held
- The handles of these pin vises are reduced in size so that they can be rapidly rotated between thumb and finger when filing small work

Part #	Range (in.)	EA
162A	0-.040	\$17.50
162B	.030-.062	17.50
162C	.050-.125	19.00

S162	Set of 4 without case	70.00
S162Z	Set of 4 in Protective Case	76.00

Starrett® Tools Steel Parallel

- Hardened and ground to close limits
- Indispensable for inspection and layout work or for various setups on drill presses, milling and grinding machines, shapers, etc.
- Furnished in pairs, they are made from a special grade of tool steel, hardened and accurately ground on the four sides
- Length: 6"

Lift-All® Products
**Tie Down Straps
with Ratchet
Flat Hook**

- Type B Assemblies—two piece assemblies with one fixed length of webbing and one adjustable length of webbing
- Series 10,000
- 2" wide polyester webbing
- Ultimate strength - 10,000 lbs.
- Working load limit - 3,300 lbs.
- Flat hook
- Buckle: ratchet

Part #	Length (ft.)	EA
61002	30	\$29.80

**Rack Strap
Ratchet Tie-Down**

RS-1 fits the following racks:

- Adrian Steel Full-Size Perimeter Van Rack
- Cross Tread Truck Racks
- Truck Rack & Accessories Truck & Van Racks
- Weather Guard Truck Racks and Safari Van Racks and many more.

RS-3 fits the following racks:

- Adrian Steel Load Runner Truck Racks
- Blackmax Truck Racks
- Kargo Master Pro Series II Truck Racks and Van Racks and many more.

Part #	Description	EA
RS-1	Right Angle Mount	\$140.25
RS-3	2" O.D. Round Mount	140.25

If you don't find everything you need, please advise us and we will be happy to help you in your requirements!

**DLD Truck Straps Inc.
1" All-Purpose Tie
Down Straps**

We use 3800 pound nylon webbing for our 1" tie downs. Our primary color is black. Red and blue are also available. Basic hardware consists of cam or ratchet with S hooks or hook & ring. We stock several lengths for immediate order fulfillment.

Part #	Description	EA
464R	12' Ratchet - Vinyl coated S hooks each end	\$14.74
465R	16' Ratchet - Vinyl coated S hooks each end	16.56
466R	12' Ratchet - Hook & ring each end	14.74
469R	16' Ratchet	19.02
474R	15' Cam - Vinyl coated S hooks each end	15.47

**Master Lock®
Bungee Organizers
STEELCOR™**

- Offset hook bends away allowing more room to attach

Continued on Next Column

- High density polyethylene coating protects from marring and scratching during use
- Flat, steel I-beam hook is 3x stronger than traditional bungee hooks
- Premium quality rubber cord for superior elasticity and strength
- Color coded size emblems for quick and easy length identification
- 15 Pk. Bungee Organizer - (6-18", 4-24", 3-32", 2-40")
- 10 Pk. Bungee Organizer - (2 each of 18", 24", 32", 40", 10" mini)

Part #	Pack Qty.	EA
3041DAT	10	\$21.05

**Prime Source
Heavy-Duty Tarps**

- Made of fiber reinforced polyethylene
- Laminated cross woven construction makes the tarp practically tear-proof
- Outer edges reinforced with polypropylene rope and double stitched for extra strength
- Corners are double reinforced and have rust resistant grommets for superior strength
- Additional grommets every 3 feet
- Waterproof, tear-proof, washable and mildew resistant
- Lighter and stronger than canvas
- Earth tone, brown in color, 8 x 8 mesh, 30 micron thick
- Dimensions shown in chart are cut sizes; finished dimensions are roughly 2' smaller

CM® Industrial Products Clevis Alloy Grab Hooks Grade 70 Campbell® System 7

- Designed to be used with Grade 70 Alloy Chain
- Heat treated pins
- Forged in the US from high quality alloy steel
- Hooks are forged, heat treated and tempered
- Sizes 5/16 and 3/8 inch
- Finishes include self-colored or yellow chromate (ASME B633-85 Class Fe/Zn 5, Type II)
- Hooks embossed with chain grade, fractional size, and country of origin (USA)
- Hooks embossed with trace code providing traceability throughout manufacturing and testing process to heat of steel
- Design ultimate strength equals 4 times working load limit, matching NACM specifications
- Not recommended for overhead lifting

Campbell Chain
Screw Pin Anchor Shackles
 Forged Carbon Steel

- Shackle Bodies Are Drop-Forged Carbon Steel
- C-419-S Shackles Meet the Design Requirements of Federal Specification RR-C-271, Type IVA, Grade A, Class 2
- Working Load Limit, Size, Manufacturer Name, Date Code and USA Permanently Marked on Each Shackle
- Statistically Tested for Impact Resistance, Tensile Strength, Hardness, Ductility and Fatigue
- 419 Series Shackles Meet or Exceed All Manufacturing Requirements of the ASME B30.26 "Rigging Hardware". These include the Material Ductility Requirement (Section 26-1.1.2), the Design Factor Requirement (Section 26.1.2), the Identification Requirement (Section 26-1.5.1), and the Effective Temperature Range (Section 26-1.6.1), the Shackles Can Be Proof Tested in Accordance with Section 26-1.4
- Certification Available Upon Request
- 6 to 1 Design Factor
- Pins and Bolts Are Heat-Treated and Made of Alloy Steel
- DO NOT EXCEED THE WORKING LOAD LIMIT

CM® Industrial Products
Quick Link

- Applications: Used as a repair link, connecting link or attaching device.
- Zinc plated, not heat treated. Use only with chain of equal or lower working load limit.

Specifications:

- Trade Size: 5/16"
- Working Load Limit: 1,540 lbs
- Gap: 3/8"
- Inside Width: 3/8"
- Inside Length: 2-5/16"
- Weight: 17 lbs

Not to be used for load securement (tie-down).

Part #	EA
82208	\$5.72

Sumner® Lifts
Large Flange Pins

- Quick installing pins work as convenient reference points to level flange for tack and weld-out (No Tools Needed)
- Set in 1-1/2" to 2-5/8" (38-66 mm) holes
- Features Acme threads for maximum clamping power and hardened steel for long lasting use

Part #	EA
780650	\$480.43

Proto® Industrial Tools
Forged Eye Bolts

- Size, traceability markings, cavity number, forging code, and heat treat code are included on every forged eyebolt
- Forged from special bar quality, fine grain, domestic carbon steel
- Heat-treated for strength and desired properties
- All proto eye bolts are manufactured and tested in accordance with ASTM A 489 and ANSI B 18.15
- Maximum load ratings for eye bolts are drastically reduced when loading at an angle
- Angular loads should be avoided whenever possible
- For angular loads of 15° or more, consult ANSI B18.15
- Certified mercury free

Lift-All® Products Nylon Web Slings Two Ply

- Webmaster 1600 Nylon slings. The industrial standard for heavy-duty slings Promotes safety—
- Red core yarn warning system aids in the inspection process
- Tuff-tag provides serial numbered identification for traceability
- Proven sling web construction Saves money—
- Yellow treatment for abrasion resistance and extended sling life
- Tuff-tag provides required OSHA information for the life of the sling, not just the life of the tag
- Flat eye slings are very popular and can be used in all three types of hitches

Ingersoll-Rand Power Tools Ratchet Puller Manual P Series

Wire puller:

- 4:1 design factor. Meets ASME B30.21
- Handle and frame are heavy gauge steel with rivet construction and slip-resistant grip. All steel parts are plated for years of useful life
- Exclusive long life "buttress tooth" cast gear design has no laminated plates to separate or wear and provides maximum strength
- Sturdy steel drive and holding pawls have long life, stainless steel springs. All pivot points are hardened steel
- Safety latch hooks are drop forged steel, heat treated and plated for corrosion resistance. Top hook rotates 360° for easy operation
- Cast-aluminum drum has a "through-the-drum" anchor, larger diameter and a drum guard. This means the wire rope won't come loose, bends less so it lasts longer and spools evenly while rewinding
- Galvanized aircraft quality wire rope is pre-formed to prevent kinks
- One year warranty

Rope puller:

- Two models with either 25 or 75 foot rope length
- Standard with oversized 5/8" diameter high strength polyester rope
- Rope has less chance to mar surfaces or kink and is easier to manage than wire cable
- Rope is non-conductive and can be stored or used separately
- Rope pulser can handle long pulls or reaches limited only by the length of rope available
- Easy to pay out rope and will not bind the rope in the drum after pulling a load
- No. of lines: Single
- Rated capacity Lifting 4:1: 1000 lbs.
- Lifting distance: 15'
- Cable diameter: 3/16"
- No. of hooks: 3
- Minimum distance between hooks: 21"

Part #	EA
P15D3H	\$169.82

Ingersoll-Rand Power Tools Ratchet Puller 1700 - 4000 lbs Capacity C Series

- The C-Series includes rugged cast aluminum wire rope pullers designed to store more wire rope than all-steel ratchet pullers. Rugged double line, they handle those long reach pulling or lifting jobs up to 3,400 lbs. with no problem

Cable Puller

- 4:1 design factor lifting, lowering and pulling. Meets ASME B30.21
- Overload safety handle designed to noticeably bend.
- Lightweight aluminum frame.
- Alloy steel load hook with safety latches.
- One piece cast aluminum drum.
- Buttress tooth design improves load gear life.
- Solid steel drive and holding dog, not laminated plates.
- Galvanized aircraft quality wire rope.
- Ratchet and pawl system provides safe, one notch at a time lowering.
- Cable guide and shield protects wire rope and spools cable evenly on drum.
- Reversible handle changes position easily, so pull is always possible in the right direction against the load.

- Easy to repair, replacement parts available.
- Plated external parts for corrosion resistance.

Strap Puller:

- An extension of our premium C Series, the C Series strap pullers offer the following unique features:
- Three hooks allow 2 ton capacity; 6 foot pull with double line and 1 ton capacity with 12 foot pull using single line.
- Non-conductive, corrosion resistant, high strength synthetic strap will not kink or bind.
- Easy pay out of strap for fast set-up.

C400H	\$386.00

CM® Industrial Products Mini Ratchet Lever Hoist Compact

- Plated load chain is standard
- Weston type load brake
- Rubber grip for better comfort and security
- Lightweight design weighs only 5 lbs. for ease of operation and portability—use in confined conditions with one hand operation
- Forged upper and lower hooks with latches standard
- Impact resistant all-steel frame, gear case and cover
- Hardened link type steel load chain for strength and long wear
- Free chaining feature serves to quickly attach the load
- Conforms with ASME B30.21
- Capacity: 550 lbs.
- Standard lift: 5 ft.
- Chain dimensions: 16" D x .47" T

Part #	EA
0210	\$165.00

CM® Industrial Products Lever Operated Chain Hoist

- Impact resistant, stamped steel frame, gear case and cover for durability and light weight
- Hardened steel load sharing gears
- Double pawl arrangement for assured load control

Continued on Next Column

- Two chain guide rollers for positive chain engagement
- Weston type braking system for positive load control and positioning
- Simple one-handed, free chaining for fast load attachment
- Minimal maintenance with no special tools required
- 5-year warranty against defects in materials and workmanship

Jet® Equipment

**Lever Chain Hoist
JLP Series**

- High strength, cold-formed, stamped steel construction makes these light weight yet impact resistant for longer life
- High strength to weigh ratio
- Completely enclosed Weston type automatic brake system hold load in any position
- The JET JLP series lever hoist are a rugged, dependable, superior quality, all steel lever hoist designed for pulling, stretching, and hoisting in tight situations.
- These lever hoists have features and capacities that make them an invaluable tool for all industrial applications.
- The JLP series has been known in the industrial market for years, and now we've taken a good thing and made it better, with you our customer in mind.
- We've increased the strength of the handle for more resistance to lateral forces, we've made the top hook easier to change, and we've made general disassembly simpler.
- Combined with all the standard features these new changes increase the life of these hoists which results in more work getting done the first time.
- Easy to use with single hand operation and control
- Simple design make routine inspection and maintenance easy
- Freeheeling feature without load for quick load attachment
- Hardened grade 80 load chain
- Drop forged hooks with heavy duty safety latches swivel 360 degrees for easy rigging
- Optional ship yard hooks (3/4", 1.5T only) make these indispensable in shpbuiding and fabricating applications
- Models with slip clutch style overload protection available
- Each hoist is proof tested and supplied with test certificate
- Complies with OSHA, ANSI/ASME B30.21 and HST-3M standards
- Ribbed handle design for increased strength
- Hardened steel needle bearing supported load sheave.

Model JLP-075A:

- Height: 6.69"
- Width: 5.43"
- Length: 14.57"
- Net Weight: 16.52 lbs.
- Gross Weight: 17.55 lbs.
- Capacity: 0.75 metric ton
- Rated Capacity: 1653 lbs.
- Standard Lift: 10'
- Headroom: 12.79
- Number of Falls: 1
- Load Chain Diameter: 6 mm
- Lever Length: 11.02"
- Required pounds of pull to lift capacity: 31
- Lift per Full Turn of handle: 0.81"
- Ship Weight: 16.78 lbs.

Model JLP-150-10:

- Height: 7.48"
- Width: 5.83"
- Length 20.08"

- Net Weight: 27.67 lbs.
- Gross Weight: 29.5 lbs.
- Capacity: 1.5 metric ton
- Rated Capacity: 3307 lbs.
- Standard Lift: 10'
- Headroom: 14.96
- Number of Falls: 1
- Load Chain Diameter: 8 mm
- Lever Length: 16.14"
- Required pounds of pull to lift capacity: 49
- Lift per Full Turn of handle: 0.87"
- Ship Weight: 29.67 lbs.

Jet® Equipment

1/2-Ton Hand Chain Hoist With 20' Lift

- Safety
- Weston Style Dual Pawl Brake System- Double pawl design increases safety
- Alloy Steel Hooks- Industrial rated hooks rotate 360 degrees for easy rigging. Hooks slowly stretch to indicate an overload situation increasing jobsite safety
- Durability
- Needle Bearing Design- Promotes long hoist life with low wear reducing downtime
- Heat Treated Load Plates- Heat treated, case hardened and corrosive resistant coated internal parts extend the life of the hoist in the harshest of environments
- Grade 80 Load Chain- Grade 80 black oxide coated load chain for durability
- All Steel Construction- Impact resistant covers that provide durability and protection
- Compact Design- Smaller body and lightweight design for low headroom applications and use in confined areas
- Standards
- Industry- Complies with OSHA Regulations, ANSI / ASME B30.16 and HST-2 Standards
- Certification- Load tested to 125% of capacity with certificate
- Hand Chain Overhauled to liftload 1 foot: 32'
- Hand Chain pull Force (LBF) to Move Load: 58

CM® Industrial Products Hand Chain Hoists

- Simple, efficient, economical design
- Equipped with hardened load chain for flexibility and long wear
- Compact design, low headroom and lightweight steel construction for easy installation, even in confined spaces
- Weston-type load brake requires no lubrication
- Hand wheel cover with guide slots minimizes jamming and slipping
- Forged swivel hooks with latches reduce twisting of chain and unintentional unhooking of load when chain is slack
- Standard hand chain drop is 2 feet less than lift (example: 8 foot lift hoist has 6 foot hand chain drop)
- One-year warranty
- Metric rated
- Imported
- Lift: 20'

Part #	Load Rating (tons)	Chain Pull to Lift Rated Load (lbs.)	Hand Chain Overhauled to Liftload 1 foot (ft.)	EA

Jet® Equipment Hand Chain Hoists

- All steel construction with a durable powder coat finish
- Lightweight, compact design for low headroom application
- Triple-spur gears provide high efficiency with minimum effort
- Heat treated and hardened 100-grade load chain
- Smoother rolled edge on hand chain cover prevents side pull jamming
- Dropped forged alloy steel safety hooks feature wide throats for easy rigging
- Patented fused disc brakes offer longer life and ease of replacement
- Sealed ball bearing supported load sheave
- Drive pinion supported on both ends with sealed ball bearings
- Case safety latch
- Proof tested with test certificate
- Complies with OSHA, ANSI-ASME B30, 16 and HST-2 standards
- Custom lifts available in all capacities
- Includes: 1-Ton Capacity 10' L-100 Series Hand Chain Hoist - 101210

Specifications:

- Capacity: 2,000 lbs.
- Standard Lift: 10-ft
- Headroom: 11-5/8-in
- Load Chain (dia./mm): 6.3
- Number of Falls: 1
- Pounds Pull to Lift Capacity: 64 lbs.
- Required Hand Chain to Lift Load 1-foot: 43-ft
- Important: Before installation read owner's manual for additional warnings and precautions. Not for use in an explosive environment

CM® Industrial Products Standard Puller

- Used to pull, lift, drag or stretch
- Tough aluminum alloy construction and powder coat finish—weatherproof
- Simple construction with fewer parts for ease of maintenance
- Hoist alloy hardened steel link type load chain for strength and long life
- Weatherized Weston-type automatic braking system for positive load control
- Easy, one-hand operation and pull control—only 58 lbs. of pull required for 3/4 ton model
- Forged upper and lower hooks with latches standard
- Standard lift: 5'
- Lever length: 21-1/4"
- Reeving: 1
- Optional: load limiter, anchor sling and load sentry kits and shorter lever or latchlok hooks
- Metric rated

CM® Industrial Products Electric Chain Hoist Lodestar

- The balanced, integrated, proven design of the Lodestar has made it the most popular electric chain hoist in the industry
- Up to 3 ton capacities for heavy-duty industrial applications
- Gear train lifetime lubricated with non-oxidizing grease
- Precision machined and hardened lift wheel with hardened chain guides for precise chain liftwheel fit
- Gearing designed for exceptionally long life and quiet operation
- H4 duty standard
- Rugged control station (NEMA 4)
- Hoist duty motor, standard Protector overload device and standard screw type limit switches
- Made in U.S.A.

Portable Material Lifts
Manually Operated
Superlift™ Contractor

- The Superlift Contractor is an ideal tool for construction firms and every kind of contractor

Standard Features:

- Heavy duty design, yet lightweight and portable
- Quick setup requires no tools
- Loads easily into a pickup truck for transporting
- Rear transport wheel assembly
- 4" front casters and 5" rear casters with side brakes are standard
- Hold-down bar holds mast assembly in place during transport. SLC™
- 650 lb. load capacity

Part #	EA
SLC-18	\$1,643.50
SLC-24	3,065.00

THE CONTRACTOR'S SOURCE
for Tools and Equipment

Genie® Industries Portable Material Lifts Manually Operated Superlift™ Advantage

The Genie SuperLift™ Advantage is a package of options you select to design the Superlift you need and want.

1. Choose the base and the mast—either Standard Base with five different lifting heights—or Straddle Base with three different lifting heights.
2. Choose your winch—one speed or two speed
3. Choose the load handling attachments you need.

Standard Features:

- Patented telescoping mast system
- Heavy-duty design for compactness, safety, strength and rigidity
- Quick set-up requires no tools and is ready to work in seconds
- Compact design - legs fold up for easy storage
- Easy to load
- In the stored position, roller wheels on the base of the legs allow the unit to be easily pushed around
- Hold-down bar holds mast assembly in place during transport

Customize your lift with many option packages. Contact Frank's Supply for more information.

THE CONTRACTOR'S SOURCE
for Tools and Equipment

Pyramex® Safety Products V2G-XP Clear Dual Lens

- TPU frame features excellent resistance to cold and heat and provides a perfect facial seal.
- Special indirect ventilation system located at the top and bottom of frame allow air flow & heat release.
- Includes a wide adjustable elastic strap with quick release system for secure fit.
- Optional RX-insert frame secures in the inner side of frame
- Exceeds ANSI Z87.1 High Impact Requirements
- CE EN166 Certified
- CAN/CSA Z94.3-07
- Meets MCEP GL-PD 10-12 Ballistic Standards
- AS/NZS 1337

Specifications:

- General purposes for indoor applications that require impact protection.
- Anti-Fog Lenses
- Dual Pane lens combines optically correct polycarbonate outer lens combined with interior acetate lens to create a Thermo Lens System which traps and isolates high heat or extreme cold in between the lens system and away from the face.
- The Thermo Lens System provides excellent resistance to fogging caused by the temperature difference between indoor & outdoor or between on-site and ambient environment.
- Offers protection from excessive glare
- Provides 99% protection from harmful UV-A and UV-B rays.

Part #	Ea
GB6410SDT	\$17.75

Pyramex® Safety Products I-Force Anti-Fog Goggles

- Sporty, lightweight design eliminates the bulkiness and weight of a goggle.
- Quick Release interchangeable temples and an elastic strap.
- Indirect vented foam carriage provides maximum dust protection, as well as a sufficient air-flow outlet for heat.
- The thermal system provides anti-fog protection in the worst weather conditions or extreme-temperature working environments.
- Exceeds ANSI/ISEA Z87.1
- Meets MCEP GL-PD 10-12 Ballistic Standards.
- Meets CAN/CSA Z94.3-07 Standards
- CE EN166 Certified
- AS/NZS 1337

Specifications:

- Dual pane lens provides the ultimate anti-fog performance by isolating the temperature difference inside & outside of this eyewear.
- The outside and inside of the lens is coated with H2X™ Anti-fog Technology for even more resistance to fogging, due to extreme temperatures.

Continued on Next Column

- An outer polycarbonate lens protects against the environment, while an inner acetate lens is designed to prevent fogging.
- Provides 99% protection from harmful UV-A and UV-B rays.

MSA

Clear Visor PC For General Purpose For HG-10127061 V-Gard®

- Designed for use with V-Gard Frames and V-Gard Headgear
- For many visor versions the sides are contoured towards face for a closer fit and improved resistance to impact and splash hazards
- Can be worn with helmet-mounted ear muffs
- Superior UV protection
- 2 thickness versions depending on your needs and budget
- Available with Antifog/Antiscratch coatings
- Special versions, called nitrometers to adapt V-Gard Retractable or Standard Chin Protector
- Visors with green tint (p/n 10115842 & 10115843) help alleviate eye strain and fatigue by reducing excessive glare, especially in outdoor working conditions. Not for use where a Shade Infrared (IR) visor is required.

Part #	Ea
1115836	\$5.42

MSA

Mesh Visors for General Purpose Applications V-Gard®

- Wide face coverage
- Can be perfectly combined with helmet-mounted ear muffs
- Special visors, called nitrometers, are designed to work with V-Gard Retractable or Standard Chin Protector
- Not for use against splash, impact
- Plastic mesh visors designed for use with V-Gard Frames and V-Gard Headgear
- Aluminum edged mesh visor designed for use with most V-Gard Frames; not recommended for use with V-Gard Metal Frames

Part #	Ea
10158822	\$18.48

MSA

Skullgard® Hat with Staz-On Suspension Complete Assemblies/Lamp Bracket & Cord Holder

- Heavy-duty construction for use in steel mills and other heavy industries where elevated temperatures are common
- Skullgard caps meet or exceed the applicable requirements for a Type I helmet (top impact) as outlined in ANSI Z89.1 1997, class G (electrical—low voltage) (formerly class A)

Part #	Color	Description	EA
475407	Yellow	Hat, Skullgard, Nat, Fas-Trac suspension	\$117.27

MSA

Standard Slotted Hard Cap with Fas-Trac® Suspension V-Gard®

- V-Gard Protective Caps and Hats from MSA consist of a polyethylene shell and suspension system working together as a protection system.
- V-Gard headwear features advanced styling in either cap or hat styles, with the cap available in three sizes: small (6 - 7-1/8), standard (6-1/2 - 8) and large (7 - 8-1/2).
- V-Gard Caps and Hats meet or exceed the applicable requirements for a Type I helmet (top impact) as outlined in ANSI Z89.1 1997, Class E and G

Protective Industrial Products
**Cut Protection in
 Oily Environments**
 Cut Resistant Level 3

- Micro-Foam Nitrile coatings are compatible with light oils and will provide a good grip and excellent abrasion resistance
- Knit Wrist helps prevent dirt and debris from entering the glove
- Innovative Fibers - Unique high performance yarns and fibers that offer cut protection while maintaining high levels of comfort
- Reinforcement - Between the thumb and forefinger, improves cut resistance and extends glove life in an inherently weak area
- 360° Breathability - Patented micro-foam nitrile coating offers 360° breathability making it the most breathable cut resistant glove on the market
- Form, Fit and Feel - Mimics the "hand at rest", reducing hand fatigue and increasing comfort
- Latest Knitting Technology - Utilized to produce smooth and rounded fingertips, improving fingertip sensitivity
- Consistent Liner Penetration - From the nitrile, leaving only the soft liner resting against the skin
- Optimized Grip - Delivered through our micro-cup finish, allows for a controlled grip
- All ingredients used in the manufacturing and construction of this product are compliant with the REACH legislation
- This glove has been laundered prior to final packaging making it clean and safe for use
- The Oeko-Tex® Association has evaluated and certified this product as skin safe from the second it comes into contact with the skin
- The Skin Health Alliance has awarded professional dermatological accreditation following review of the scientific dossier behind this product

Protective Industrial Products
MaxiDry Ultra
Lightweight Nitrile Grip
MaxiDry®

- Seamless string knit shell is comfortable and flexible
- Foam Nitrile coatings are compatible with light oils and will provide a good grip and excellent abrasion resistance
- Knit Wrist helps prevent dirt and debris from entering the glove
- Liquid Repellence - Increased resistance to oils via ATG's LiquiTech® technology platform
- Ultra Lightweight- Synthetic coating combined with an industry leading super light seamless knit liner provides excellent comfort, sensitivity, fit and dexterity
- Locking Cuff - Ensures the glove doesn't slip on the hand. An exclusive elasticated support in the wrist area provides a "locking" effect for a close and snug fit
- Optimized Grip - The micro-cup non-slip grip finish allows for a controlled and superior grip in oily and wet applications. The nonslip grip is only applied where it is actually needed - in the palm area - to ensure flexibility isn't compromised
- All ingredients used in the manufacturing and construction of this product are compliant with the REACH legislation
- This glove has been laundered prior to final packaging making it clean and safe for use
- The Oeko-Text® Association has evaluated and certified this product as skin safe from the second it comes into contact with

DBI/SALA®
Full Body Harness
 Vest Style
 ExoFit™

- Constructed from high performance materials from technology-intensive, safety minded industries including mountaineering, scuba diving, sky diving, shoe manufacturing and the military
- Incorporates a breathable Aero-Spacer™ Dri-Lex® lining that immediately draws moisture away from the body keeping the worker dry and comfortable all day long
- Ergonomic design incorporates built-in shoulder, hip and leg padding that always stays in place enhancing comfort and worker satisfaction
- Lycra® edging moves with you preventing uncomfortable rubbing or chafing enhancing comfort and mobility
- The industry's first and only one-handed quick connect buckles make putting on, adjusting and removing the harness a snap and provide a memory fit – adjust the harness once and it stays that way
- Wrap around no-tangle design slips on like a vest, making it quicker and easier to put on while providing ventilation, comfort, padding and security
- Back D-ring for connection to fall protection system
- Adjustable non-slip chest strap with intuitive quick connect buckle
- Torso buckles adjust easily, yet hold the straps firmly in place and complete the 5-point adjustment system
- Soft, lightweight polyester webbing is strong without feeling stiff or coarse
- Coated hardware for corrosion resistance
- Meets or exceeds all applicable industry standards including OSHA and ANSI including the stringent ANSI Z359

Full Body Harness
 Construction Style
 ExoFit XP™

- The industry's first "truly washable" harness with removable padding.
- State-of-the-art 3-D mesh lining wicks moisture keeping you cool and delivering all-day comfort.
- Unique spring loaded "stand-up" dorsal D-ring ensures fast, easy and safe connections
- Superior "X" design padding wraps around the wearer for the ultimate in no-tangle donning
- Ergonomic design incorporates shoulder, hip and leg padding that always stays in place enhancing comfort and worker satisfaction.
- Soft edging moves with you preventing uncomfortable rubbing or chafing enhancing comfort and mobility.
- One-handed quick connect buckles make putting on, adjusting and removing the harness a snap and provide a memory fit – adjust the harness once and it stays that way.
- Built-in belt loops to support a SALA belt or one of your own.
- Torso buckles adjust easily, yet hold the straps firmly in place and complete the 5-point adjustment system.
- Soft, lightweight polyester webbing is strong without feeling stiff or coarse.
- Coated hardware for corrosion resistance.
- Meets or exceeds all applicable industry standards including OSHA and ANSI including the stringent ANSI Z359
- Buckle Type: Quick Connect

Justrite®
Yellow Safety Cans
 Type I
 for Flammable Liquids

- Compliant and economical Justrite Type I safety cans reduce fire risks and make everyday use of flammables easier and safer.
- Protection features include a 3.5" long chemical resistant stainless steel flame arrester that stops flashback ignition, provides faster liquid flow, and offers exceptional durability.
- The self-venting, self-closing leak-proof lid prevents ruptures from pressure buildup and controls vapors and spills.
- Warning label includes an extra large ID zone for user labeling of contents to avoid misuse, reduce the potential for incompatible mixtures, or may be used to designate department or individual owner.
- Made of galvanized steel with a tough powder paint finish, can capacities 1 gallon (4L) and above have ample head space to accommodate oil additives.
- Meets OSHA and NFPA, FM approved, ULULC listed, Carb compliant, TÜV certified.

Stainless Steel Flame Arrester:

- Precision arrester screen stops flashback ignition to reduce fire risks
- Superior chemical resistance
- Excellent corrosion protection
- Long length for safe insertion of gas nozzle
- Faster liquid flow

Large ID Zone:

- Identify contents to reduce misuse or incompatible mixtures
- Designate department location, work shift, crew or individual user

Part #	Capacity (gal.)	EA

Justrite®
Yellow Safety Cans
 Type II

for Flammable Liquids - AccuFlow™

- Compliant Type II steel safety cans offer additional convenience with two openings at the top
- One opening is equipped with a flexible metal hose for smooth, accurate pouring into small apertures—The hose also provides a bonding path to a receiving vessel
- A second opening, positioned behind the handle, is used for filling
- All Type II Cans have a swinging handle to ease carrying a full, heavy can
- During pouring, Justrite's unique design uses the weight of the liquid to counterbalance the pressure required to open the spout
- Both openings are equipped with dual-density flame arresters which reliably dissipate heat to prevent flashback ignition
- Both openings self-close to prevent spillage and the rear opening automatically vents between 3 and 5 PSIG to guard against pressure buildup at elevated temperatures and potential explosion
- Heavy-duty, coated steel with reinforcing ribs and tough powder paint finish offers exceptional on-the-job durability
- All cans meet OSHA and NFPA, are FM Approved and UL/ULC Listed

Part #	Capacity (gal.)	EA

02085	\$22.05

CRC Industries
White Lithium Grease

- Superior lubrication and durability in any weather or temperature.
- Perfect for use as a break-in lubricant for bearings or as a general purpose lubricant and corrosion inhibitor for tools, machinery and equipment.
- 10 oz.
- Applications: Hinges, latches, overhead door tracks, open gears, chains, cables, slide conveyors, guide rails, cams, pistons, machinery, tools, & equipment. A break-in lubricator for bearings.

Part #	EA
03080	\$13.10

Sprayon®
711® The Protector™
Lubricant

- NSF reg. no. 115051; H2 rated
- Completely protects metal surfaces from corrosive elements
- Need not be removed prior to surface treating, painting, joining or other processes
- Can eliminate moisture-induced short circuits in electrical and electronic applications
- Safe on plastic surfaces
- Delivers 17% more usable product with its CO2 propellant
- Formulated to ensure maximum moisture displacement

Continued on Next Column

- Rust-preventive film inhibits corrosion and penetrates surface irregularities to release frozen or corroded parts
- Ultra-thin and greaseless
- Neutralizes fingerprint acids
- Does not attract contaminants
- Dielectric strength: 47,000 volts
- Meets performance requirements of MIL-C-23411 and Naval Ordnance Systems Weapons Spec WS-14138
- Sprays in upright and inverted position with SPRAY ANYWAY™ valve
- Includes extension tube
- 16-oz. cans (11-oz. net wt.)
- Case Pack: 12
- Uses: Bearings, production lines, machinery, sports equipment, electrical wiring, ignition systems, weapons, connectors, linkages, circuitry, transformers, transmitters, operating controls, nuts and bolts, production equipment of all kinds, all metal surfaces.

Part #	EA
S00711	\$6.99

Sprayon®
Premium Silicone Lube

- 6.6% silicone formula
- Stops squeaks and sticking, eliminates friction, repels water and prevents freezing
- Does not harden or degrade from -40°F to 400°F
- Apply to wood, metal, fabric, rubber or leather
- Keeps rubber soft and flexible
- 10-oz. can
- Case Pack: 12
- Uses: Rubber mountings, weather-strip insulation, doors, locks, trunk lids, windows, slitter knives, any sliding surface.

Part #	EA
S01324	\$7.20

Sprayon
White Lithium Lube
Sprayon®

- White Lithium Lubricant is a high solids white grease that provides excellent lubrication for metal-to-metal applications.
- It is ideal for use on chains, gears, drives, hinges, etc.
- It serves as an excellent corrosion inhibitor for unpainted metal.
- NSF reg. no. 115074; H2 rated
- Inhibits corrosion on unpainted metal surfaces

Continued on Next Column

- High-solids, non-staining white grease
- Excellent for metal-to-metal applications
- Will not drip or run on vertical surfaces
- Effective from -20°F to +275°F
- Aerosol includes extension tube
- Uses: Chains, gears, drives, hinges and other vertical or overhead surfaces. Recommended for use on knock-out pins on mold equipment.

Part #	EA
S00100	\$8.08

Tri-Flow®
Industrial Lubricants
with Teflon®

Tri-Flow® is a unique concentrate formula containing micron-sized particles made from Teflon®.

Tri-Flow deposits a long-lasting film to greatly reduce friction and wear. Tri-Flow cleans and provides a "protective shield" that inhibits formation of rust & other corrosive buildup that damages working mechanisms. Tests prove Tri-Flow outperforms other leading lubricants. Now this proven formula is available in our new Pin Point Lubricator!

- Penetrates inaccessible areas to displace contaminants
- Lubricates with oils, additives and Teflon to reduce friction and increase part life
- Protects against moisture and corrosion damage; displaces moisture to prevent icing; inhibits rust formation and corrosive build-up
- Rejects dirt, dust, sand and other abrasive particles
- Resists rust and corrosion, even under extreme conditions
- Effective from -60°F to 475°F
- Keeps equipment running longer
- Reduces costly breakdowns caused by worn and dirty parts
- NSF registered, H2 rated
- Uses: Bearings, cables, nuts and bolts, air power tools, ball and socket joints, control cables, conveyors, cutting tools, drive chains, electric power tools, gears, glides, hinges, linkages, precision tools, rollers, tamps, dies and valves.

Part #	EA
20027	\$16.23

CRG Industries
Electrical Parts Degreaser
Lectra Clean®

- Effectively removes grease, oil, tar, etc. to increase operating efficiency of equipment
- It evaporates quickly, leaves no residue and has no flash or fire point, making it an excellent alternative to 1,1,1-based cleaners.
- Use caution on some plastics.
- 12 oz.
- Applications: Air tools, mechanical brakes, clutches, chains, wire ropes, motors, dies, molds, parts, bearings, generators & compressors.

Part #	EA
02018	\$16.38

Sprayon®
Flash Free Safety Solvent & Degreaser

- NSF reg. no. 115070; K2 rated
 - Fast-acting solvent penetrates easily, evaporates quickly, leaves no residue
 - Excellent cleaning properties make it ideal for removing grease, dirt, wax and metallic particles prevalent in most industrial plants
 - Non-conductive, non-flammable
 - Dielectric strength: 37,000 volts
 - Includes extension tube and high-delivery nozzle for flush-type applications
 - 16-oz. cans (13-oz. net wt.)
 - Case Pack: 12
- Uses: Motors, chains, relays, portable tools, cables, gears, locks, brakes, radar equipment, fuse holders.

Part #	EA
S00848	\$10.90

Sprayon®
Flash Free Electrical Degreaser

- Leaves No Residue
- Non-Flammable, Non Corrosive
- Replaces 1,1,1 Trichloroethylene
- Electrical Cleaner

Part #	Ea
S20848	\$14.14

Sprayon®
Environmental Cleaner / Degreaser

- NSF reg no. 115068; K2 rated
 - Designed for fast, effective removal of dirt, oil, grease, wax and tar on electrical equipment
 - No CFCs of HCFCs
 - For use on non-energized equipment
 - Leaves no residue
 - Fast-evaporating
 - 20-oz. cans (15-oz. net wt.)
 - Case Pack: 12
- Uses: Electric motors, radar equipment, gears, brakes, clutches, generators, air tools and molds.

Part #	EA
S00749	\$9.60

Sprayon®
Heavy Duty Degreaser

- Heavy-duty foaming degreaser quickly removes heavy soils. Spray-and-wipe formula contains no caustics, alkali, phosphates, or silicates.

Part #	Ea
S012010401	\$23.61

Mystik®
Multi-Purpose Grease JT-6®

- Provides superior rust, oxidation and corrosion resistance
- Designed to meet the high temperature conditions of modern universal joints, the extreme pressures of wheel bearings and the water washout conditions of fifth wheels and chassis points
- Size: 14oz.

Part #	Description	EA
5438-14OZ	Hi-Temp Grease	\$6.08
5484-14OZ	Multi-Purpose Grease	4.46

Schrader Bridgeport Muskogee
Automotive Standard Couplers

- Long service life—Zinc plating provides a non-corrosive finish
- Heat treating hardens critical wear points
- Molded Buna-n seals create a leak proof connection
- Tubular valve design provides high flow rates
- Steel locking balls ensure connection holds tight
- Spring loaded sliding outer sleeve allows quick connect/disconnect
- Available in 1/4, 3/8, 1/2, 3/4" bodies with male and female pipe threads, hose barb or lock-on ends
- Fully interchangeable with couplers and plugs made by other manufacturers
- 1/4" automotive standard series type "C"

Part #	Thread Type	EA
C1	Male	\$4.15
C2	Female	3.73

Amflo
Industrial Interchange Series Type D Coupler

- Plated steel coupler w/ hardened steel balls & stainless steel springs.
- Interchanges w/ Aro, Foster, Milton as well as units produced by other manufacturers.
- Maximum working pressure 300 PSI.

Part #	Ea
C20	\$3.30

Dixon Valve & Coupling Company
Hose Fitting
Universal Couplings, Hose Ends
"Air King"

- Plated Malleable Iron
- Use of safety clips is recommended
- Rated to 110 psi
- Not for steam service

Part #	Nominal Size (in.)	Pkg. (qty.)	EA
AM1	½	50	5.81
AM6	¾	50	5.92
AM11	1	50	8.08

Dixon Valve & Coupling Company
Universal Air Couplings
For Air and Water Service
"Air King"

- "AIR KING" is for air and water service only
- Malleable Iron
- The use of an "Air King" safety clip or wire type retainer is necessary to assure "Air King" Universal Couplings will not become accidentally disconnected. This guarantees the fittings are properly connected as pin will not go through holes in mating flanges until couplings are locked in place. Only one "Air King" safety clip or wire type retainer is required for each "Air King" Universal Coupling.
- "Air King" is rated to 110 PSI at ambient temperature (70°F)
- Standard "Air King" fittings come with AWR4 washers
- "Air King" available to meet MIL Spec. WWC - 633D - consult factory

The importance of "Whip Hose"
Constant vibration created by air drills, pavement breakers etc. is destructive to air hose couplings, especially the quick-acting type. To provide protection connect one end of a 3' to 10' length of air hose to the tool using the heat-treated "No. 3500" Steel Nipple which withstands vibration for a longer period. Connect the other end of "Whip Hose" to the air supply with the quick-acting coupling. "Whip Hose" should remain permanently connected

Continued on Next Column

to the tool and should be the same diameter as the supply line hose.
Note: Not for steam service!

Master Lock®
Cable Lock Out
Safety Series™

- Patented 5/832" (4mm) diameter x 6" (1.83mm) pull-tight cable adjusts for a secure fit every time. Also available from 2 to 50 foot time. Also available from 2 to 50 foot long.
- Integrated safety hasp and cable is ideal for multiple circuit breaker panel and side-by-side gate valve lockouts
- Tough, flexible multi-stranded steel cable is insulated with a clear plastic coating.

Part #	EA
S806	\$21.21

Master Lock®
Lockout I.D. Tags
"Do Not Operate"
Safety Series™

- Heavy-duty tags comply with OSHA Lockout/Tagout Standard
- Rugged, stain and mildew-resistant styrene material
- Customize with name, department, expected completion
- Brass grommet withstands up to 80lbs. of pullout force
- Meets OSHA requirements
- 12 tags per bag

Part #	PKG
497A	\$14.66

Master Lock®
Photo ID Tags
Safety Series™

Provides a visual representation of the authorized employee.

- 3.2 in. (81.3mm) Wide x 5.8 in. (147.3mm) High English self-laminating tags
- 3/8 in. (9.5mm) diameter brass grommet accepts all Master Lock and American Lock safety padlocks and hasps.

Part #	EA
S4801	\$26.31

Master Lock®
Snap on Assorted Hasps
Safety Series™

- Convenient storage and carrying pouch
- Includes one 410 RED Padlock on 7CSRED Circuit Breaker Padlock, one 420 Lockout hasp 491b grip tight lockout and two 492B grip tight devices.
- Includes one bag of 12-497A danger tags

Part #	EA
427	\$11.70

Master Lock®
Resistor Tags
Safety Series™

- Patented plug lockout grips prongs of 110-120 volt plugs.
- Fits two prong plugs with and without ground.
- Use with your existing lockout padlocks or lockout hasps.

Master Lock®
Seal Tight Handle
on Lockout
Safety Series™

- Clamps tight on handle stop to prevent handle movement, can be applied too 1/4" to 4" (.6cm x 10.1 cm) sized valves.
- Durable aluminum & steel construction defies corrosive environments and temperatures up to 1,000F (538C).
- Works with all Master Lock and American Lock safety padlocks and hasps.

Part #	EA
S3068	\$33.96

Master Lock®
Adjustable Ball
Valve Lockout
Safety Series™

- Adjustable design fits 1/2 in. (12.7mm) to 2 in. (50.8mm) valves
- Durable, lightweight thermoplastic material is chemical resistant and performs effectively in extreme environments.
- Removable insert accommodates a wide range of handle designs and dimensions.

Part #	EA
S3081	\$23.76

**Master Lock®
Seal Tight Ball
Valve Lockout**
Safety Series®

- Patent-pending innovative design eliminates the risk of valve reactivation by movement of the handle
- With Seal Tight, remove and store the handle and conceal the valve stem for secure lockout
- Universal fit-effectively lock out all valves from 3/8" (1cm) to 4" (10.2cm)
- Works in virtually all valve installations--metal and PVC valves, insulated pipes, pipes mounted close a wall of ceiling and valves with tight access due to close proximity to other valves or pipes
- Easy to use--simple to apply with an intuitive wrapping strap and locking mechanism
- Lightweight, flexible device is easily carried to the job and then folded for compact storage in safety toolboxes
- Includes write-on erasable labels in English, French & Spanish
- Constructed of durable PVC polyester fabric and HDPE plastic
- Performs effectively to withstand corrosive environments and operates in extreme conditions (temperature range -40°F (-40°C) to 250°F (121°C)

Part #	EA
468L	\$26.31

**Master Lock®
Rotating Gate
Valve Lockout**
Safety Series®

- Outward/inward rotation allows for easier installation and storage
- Surrounds the valve operating handle to protect against accidental valve opening

Continued on Next Column

- Unique patent-pending rotating design allows for easier installation in confined space applications
- Each size rotates into itself and nests into the next larger size to save space in safety tool boxes
- Center knocout can be removed for rising stem gate valves
- Multiple workers can apply their personal safety locks
- Complete with high-visibility permanent safety labels (English, French & Spanish) that can be written-on to identify the responsible person, then erased for the next job
- Tough, lightweight, dielectric Xenoy® thermoplastic bodies withstand chemicals
- Perform effectively in extreme conditions (temperature range -50°F (-46°C) to 350°F (177°C)

Part #	Description	EA
480	Fits 1" to 3" diameter valve handles	\$12.71
482	Fits 4" to 6.5" diameter valve handles	26.31

**Master Lock®
Gate Valve Lockout Set**
Safet Series™

- Set of five rotating gate valve lockouts (480, 481, 482, 483, 484) applications.
- Each size rotates into itself and nests into the next larger size to save space in safety tool boxes.
- Fits valve diameters from 1"(2.5cm) to 13" (33cm).

Part #	Ea
485	\$147.26

**Master Lock®
Set of Grip Tight
Circuit Breakers**
Safety Series®

- Set of one 491B and one 493B Grip Tight™ circuit breaker lockouts
- Grip Tight circuit breakers work with simple thumb turn and clamping handle
- Patent-pending innovative design effectively lockouts out all styles of breaker toggles
- Grip Tight combines great strength with universal fit
- 491B fits tall and wide breaker toggles
- 493B design fits standard height and tie-bar toggles
- Narrow profile permits side-by-side breaker lockout
- Compact devices are easy to carry and easy to store
- Devices accept all American Lock and Master Lock safety padlock shackles and lockout hasp diameters
- Durable construction with powder coated steel and reinforced polymer for operation in harsh environments

Part #	EA
506	\$14.71

**Master Lock®
Wall Switch Cover**
Safety Series™

- Locks out both toggle and Decora™
- Patented design assures switch stays locked on or off.
- Hinges open for unobstructed normal operations of switch.

Part #	Ea
496B	\$7.14

Master Lock®
**Overized Plug or Hoist
 Control Cover**

Safety Series™

- The cinch sack offers broad application solutions. Effectively locks out odd size and large electrical connectors and hoist controls
- 6-1/4" diameter by 17" tall (15.8cm x 43.1cm).
- Flexible & durable rip-stop nylon bag fits easily in safety tool boxes.

Part #	Ea
453L	\$22.86

Master Lock®
**Circuit Breaker
 Switch Padlock
 Compact**
 Safety Series®

- Circuit breaker switch padlock provides the flexibility to effectively lockout breaker switches
- 3/16" (4.8mm) diameter cable shackle allows padlock to properly lock all types of circuit breaker lockout devices
- Flexible cable allows the compact lock body to be positioned so that the control panel door closes properly
- Fits the tight space constraints within circuit breaker shutoff boxes
- Numerous key changes are available to minimize the possibility of unwanted key duplication
- 1-1/8" (2.9cm) wide steel body, 4-pin cylinder, 5" (12.7cm) flexible steel cable, keyed different

Part #	Ea
7C5RED	\$8.57

Master Lock®
**Electrical Lockout Plug
 Safety Series™**

- Outward/inward rotation allows for easier application & storage
- Surrounds the electrical plug and protects against accidental reconnecting
- Patented rotating design allows for easier installation in confined space applications.

Part #	Voltage Rating (Volts)	Ea
487	110-220V	\$10.75
488	220-550V	14.07

Master Lock®
**Compact Plug Prong
 Safety Series™**

- Patented plug lockout grips prongs of 110-120 volt plugs
- Fits two prong plugs with and without ground
- Use with your existing lockout padlocks or lockout hasps

Part #	Ea
S2005	\$8.80

Master Lock®
**Lockout Station
 Safety Series™**

- Safety Lockout Covered padlock station with 3 of the 410RES Zenex padlocks, keyed different.

Continued on Next Column

- Exclusive lockable translucent cover protects contents from dust and grime, resilient poly carbonate material provides twice the heat resistance and quadruple the impact strength of typical stations.
- Station measures 12-1/4" high x 16" wide x 1-3/4" deep.

Part #	Ea
1482B	\$69.96

Master Lock®
**Safety Lockout Hasp
 For Up To 6 Locks
 Safety Series™**

- Tamper-resistant scissor-style steel lockout hasp
- Allows for lockout by up to 6 workers
- Compatible with Nos. 3, 410, 411 and 6835 safety lockout padlocks

Part #	Jaw Dia. (in.)	Ea
420	1	\$5.09

Master Lock®
**Safety Lockout Hasp
 Safety Series™**

- Lockout by multiple workers at each lockout point
- Attach device to energy disconnect switch
- Keeps equipment inoperative while repairs or adjustments are made
- Control cannot be turned on until last worker's padlock is removed from hasp
- Spark resistant aluminum, dielectric plastic, dual jaw aluminum
- Dimensions are 2" X 4-7/8" with 1-1/2" inside jaw diameter, holds up to 6 padlocks

Part #	Ea
417	\$5.94

**Master Lock®
Portable Lock Box
Latch Tight
Safety Series™**

- Secure each lockout point on a piece of equipment with just one designated lock
- Each authorized employee locks one personal safety lock onto the box, removing them only when their work is complete
- Exclusive Latch Tight feature ensures that keys cannot be accessed until the last lock is removed
- Lockout message in English, Spanish and French communicates to all workers
- Up to 12 workers can apply their personal safety padlocks or hasps
- Ergonomic, easy-to-grip handle

Part #	EA
498A	\$62.26

**Master Lock®
Box Lockout Kit
Safety Series™**

- Convenient storage and carrying box
- Includes three keyed-alike, safety padlocks includes one lockout hasp, on labeled lockout hasp and 12 tags
- Three 120 volt and two 240 volt circuit breaker lockouts and a wall switch lockout also included.

Part #	EA
1457E410KA	\$151.19

**Master Lock®
Pouch Lockout Kit
Safety Series™**

- Convenient storage and carrying pouch
- Includes one bag of 12-497A one 7C5RED Circuit Breaker Padlock, one 420 Lockout hasp 491B grip tight lockout and two 492B grip tight devices.
- Includes one bag of 12-497A danger tags

- Thickness: 10 mil

Part #	Color	EA
DUG48Y	Yellow	\$7.95

Electro Tape
Duct Tape
Light Industrial Grade

- Economy and Utility Grade duct tapes offer good adhesion in short-term, low-demand applications on relatively clean surfaces with light weather exposure.
- General Purpose and Contractor Grade tapes have a higher cloth thread count for greater strength, a thicker PE backing for increased durability and more adhesive for better holding power – particularly in typical construction environments.
- Professional and Premium Grade tapes are constructed for long-term, high demand applications. They often contain additives or special formulations, which provide resistance to sunlight and harsh conditions.
- Size: 2" x 60 Yards

Part #	Color	Thickness	EA
20420222	Red	9 Mil	\$6.19

Industrial Flashlights
 Spotlight
 KingLite™ 4000

- The KingLite is a heavy duty, high powered spotlight packed with features.
- It uses a unique dual filament Xenon lamp that produces a bright beam that cuts through thick smoke, fog, and dust.
- The body is made of unbreakable ABS resin with a polycarbonate lens and thermoplastic rubber shroud that resists chemicals and corrosion.
- Two reflectors are included: a modified spot (splitted for a wide beam) and a laser spot (smooth for a tight collimated beam).
- A back-up lamp is stored behind the reflector for emergencies.
- The dual direction switch is easy to operate, even with thick gloves. And there's a locking slide feature to prevent accidental activation.
- The pistol grip/lantern handle quickly converts to multiple positions for flexibility.
- The 4000 also comes with a shock absorbing internal battery module that protects both the cells and the lamp from hard knocks. Powered by 8 D alkaline cells.
- All Pelican™ products are of course covered by the Pelican Unconditional Lifetime Guarantee of Excellence.

Key-Mate®

- Super bright, tough, and remarkably handy
- So compact, you can carry it with you at all times
- Very powerful—offers 400% more lighting range than a penlight, and reflector optics that enhance the brightness of the LED (lighting two to three times the range of other keychain lights without optics)
- Its high-intensity, state-of-the-art LED lasts 100,000-hours
- The anodized, machined aircraft aluminum casing is virtually indestructible

Continued on Next Column

- Its high-capacity alkaline button cells allow it to run longer—and stay brighter—than any button cell keychain LED light
- Run time: up to 96 hours
- Versatile powder-coated spring steel pocket clip
- Weatherproof – O-ring sealed
- Rotary head switch—Little chance you'll accidentally turn it on
- A convenient tool—Snap the breakaway lanyard around your neck or wrist: Use the snap hook with swivel for quick attachment/detachment from your belt loops, backpack, zipper pull, or key ring.
- Pocket clip and neck lanyard included
- Battery: Four Button cell
- Lamp: LED
- Color: Black

Milwaukee® Electric Tool
M18 LED Stand Light

- SUPERIOR PORTABILITY & VERSATILITY
- Sets up in 5 seconds
- 7 foot extension

Continued on Next Column

www.franks-supply.com

- Collapsible to 40 inches
- Impact resistant, reinforced legs
- Designed to survive in harsh conditions
- TRUEVIEW offers professionals the ability to bring light directly to their work as well as control beam intensity and direction for greater productivity on the jobsite
- Multiple light output settings
- Large even beam pattern

Part #	Ea
2130-20	\$348.25

Milwaukee® Electric Tool
M18 LED HP Flood Light

- 3,000 lumens max output
- 20% brighter than a 500-watt halogen light
- Dual power source
- Runs off M18 battery or corded
- Roll cage design protects critical components
- 240 degrees of head rotation with positive locking detents so you can place light beam directly where needed
- AC/DC functionality: AC plug for uninterrupted all-day use
- 3 keyholes built into base allow light to be hung in multiple orientations
- Can be hung horizontally or inverted to get the light exactly where you need it
- Multiple output settings so you can manage light intensity or runtime at the touch of a button
- When working in close proximity users can reduce light output to decrease fatigue on eyes, or to increase runtime
- Milwaukee® designed reflector creates even beam pattern larger than competitors
- Even beam pattern reduces how often user needs to adjust light

Loctite® Corporation
Gasket Sealants
Hi-Tack and Copper

Hi-Tack—Red-colored, liquid sealant that hold gaskets in place during assembly

- Seals and bonds rubber, cork, paper, felt, metal and asbestos gaskets
- Sets quickly to a very tacky film
- Suitable to 500°F (260°C)
- Contains no ozone-depleting compounds

Copper—Fast-drying, metallic, copper sealant helps dissipate heat, prevent gasket burnout and improve heat transfer

- Fills hot spots and surface imperfections
- Temperature range -50°F to 500°F
- Resists shop fluids
- Oil Resistance: Increased oil resistance

Part #	Container	Color	EA
30526	9 oz. aerosol	Red	\$11.95

Loctite® Corporation
Gasketing & Sealing
Silicone

598™ Black - a high performance RTV silicone gasket maker
(No. 59830, 59866)

- Retains high flexibility and oil resistance for longer gasket life
- Temperature range: -75°F to 625°F (-59°C to 329°C) intermittent
- Low order, non-corrosive, low volatility
- Resistant to most chemicals and solvents.
- Fills gaps to .25"

Superflex® Red High Temp RTV - Silicone adhesive sealant
(No. 30564)

- Makes gaskets that resist temperatures to 600°F (315°C) intermittent
- Resists aging, weather, and thermal cycling without shrinking, cracking or hardening
- Fills gaps to .25"
- Oil Resistance: Excellent

Part #	Container	Color	EA
59830	70 ml tube	Black	\$14.82

Rectorseal®
Pipe Thread Sealant
Soft-Set Compound
No. 5®

- Soft-set, slow drying compound which seals, lubricates, and protects threaded pipe and fittings
- Can be pressurized immediately for piping up through 2" and 100 psi —ideal for gas and potable water application
- Recommended for use on threaded galvanized steel, iron, brass, copper, aluminum, stainless steel, polyethylene, fiberglass reinforced and PVC pipe

Continued on Next Column

- Conforms to TT-S-1732

Starrett® Tools

M1® All-Purpose Lubricant

- M1® produces a micro-thin, airtight coating film that simultaneously dries as it protects, avoiding dirt, grime, etc., that other "wet" lubricants actually attract
- The can will spray upside down in awkward places without losing propellant power
- Is free of silicone, making it an excellent lubricant. Its ability to stand up to extreme temperatures makes it ideal year-round
- Deep-down penetration works quickly to free frozen nuts, bolts, and metal parts. Actually gets under caked-on dirt to clean the metal for removal
- Protects metal against rust and corrosion damage by providing a molecular shield that locks to the metal
- Actually removes grease, tar, and grime from metal parts and painted surfaces. Cleans and polishes for lasting protection
- Has instant lubrication properties that spread into those hard-to-reach metal parts to stop squeaking and sticking
- Not soluble in water, so it gets under moisture to lift it away from the surface to be protected
- Prevents short circuits in high moisture environments, halts electrical leakage from wet ignition wires
- 12 oz. aerosol can

Part #	EA
M1 95173	\$116.55

**The Best
for the Best.**

**Sprayon®
Dry Moly Lube 16oz
LU 200**

- Penetrates pores of substrate and bonds to surface for long-lasting lubrication
- High-pressure, high-solids molybdenum disulfide coating Non-conductive
- Withstands pressures up to 50,000 psi
- Air dries in 5-10 minutes; cures in 2 hours at room temperature
- Equipped with EZ TOUCH® Standard Nozzle
- Maintains effectiveness under high temperatures (650°F constant and 750°F intermittent)
- NSF reg. no. 131583; H2 rated

Part #	EA
S00200	\$9.23

Sprayon®

**Dry Graphite Lube 10oz
LU 204**

- Ideal where a dry lubricant is required or where petroleum products must be avoided
- Adheres with minimum pre-treatment
- Dries rapidly at room temperature
- Effective up to 850 F constant/1000 F intermittent temperature
- Contains no chlorinated solvents or O.D.P
- Conductive
- Long wearing

Part #	EA
S00204	\$7.75

**Marvel Mystery Oil
For Gas and Oil**

- When added to gasoline, it cleans and lubricates fuel injectors and carburetors
- Improves gas mileage

Continued on Next Column

www.franks-supply.com

- Reduces and prevents varnish and gum build-up
- Extends spark plug life
- Safe for catalytic converters and oxygen sensors
- When added to engine oil, it prevents valve sticking and clatter
- Fortifies properties of engine oil, prevents breakdown caused by extreme temperatures
- Promotes easier cold weather starts
- Reduces and prevents sludge and acid formation
- For all marine engines-inboard and out-board

Part #	Volume	EA
013	1 Quart	\$8.55
014	1 Gallon	30.54

Sprayon®
**Silver Galvanizing
Compound**

- ASTM A780
- Sacrificial coating that inhibits corrosion on ferrous metals
- Excellent touch-up for repair of galvanized substrates
- Produces a dry coating with the bright finish of hot-dip galvanizing
- Recommended dry film thickness of 1.5 to 3.0 mils
- VOC-compliant
- Dries to touch in 30 minutes
- May be recoated after 2-16 hours, or after 36 hours
- 16-oz. cans (14.25-oz. net wt.)
- Case Pack: 12

Uses: Food plants, automotive plants, refineries, nuclear facilities, power plants and transmission towers; fences, gutters, bridges, structural steel, wrought iron, farm equipment, damaged galvanized surfaces; highway maintenance and marine applications.

Part #	EA
S00739	\$12.13

Sprayon®
**Zinc-Rich Cold
Galvanizing Compound**

- Fast-drying, high-solids, high-performance, epoxy-based coating
- Provides maximum protection to steel exposed to severe corrosive environments
- Fuses zinc to the metal substrate to protect against corrosion, equal to or better than hot-dipped galvanizing
- 97%-pure zinc dust
- Excellent anti-sag and anti-setting properties
- May be topcoated with conventional primers or finish coats
- Highly resistant to self corrosion and water

Continued on Next Column

- Meets or exceeds performance requirements to MIL-P 26915C
- Outstanding weld thru primer
- 16-oz. cans (14-oz. net wt.)
- Case Pack: 12

Uses: Surfaces subject to severe corrosion & rust conditions, such as fences, gutters, bridges, structural steel, wrought iron, farm equipment; ideas as a maintenance spray for highways, food plants, power plants, refineries or damaged galvanized surfaces.

Frank's Supply provides safety training in a number of areas. These on site safety programs cover situations such as aerial platform certifications, hand tool safety, ladder and scaffolding safety, fall protection, power tool safety, etc. Frank's factory trained safety coordinator provides a professional presentation to its customers.

Aerial Platform Certification

This training is to be general in nature since it covers safe operating instructions for all types of aerial platforms. The course consists of four key areas of learning - it covers responsibility, safety and operation, and finishes with practical hands-on operation. Trainees will receive aerial platform operation and safety certification cards at completion of course.

Forklift Operator Certification

Course covers both warehouse and rough terrain forklift operation. The course consists of two key areas of learning - the importance of forklift safety procedures and to demonstrate safe forklift operation. Trainees will receive a three year forklift certification by successfully completing written and hands-on forklift safety tests.

Ladder Safety

General training in the proper use of ladders to reduce the possibilities of injury on the job. The course consists of two key areas of learning - it covers using the wrong ladder and how to choose the right ladder; misusing or abusing climbing equipment and how to use and set-up a ladder correctly. Trainees will learn how to read and understand the decal codes on the ladder.

Scaffold Safety

General training in the proper erection of scaffolding and a review of OSHA's Safety Standards for Scaffolds. The course consists of two key areas of learning - review of scaffold safety standards and what they mean. Plus trainees receive practical hands-on erection of scaffold. Trainees will become a "competent scaffold erector" for the construction jobsites.

Other training programs offered include: Hand Tool Safety, Skid Steer Safety and Operation, Powder Actuated Tool Certification, Power Tool Safety and Fall Protection.

Call Frank's Supply for details on all training programs.

Weights and Measures

Avoirdupois Weight

Drams:

16 = 1 oz. = 437.5 grains Troy
 256 = 16 = 1 lb. = 1,215 3/4 Troy
 6400 = 400 = 25 = 1 quart
 25600 = 1600 = 100 = 4 = 1 cwt.
 312000 = 32000 = 2000 = 80 = 20 = 1 ton

Troy Weight

Grains:

24 = 1 pint.
 480 = 2 = 1 oz.
 5760 = 240 = 12 = 1 lb. = 22.816 in.³ of distilled water at 62°F

Dry Measure

2 = 1 cu. = 67.2 in.³
 8 = 4 = 1 gal. = 268.8 in.³
 16 = 8 = 1 peck = 537.6 in.³
 64 = 32 = 8 = 4 = 1 bushel

Note: The standard U.S. bushel is the Winchester bushel, which is in cylinder form, 18 1/2" in diameter, and 8" deep, and contains 2150.42 in.³.

Square Measure

Inches:

144 = 1 ft.
 1296 = 9 = 1 yd.
 30204 = 27.25 = 30.25 = 1 perch
 166464 = 16000 = 1216 = 40 = 1 rod
 672640 = 43540 = 4840 = 160 = 4 = 1/2 acre
 An acre is 48570 1/2 in.² (or 268 1/2 sq ft.)
 A township is 36 mi.² = 36 sections.
 A square mile is 640 acres.
 1/4 section is 1/2 mi.² = 100 acres
 1/8 section is 1/4 mi.² = 40 acres
 A span is distance that can be reached between ear of middle finger and the end of the thumb. Among sailors, 3 spans are equal to 1 thumb.
 A geographic mile is 1/360 of distance around center of earth.
 A square mile of land is called an section.
 A Genter's chain, used by land surveyors, is 4 rods, or 66' long, and consists of 100 links — 7 1/2" long link.
 Casual and nautical engineers use an engineer's chain, which consists of 100 links, each 1' long.

Paper Measure

Quits of paper 24 sheets
 Runs of paper 20 quits or 480 sheets
 Buxle 2 reams
 Bule 5 buxles
 Roll of parchment 60 days

Apothecaries' Weight

20 = 1 scruple = 480 = 24 = 8 = 1 oz.
 60 = 3 = 1 scruple = 1 dram = 5760 = 288 = 96 = 12 = 1 lb.

60 minims = 1 fluid dram
 4 fluid drams = 1 fluid oz.
 8 pt. = 1 gal.
 Forty-five drops, or a common teaspoonful, make about 1 fluid-ounce, 2 teaspoons, about 1 fluid-oz., is a wineglassful, about 1 1/3 fluid-oz.; and a teaspoonful about 1/2 fluid-oz.

Liquid or Wine Measure

GILLS = 7.2187 in.³
 4 = 1 pint = 28.875 in.³
 8 = 2 = 1 quart = 57.75 in.³

32 = 8 = 4 = 1 gal.
 2016 = 404 = 252 = 63 = 1 hoghead
 4032 = 1008 = 504 = 126 = 2 = 1 pipe
 8064 = 2016 = 1008 = 252 = 4 = 2 = 1 tun

Note: The standard unit and liquid measure adopted by the U.S. government is the Winchester wine gallon, which contains 231 in.³, and holds 8.75 lb. pure-water, of distilled water, at its maximum density weighed in air, the barometer being at 30". The imperial gallon, adopted by Great Britain, contains 277.274 in.³, and equals 1.20032 U.S. gal.

The following cylinders contain some of these measures very closely:

Gill, dia. 1 1/2", ht. 3"
 Pint, dia. 3 1/2", ht. 3"
 Quart, dia. 5 1/2", ht. 3"
 Gallon, dia. 7", ht. 8"
 8 gal., dia. 14", ht. 12"
 10 gal., dia. 14", ht. 15"

Weight of Water

1 cu. = 1684.5 lbs.
 12 in.³ = 4340 lbs.
 1 cu. = 7.48052 U.S. gal.
 1 U.S. gallon = 8.335 lbs.
 35.84 in.³ = 2240 lbs.
 2240 lbs. = 268.8 U.S. gal.

Liquid Weight

1 gal. distilled water 128.00
 1 gal. sea water 130.32
 1 gal. proof spirits 112.00

Oils

1 gal. spermac. 7 1/2
 1 gal. olive oil 7 1/2
 1 gal. turp. 7 1/2
 1 gal. lard 7 1/2
 1 gal. castor 7 1/2
 1 gal. neat's-foot oil 6 1/2

Troy Weight

24 grains = 1 pint. 12 oz. = 1 lb.
 20 ptes. = 1 dram.

Used for weighing gold, silver, and jewels.

Apothecaries' Weight

20 grains = 1 scruple 8 drams = 1 oz.
 5 scruples = 1 dram 12 oz. = 1 lb.

Avoirdupois Weight

27 1/2 lbs. grain = 1 pint 4 quarts = 1 cwt.
 16 drams = 1 oz. 2000 lbs. = 1 short ton
 16 oz. = 1 lb. 2240 lb. = 1 long ton
 25 lbs. = 1 quart

Dry Measure

2 pt. = 1 q. 4 pecks = 1 bushel
 8 qt. = 1 peck. 36 bushels = 1 chaldron

Liquid Measure

4 gills = 1 pt. 3 1/2 gal. = 1 barrel
 2 pt. = 1 q. 2 barrels = 1 kilderkin
 4 qt. = 1 gal.

Time Measure

60 seconds = 1 min. 24 hrs. = 1 day
 60 minutes = 1 hr. 7 days = 1 wk.
 28, 29, 30, or 31 days = 1 calendar mo.
 30 days = 1 yr. (30 days = 1 mo. in converting interest.)
 365 days = 1 yr. 366 days = 1 leap yr.

Circular Measure

60 seconds = 1 min. 30 degrees = 1 sign
 60 minutes = 1 degree 60 degrees = 1 quadrant
 4 quadrants = 12 signs, or 360 degrees = 1 circle

Long Measure

12 in. = 1 ft. 60 mins = 1 furlong
 3 ft. = 1 yd. 8 furlongs = 1 stat. mi.

5 1/2 yds. = 1 rod 3 mi. = 1 league
 2 1/2" = 1 nail 4 quarters = 1 yd.
 4 nails = 1 quarter

Cloth Measure

6 ft. = 1 fathom 5760 ft. = 1 stat. mi.
 120 fathoms = 1 cable length 6055 ft. = 1 naut. mi.
 7 1/2 cables length = 1 m.

Mariners' Measure

3" = 1 palm 18" = 1 cubit
 4" = 1 hand 21 1/8" = 1 fathom
 9" = 1 span 2 1/2" = 1 military step

Square Measure

144 in.² = 1 ft.² 40 rods² = 1 rod²
 9 ft.² = 1 yd.² 4 rods = 1 acre;
 30 1/2 yds.² = 1 rod² 640 acres = 1 mi.²

Surveyors' Measure

7.92" = 1 link 4 rods = 1 chain
 25 links = 1 rod 10 chains² or 160 rods² = 1 acre
 640 acres = 1 mi.²
 36 mi.² (6 miles sq.) = 1 township

Cubic Measure

1728 in.³ = 1 ft.³ (28 1/2")³ = 1 cord (wood)
 27 ft.³ = 1 yd.³ 80 ft.³ = 1 ton (shipping)

2750.42 in.³ = 1 standard meter
 231 in.³ = 1 standard gallon
 1 in.³ = 1/27.15 of a bushel

Metric Equivalents

Linear Measure

1 cm = 0.3937" 1" = 2.54 cm
 1 dm = 3.937" = 0.322 ft. 1" = 3.048 dm
 1 m = 39.37" = 1.0936 yds. 1 yard = 0.9144 m
 1 dekam = 1.984 ft. 1 m = 0.9290 dekam
 1 km = 0.62137 mi. 1 mile = 1.6093 km

Square Measure

1 cu. = 0.1550 in.³ 1 m.² = 6.452 cu ft.
 1 dm.² = 0.1076 ft.² 1 ft.² = 9.2903 dm.²
 1 m.² = 1.7635 ft.² 1 yd.² = 0.8361 m.²
 1 acre = 3.954 mu.² 1 mu.² = 0.2529 acres
 1 hectare = 2.47 acres 1 acre = 0.4047 hectare
 1 km.² = 0.386 mt.² 1 m.² = 2.59 cu ft.

Measure of Volume

1 cu. = 0.088 in.³ 1 m.³ = 16.39 cu ft.
 1 dm.³ = 0.0353 ft.³ 1 ft.³ = 28.317 dm.³
 1 m.³ = 1.356 cu ft. 1 yd.³ = 0.7646 m.³
 1 liter = 0.2774 cu ft. 1 cord = 3.524 m.³
 1 liter = 9.080 qt. dry 1 qt. dry = 1.101 liters
 1 liter = 1.0567 qt. liquid 1 qt. liquid = 0.9463 liter
 1 dekal = 2.6417 gal. 1 gal. = 0.3785 dekal
 1 hl = 2.8375 bu. 1 pk. = 0.181 dekal
 1 bu. = 0.3524 hl

Weights

1 g = 0.0527 oz. 1 ct. = 28.83 g.
 1 kg = 2.2046 lb. 1 lb. = 0.4536 kg
 1 metric ton = 1,1023 English ton English ton = 0.9072 metric ton

Approximate Metric Equivalents

1 dm = 4" 1 liter = 1.06 qt. liquid
 1 m = 1 1/8 yds. 1 liter = 0.9 qt. dry
 1 km = 5/8 mi. 1 hectoliter = 2 1/2 bushels
 hectare = 2 1/2 acres 1 kg = 2 1/4 lb.
 1 acre or m.² = 1/4 cord 1 metric ton = 2200 lbs.

Notes

A vertical line is drawn on the page, extending from the top horizontal line down to the bottom, serving as a guide for the notes section.
